TRANSCRIPT OF MESSAGE #576 - Part 1

AND THE SWINE FELL DOWN

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought, And Punctuation By The CCK Transcribing and Editing Team.

Praise the Lord brethren, on a recent message in the Kabbalah series, the Lord gave us an alternate translation of Matthew 8:27-33, which is an account of the Gadarene demoniac and the Lord has, after I processed that translation and put it in our alternate translation, the Lord showed me, called me or drew me to compare it to the account of the one who had a devil in Mark 5, and that goes through verse 20, verses 1-20. Now one of the messages that we have had recently or not too long ago is about the lock and the key, how the wisdom that God gives us has to be unlocked, it comes to us all locked up, it is in parable form, and the reason that it is all locked up is that the power of the truth of the word of God is very destructive to the carnal mind because the truth of the word of God brings down judgment and the spirit of the preacher that carries the true word of God which we call the doctrine of Christ, or Christ Centered Kabbalah, the spirit of the man that preaches that word is fire, my spirit is fire, even seasoned people that have been around me for a long time, sometimes we fellowship and we are one on one and I am just going on with something that is on my heart, I see the look on these people's faces, the person's face, they cannot take it, they have to get up and leave the table, because my word burns like fire.

So the Lord showed me that the study that He just gave us in Matthew 8 was the key that unlocks the, or that finished unlocking the account in Mark 5. Now

the account, the translation that we brought forth in Mark 5 was rendered in message #494 which had to be at least 3 years ago, so the doctrine of Christ is very evident in that translation but when I compared the two translations in Matthew 8 to Mark 5, I saw that Matthew was a key that unlocked the really deep hidden meaning of Matthew 5.

So we are going to do both translations, I am going to do a commentary on both alternate translations and show you what the Lord has shown me. This message is primarily the doctrine of Christ, the reason I have given you drawing #1 is because this congregation has been studying Kabbalah for quite a while now, 3 or 4 years now and the translations that we will be dealing with will be very, will be using the terminology of the doctrine of Christ. So what I have on the board is a comparison of the energy centers just for your edification, to remind you of the terminology that we were using in the doctrine of Christ on the left side of the board, I have the energy centers, 1-8, why do I not have ten energy centers here? Okay, I needed to refresh my memory about how we did this with the doctrine of Christ, we dealt with 7 energy centers in the doctrine of Christ, in Kabbalah we deal with ten Sefirot, okay. So we are going to do a comparison, just by reminder, the lowest energy center in the doctrine of Christ is the Fiery Serpent, okay, and then comes, and of course when we, initially when we did this, we did it in a straight line, and then eventually towards the end, we just, towards the end of our study in the doctrine of Christ we picked up Kabbalah, I started showing these 7 energy centers in a circle with the mind of Christ, but what I did not know at the time was the Sefirot penetrating into the circle of the energy centers, but now that we are studying Kabbalah, we know that each of these centers is a sphere and all of these spheres are inside of each other, not even a circle, okay, these centers are not flat, they are three dimensional spheres, each one inside of each other like the layers of an onion. So we have the Fiery Serpent at the bottom, the 2nd center and that Fiery Serpent is in the reproductive organs, this is what we taught, the 2nd center is Satan's morally impure sea, and the ox which is our carnal nature is in that center being consumed by Satan's morally impure sea. The 3rd energy center is the belly center, and I do not know, I think when I taught the doctrine of Christ I did not say it the way I have it on the board right now, but I think I had Leviathan in this belly center because that is where the lust comes from. Paul say there is lust in our belly. He was not talking about our stomach, he was talking about our belly energy center, but as I put this on the board, it came to me that Cain was on the left side of the belly, and Cain was evil, evil is on the right side of the belly, Abel is completely overcome by Cain in the person that has not had an experience with Jesus Christ, so Abel is all caught up in lust. The heart center is next, that is the 4th center, the heart center is divided into two parts in

the man in which is Adam is raised from the dead and ascended into the heart center. You may recall that the left side of the heart center is dry land, okay, and Adam rules over the right side of the heart center which is understatements to me, it is overflowed with water. The next center is the throat center, and Leviathan speaks through the throat center, pride is spoken out of the mouth. The brow center is where spiritual wisdom is. Now for those people who have Christ, Christ abides in the brow center. Now for those people who do not have Christ, I am sorry, I just put down Christ over here because the studies that we are going to do now are talking about the belly, the crown center, and the brow center, and the principle in the translation is that the collective Leviathan is in the crown center, consuming the Christ in the brow center. So at the moment I do not remember what we said concerning the carnal mind, I do not remember what we said about who was in the brow center, probably some manifestation of Satan in the brow center.

And then for the crown center, on the left I put Christ Jesus with a question mark and on the right I put the collective Leviathan with a question mark, because the translations that we are dealing with start out with Leviathan being in the crown center taking dominion over and consuming Christ, but the end of the story is that Christ in Jesus, Christ Jesus throws Leviathan out and saves Christ in the brow center. You see the Christians that have Christ today are limited in their maturity as you all know, listen to this cold that I have tonight, look at all this marvelous revelation that I get, I am still not, Christ in me is still not mature enough to walk above physical infirmity, and Christ in me is still not mature enough to do a lot of things. There is a lot of growth, there is a long way for me to go, and there is a long way for the church to go. The Scripture clearly says that the children of darkness are smarter or more educated than the children of light, and it is true, the children of the Lord Jesus Christ that are in the earth today are still very young, we are still very young. So, and outside of the supernatural boost from the Lord Jesus Christ, we do not have the ability to ascend into the crown energy center, the highest that the Christians that I know can go are into the brow energy center.

Now on the right side of the board, I am showing you Kabbalah and the ten Sefirot that we have been dealing with, we have, oh I guess this is what, I did not even realize what I was doing, but by making two sides to the heart center and two sides to the belly center, how did I get ten over here? I do not know how I did it, but I did it, so we will figure it out as we go along here, okay. We have the Keter on Kabbalah side, which is Adam Kadmon, very high, Adam Kadmon is the Ayn Sof in a border. Different Kabbalists have different ideas, some Kabbalists say the substance in Adam Kadmon in the sphere called Adam

Kadmon is not in the Ayn Sof, some Kabbalists say it is the Ayn Sof, and other Kabbalists which I agree with say, the ten subjective Sefirot of Adam Kadmon are as follows, the upper five are one with the Ayn Sof, and the lower five of the subjective Sefirot of Adam Kadmon are part of the ten Sefirot. So we see that Adam Kadmon is the mediator, he is one with the Ayn Sof and he is one with the ten Sefirot, which eventually descend into men. The 2nd Sefirot is Chokhmah which is wisdom, and well the Keter lines up with the crown in the doctrine of Christ, the Chokhmah lines up with the brow center, which is wisdom, Binah, the voice of God comes from Binah, actually when Binah speaks, she speaks through Keter, Chokhmah, and Binah and she is the voice, it is in the book of Revelation that says, And a voice came out, and it is the wrong tense okay, it is not the wrong tense okay, I am sorry, it is the wrong person, it comes out voice singular when the subject is plural, it is in the King James translation that way, and the reason for it is that Binah speaks with a single voice for Keter, Chokhmah, and Binah, so that is three. Then we have Chesed which is the water, Kabbalistic material tells me that Chesed is the water of kindness, and that lines up with the right side of the heart center. Of course in the doctrine of Christ fallen man is evil, so the water on the right side of the heart center is Satan's water, and on the left side of the heart center hopefully Adam is standing there and Adam lines up with Gevurah because Gevurah is harsh judgment. Adam on the left side of the heart center when he is there, is reigning over Satan, the unconscious part of the carnal mind, brethren judgment is a wonderful thing, because it is the judgment, what is being judged is the sin nature. So when Adam rises to the left side of our heart center, Satan, the unconscious part of the carnal mind, on the right side of the heart center is judged. That means our sins are covered, praise the Lord. Then we have the left side of the belly, the belly has two aspects to it, the belly is Cain and Abel, Abel is lust, it appears in the book of Job as Behemoth, and the left side is Cain who appears as Leviathan, Leviathan can be very evil brethren, the pride of man can cause murder and all kinds of cruelty to other people. So the right side of the belly which is Abel, lines up with Hod, the mind of Christ, and the left side of the belly Cain, lines up with Netzach. Now you might have noticed that I reversed it. Hod in the ten Sefirot is on the left, and I have lined Hod up with the right side of the belly, because in the carnal mind things are reversed, okay.

Netzach restricts the mind, restricts the evil of the mind and therefore the mind of Christ comes forth, because Netzach is restricting the carnal mind. So, it is Cain in the carnal mind who is restricting Abel, so that is why I reversed it. I have lined up the left side of the belly with the right side of the corresponding level, and the right side of the belly with the left side of the corresponding level. And then we have the second energy center which is Satan's morally impure

seed, I just learned something today just from putting this drawing on the board, I learned something. I know, see a lot of what I teach it just, the Lord gives it to me as I do the translation, I do not always fully understand it, but I know that the Lord told me that Satan's morally impure sea is in the second energy center, and now we see that, that level lines up with Yesod which is God's reproductive force, and Kabbalah calls Him the white or that which He offers the male drop. There is such a thing as spiritual reproduction and in spiritual reproduction we have the white drop which is male and the red drop which is female and we are talking about aspects of energy in spiritual reproduction. So Yesod is God's reproductive force which is liquid, He represents the sperm. So when I put the two together, I see that Satan's morally impure seed is talking about her semen, it is talking about the semen or the seed of Satan, and as the ox abides in the second energy center because Satan feeds off of her, I see now that Satan's morally impure seed is continuously flowing through the mind of the ox. As I tell you all the time, the reason mortal man is a sinner and the reason we get sick and die, is because we have an aspect of ourselves called the unconscious part of the mind that is continuously forming thoughts beyond our will, without our will, we are the ox that exist in this sea of energy that we live in, and Satan's mental activity and spiritual activity of generating thoughts, her spiritual seed that produces sin, James talks about sin conceiving, Satan's morally impure seed is the seed that is continuously injecting into the ox which is the personality of humanity. And then we have the Fiery Serpent in the Doctrine of Christ, and in Kabbalah we have Malkhut which is the red female drop. Malkhut separated from God is the Fiery Serpent, she is the Fiery Serpent who is presently in exile according to the Kabbalistic teaching, Malkhut is in exile and separated from God, and we know her as the Fiery Serpent, the female aspect of God.

Praise the Lord, so I will just read the comparison to you again, the crown center is the Keter, the brow center is the Chokhmah, the throat center lines up of course on the negative side, and it was Binah, the left side of the heart center is Gevurah, it lines up with Gevurah, the right side of the heart center lines up with Chesed, the left side of the belly lines up Netzach, the right side of the belly lines up with Hod, Satan's impure water or now we know that Satan's water is talking about seed, lines up with Yesod, the white male drop and the Fiery Serpent lines up with Malkhut, the red female drop. Now for the study that we are going to do now that I mentioned earlier, we really need to just focus on three energy centers, the belly okay, and there was a teaching the came down here when we studied the Doctrine of Christ that Satan is really on all of these levels, all of these energy centers are really Satan manifesting on a different level, that this Fiery Serpent uncoiled and is attempting in every human being to ascend up the crown energy center, and the basis on which she uncoils and

ascends is our sin, our sin, that is how she ascends, and each of these energy centers is one manifestation of Satan on some particular level, and of course Satan and Leviathan are really one, Satan is the spirit of Leviathan, so she is manifesting on any one of these levels, and in every human being Satan is always trying to ascend up the crown energy center where she has the power to cause us to sin, and to consume the energy that we discharge when we sin, every time we sin we discharge energy.

You know when I first heard that Satan was the one who would tempt us to sin and then would accuse us after we sin, I said, Well of course that is wicked, but there has to be a reason for it, what is the reason for it? And I now know that the reason is that when we sin, we discharge the precious life giving energy and Satan is there to gobble it up, that is why she wants us to sin, and that is why she wants us to die because when we sin and when we die, we discharge the life force that we receive when we were born, and that life force is the food that Satan and all of the entities in the astral plane feed on, they are creatures of energy and their food is energy. We are creatures with an animal body and our food is animal flesh and plant flesh, vegetables. Satan and all the entities in the astral plane are creatures made of energy and therefore it is energy, that is what they want from us, they want energy. So, these translations are talking about the ascension of the Fiery Serpent and in particular the belly energy center, at which point the Fiery Serpent expands into a series of spiritual insects, you may recall from the Doctrine of Christ that the Lord has revealed to us that there are spiritual insects in the astral plane, that insects in the astral plane are, I do not know if they are the only predominating force but they are a spiritual species that are intelligent and much bigger than the insects of this world, and they feed off of us, just like the insects and the mosquitos of this world will bite us but they cannot really hurt us unless they give us Malaria, these spiritual insects can eventually kill us. The Lord said, I have much to tell you but you cannot bear it, this was a big revelation that came forth, at least for me, it was a big revelation.

So just like we see our patriarchs increasing in a particular manner, Abraham, Isaac, Jacob, one, one, one, and then Jacob expanded into twelve tribes, in a similar, it is the same spiritual principle on the other side, we see Satan going from the Fiery Serpent to her spiritual seed where she is consuming the ox into the belly, that is the 3rd energy center, and from the belly, she expands into a series of spiritual moths that fly, ascend to whatever degree they can up to the crown center. And the way they fly, the way they ascend upward is that they, when they consume enough energy, I am sorry, let me say that again, the way that they ascend from the belly energy center, is they consume enough energy

to get the person to sin so that they consume enough energy to fly up the higher energy centers, and in each center that the spiritual insects ascend to, they take on a different form and a different name. They take on a different form, because whoever the entity is, they take on the form that they can construct from the molecules of that spiritual plane. So we do not look the same when we have a presence on different planes of consciousness, we do not look the same. Jesus left this plane of consciousness and the physical body that He dwelled in dissolved, and He took a spiritual body from the molecules of the plane of Yetzirah, and now He is higher than every other name, and He does not have a form aside from us, we are His form. Okay, everybody with me?

So our study, we will be talking about the belly energy center and the fact that Satan ascended to this place in the form of Cain and Abel, the name she is taking in the belly energy center which is the energy center where the average human being is, the average human being lives out of lust, to make themselves feel good, to eat, you know, to drink, to be merry, to have sex, to have their needs met, the average human being, that is where they are, and there is nothing wrong with that, that is why we have societies with a set of rules so that people can have their needs met, that is what marriage is all about is having your needs met, a man and woman they live together, your sexual needs are met, your needs for companionship are met, your needs for having children are met, and we have certain rules that needs can be met without being disorderly, and without destroying ourselves. And it is from this place of lust where if we follow the rules of God and live according to the rules of God, Lord willing, the Satanic aspect of our carnal mind because Satan is in a part of every carnal mind, Lord willing the Satanic aspect of our carnal mind will never expand into a spirit of spiritual insects that will be able to fly up to the higher centers from where they seek to destroy us. But for the people who are ignorant or rebellious or foolish and they choose to not obey the laws of God, these spiritual insects are hatching, if they have not already hatched, they are producing the larva, the spiritual larva of the spiritual insects that will eventually if not in your life, in the life of your children, ascend up to the crown energy center from which place, they will seek to destroy you, that was my condition, I was dying at twelve years old. I inherited a very strong curse, and I had many spiritual insects that were consuming my energy and if the Lord did not intervene I would have been dead at twelve, Praise the Lord, He intervened. The other two energy centers that will be hearing about as we comment on these two studies are the brow energy center which is the 6th energy center, and the crown energy center which is the 7th energy center.

What has come forth in this study is that in the, not only in the demonized man but in all of the righteous Pharisees that were in Israel in the time that Jesus was there, all of the Jews that were really trying to live for God, okay, they had Christ formed in the brow energy center, but that the leaders of the teachers in the synagogue which were the, I guess I have to call them Pharisees also, or the Rabbis in the synagogue, and this is talking about the church today, the same situation in the church today, with men who are preaching and teaching to the Jews who were trying to be righteous were in their carnal mind, and they were lifted up in pride and witchcraft that was dominating the congregation, this is going on in the church today, even if you find the most well-meaning pastors, most likely he is preaching out of his carnal mind. As I have told you many times in this ministry, and well this, you may have heard from other people, from other preachers, the pastor is married to the church, the pastor is married to the church, the relationship between the pastor and the congregation is a relationship along the order of a relationship between Christ and the church, and it is a relationship along the order of a husband and a wife, the pastor is the authority, spiritual male and the congregation is spiritually female. I have also told you that the Christ in the pastor penetrates the hearts of the members of the congregation, and is established in standing up in your heart center helping you to resist Satan's activities down below the heart center which would cause you to sin and open you to a spiritual ascension of Satan in your life.

So in a congregation that is spiritual, the Christ in the pastor or the spirit of the pastor, if the pastor does not have Christ which is what we are going to read about, if the pastor does not have Christ, the spirit in the pastor is called a swine which is a male hog that is feeding off of the energy of the people in the congregation. Brethren, either the pastor gives you of his energy, or he takes your energy with nothing in between. In any relationship, either you give energy or you take energy, the only pastor that can give energy to the members of his congregation is the pastor who is receiving energy from the Lord Jesus Christ above. If the pastor is not hearing from the Lord Jesus Christ above, if the pastor does not have a vital relationship with the Lord Jesus Christ above, he has no energy to give the congregation, because if you give all your energy away, you die. And even though this process may be bypassing the knowledge of the pastor, if he is not giving you the energy of Christ Jesus, he is taking your energy, and that is just the reality of every relationship that has an authority, and someone under authority. So we see in this study that the pastor was a pastor that was a swine, he did not have the mind of Christ, and therefore he was ascended on his pride, in his pride and would have a witchcraft which was manifesting to control the people, the pastor or the Rabbi was ascending into the crown energy center which is higher than the brow center. These

translations tell us, that the righteous Pharisees or the righteous Jews in Israel or Judea at this time, were ascended into their brow energy center in Christ, but the pastor who was not, he was a hireling, you see, he was not true pastor of God, he was a hireling, he had a carnal mind and however he had succeeded in doing it, he had ascended to the position of pastor over this congregation, and since he did not have a vital relationship with the God of Israel, his carnal mind or Leviathan in that pastor was feeding off of the energy of Christ that was in the brow center of the members of his congregation. Brethren it is not so unusual to find a congregation in a church where there are people in the congregation that are more spiritual than the pastor, it happens. Now it is not usually a lot of people, but that was my experience, when I found out that the Lord was dealing with me in a powerful way, it bypassed my pastor and initially it frightened me, but I am telling you right now that the only people that are responding to the Doctrine of Christ in this hour are the people who have a relationship with Jesus Christ beyond their pastor, see.

Now, I am talking about a pastor that does not have the mind of Christ. I have had some people come into this ministry which is a discipleship ministry, and they bring this knowledge with them that they have an ascended relationship with Jesus Christ and that their whole experience in Pentecost is that their relationship with the Lord Jesus was more intense than their relationship with the pastor, because most Christians do not have a relationship with their pastor. But this is a discipleship ministry, it is the next level up in Christ, and our education and our development in Christ, the Lord tells me that Pentecost is nursery school, and this, that discipleship is true school, and you have to have a relationship with your teacher, and there are certain things that the Lord will only teach you through a teacher. So if you come here and you think that you are going to cleave to the Holy Spirit and not yield or submit to the teacher here, you are going to find yourself out of the ministry, okay, because I am the first witness, I teach you what the Lord tells me to teach you, and then you go home and you pray about it in a right spirit, you humble yourself before the Lord, and you acknowledge that He put you here and you ask Him to help you understand it, and He gives you the second witness to what I teach you here.

But if you think that you are going to not agree with me and go home and talk to the Lord and have Him speak directly to you about me when you are not humbling yourself before the instruction here, you will find out that the Lord will not speak to you, when you are lifted up in pride like that. So we see that the whole congregation that, or the righteous Jews in the congregation that had Christ formed in the brow center, they were spiritual Jews, and they had probably the highest manifestation of Christ that was available in Judea in that

day, but the pastor who had a carnal mind had ascended above the brow center in Leviathan's time line, the pastor was ascended into the crown energy center, and therefore was dominating the righteous Jews even though those righteous Jews had Christ ascended in them, had Christ formed in them. The two accounts that we will study show how Jesus Christ came to the synagogue of the city, and delivered the people and delivered the pastor, praise God.

These teachings, as we preach them, will send forth thought forms into the atmosphere that will be launching, if it is already launched will be enforcing the Lord's program to deliver the teacher, I cannot be the only teacher teaching this message, there has to be a whole body of teachers to go out across the world and teach the Doctrine of Christ. We do have a couple of people today that can teach on some minor levels, but there has to be a much bigger move than this, a much more powerful move than this. The Lord is moving today, He has begun to move today, to my understanding I think it is the beginning, I could be mistaken, if it is the beginning, He is launching the move today, if He started earlier and I was not aware of it, He is launching what He already started to deliver the pastors, whoever He has ordained is going to be a teacher of the Doctrine of Christ, and eventually Christ Centered Kabbalah, the Lord is moving to free them because the Lord, He has got to do something, Christianity is really falling away in this nation. I hear that there is a big move of the Holy Spirit in foreign lands, but you have to realize that the wonderful thing that there is a big move of the Holy Spirit in foreign lands, but the Holy Spirit cannot save you brethren, you are saved in childbearing, you are saved when the Christ child is formed and born again in you.

So the great move of the spirit in foreign lands, that is a wonderful thing, that is the beginning for these other people who did not know Christ before, but the people that are most likely to have Christ formed in them are the people that have been in the word for years, that have been studying the word for years, Christ comes forth in us from the word, Christ does not come forth in us from the miracles of the Holy Spirit or speaking in tongues, Christ is formed in us as His word, as we eat His word, and it becomes a part of us. So we have in this country and across the Christian world in Great Britain and Canada and Australia, wherever there has been several generations of Christians, we have the potential elders, the people that are most equipped to come into to teach this move of God, to come into this move of God and to mature into the sons of God that will ascend into the crown energy center and do for the people what Jesus did for this pastor and these righteous Jews.

Brethren the only way that People are going to be able to understand this message is if someone comes to them with a higher spiritual authority then they

have and where they have the grace, now Jesus was perfect, He was not mortal man, and even though Jesus was perfect, you will see in the translation, He asked permission from the people to enter into their minds and set them free. But I do believe that before that, the righteous Jews recognized that Jesus was of God. So there has to be something coming from Jesus' presence that witnessed to them that this was what they needed to do, it had to be an emanation from him that prepared the people to receive Him and to permit Him to minister to them. And of course when the demons were cast out of the pastor, that he repented, you know there has to be repentance, that he wanted the whole fulfillment of the plan of Jesus that he should be perfected you see. Praise the Lord. Are there any questions on this board here? Okay, we are going to do these translations then Lord willing on Sunday morning. God bless you.

Praise the Lord, this is a different service where we are picking up on this message and something very interesting has happened here during the week or ten days between today and the time I preached the earlier part of this message, I found myself reviewing Matthew chapter 4, and of the two accounts that I said we would discuss on this message are Matthew 8 and Mark 5, talking about, we are referring or dealing the Scriptures that talk about the swine, but I see that the Lord directed me without my realizing it to review Matthew 4. When I sought the Lord on it, when I realized what happened that I was coming into preach, and I had prepared a chapter in the Scripture that had nothing to do or that I thought had nothing to do with this message, I asked the Lord what He wanted me to do, and this is what He said to me, He said, Sheila, this was no mistake, that when I directed you to review that alternate translation of Matthew chapter 4, and my intention of doing that is to show you that the man Jesus had a spiritual experience, He started out being a mortal human being just like everyone in the church, Jesus had, Jesus was born with the Holy Spirit, you see. Brethren, well let me give you the overview and then I will come back, okay. So we are going to review Matthew chapter 4 which is an example of Jesus overcoming His carnal mind, okay, and I am going to show you that the Fiery Serpent was ascended in the man Jesus, that He overcame through his relationship with the Lord who in His case was the Spirit of Elijah was visiting Him as a representative of God, who the Jews know to be Yahweh or Jehovah, and that Jesus the man who overcame His carnal mind went forth and sought out the two accounts of pastors in two accounts of Matthew 8 and Mark 5, of two pastors who are in the same condition that Jesus was in. Now this is very important brethren, because I have told you many, many times to judge somebody's sins in an area where you two are sinning could be disastrous for somebody, because when somebody judges sin the judgment falls down like a rain shower on everybody in the spiritual area, it falls down on the one judged,

it falls down on the one doing the judging, and it frequently falls down on the family and friends and associates and spiritual acquaintances of the judged and the jury you might say, and the judger or the jury.

So God is not sending someone who, let me say that again, I started to say God is not sending sinners to judge sinners, but God does send sinners to judge sinners because I am a sinner and He has sent me many times to judge people's sins, but the areas in which that sin lies, that sin that is being exposed and the sin that is being judged, must be in an area that I have already overcome for me to say that the Lord is sending me. If you think that the Lord is sending you to judge the sin of somebody or to judge a particular sin in somebody, you are guilty of the same sin, even if you did it fifty years ago, but you have never fully dealt with it, you never fully repented and have that potential for that sin sealed off in you, judgment will fall on you too. So the Lord only sends people to judge sin who have already overcome sin in the area that they ascend, okay. Jesus was called to be messiah, He was called to judge the sins of men, and Jesus said, I judge no man, but yet when I judge, I judge righteous judgment, Jesus judged no man with the carnal mind, but all judgment is given over to the son. Jesus knew that He was sent to judge sin. So we see in Matthew chapter 4 which is an account of the temptation, Jesus overcoming His own sin nature. So it was no accident that I wound up reviewing Matthew chapter 4, the Lord wants me to start this exhortation with chapter 4, but it is a very controversial translation, and I looked at the way that the alternate translation of Matthew chapter 4 existed, because I have just changed it in the alternate translation Bible, and I recall how it evolved, I recall that a year or two ago, I had the revelation that Satan tempting Jesus was in the minds of some people. So the way I wrote it up in the alternate translation was that it was Satan in the mind of Jesus' disciples that were tempting Him, and actually, I guess it is ten days since I preached this message, okay, since I preached the beginning of this message, I began to see as I looked at it, that it was not Jesus' disciples that were tempting Him, that it was His own sin nature tempting Him. I looked at it and I said, Lord, is this really what you are telling me? I do not want to change the alternate translation Bible to show Jesus being tempted by His own mind if this is really is not you, and I said, Lord, this is a very serious thing to say, and I am just not willing to do it right now, I am just going to let it go, that was ten days ago. Last night when I thought about this message and I had to decide what I would preach this morning, I felt I would finish this message or at least continue on with it, we will see how long it takes, and I picked up Matthew chapter 4, completely blinded to the fact that it had nothing to do with the swine, and I worked on it since early this morning completely blinded to the fact that it

had nothing to do with the swine, until we reviewed the first part of this message, that was when it first hit me, that I had prepared I thought the wrong chapter.

So the Lord has spoken to me and He has told me to tell the world the truth. I once again ask you to understand that when we preach here, thought forms are created, something happens in the spiritual atmosphere and that what happens is that the truth appears in the astral plane, if that is correct, I do not know whether it appears in the astral plane, well the truth appears in the spiritual planes, okay, the truth is preached from the mental plane, but it probably appears, the images of the truth appear in the astral plane where all the lies exist and wages war against the thought forms of the lies, and at some point, the fruit of this battle seeps down into the minds of the church and they start to receive the truth, that is how this happens. And for all we know this is the battle that we read about in Revelation chapter 12 where it says, And Michael and his angels fought against the Dragon and his angels, this battle is of the mind. Brethren the church is dying. Not too long ago I said to the Lord, Lord, am I being negative, do I have, am I mistaken, because I hear from the evangelist on tv, that there is revival in the other parts of the world, and I am preaching that the Holy Spirit is being withdrawn and the church is dying, am I wrong? And the Lord said, No. The Lord is still shedding abroad His love in the form of the Holy Spirit to people in lands who have never experienced Jesus Christ before, but for the established Christendom, the western world, the United States, and Britain, Canada, New Zealand, the British Empire, and Europe who have known Jesus for 2,000 years, okay, and today are worshiping another Jesus, the whole church is worshiping another Jesus brethren, those people, from those people the Holy Spirit is being withdrawn, and judgment is fallen because the church is dying.

You see, it can make you feel good to worship another Jesus, it could even help you to be moral in your lifetime if you are willing to obey the law, but another Jesus cannot save your life, and the church is dying, right along with the Jews, they are doing the same thing as the Jews are doing, they are dying because their sins are not judged. Judgment is a good thing, it is not going to be pretty, it is going to be painful, but in the morning, Christ will be born and we will have the newness of life, judgment has to come, it is the only hope of this nation and Christendom, that judgment should come. So we are preaching the truth in this ministry for a long time, and the message today says, that Jesus of Nazareth was born as a mortal man, but He also had the Holy Spirit, the Spirit of His Father, see.

It is essential that the church, that the people of God understand that Jesus was in the beginning, at the inception of his life was a mortal man because the

greatness of His sacrifice for us is that is based upon the truth that Jesus mortal man who overcame His mortality because the righteousness of God was added to Him. But is the church is offended at that truth, and the church would rather believe that there is a Jesus who was born perfect, I do not understand how a perfect man can be tempted. We are told He was tempted in all points. To be tempted, there has to be a potential for you to fall. Jesus was not in the same condition that Adam was in before the fall, because Adam did not have a sin nature formed in him, Adam had the righteous nature of God formed in him, but he was joined to an earthen side with the full power and authority to rule over that earthen side. Now here is the fly in the ointment brethren, human beings today live in an animal body. God never ordained for His sons to be in an animal body, I have seen people and preachers stand up and say, I am in the image and likeness of God, and they are in an animal body, are you saying that God is an animal that the nature of God is an animal nature. People, they do not even think about what they are saying, brethren. It is the carnal mind that formed the animal body. The mind of God forms a spiritual glorious body that shines with the light of God.

So in order for Jesus to have had an animal body, He had to have a carnal mind. God does not form us in the image of an animal. So Jesus was born with a carnal mind, and even after He brought that carnal mind into submission to the spirit of holiness as we are told in Romans, I do not know whether it 1:4, or 4:1, please forgive me but it is one or the other, Jesus brought His carnal mind into submission in accordance or by the power of the spirit of holiness, see. So even when Jesus was in full stature okay, and He was completed, okay, He still was not where Adam was before the fall because Adam did not have a fully formed sin nature, that had the control over him that the carnal mind had over Jesus when He was born as an infant. And remember previous teachings that Jesus was not perfected when He stood up in full stature, He was completed and He forced the carnal mind underneath the authority of Christ, but He said that He would be perfected on the third day, and that perfection only comes in full union with the resurrected Christ, and when that married couple departs from the body, perfection is not in the body. How could you be perfect in an animal body, and the Scripture says, Be ye perfect as your Father in heaven is perfect. That means by faith, be as perfect as you can by faith, so that you will ultimately be perfected by the shedding of the physical body.

So the alternate translation that we are about to go over is very shattering and radical, because it describes the conflict that the man Jesus had with His own carnal mind, the conflict between the resurrected Adam in Him, and the carnal mind that He received from Mary, and it is the carnal mind of the members of

the church that are enraged to think that I could dare to say that Jesus had a carnal mind, but the mind of Christ says, How wonderful, a mortal man was born with the mind of Christ or was born with the Holy Spirit and He used that Spirit to overcome the mind that was producing death in Him, that should be the response, glory to God, Hallelujah, but the church is in an uproar and in an outrage at this kind of truth, because the carnal mind does not want to hear the truth, only the mind of Christ can embrace the truth. So the answer to the problems in the church, the answer to the world, Jesus' answer, God's answer to the problem of people dying is to give them the mind of Christ. The people must receive the mind of Christ. Once they receive the mind of Christ, the instruction goes forth, there will be a struggle between the mind of Christ and the carnal mind, but at least the mind of Christ will be there to fight. You see, if you do not have the seed grafted to you, there is no battle, you just reject the truth, the carnal mind just rejects the truth over and over and over again. I have had people say to me, Jesus did not have a carnal mind, what are you talking about? Well the Lord told me today, that the whole church is worshiping another Jesus.

We heard when I was first being raised up in the church, I was taught that the Catholic Church preaches another Jesus, they preach the baby Jesus that never grew up. Well maybe the rest of the church preaches an adult or a resurrected Jesus, okay, but they do not preach the truth about Him, they do not preach the truth about Him, His resurrection, they do not preach the truth about the man being mortal and overcoming. And the word that came to me this morning, the church has idolatry for Jesus, and I said, Lord how can you have idolatry for Jesus? The Lord said to me, There is an idolatry for a false image of Jesus the Christ, the carnal mind in the church has created an image of Jesus the Christ that is not real, and they are worshiping that image. Now, those of you here that have been with me a long time, you may recall and it really is not happening lately, but it happened a lot in the past where I would have controversy with some of the members of the congregation here, and I would say to you, What you are thinking about me is not true, and especially you, I would say to you, What you are thinking about me is, what you think about my motives, what you think about what I am thinking, it is not true. And when I am telling you that what you are thinking about me is not true, whoever this happens to, okay, when the person will tell you, What you are thinking about me is not true, if that person is not willing to give me the benefit of the doubt, but continues to insist what they think about me is true, a warfare has been engaged in as to who I really am, or whoever this is happening to, because when your mind refuses to believe me when I say, I have never had a motive like that ever, I would never do that to you, and the only way you can even consider that I might

have done that to you, was because you have seen me through your past experiences and your relationships that you have had with other people, and you have created a false image of me. If you refuse to take my word for it, then Satan, the witchcraft in your mind goes forth to form me in an image, to change me to conform with the image in your mind, and brethren, I want to tell you that I have experienced this. I do not know anybody else that has had the walk that I have had, so I do not have anyone to compare this with, but I will tell you that I do not know anybody personally that has had the experiences that I have had that have taught me things about witchcraft that I do not, maybe other people know it, if they know it, I do not know the people who know this, and I am not talking about the witchcraft that you see in the jungles of some other countries where the witch doctor is drinking blood and his whole purpose of doing the ritual is to gain power over somebody or to acquire a woman, or something like that, I am not talking about that kind of witchcraft, I am talking about the kind of witchcraft that goes on continuously between people who would be shocked to find out that witchcraft manifests through their mind, I call it social witchcraft, this is what Jesus is exposing today, that when sin in the motives of our heart, Jesus clearly said, If you lust after that woman, you have already committed adultery, if you hate your brother and you yield to it, you are a murderer, this is what Jesus was talking about.

I do not know that anyone else has dealt with this in the church, I do not know maybe psychiatrists deal with this, I do not know, but I know that the Lord has shown me that when there is a conflict between my image of myself and what someone else thinks of me, a warfare ensues over whose mind is going to be changed. Am I going to conform to your image or are you going to see me as I am, and for a person whose subject to this, I always say I have been spiritually sensitive, I cannot even tell you, I do not want to put it on this message, what I think the reasons are that I am aware of these things, you know, but that conflict over throughout my whole life has resulted in physical infirmity, it has drained so much of my energy, because this started when I was a young child with my family.

There was a lot of witchcraft in my family, and they tried to make into their image, and I guess I was very strong as a child, and I resisted, and I started to die when I was eleven years old. Now in most cases, if it is the child, or very frequently if it is a wife, she comes under the husband or the parents mind control, and if you are a child, you grow up in your parents image, and it is not a bad thing, if your parents are exercising a godly influence over you, but if they are utterly crushing your creativity, and wanting to make into something that you do not want to be, then it is not acceptable to God. And if a husband is

doing that to a wife, that is not what God says marriage is, that the husband should be remolding the way the woman thinks in his own image and a lot of men do that, a lot of women do it to their children, a lot of men do it to their wives, and a lot of men do it to their children also. This is the kind of witchcraft that Jesus is telling the world about, how we destroy each other with our thoughts towards each other, and Jesus said, your thoughts and the motives of your heart, they bring forth these thoughts, are murder and adultery, and He wants us to become aware of them, of these thoughts in our mind so that we can stop doing it, and this is exactly what happened to Jesus. He had a conflict between the mind that gave Him His animal nature and His physical body, and the mind that emerged in Him because He was born with the Holy Spirit and that Holy Spirit connected with the Holy Spirit in John the Baptist at the time of the baptism. The other shocking aspect of what I am about to show you that will be shocking to most people is that I am going to show you that this Spirit of Elijah in Jesus, was training Him up, just like the Spirit of Christ is training us up. Now to most people who choose to see Jesus as almighty God, this is going to be very shocking. Now today Jesus is almighty God, but He is ascended, He is at the right hand of the Father, He is in the Higher planes of consciousness, He is one with God, but in the days of His flesh, He was very similar, very similar to our condition today, the only difference that I can see is that He did not have any of the genetic heritage of a human father. So maybe overcoming the sin nature was easier, I am not sure, it may have been, but He was a mortal man with a sin nature with the Holy Spirit, and He was educated as a Jew, and He was given understanding about spiritual things, because brethren, nobody will ever overcome their carnal mind without understanding that comes through the doctrine of Christ. It is the understanding that will convince you to join with the Lord to overcome your carnal mind, you will never make it without understanding, see.

So, as I was reviewing the alternate translation, I said, Wow, this is shocking, showing Jesus as submissive to the Spirit of Elijah, showing Jesus as a disciple, showing Him not as God, but as the man who is overcoming, okay, but this is the truth of the Scripture, and it is the truth about Jesus, it is not the truth about Him today, but the truth about Him is, is that there was an evolution from the day He was born, He evolved from being a mortal man, to being a spiritual man, to being a man that manifested the mind of Christ over His carnal mind, to being a man whose personality was perfected, and was risen sinless to the point that He departed or withdrew from His physical body, and continued to live. It is the story of a mortal man who married the resurrected Adam within Himself, and is now one with Elijah, and with God. It is a fantastic success story, but anyone, I challenge you, if you put a hundred people from the church right here, they

would stone me if they could do it, but I tell you the truth, the church is filled with lies, and the worship of a false Jesus which is the sin of idolatry, the judgment for which is death, and brethren, the church is dying. Paul said, You are still sick and you are not healed because you do not discern the body of Christ. You are thinking with your carnal mind, you are thinking with the carnal mind and you cannot recognize the thought process and the truth of Jesus Christ because the truth will set you free. It is all in the mind brethren.

So today we have the honor of preaching the truth in the form of an alternate translation of Matthew chapter 4, the truth about Jesus of Nazareth, that in the days, at the beginning of the days of His flesh, He was a disciple of God in a very similar condition to the one that we are in, and He overcame, that means every one of us has a chance to overcome. I also want to remind you that whatever is preached in a congregation, that is what is coming to pass, when faith is preached, the people receive faith, when deliverance is preached, the people receive deliverance. Brethren, we are preaching about the ascension of Jesus Christ from mortality into immortality, we are preaching about the overcoming of the carnal mind, and that means the seeds for this potential to happen to you are going forth as I preach this message and as you hear and you believe it, you are receiving the spiritual seeds that will equip you for that, or that are equipping you to have the same experience as is being preached here. Praise the Lord.

Okay, we are going to read the alternate translation of Matthew chapter 4, Praise the Lord. Verse 1, I am not going to read the King James translation, the original alternate translation of Matthew chapter 4 was worked up in message #219, part 3, but it has evolved as the understanding of the Scripture has evolved in my mind and heart, the translation has evolved, this is a spiritual understanding that underlies the word. The Lord reminded me that He told me to tell you something before, and I did not get it on the message, it was something about that talent, that if you do not have it you will lose it, okay. That talent that we have, this is understanding that we are receiving, we have the Holy Spirit, plus all the understanding and all the seeds that you are getting, you have to use it, if you do not use it, you lose it, okay.

Praise the Lord, verse 1, The Spirit of Elijah led Jesus into the brow energy center of the righteous timeline which is beyond Satan's influence to equip Jesus for the optimal battle that disciplines the devil, the personality that is in agreement with the carnal mind. Well we have several things I would like to comment on here, first of all, I could just hear the people screaming, You are seeing the Devil more than Jesus. Yes you have to understand who the Devil is. The Devil is the carnal mind that when the personality is in agreement with

it, when your personality is in agreement with the Christ mind, you are an angel, you are an angel. When your personality is in agreement with the Christ mind and you are living out of that mind and acting out the behavior of that mind, you are an angel to whoever you are sent to, to whatever you are doing, whether you are praying or counseling other people or trying to help them, you are an angel of God sent to them. But when your personality is in agreement with your carnal mind, you are the Devil, and the Devil does not have to be a serial killer, the overriding characteristic of the Devil is selfishness, the overriding characteristic of the angel is selflessness, it is the two aspects of your nature that are available to the personality, praise the Lord. So here is Jesus at this stage, at this stage of the baptism, and right after the baptism He was vacillating back and forth between being the Devil and being an angel, He was vacillating between His carnal mind and His Christ mind. Now, try to understand what happened here was that when Jesus went down under the water at the hands of John the Baptist, we are told that the Holy Spirit in the form of a dove descended upon Jesus. What happened was that the anointing that was on John the Baptist which was a very powerful spiritual anointing, transferred from John the Baptist to Jesus, and Jesus was infused with spiritual power, that spiritual power that came from John the Baptist that was likened unto the branch of the tree similar to what we would call a very powerful outpouring of the Holy Spirit today, an outpouring that could be likened to an evangelist that comes with great power when you enter into their meeting and the whole room is infused with the glory of God, that was what John the Baptist had, and that glory joined to the root of the tree which was in Jesus.

Jesus was born with the grafted seed, the root. So when the branch and the root of the tree came together, that atomic fusion brethren, that is a release of energy that is mega times greater than the splitting of the atom, that is the kind of power that erupted in the man Jesus, and the man Jesus had a carnal mind. So there was a power grab going on, the carnal mind in the man Jesus wanted to appropriate that energy for himself, but the energy was coming forth from the resurrected Adam within the man Jesus, because the root of the tree that was grafted to Jesus is called Abel and Abel in Jesus had been quickened okay, because Jesus was born with the Holy Spirit and Abel was quickened and no longer completely subject to Cain but at least the mind of Christ was manifesting on some level, and then this tremendous outburst of power came from John the Baptist and the union of that power with the root of the tree that was already in Jesus was designed to propel, what was designed to fully raise Adam from the dead, and drive Jesus up to a level of power from which He would manifest as Messiah. But there was a carnal mind in the man Jesus that was not down in the bottomless pit, and when that power erupted in the man Jesus, Satan made

a grab for the power. But you see it was not just Satan who made a grab for the power, it was that aspect of Jesus' carnal nature that was married to Leviathan and Satan. Now remember the mortal nature has two sides to it, Cain and Abel. So in the man Jesus, Abel was quickened which means he was no longer lying dead under Cain's ground, he was quickened Abel, and Abel was cleaving to the Holy Spirit in Jesus, and receiving the instruction and the power that was coming into Jesus to strengthen that side of Him, and the Abel or the Christ side of Him, but Cain was not yet separated from Leviathan and Satan, Cain in the man Jesus was still joined to Satan and Leviathan, that is just another way of saying, the carnal mind was alive and well in Jesus. So the Cain side of Jesus who was joined to Satan and Leviathan called the Devil, see, Oh wow, look at all this power coming into me, I am going to be great! But the Abel side of Jesus who was joined to the Holy Spirit, okay, which was now joined to Elijah, and we know that Elijah was in Jesus because we saw it on the Mount of Transfiguration. So now with Elijah or Elijah who wants to raise up Abel in Jesus to the fully restored Adam, the righteous Adam that will serve God, okay, and it is Satan and Leviathan that wants to lay hold of this power to raise Cain up to be the poster boy or the poster girl for the carnal mind.

So when this tremendous infusion of energy came into the man Jesus, the battle over who was going to control this power erupted in his mind immediately and the Scripture says, And the Spirit drove Him into the wilderness, see. And the Spirit of Elijah which had just burst forth upon the man Jesus, led or drove Jesus all the way up into the brow energy center of the righteous timeline. Now at this point, I do not remember how I got that brow energy center, probably so that the translation of some word mountain or whatever, but at the time that I originally did this translation, I am sure I had a legitimate reason for saying the brow energy center. So this tremendous infusion of power came into Jesus and joined with Abel within the man Jesus, and that fusion produced a spiritual power that is greater than however many atom bombs. Jesus received the power to become God. The question is, would He be the god of this world, the question was, would Jesus of Nazareth be the human being that manifests the god of this world, or would Jesus of Nazareth be the human being that manifested the God of all flesh, which is Jehovah, and today of course it is Jesus, because Jesus became one with Him.

But at that time, it was Jehovah, the God of all flesh, who would the man Jesus be an expression of? All that power, Jesus could have been a walking Messiah of evil. I am telling you the truth, He could have gone to the left or to the right, but He stayed in the middle you see. He did not go to the left or to the right, He did not go to the left, He did not go to the right, He stayed in the middle, and He

arose to the nature of God. The left, what would it be to go to the left or to the right? To go to the left would mean that He would become an unrighteous judge and rule the world in tyranny, to go to the right, would most likely mean that He would be very weak and use all the power to indulge His lusts in selfishness, but Jesus stayed in the middle. The right side that had a tendency to make Him selfish became compassion for the weak and the suffering, and the left side that would have made Him a tyrant made Him strong enough to judge the sins of the people together with the compassion of the right side. But Jesus became a walking manifestation of Jehovah's deliverance. Deliverance from what, you know? I have heard people say, deliverance from Satan, deliverance from hell. Do you know what Jesus was sent to deliver us from? Jesus was sent to deliver us from Jehovah's own sowing and reaping judgment. Jesus was sent to deliver us from the death sentence that was being put upon us, that was being reaffirmed upon us and is being reaffirmed upon us every second of every minute of every hour of the day, because of our sin nature. Jehovah is a righteous God, one of His names is justice, He judges sin with justice, that means we all deserve to die, so Jehovah made a way of escape from His own justice through the forgiveness of sins, and what is the forgiveness of sins? the forgiveness of sins grants us the ability to truly repent and receive a new nature, forgiveness that does not produce a new nature which is no longer capable of doing the sin that was forgiven, is a forgiveness that has not done its job, it is a toothless forgiveness. I have heard the term in the church that Satan is a toothless enemy, Satan is not toothless, the power of Satan's judgment is the righteousness of the law, Satan cannot bite you if you have not sinned, and the blood of Jesus does not forgive sins that are not truly repented of. What does that mean? It means Satan can bite you in every area that you are not truly repentant. So how can a believer be sick? Because there are areas of unrepentance in you and Satan has bitten you in those areas. But Jesus came to save me. Yes, therefore study to show yourself approved, confess your sins one to another, submit ye one to another, find out the motives of your own heart, and expose the intentions of your own heart that you might have an opportunity to truly repent, because you could never repent if you do not believe that you have done the sin. You cannot repent if you do not believe that you have done the sin.

Praise the Lord. So, the Spirit of Elijah that now has burst forth has broken forth upon the man Jesus, led Jesus into the brow energy center of the righteous timeline which is beyond Satan's influence, and he did that to equip Jesus for the spiritual battle that disciplines the Devil, and the Devil was right within Jesus' own mind. So what did Elijah do? He gave Jesus spiritual power, the power of the life of Elijah, the resurrected Elijah broke forth upon the man Jesus and

caught the man, the personality Jesus up to a place high enough where it would be possible for Jesus to ward off the sinful prideful thoughts of His own carnal nature that was trying to appropriate that power. You see brethren, this is very similar to what I have told you, this battle between good and evil in the individual, it only begins when Christ starts to manifest in your life, if there is no vibration of Christ in your life, even if Christ is grafted to you, if He is not moving, if the baby is not moving, if there are no signs of life, there is no battle. If there is that spiritual child, starts to move, what is he doing? As soon as that baby starts to move, he is swallowing up Satan, thus ensues the battle. If you have no trouble in your life, the baby is not viable, I am sorry to tell you that there will be trouble in your life at the first signs of life in the spiritual womb, I am sorry to tell you that, but it is the truth. So many people come close to this message and unpleasant things happen to them and they run, they run from the message, but that is not the way to go, because you are just running into death. If you want to run to life, you have to pass through the trouble, you have to be victorious over the trouble that comes your way. The trouble that comes your way is the flaming sword that stands in front of the Garden of Eden turning every which way so that you cannot get back in. So we are trying to get back into the garden of Eden, the place where every single need is met, the place where there is no conflict, the place where we have so much authority over the nature of the earth that is within us that we just have to guard diligently, we just have to watch that garden diligently and we will be okay. But we do not have the degree of, being righteous does not require the degree of resistance that it requires in our present condition. Brethren that is verse 1 of Matthew chapter 4, Jesus had a carnal mind, and when the power of God hit Jesus to catch Him up to the spiritual level of mind that would make Him Messiah, let me say it this way, when the power of God hit Abel within Jesus to raise Abel from the dead because Abel is the root system of Adam, when that power came from the John the Baptist to join with Abel and fully resurrect Adam, God's power in the individual. Cain who saw Abel being raised up, immediately cleaved unto Leviathan and Satan to take the preeminence away from Jesus, that is what happened in verse 1. Verse 2, But Jesus fasted from the thoughts of Satan, the unconscious part of the carnal mind, the enforcer of the sowing and reaping judgment, I have a foot note here, it says, but Satan is the enforcer of the sowing and reaping judgment, it is a translation of Strong's #3985, translated "tempted", in Matthew 4:1, and "tempter" in Matthew 4:3, so I see that those words should not be in bracket. But Jesus fasted from the thoughts of Satan, the unconscious part of the carnal mind, the enforcer of the sowing and reaping judgment and from the lust of Leviathan, the mortal timeline on the right side of the heart which is the fourth energy center within Himself, but afterward Jesus began to pine away because His carnal mind was still active. Now the King James says that

Jesus hungered, well brethren, your guess is just as good as mine concerning what He hungered for, and concerning what He fasted from, for anyone to assume to just assume that Jesus fasted from and hungered for natural food to me does not even make any sense, because the whole event that is happening is a spiritual event, okay, and as I have explained to you, this big powerplay was taking place as to what the power that was just infused into Jesus would do to the man Jesus, would He become the anti-Christ, or would He become Christ. In the view of this context it does not make any sense at all to say that Jesus fasted from food, and then that He hungered for food, no. He fasted, the way Jesus took the victory over and prevented the anti-Christ from appearing in Him, was that Jesus fasted from or refused to agree with the thoughts that came from the carnal mind.

This is an announcement, we lost the sound on a whole side of one message, that means we lost 45 minutes of this message, I am going to do the best I can to recreate that which was lost. The end of message one or message one ends up with me talking about or commenting on the end of verse 2 of Matthew 4, which says, And afterward, Jesus began to pine away, because His carnal mind was still active. So that is where we are going to pick up and we are going to end up with, I will probably comment on verse 7 again because side two of this message or it may not be side two because we are going to, well where this interjection, where this, where what I am preaching today ends up, will be pretty much although not exactly in the same spot where the original message picks up which is somewhere in verse 7. So we will see what the Lord gives us today.

So I was commenting on Jesus pining away. Now the significance here is that Jesus' mind, Jesus' carnal mind was still active. See, what I am preaching in this alternate translation is really very exciting to people who have the mind of Christ. To people who have a carnal mind, it is shocking, but I am telling you that Jesus was born as a human being with Abel within Himself quickened. And to be honest with you I am not sure whether Abel was quickened or He was born with the Holy Spirit, I am not really sure which it is, but it plays out the same at the end. If He was born with the Holy Spirit, eventually Abel was quickened in Him. I do not have it straight exactly which it was, I am going to drop it here because I am not sure. So Jesus had a carnal mind, you see brethren, those of you who are into the truth, God does not give animal bodies to His people, okay. God gives His people a spiritual body in His own image. The reason we have animal bodies is because we have a carnal mind. It is the beast nature that formed the animal body for human beings. So Jesus had to have a carnal mind to have an animal body. And that carnal mind was active the whole time that the Christ mind was being formed in Him, and that carnal

mind was still active when Jesus submitted to John's baptism. You see the whole exciting truth about the baptism is that Elijah had reincarnated in two people, Elijah had reincarnated, Elijah who was glorified had, the glorified Spirit of Elijah had reincarnated in both John the Baptist and Jesus. Jesus had the root of the tree and John the Baptist had the branch of the tree, the branch of the tree is likened unto an intense outpouring of the Holy Spirit, and the root of the tree is actual nature of God, it is the foundation of the tree of life. So to have the power which is what we see in the church today, is a glorious thing, but it cannot give, the Holy Spirit cannot impart immortality, because immortality by its very nature, by its very definition means that the life of God must be rooted and growing in you, it must be a part of you, you must be grafted to that tree or that vine of immortality. So in order to be grafted to it, it has to be growing in you. And the experience of having the root of the tree grafted to you is very different than the experience of the Holy Spirit, which means having the power. Jesus had the root and John the Baptist had the branch, and at the moment of that baptism, the two aspects of the reincarnating Spirit of Elijah, or Elias as it says in the New Testament, joined within Jesus, and there was an atomic a spiritual atomic fusion that was so powerful that it drove Jesus' spirituality or His spiritual aspect up into the higher energy center, called the brow energy center, and both the carnal mind and the Christ within Jesus, and the Christ is the resurrected Adam, both the carnal mind and the Christ were vying to lay hold of this spiritual ascension that the man Jesus was experiencing. Jesus' two natures were fighting to lay hold of this spiritual experience that He had.

Brethren this is what we have been preaching in this message in this ministry for years, that the Lord will not let you go on with these deep studies, the Lord will not let you go on with these deep studies if you are judging your sin nature, because you are going to stand up in a full stature of evil, and you are going to be a force for evil in the world. So the temptation is the account of Jesus' inner conflict between whether or not He was submit His ascension to God by humbling Himself or whether He would submit this ascension to the Devil or to the Serpent, and become a tyrant in full stature, a full stature of evil. This sounds shocking initially that Jesus would have a carnal mind, it sounds shocking that the Devil could be within Jesus because the Devil is the personality that agrees with the carnal mind. We all have a Devil and an angel. When we are in agreement with our carnal mind we are the Devil, and when we are in agreement with our Christ mind, we are an angel of God, we are in agreement with our Christ mind, we are speaking the words of Christ, we are doing the deeds of Christ. Right now at this moment, I am an angel of God, because I believe I am preaching by the Spirit of God to you. But I could walk away from here and have an ungodly thought that I fail to take the victory over and at that

moment I will be the Devil. The bottom line brethren is that Jesus was as human as we are, and for the people that have the mind of Christ, this is the most exciting thing because, if someone who was as ordinary as we are ascended to such a high place that he became God, that means we have the same hope and it is so exciting.

See, the Lord has told me that the church has idolatry for Jesus, and I said Lord, How could the church have idolatry for Jesus? Because they have idolatry for another Jesus. Yes Jesus is God today, okay, but the image, the other Jesus that is in the church, the truth about who Jesus was when He was in His flesh, is not being preached in the church today, it is being preached that He was born perfect. Brethren, well actually what they are saying is, Well how could you be tempted if you are already perfect? Well you can be tempted if you are in a state of perfection that Adam was in originally, Adam before the fall was perfect, but yet he had the potential to sin, and we did sin and we fell, but to say that Jesus was born perfect in the same kind of perfection that Adam was in before he fell, what good does that do us? What we need to hear is that a fallen man can overcome the sin nature. Jesus was born with a carnal mind which made Him a mortal man, He was a fallen man that overcame the sin nature, that is the excitement of what Jesus did for us. But to say that Jesus was already perfect, He succeeded where Adam failed, well what does that do for us, we are still fallen. It makes no sense at all. So there are two radical aspects of the message that is coming forth here today, and the one aspect is that Jesus had a carnal mind that the Devil and that Satan which is the unconscious part of the carnal mind which was testing Jesus, was within Jesus, it was His own inner conflict. And the second radical aspect of this message is that Jesus needed a savior, and if Jesus did not have a savior, He would have never made it, and the savior that Jesus had was the glorified Elijah. Jesus needed a savior, He was a man born of a woman and He needed a savior. Now Elijah did not need a savior, Elijah was not born of a woman, he was glorified without a savior, as far as I know, but Elisha needed a savior and it was the glorified Elijah that came to save Elisha and strengthen him and Elisha became a great prophet.

So I guess that is just where I am going to pick up, Jesus hungered, what that means is, that when Satan, the unconscious part of the carnal mind, came to tempt Him, He clung to the mind of Christ, but after clinging to the mind of Christ for a season, the carnal mind within Jesus began to hunger for power. I want to suggest to you that Jesus hungered for power, that Jesus was fasting from the thoughts of Satan, and He was worn down, just as Noah was worn down, after the flood, after Noah had that tremendous victory, and the only one and of course his family, his three sons and the wives, to whatever degree, well I do

not want to get into that now, the souls that were saved by water okay, Noah was overcome by Satan after that tremendous victory, and Satan tried to do the same thing to Jesus that he succeeded in doing to Noah. And Jesus was hungry, His carnal mind was lusting for the powers of this world, okay. And I want to suggest to you that if Elijah did not intervene, Jesus would have been overcome, Jesus would have been overcome if Elijah did not intervene, Jesus needed a savior in the days of His Flesh. When Jesus overcame, He was glorified, He married the resurrected Adam and now His name is higher than any other name, He does not need a savior today, He is the savior today, but He did not start out that way. Praise the Lord, okay.

And this very term pine away is a term that signifies pathos lust, it is the lust of the carnal mind signified by Delilah, the cravings for the things of this world. Verse 3, "And Satan the unconscious part of the carnal mind and the enforcer of the sowing and reaping judgment within Jesus aggressively approached Jesus the Christ saying, If you really are the Son of God command Abel your spiritual genetic material to be gathered together with the Spirit of Elijah and let them rise into the brow energy center of the righteous timeline where they become spiritual bread." Let us take that a little bit at a time. "And Satan, the unconscious part of the carnal mind, and enforcer of the sowing and reaping judgment within Jesus... Satan is the unconscious part of the carnal mind and Satan also enforces Jehovah's justice which is the sowing and reaping judgment which is unto destruction. Brethren, our judge is within us, our judge is within us. The unconscious part of our mind judges us and brings into our life the fruit of our own thoughts and our own behavior. So we see that Satan within Jesus aggressively approached Jesus to tempt Him. You know when I first started to learn the Scripture, and I heard that Satan is the one that tempts us and when we sin, she condemns us, it did not make any sense to me, until I found out that Satan feeds on our energy, and she feeds on the energy that people that human beings release when they sin. When we sin, we emit energy, and that is the food of Satan and all of her hoards. So she wants us to sin so that she can condemn us before God, so that she can legally feed on us. Praise the Lord. So Satan aggressively approached Jesus the Christ to tempt Him saying, If you really are the Son of God, command Abel your spiritual genetic material... Okay, "Abel your spiritually genetic material", brethren we all have spiritual genetic material within us and Abel is our potential to be returned to our first estate, our first estate, and the first estate is the condition that Adam was in. He was righteous, he was without sin, but of course he had the potential to sin. We will be returned to our first estate and even higher. Okay, Jesus can no longer sin, He can die no more, and we are called to have that same testimony eventually that we can never die again.

So our spiritual genetic material is our foundation, our spiritual genetic material, our potential to become immortal is buried in or under our mortal foundation, and our mortal foundation is called Cain and Abel. I have been preaching here for years that Cain and Abel are like symbiotic twins, and either Cain is under Abel, or Abel is under Cain. But the Lord was showing it to me a little differently today, the Lord was showing me that there was really just one seed within us, Jesus called that seed a worm or a larva, there is just one worm inside of us, and that worm either morphs to Cain or it morphs to Abel, it is a chameleon. That seed inside of us is the chameleon, and either it goes towards Cain's nature or it goes towards Abel's nature. So, our genetic material, so that means the material that God gave us, okay, that the Serpent has laid hold of and formed in her own image, that genetic material where we are a chameleon now can be reformed again into the image of God. So Satan said to Jesus, Well if you really are the Son of God, command Abel your spiritual genetic material to be gathered together with the Spirit of Elijah, and let them rise into the brow energy center of the righteous timeline where they become spiritual bread. Now I do not really know where Jesus was at this moment, I think in verse 1 it says, and the Spirit of Elijah led Jesus into the brow energy center of the righteous timeline, so it seems to me that Jesus was there already, that He was already in the righteous timeline and in the brow energy center. So Satan was provoking Him, either, I have the wrong energy center here, let me see, Satan said, If you really are the Son of God, command Abel your spiritual genetic material to be gathered, okay, to be gathered together with the Spirit of Elijah and let them rise together into the brow energy center, so maybe Jesus, maybe that fusion, that spiritual atomic energy that just shot into Jesus, maybe it shot Him up into the brow energy center of the unrighteous timeline. Well you know that makes sense because Satan was there. So that says, Oh listen to this, I am so glad that we are redoing this, I did not get this before, that fusion of energy that drove Jesus suddenly up into the brow energy center initially shot Him up into the Serpent's timeline, and that why Satan, the unconscious part of the carnal mind, aggressively approached Jesus, Jesus had entered into Satan's territory, and Satan approached Him to keep Him there. Satan approached Him and said, Well if you really are the Son of God, why do you not gather together with the Spirit of Elijah, in other words, why do you not take the initiative. Now brethren, spiritually speaking, Jesus was female in relationship to Elijah, and now we will see as we go along, but it is my understanding that when we are ascending to the brow energy center, the wrong timeline, we have to come back down, join with in our case the Lord Jesus Christ, and then ascend again. I do not believe you can go across you see. Let me put this on the board for you.

This is drawing #2, and here we see the significance of Satan trying to tempt Jesus to ascend into the brow energy center and gather Himself together with Elijah, at which point He becomes bread, and what Satan is saying to Jesus, is well if you are really the Son of God, you should not have to descend to the bottom of my mountain and then ascend to the top of Elijah's mountain, why do you not just jump across, if you are the Son of God. Now, whether or not it was possible for Jesus to do it, I do not know, but it certainly was not God's way of doing things, God's way of doing things was that you have to go back to the point of departure, Jesus would have to descend down to the bottom of the Mountain, the bottom of Satan's mountain, and ascend up in Elijah's mountain. So this energy that infused into Jesus was so, it came so fast and it was radical, that it was His carnal mind that ascended first. I want to tell you very frequently, Satan gets here first, lots of times, Satan gets here first. So the first words that you get, you really have to test it, because it could be Satan's words. So let us see what Satan responded to Jesus.

Verse 4, "And Jesus answered, this time He did not just answer Satan, He answered Satan and Leviathan, the carnal mind that He received from Mary, saying, and now why are we, why does the alternate translation He responded to both Satan and Leviathan? Because brethren, Satan made the suggestion, but Jesus' pride wanted to take the suggestion. Leviathan within Jesus, His pride wanted to respond to the suggestion. So Jesus responded to or answered both Satan and Leviathan saying, the carnal mind, I am sorry Satan, Doctrine only forms the unmarried Christ, but Adam, Jehovah's righteous mind, preaches the whole word of God, which draws down Elohim's life force from above. Now Jesus was well known for responding to questions with statements that seem to have nothing to do with the question. Satan said, Why do you not just jump across from mountain peak to mountain peak, if you are really the Son of God? And Jesus' answer was to teach Satan, you see, we are supposed to be teaching our carnal mind. Christ in us is supposed to be teaching our carnal mind, and it seems to me that what Jesus was saying to Satan was, you know, you do error, that is an error to think that I would use the power of God to jump across one mountain peak to the other mountain peak, because I, do you know what this is saying here, let me explain to you what the response was and then I will apply it to this. Jesus answered saying, Doctrine alone forms the unmarried Christ. Brethren, we have been preaching this here for years, doctrine alone forms the unmarried Christ. If you are not simultaneously digging up, exposing and facing your sin nature, that when the power of God comes upon your life, the power that came from John, when that infuses you, you are going to go shooting up in your carnal mind, there it is right there in drawing #2, that is what I am telling you about, and that is what happened to Jesus, He went shooting

up into the brow energy center of the Serpent's timeline and He met Satan, the unconscious part of the carnal mind, there. But because Jesus recognized Satan, you see Jesus was also dealing with His sin nature, first of all, He recognized that it was Satan talking to Him, He was not deceived into thinking it was Elijah, He recognized that it was Satan talking to Him, and then He also recognized that the wisdom of God says, you cannot do it that way.

Let me just read this to you again, The doctrine alone forms the unmarried Christ, but when Adam is formed in you, when Adam is raised from the dead in you, Adam, Jehovah's righteous mind preaches the whole word of God, which includes the confession of sin and repentance, that draws down the life, Elohim's life force from above. So doctrine, is that not what Paul said, doctrine or knowledge just puffs you up, it just builds your pride? Okay, but when you judge your sins, when you judge your own sins as well as requiring knowledge, it raises Adam from the dead in you, and when Adam is raised from the dead in you, it draws down the power of God to you. So what Jesus is saying to Satan, the unconscious part of the carnal mind, let me just back up here. In the verse before, in verse 3, Satan says to Jesus, if you are really the Son of God, command Abel your spiritual genetic material to be gathered together with the Spirit of Elijah, and Jesus in verse 4 is saying to Satan and Leviathan, it is not such an easy thing to have my genetic material gathered together with Elijah, because Elijah is the life force of God, and that life force is drawn down into the individual that the desires to ascend to the mountain peak of the righteous timeline by confessing your sins. Listen, listen, let me tell you again, Satan is saying, Look, just jump across to the other mountain peak and gather Elijah together with yourself and become bread. And Jesus said, No, you cannot do it that way, He said, You have to confess your sins and when you confess your sins, Adam is raised from the dead in you, and Adam is a righteous mind that draws down the life force of God, that draws Elijah down to where you were. They way to get to Elijah, or the way you get to be gathered together with Elijah is by confessing your sins. Doctrine alone will not draw down the life force of God. Elijah the Spirit of Elijah is the life force of God. So Jesus is saying, Even if I did jump from one mountain peak to the next mountain peak, Elijah would not be there. The only way Elijah comes close enough down towards you to gather together with your spirit or to gather together with Abel in you, is by having Adam raised from the dead in you, and the way Adam is raised from the dead in you, at least part of it, is confessing your sin nature. You are all looking at me, do you get this? I am going to say it again, Jesus said, Even if I could jump from one peak over to the next peak directly, Elijah would not be there.

Elijah would not be at the mountain top, I would be there by myself. Are you getting this? Okay, praise the Lord. I am going to read it again on to this message, "Doctrine alone, or only doctrine forms the unmarried Christ, but Adam Jehovah's righteous mind that preaches the whole word of God, that righteous mind draws down Elohim's life force from above, which life force is Elijah, and Adam only rises from the dead in you when you are confessing your sins and overcoming your sin nature. So I cannot jump from one mountain peak to the next, it would not do me any good. Interesting, is it not?"

Verse 5, "Then the Spirit of Elijah established an intimate spiritual connection with Abel, the good side of the dual mortal foundation that Jesus received from Mary, and Adam the spiritual head of the temple stood up in the left side of Jesus' heart energy center, the entranceway to the collective mind of Christ which is the Holy City, because the Devil, the personality that agrees with the carnal mind arose within Jesus. Let us break that down now.

The Spirit of Elijah, then the Spirit of Elijah established an intimate connection with Abel within Jesus, well how come? How come all of a sudden the Spirit of Elijah is here establishing an intimate connection with Abel within Jesus? Because Jesus just confessed to sin, because Jesus just realized that it was Satan in His carnal mind even suggesting to Him that He just jump across from mountain peak to mountain peak, and then Jesus preached the doctrine of Christ to His own carnal mind, it was wisdom and understanding within Jesus that knew that even if He jumped over, Elijah would not be there. So Jesus was not only confessing His sins, He was acknowledging His sin nature and dealing with His sin nature, at which point, and the significance of that or the symbology of that is that Jesus the whole time was descending down to the bottom of the mountain, at which point Elijah established an intimate connection with Abel within Jesus. How can I say that? Because where is Abel? If this mountain signifies the energy centers, what energy center is Abel in? Is Abel up here in the 6th energy center? Where is Abel? Does anybody know? Abel is down, yeah, Abel even below the belly, Abel, Cain and Abel are down in the groin, yeah. So we know that Jesus descended you know back down. See it is not so much that Jesus descended, but His carnal mind was all the way up here, but when Jesus took the victory over His carnal mind, then Elijah came down here to join with Abel. I am going to leave it at that.

Praise the Lord. Because we know, I know that I have taught you in other messages, it was a while ago, that when Christ grafts to Abel, and then Christ ascends, Abel stays down in the lower centers, and Christ ascends. So, in this event, Cain and Abel were still down here, and it was the Cain side of Jesus that had ascended and that His carnal mind had ascended all the way up into

the brow center on the left side. So Jesus was here saying and doing the right thing, and the Spirit of Elijah came down and joined with Abel. Now, I just want to go over it again, I do not know that I made that clear, when Jesus recognized Satan, He humbled Himself and in that humility, Elijah came down and joined with Abel. But Jesus was still, His carnal mind was still ascended, you see, because I do not know if we are going to read about that in this account, but my understanding of the battle between the two minds is that the Spirit of Elijah came down to join with Abel, Christ was grafted and then Christ ascended to the mountain peak of the righteous timeline and then there is a battle between the ascended Christ in the left side of the heart center, I may have reversed that, Christ in the left side of the heart center, and Leviathan in the right side of the heart center. So the carnal mind stayed ascended. What Elijah did for Jesus, and what the Lord Jesus is doing for us, is that He is raising up Christ also, and then the battle that is between Christ and Leviathan ultimately. So when we confess our sins, Christ just begins to be formed in us, rooted and grounded and formed in us. If Christ is not formed in us, then we are ascended in Satan and Leviathan alone, and we are a very proud person, usually very proud and very rebellious, and frequently we have a lot of trouble repenting. This is the sign that your carnal mind is all the way up there.

And if you want Christ to be up there to fight for you, you are going to have to humble yourself, if you want the Lord Jesus to come down here and graft Christ to Abel in you so that you can have the savior in the midst of you that is going to fight against Leviathan and Satan in the midst of you, you have to humble yourself.

Okay, verse, well we are not finished with verse 5, "Then the Spirit of Elijah established an intimate spiritual connection with Abel, the good side of the dual mortal foundation that Jesus received from Mary, and Adam the spiritual head of the temple stood up in the left side of Jesus' heart energy center. Now, I just remind you that the symbols vary, it is just another example would be, the winepress, and I think the lake of fire, if I am not mistaken, the winepress and the lake of fire, is both the same judgment but coming from a different vantage point. So here now we talk about Adam the head of the temple standing up in the left side of the heart center, the left side of the heart center, it is on this mountain, you see this mountain is really the spinal column, with the ascending energy centers. So for Adam to stand up in the left side of the heart center, well if I am standing at the board behind me, I have this on the left side, the blue is on the left side of the heart center, maybe I will just add Adam to this drawing.

Drawing #3, we still have our two mountains, but I have changed some things, I have shown you the Spirit of Elijah descending from the, well actually the Spirit

of Elijah comes down from a higher place than the brow energy center, actually the Spirit of Elijah comes down from the crown energy center, I will have to make that correction, and he joins with Abel within the man Jesus, and together Abel and the Spirit of Elijah ascend and of course the ascension of Abel is the resurrection of Adam. So Adam and the Spirit of Elijah ascend into the left side of the heart center from where they attack Satan and Leviathan in the 6th energy center of the unrighteous timeline. The Spirit of Elijah attacks Satan, and Adam attacks Leviathan. And as you can see that Satan is the false prophet, she is the counterfeit Holy Spirit and she prophesies, you know. So Satan is the false prophet and the beast is Leviathan, and this is the burning of Satan and Leviathan or the false prophet and the beast in the lake of fire, which is Revelation 19:20, and Revelation 20:10. Praise the Lord. So I am just going to change this board now and put the Spirit of Elijah in the crown energy center.

We are still on drawing #3 and I have shown the Spirit of Eliijah coming out of the crown energy center and the Spirit of Elijah can be in the crown energy center and in the brow energy center. If you recall, when we were working with the energy centers, there was an eagle in two and sometimes three energy centers, the eagle was there, so I am leaving the Spirit of Elijah in the brow energy center, because he will ascend there with Adam into the brow energy center. Now I have a question for the Lord, I could not really take any more time during this message, but I am going to ask the question on the message and maybe He will answer me before we finish preaching tonight. And this is the question I have for the Lord, Is it possible for someone who is ascended in their carnal mind to hop across to the mountain peak of the righteous timeline, and if it is possible, what would the manifestation be of a man being ascended into the brow energy center without the life force of Elijah? Do you understand the question? Let me review what is on the board here, we have the mountain peak, the brow energy center of the carnal mind, Satan and Leviathan are up there, okay, and Jesus is in His carnal mind, that is how Satan is talking to Him, He is in His carnal mind, and Satan is saying, Well if you are really the Son of God, why do you not just jump across to the mountain peak of the righteous timeline, and join with the Spirit of Elijah and become the bread, which the bread is the seed of life, bread is doctrine with the seed of life in it, not just doctrine, but doctrine that can impart the grafted Christ to another person, that is the significance of bread. Then we Jesus answer Satan and says, No it does not work like that, okay for me to become bread, Abel within me has to draw down the life force of Jehovah. And how does Abel draw down the life force of Jehovah? How do we draw down the life force of the Lord Jesus Christ? We desire Him, we crave Him, pray to Him, we read His word, we study. So when Abel of our mortal foundation cries out to the Lord, in our case, it is the Lord

Jesus, the life force, the Spirit of Christ that is in the crown energy center is drawn down to Abel or to the part of our mortal foundation, grafts Christ to Him, and Christ and the Spirit of Christ start to ascend and of course Christ is the resurrected Adam, start to ascend into the heart center, and from the heart center, there is a warfare, Adam and the Spirit of Elijah or the Spirit of Christ depending on where you are, okay, attack Satan, the unconscious part of the carnal mind, and Leviathan in the brow energy center of the unrighteous timeline, and eventually we will see Adam and the Spirit of Christ or Adam and the Spirit of Elijah ascend into the brow energy center, from where the man that this is happening in, will preach the doctrine of Christ with the seed of Christ that can impregnate other people.

See as I was asking the Lord this question, I keep hearing, shooting blanks, shooting blanks, that is a term, I guess it is kind of a vulgar term that you hear in the world about a man who can engage in sexual intercourse but he is sterile and he cannot impregnate his wife. The people will say about that man, he is shooting blanks. So it seems to me, if it is possible for a man who is ascended in his carnal mind to hop over to the mountain peak of the brow energy center, but not have, and he may even be able to preach the doctrine of Christ, but it will be a preaching that will not have the virile seed that will, and that message will not be able to impregnate the people that he is preaching to. So what is coming to me is something that I have told you many times that when a person is very ascended in Satan and Leviathan, that it is possible to give your strength to the Lord Jesus Christ, and if you are a witch in your carnal mind and you repent, and you give that spiritual energy to the Kingdom of God, you start reading the Bible and it is possible for the true gifts of the Holy Spirit to come forth in you.

So I think this is what the Lord is saying, it is possible to up here in the brow energy center in a situation such as that, that you are very high spiritually in the carnal mind and Satan, and you repent and you give your life to the Lord Jesus Christ and you start manifesting all of these spiritual gifts from this very high place because you just transfer over, you transfer your energy from the carnal mind to the mind of Christ. So you are up here in this brow energy center, I know somebody like that okay, as long as I have known them, their tongues have been unusual, their power in prayer has been very high, I do not know about now, but it was for years, but they did not understand the doctrine of Christ, and they did not certainly have the power to graft the seed because they did not grasp the doctrine of Christ, but from this very high place. I had a couple of problems over the years that the Lord told me to go to that person, and their prayers set me free, when there was no one in the congregation at the time that

could set me free, I had to go to this other person, and they were a Christian but in a different fellowship, and their prayers set me free. So that person must have been in the brow energy center because they were so high in Satan that when they repented and came to the Lord, that spiritual energy that they had manifested as the Holy Spirit coming out of the brow energy center. But they were there without the Spirit of Christ, do you understand what I am saying, am I making that clear at all? I am losing everybody tonight (chuckles), okay, I hope that I have made it clear. So they were in this, this particular person that I know personally, at least they use to be, I do not know where they are today, they were in the brow energy center, they were praying in the Lord from that high place but they were shooting blanks, they had the power to heal you, if the Lord was equipping them or anointing them to heal you, they had power to deliver if that was the Lord's will for them at the moment, but there was no virile seed coming out of them even though they were in this high place.

So we see that it is possible to jump from the mountain peak of the carnal mind, the brow energy center to the brow energy center of the righteous timeline without first drawing down the life force of the Spirit of Christ, but the person that is at the top in the brow energy center of the righteous timeline who did not first draw down the life force of Christ to Abel and then rise from that low place, okay, they are not preaching the doctrine of Christ, and they do not have the virile seed which can impregnate the person with Christ. They are praying from that high place in a higher manifestation of the Holy Spirit than the average person in the church has. Any questions or comments on this board?

Drawing #4, we see that Adam has moved to the center column, and I think earlier I said that Adam was the head of the temple but I see now that, that needed to be corrected in verse 5, we see that the Spirit of Elijah, the spiritual head of the temple stood up in the left side of Jesus' heart energy center. So I am showing you that, we are going to Kabbalah now, and I am showing you the whole temple of God, we have a footnote in the alternate translation that says, the physical body is the temple of the Holy Spirit, that is I Corinthians 6:19, and the body of Christ which is the mind of Christ, that is the temple of God, which is Elohim, this image drawing #4 is the temple of God, this is the mind of Christ, and we see here that Adam has moved to the center and I named him Zeir Anpin because we are using Kabbalistic terms now, and in the crown energy center we see the Keter and the Chokmah underneath the Keter and Binah underneath the Chokmah. You may recall that the three are inseparable, Keter, Chokmah and Binah, and that Binah is the aspect of that upper triad that interacts with humanity. So I tell you on the right side of the board, the Spirit of Elijah is the personality of Elohim which is the name of God associated with

Binah, but we see that Elijah is the head of the temple, and the Spirit of Elijah is the head of the temple or you could say Binah is the head of the temple, or you could say Elohim is the head of the temple. And the temple being the mind of Christ. We see that the temple really covers both minds, the carnal mind is there, you cannot see it too well with this drawing, but the carnal mind completely overshadows or the mountain of the carnal mind is completely overshadowed by the mountain of the Christ mind, and then the upper triad which is the brains of Zeir Anpin, if you recall are there, and the whole magillah, the whole, the two minds together with the mind of Christ on top of the carnal mind and the Keter, the Chokhmah and the Binah on top of the mind of Christ is the temple of God. Praise the Lord, so one more time we have changed our alternate translation in verse 5 to say, "And the Spirit of Elijah, the spiritual head of the temple stood up in the left side of Jesus' heart center", well I am sorry, "stood Adam in the left side of Jesus' heart center, the Spirit of Elijah, the spiritual head of the temple stood Adam up in the left side of Jesus' heart energy center, which heart center is the entranceway to the collective mind of Christ." And we see here the collective mind of Christ and it says, the heart center is the entranceway to the collective mind of Christ which is the Holy City, okay, so the heart center is really the entranceway or the doorway that leads to the upper triad which is Binah, Chokhmah, and Keter, the Keter, Chokhmah, and Binah. Let me see if we are going to change that translation. The entranceway to the, well what I have in brackets as an amplification, the Scripture says, the Holy City, okay. So the heart center is the entranceway to the Holy City, and I guess Keter, Chokhmah, and Binah must be the Holy City, the city. I have to think about that.

Praise the Lord, this is another day, we have drawing #5 on the board, I have followed and depicted the thoughts that the Lord placed in my mind, as I believed I mentioned to you on drawing #4, it is drawn the way I needed to draw it to make my point, but it was not completely accurate. I do not even know that drawing #5 was completely accurate, but it is more accurate, and we see the mind of Christ which is the temple of God which is in the center, depicted by a blue triangle within a red square, which is the personality of Christ within a black square which is the whole world system we live in called the Devil, and the Devil is our old man, the physical bodies of humanity, the personalities formed in the image of the Serpent, and the carnal mind. So let me remind you that the blue triangle, the blue triangle, the way I have it drawn on the board shows the, the blue triangle shows you the nine Sefirot, but actually the blue triangle, the way I have it drawn, you just see 8 Sefirot, it is Keter on top, Binah, Gevurah, and Hod on the left, and Chokhmah, Chesed, and Netzach on the right. And the way I have drawn it, I have put Yesod at the bottom of the triangle, although Yesod

is definitely one of the Sefirot of God. The reason that I have drawn it this way is that all of the 8 Sefirot that I have just named, Keter, Chokhmah, Binah, Chesed, Gevurah, Netzach, and Hod, have emanation that they pour into Yesod, Yesod receives all the emanations from the Sefirot above in one seed, and we see that Yesod is called the white drop, which is the Kabbalistic way, not only the Kabbalistic way, I have heard Hindu philosophy express it the same way, the white drop signifies the spiritual sperm, and in humanity fallen humanity's sperm is white, that is the spiritual sperm, a sperm formed of energy.

So that is why I have drawn it that way with the triangle funneling down into a single point, which is that spiritual sperm, but actually there are nine Sefirot there that form the mind of Christ which the Scripture calls the temple of God, see, and the reason the mind of Christ is called the temple of God, is that God lives in the mind of Christ. The Scripture says, "Be ye renewed in the spirit of your mind." So there is a spirit in your mind and that spirit in your mind is God, okay. God lives in the mind, the mind lives in the personality, and the personality lives in the body. So we see the temple of God with its broad base at the top, okay, which to our carnal mind looks like an upside down triangle, because we are used to having, we would most likely expect the base of the triangle to be at the base of the bottom, but in the spiritual world the broad base is at the top, beyond the broad base, well that leg of the triangle which is the broad base at the top, actually at some point becomes an infinite leg because it emerges into the Ayn Sof which does not have any form at all. So the Ayn Sof is beyond the top and it is the Ayn Sof restricting himself, or restricting an aspect of himself getting smaller and smaller and smaller into a point that our finite minds can comprehend him, but the Ayn Sof is expressed more of a broad base at the top where the Keter is, then at the bottom where the Yesod is, okay. The Yesod is the point of concentration of everything above, and there is a point that is even smaller than Yesod, which we are told is the red drop that the Yesod is within the white drop is within the red drop. I mean look at our natural example of human fertilization, the sperm penetrates the egg, right, enters into the nucleus of the egg right; is that right? Okay, so in our spiritual diagram, the mind of Christ which is condensed to a point at the place of Yesod is within the red drop, that is how I have drawn it, it is within the red drop. So we see that the white drop has penetrated the red drop which is called the personality of Christ. Now you see this is the great mystery, I do not know how to draw everything you see, there is really, I think I mentioned earlier on this message that the Lord has shown me that Cain and Abel is not even so much of a dual entity, as she is a, Cain and Abel are the chameleon, there is only one entity that even manifests as Abel or manifests as Cain, it is like a two sided single entity more than being a dual entity, because the dual entity means two distinct aspects, but a two

sided entity means one entity that has the potential to be one side or the other. We see that the Lord has given us a more intricate understanding of Cain and Abel, everybody that studies with me that is getting confused right now, you are going to have to shift gears, because the Lord has given us a deeper understanding of Cain and Abel, okay. So this, what I have drawn on this board as the personality of Christ, I said, Malkhut is the City of God, is the red drop, is the personality of Christ, and I have been telling you for a long time, that Malkhut is the chameleon, there is only one personality and it is either the personality of the Devil which is in the Serpent's image, or it is the personality of God, which is in the image of Christ. It is the same truth that I just told you about Cain and Abel, there is really only one personality given to us, either it is manifesting the Devil, or it is manifesting Christ, but it is the same personality, see. And the reason that it is possible to sometimes look like Christ and sometimes look like the Devil is that this process of conversion okay, actually this conversion is a process. When I say, this same personality can either be the personality of Christ or it can be the personality of the Devil, it does not switch at the snap of the finger, it is a process. Look at my hand right now, I can turn my hand from the palm of my hand to the back of my hand, but I could it very slowly, and you come to a point where you can see part of the palm of my hand and part of the back of my hand, right? But there is still only one hand in the process of turning. And this is an excellent example of why we cannot stay in this condition of double mindedness forever, because we really just have one personality, and we are going to go all the way to one side or all the way to the other side eventually, see.

So we see the white drop, the temple of God, the male spiritual sperm, the mind is the male, is in the midst of the personality, now I did not know how to draw it on the board to show you that the personality is the Devil which is turning to the personality of Christ because of the presence of the mind of Christ in the personality. Now in the previous drawings, one, two, three, and four, I showed the evolvment of the principalities in Christ which warred against Satan and Leviathan in order to bring the mind of Christ into existence and in order to bring Adam into the left side of the heart center which warfare resulted in the single personality turning to the Christ side, and here in drawing #5, I show you the mind of Christ in the midst of the personality of Christ, because the chameleon, Cain and Abel has now also called Malkhut has now become the personality of Christ, but it is still existing, and that is called the New Jerusalem, the personality of Christ coming down from God, coming down from Elohim out of heaven which is Christ Jesus, what does that mean? Elohim is up here by the Keter, we know this from other messages, coming down from God out of Christ Jesus who is, these names have subtle differences, but for the level that we are

teaching on, at least for this level, I am not distinguishing between the differences in the names, Tiferet, Adam, Christ Jesus, okay, the New Jerusalem which is the personality of Christ, is this red box, is coming down from heaven from God, Elohim, okay which is all the way up here, actually Elohim is on the level of Binah, actually, not Keter, Binah, I correct that, out of Christ Jesus, Christ Jesus is on the level of Tiferet, and Yesod which is the white drop is the male organ of Christ Jesus Himself, and that what this is coming down from God out of the very person of Christ Jesus, and because the white drop is in the midst of the red drop which is the personality, the personality is now the city of God, and the personality of Christ, but even those of us who have arrived at this condition, even Jesus in the days of His flesh still existed within the image of the Serpent, which is the black box, the outermost black box, and down at the bottom, I have done my best to show you the shadow world which is called Hell, I have drawn some sketches here, to the best of my drawing ability. See even Jesus who was the shape of the Father, He said, Can you not tell I am the shape of the Father, that His mind was the shape of the Father, but He was still in the physical body which is the image of the Serpent.

And this that you see on the board today is the condition that you Jesus was in at the time of the crucifixion, His spiritual substance was in the image of God, but He was still in this physical animal body which He eventually emerged from. Let me just read to you what is on the board, the Serpent's image, the old man, that is Ephesians 4:22, that is the outermost box, the mind of Christ, Phillipians 2:5, that is the blue triangle in the center, and that is emerging within the body of Christ which is the city of God, which is the red box, and this city of God still exist within the Devil, the old man, which consists of the physical body, personality, the carnal mind of mortal man, which is ruled over by Satan, the unconscious part of the carnal mind, who is lord and god of Hell, this world. So you see to whatever degree you have the personality of Christ, see, you cannot have the personality of Christ being formed in you without having the mind of Christ, it is impossible, you may be manifesting the good side of the Devil, but to have the nature of Christ, the personality of Christ talks about the nature of Christ, you cannot do it without the mind of Christ, it is impossible, because the personality is a reflection of the mind that is in you, okay. I just, well over here on the right I have given you a little key, the blue triangle is the temple of God which is the mind of Christ, the red square is the city of God which is the personality of Christ, also called the body of Christ, that is the collective personality of Christ, there is a collective mind of Christ, and there is a collective personality of Christ. Now the three of us or many of us could be very different, but if we are all manifesting the nature of Christ, we are the collective body of Christ.

See, the collective personalities of Christ are the collective people, however many there are in the world today, I do not know, that are manifesting the nature of Christ, you do not have to be saying the same thing at the exact moment, you do not have to be thinking the exact thing, or you could even have a different opinion on the same Scripture, but if it is the mind of Christ bringing forth that opinion in you, you are the personality of Christ. Well it is a great orchestra, all making different sounds, when you put us together, we make a beautiful sound. Somebody who is coming out of their carnal mind is going to interfere with that sound, and only those who have the mind of Christ can discern who is in Christ and who is not. The carnal mind cannot recognize who is in Christ and who is not, the carnal mind thinks that it is Christ and everyone that is in Christ is in their carnal mind, if they even know the difference between the carnal mind and Christ, they think you are wrong, okay.

So I have drawn a little key for you here, the temple of God, the blue triangle is the temple of God, which is the mind of Christ, the red square is the city of God, which is the personalities of Christ which is the body of Christ. I am going to say it again, the body of Christ is the collective human beings that are manifesting the nature of Christ, and you cannot manifest the nature of Christ if you are not manifesting the mind of Christ. So the body of Christ is the collective human beings in the world who are manifesting the mind of Christ, the thought process of Christ. It is just so important, maybe you understand it here, I am just repeating it for the message, it is just so important that people understand this, the mind of Christ does not mean you all have to be saying the same thing, it is talking about the way Christ thinks, the way He reasons, and because His mind is filtering through two or three or ten million unique personalities, the way He thinks will be expressed differently from each person, but when you examine the motive of the person speaking, you will see that they are all coming out of the thought process of Christ, when you look at the motive that which is generating the thoughts. So to whatever degree I have made that clear, I have done the best that I can. Now there is something, really I do not know how much it has to do with this, well actually we have gotten, well I was going to say we have really gotten off of our subject a little bit, but then again we have not, because we are talking about Jesus associating Himself with the Devil, and we said in this message that what that meant was that Jesus was overtaken by His carnal mind, what does that mean? He fell into agreement with His carnal mind, if it was for one second, He fell into agreement. I do not know how long it lasted, but the Scripture says He fell into agreement with His carnal mind, which was enough to have destroyed the whole call on His life and everything that He did, but it was because the Spirit of Elijah came down and forgave His sins and

covered Him and raised up, raised Adam from the dead in Him, Jesus had a savior in His temptation.

Brethren if you are listening to this message or you are reading this transcript, and you are upset at what I am saying, I beg you to pray about it, because this is the most exciting thing you could possibly hear, that Jesus was human just like we were. He was fallible just like we were, and with all the preparation that He had, when the moment of His calamity came, when His testing came, He only held out for a little while and the lust of His carnal mind overtook Him, but that He made it because He had a savior, and that we can have the same testimony. If you just stop idolizing a Jesus that does not even exist, today He is God, today you can idolize Him, He never received worship before that brethren, He never called Himself God, He never received worship before that, He became God when His savior helped Him to overcome His carnal mind and completely put it down under to the point that He never from that moment forward fell into agreement with His carnal mind.

And I have never in all of the years that I am asking the Lord, understood to the degree that I understand now what happened to Adam when he fell, I do not know what Adam looked like, he did not have an animal body, but he was a mind, he did have a mind you see, and what happened to him, Adam was tricked, you see the Scripture says Adam was tricked, and I could not even lay hold of that, there is a New Testament Scripture that the alternate translation of it is that, the woman was utterly seduced, she was utterly overtaken and deceived, the man was not deceived, the man knew better but he was tricked, and I have struggled with that for years, and I now understand that, well I do not know if I understand it completely, but the best so far, however, whatever Adam was taking, in his mind somehow, the Serpent convinced him that the Serpent was Jehovah talking to him. Somehow he was tricked into believing that it was Jehovah's instruction, and that is how he was, he was tricked into believing it was Jehovah's instruction.

And those of you that know me know that I have experienced that in my earlier years as a minister, some wickedness told me to do something and if I did not do it I would lose my ministry, and I did it, and thank God it did not cause me to lose my ministry, because I had a savior that saved me, but it was a wrong thing to do, and a voice spoke to me, a voice spoke to me at which point I thought I had been hearing from God for so many years, I did not even know it was possible that another, I should have known it was possible, I was in deliverance for five years, I should have known it was possible, but I did not, I was tricked, I thought it was God telling me to do that thing which almost destroyed the ministry, after being in deliverance dealing with demons for five years, I was

tricked, and it is happening to pastors all over the country, I do not know about all over the world, it is happening all over the country today, that they have been hearing from God on a particular level for so long, that when Satan comes in and speaks to them, they, it is not even a possibility in their mind that it could be another voice because their pride is so high that they do not think that they, they think that they would recognize it if was another voice and they do not test the spirit because they are so sure that they know how to hear from God, and that is what happened to me, that is what is happening to the pastors today.

Now Jesus, I do not know that He was tricked, or that He was overcome, my guess would be that He was tricked because Jesus is retaking the test that Adam failed and we are told that Adam was not seduced, Adam was tricked, so my guess is that Jesus was tricked, that the twisted thought of the Serpent came into His mind and Jesus thought it was God's thought, He could not recognize that it was not God's thought, so He was tricked because He failed to recognize that it was not God, that is what the word tricked means in this concept, and that is a whole different world than choosing to rebel against God, because if you make an honest choice to rebel against God, to make an honest choice to rebel against God, He is going to let you go until you find repentance, but if you are truly overcome and only God can make that call, He is going to rush to save you, if He knows that your heart is really towards Him.

Well you say, Why did He not do it for Adam, why did He not rush to save Adam, look at what is going on with the human race all these thousands of years, for however long it is, only God knows, I do not think it is clear how long it is, I do not think it is six thousand 365 day years. Well why did God not do it for Adam, does anybody know why? Because God, deliverance for Adam is to give him a savior that will exist in the midst of him. The process that God saved Jesus with was not in play for Adam in the garden. Who was Jesus' savior, Elijah was Jesus' savior, and if you recall the teaching of the doctrine of Christ, Elijah came down and lived like a man, but Elijah was not born of a woman, he lived like a man, he had the experiences of men, he had like passions of men, but Elijah returned to heaven in chariots of fire without a savior. How did he do it without a savior? Elijah was from the world before the flood, he had some level of spiritual power that men born after the flood do not have. Elijah was not a descendant of Shem, Ham, and Japheth, the people that exist in the world which descend from Shem, Ham, and Japheth which we are, are the people that are in the third stage of the fall. Elijah came from the other side of the flood, he was from the second stage or maybe even the first stage of the fall. We know that Enoch walked with God he was with God, and he did not have a mediator in the middle, well he was not in an animal body.

So whoever Enoch was, I do not want to get into, well I believe it was Michael, I mean you do not have to believe it was Michael, I believe it was Michael, whoever it was that incarnated as Enoch was able to ascend without a savior, and I believe it was that same Michael that reincarnated as Elijah, and he was able to ascend without a savior, but once you are born of an animal body in the third stage of the fall, you do not have the power to ascend without a savior, why? Because when you are born in an animal body in a human woman, you have to have a carnal mind, you cannot have a physical body without having a carnal mind. So whatever Elijah had, in the days of his flesh, whatever he had, what kind of a mind he had, I do not know whether he had a carnal mind or not, I do not know, I guess I have to modify what I am saying, to be, to have a physical body that is born of a human woman, you must have a carnal mind. Elijah had a self-incarnated body, Elijah had enough spiritual power and authority to form a human from the material atoms of this world, he was not born of a woman, see.

When someone is born of a woman, their physical body comes from the flesh and blood of the human woman. Elijah was not born of a human woman, so where did he get his physical body from? Elijah had the spiritual authority to gather together the material atoms of this world and form a physical body. So someone with that level of authority would not necessarily have a carnal mind, but if you come out of a woman's body, if you get your body from a human woman, you have a carnal mind. Brethren to put this simply, let me bring this into focus for you, in verse 4, Satan, the unconscious part of the carnal mind, had tempted Jesus to gather Himself together with Elijah and to ascend into the brow center and become spiritual bread, and that was verse 3, and verse 4, Jesus gave the Devil, or gave Satan the correct answer, He said, No, you cannot do that, you cannot jump from mountain peak to the other mountain peak, your experience or your condition on the mountain peak of God that you will be shooting blanks, you may have the doctrine but you will not be able to impregnate the people who you are preaching to. Do you remember that? Okay.

That is what Jesus told Satan in verse 4, okay, and then in verse 5, it says, all of a sudden in verse 5, actually I think I should reverse those verses, after verse 4, I should say, after Jesus gave him the right answer, verse 6, The Devil said, If I am really Elohim's son, I should be able to etc., etc., etc., and after that happened, then verse 5, then the Spirit of Elijah comes in and establishes an intimate connection with Abel and raises up Adam, why? Because Jesus, after giving that excellent answer to Satan, then doubted Himself and said, Well maybe I can do it that way, maybe that was not such a wrong thought, maybe I can jump from mountain peak to mountain peak, and he was starting to believe

it, that it would be okay, to jump from mountain peak to mountain peak, at which point His savior came and saved Him. So that is how Jesus was tricked, that is how Adam was tricked because the battle is in thought, you cannot, we are human beings, we are visible, we are image oriented, but it is nothing that you see with your eyes, it is distinguishing between the thoughts and the power of the thoughts that the carnal mind come, or the thoughts that the carnal mind in by the power of witchcraft, and convinces you that the evil is good and good is evil and the truth is the lie. That is why everyone born of woman must have a savior. I do not believe anybody could make it out of hell without a savior, why? Because that carnal mind is a very part of us, and not only is it a part of us, but it is the part of us that actually generated us, it is our body, it is our personality, it is our mind, it is in every fiber of our being, it is impossible to overcome without a savior in this third stage of the fall in an animal body. So I hope I explained that.

There is just one other thing I would like to put on this message, I feel the Lord telling me to put it on this message, okay I am going to have to go get that Scripture. I have done a lot of preaching recently about Jesus not dying, maybe not on this message but the Lord told me to put this on here, how He was resurrected out of hell and death and how He did not die because His spiritual being left His physical body, and I do not want to go through that whole teaching right now, you can read the book the crucifixion of Christ, but the principle was this, you can only say somebody dies when their physical body dies and their spirit is trapped in their physical body and then you have a corpse remaining. But in the case of Jesus, the corpse only appeared briefly and then disappeared because the spiritual, the personality of Jesus and the spiritual man Elijah, or the resurrected Adam within Him, had left that physical body before it died. And of course there is a big controversy over that teaching, a particular Scripture was pointed out to me concerning that, and that Scripture is I Thessalonians 2:15, which says in the King James, "Who both killed the Lord Jesus and their own prophets, and have persecuted us, and they please not God, and are contrary to all men." So I would like to comment on that verse. Just to put you in context, I will read you the verse before, I Thessalonians 2:14, "For ye brethren, became followers of the churches of God which in Judea are in Christ Jesus, for ye also have suffered like things of your own countrymen, even as they have of the Jews who have killed the Lord Jesus and their own prophets, and have persecuted us and please not God and are contrary to all men." First of all it does not say, all the Jews killed the Lord Jesus, it says, the Jews who killed the Lord Jesus, but this, I am looking at the Interlinear Text of this verse 15, and what I am going to tell you is very controversial, but the Lord has told me it is the truth. Well first of all, let me tell you this, it all depends on what

perspective you are looking at something from, from the perspective of the men who crucified Jesus, they killed Him. Jesus said, If you hate your brother, you have killed him, so from their point of view, they killed Him, they did everything you would have to do to kill somebody, so from their point of view they killed Him.

But yet, they could not have killed Him, because Jesus left the body, the reason the body died was because Jesus left it, not because there were nails in it, okay. So if that is true, which is what I am preaching, how could Paul say, you the Jews who killed the Lord Jesus, okay, so I am answering this from two points of view, from the motive of the man who did it, they killed Him, but also, but they did not kill Him, but their intention was to kill Him, and it looks like they killed Him, so as far as God is concerned, they are guilty of killing Him, does that make any sense to you? Okay.

So the second thing I wanted to point out is the Interlinear Text, because I also thought it was so strange that Paul would say, they killed the Lord Jesus, they did not say, the Jews killed the son of man, how could you kill God, to say that they killed the Lord Jesus is to say they killed the son of God, now why would Paul be saying that? So this is what I am going to focus on right now, and I believe it is a mistranslation, but it is very subtle, if you can hear it fine, if you cannot hear it, that is fine too. The Interlinear text says, well first of all the word "both" in the King James says, "who both killed the Lord Jesus, and their own prophets..." That Greek word translated "both" which is Strong's #2532, I do not even see that it means "both", it means, when you get to these little words, there is a lot translator's, there is a leeway for the translators, I means "both" would not have really been wrong for the King James translators, but the word really means "also" or "even", not necessarily "both", although I could see them making that stretch. So we are going to say "even" okay, and now Paul is talking about the Jews who have free brethren, became followers of the churches of God which in Judea are in Christ Jesus, and you also have suffered like things from your own Thessalonian countrymen, even as the churches of God in Judea have suffered, even as those who followed Christ have suffered from the Jews in Judea. The Jews who even killed, okay, the Jews who even, the Lord killed, Jesus and prophets, "their own" is not in the Greek. And I want to tell you what the Lord told me this is saying, the Jews who even, or whose own Lord, the Lord of these Jews, which is not the living God, I am suggesting to you it is the lord, you see, I say over there, Satan is the lord and god of hell, and I am suggesting to you that, that is what this Scripture is saying, these particular, not all Jews, these particular Jews who have, were murderers towards Jesus, who even or whose lord even killed Jesus and the prophets, the lord of this world.

You know what that word lord means? It means ruler and controller, the ruler and controller of this world that were in these men, who killed or intended to kill the man Jesus, not the Lord Jesus, the man Jesus, and who is also responsible for killing the prophets, that spirit that was ruling, that spirit of the world. So Paul was saying, these Jews who killed, who it was their intention to kill Jesus, he is saying they killed Him, because as far as they are concerned, they killed Him, it was the lord of this world that was in them, the same lord that killed Jesus, that killed the prophets, not the same Jews, because the prophets lived years ago, right. It was the same lord, it was Satan the spirit of this world, that Paul was saying killed Jesus in their hearts, they killed Him. Does that make sense to you? Okay. I just want to get it on the message somewhere, so we would have some record of this, and now we are going back to our exhortation. We are reading in, that is Matthew right, we are in Matthew 4?

Okay, so we are going to move verse 5, we are going to reverse verse 5 and verse 6, we are going to read the alternate translation verse 4, verse 6, verse 5, verse 7, so I am just going to, We have already commented on verse 4, I am just going to read it to give us the context.

"And Jesus answered Satan and Leviathan, the carnal mind that He received from Mary saying, doctrine only forms the unmarried Christ, but Adam Jehovah's righteous mind preaches the whole word of God, which draws down Elohim's life force from above, and then the Devil said, now that was the mind of Christ speaking in Jesus, okay. Now the Devil in Jesus said, Wow, if I am really Elohim's son, I should be able to jump from pinnacle to pinnacle, I should be able to throw Cain and Abel the part of me that is underneath Christ back up to Elohim, the place that they came from, because it is written concerning Christ, the angel of the Lord, Christ the angel of the Lord, indeed it is written concerning Christ the angel of the Lord, indeed Jehovah has given Christ left right hands, the authority to ascend, has given His, I am sorry, the angel of the Lord indeed has given Christ left and right hands the authority to ascend. And I said see note 7, let us see what I said here, Cain and Abel is the mortal foundation of fallen mankind, and they form the individual personality which is the soul. So first Jesus gives the right answer, the mind of Christ came up and now, the carnal mind, is saying, Well you know, maybe that was not the right answer, maybe I can do this, maybe I can gather together with the Spirit of Elijah and raise Cain and Abel up into the brow energy center where they become spiritual bread. You see, back in verse 3, you see how one verse unlocks another verse, back in verse 3 that was not clear, let us take that again, let us look at that again verse 3, from the beginning, entering in the information that we now have.

Verse 3, Matthew 4, alternate translation, "And Satan, the unconscious part of the carnal mind and the enforcer of the sowing and reaping judgment within Jesus, aggressively approached Jesus the Christ saying, If you really are the son of God, command Abel your spiritual genetic material to be gathered together with the Spirit of Elijah and let them rise into the brow energy center the righteous timeline where they become spiritual bread." So I did have it there, so Satan was suggesting to Jesus that He raise up Abel within Himself to the brow energy center. And Jesus answered Satan and Leviathan the carnal mind that He received from Mary saying, "Doctrine alone forms the unmarried Christ." You see, He is saying, Satan you do not understand, I cannot do it, because the doctrine of Christ says, this is what is going to happen, Abel is going to be gathered together with Elijah and ascend to the brow energy center where they become bread, that is what the doctrine says and that is what Satan is reminding me of, why do you not just do it, that is what the doctrine says. And Jesus says, because doctrine alone only forms the unmarried Christ, you cannot do it without the power Satan, you need the power to do it, and the power that is going to do it is going to come down from Elohim's life force which is above. So I will read you verse 4 now, "And Jesus answered Satan and Leviathan the carnal mind that He received from Mary saying, Doctrine alone forms the unmarried Christ, the fact that I know that, that is what is supposed to happen does not mean that I have the power to do it, but Adam Jehovah's righteous mind preaches the whole word of God, which draws down Elohim's life force from above. Jesus answered Satan, I know the word of God says that is what is going to happen to me, but I cannot do it until the power from above comes down to do it. And then in verse 6, the Devil says, okay now after Jesus gives the right answer, now the doubt comes in, and He says, Well if I am really Elohim's son, maybe I should be able to do that, maybe I should be able to throw Cain and Abel the part of me that is underneath Christ up to Elohim's, the place that they came from because it written concerning Christ, the angel of the Lord, Indeed Jehovah has given Christ left and right hands, Cain and Abel, two left and right hands, the authority to carry his, the authority to ascend. The Scripture says they are supposed to ascend, that is the promise of the Scripture, they are supposed to ascend upwards to Elohim, so that Satan the unconscious part of the carnal mind can never surge against Christ. Do you hear this, Jesus gave the right answer, then the doubt came in and said, Maybe I should be able to do that, maybe I was wrong. Now brethren, here is an excellent example of how really long it is to make suggestions to people. See, do not let yourself be used like that, you need to hear this, to say anything that would make someone doubt themselves, that is Satan speaking right out of you.

See there is nothing wrong with saying, I have another opinion or I heard something else, but to say it in a way that makes the person doubt themselves, you know it is very wrong, it is Satan using you, do not let Satan use you like that. Okay, so we hear Jesus doubting Himself, then verse 5 comes in, as soon as Elijah saw that Jesus was doubting Himself, the savior came to save Him in verse 5. "Then the Spirit of Elijah established an intimate spiritual connection with Abel the good side of the dual mortal foundation that Jesus received from Mary, and Elijah the spiritual head of the temple stood Adam up in the left side of Jesus' heart center." You see, Jesus first answer was now manifested in Jesus' life, Elijah came with the power to do it. See first Jesus said, Well I cannot do it without the power, then Jesus said, Well maybe I Can do it without the power, and immediately Elijah came with the power to do it, because he saw Jesus was coming under the carnal mind. So Elijah the spiritual head of the temple, stood Adam up in the left side of Jesus' heart energy center, the entranceway to the collective mind of Christ which we have drawn on the board for you, which is the holy city, because the, and that is the New Jerusalem, because the Devil, the personality that agrees with the carnal mind had risen within Jesus. That is why Elijah did this, to save Him. Why? What does that mean? If Elijah did not do it, what is the inference here? If Elijah did not do it, Jesus was going to be overcome with a lie and He was going to do it within His own power, He was going to raise Abel, He was going to raise His own personality Cain and Abel up into the brow energy center, and make Himself a preacher of the doctrine of Christ shooting blanks, and not only shooting blanks, I do not even know if that is right anymore, if He became a preacher of the doctrine of Christ without the power of God to do it, by what power would He be able to raise Himself up into the brow energy center? It would have been by Satan's power. So from the Lord's point of view, Jesus, whoever that happens to will be shooting blanks because you cannot impregnate the church with the son, okay. The Lord calls Leviathan a eunuch because even though Leviathan has produced this whole mortal, this whole manifestation of mortal man, as far as God is concerned, we are all female and Leviathan is a eunuch, because if you cannot produce a son, you are a eunuch.

So Satan was really saying to Jesus, Do it yourself, by my power, raise yourself up into the brow energy center, and go an preach this doctrine, and if Jesus had done it, He would have been impregnating the Jews and whoever were called to be the ultimate Christians, who were the Jews of those days, He would have been impregnating them with the ascended, with the seed of the ascended female, He would have been raising up the counterfeit sons of God, which are eventually going to have to be confronted by the true sons of God. There are two resurrections, one unto life and one unto damnation. Jesus would have

been Satan's vessel to impregnate the church with the seed of the female that had the potential to ascend to bring forth evil spiritual giants into the earth. Brethren that is what is happening today in the false ministries that are preaching by the false Holy Spirit, they are impregnating the people of God who are following after them with the spiritual female and they will have the potential to ascend into a full stature of evil. Did I make that clear?

So for this reason Elijah came in and raised Adam up to the brow center before Jesus who was now believing the lie would have done it in the power of Satan. Now this is shocking because the people who have idolatry for Jesus before He was God, this is shocking, but it is very exciting because if it happened to Jesus and he was saved it is going to happen to us and we will be saved hopefully, that is our hope.

Okay, now we will go on with verse 7, okay, the end of verse 5 said, "and the Spirit of Elijah stood Adam up in the left side of the heart center, and the reason he did it was because the Devil, the personality that agrees with the carnal mind had risen in Jesus." Verse 7, "And the Spirit of Elijah said to Jesus, Satan's nature that you inherited from Mary is testing you." Actually that is wrong, that is not the Spirit of Elijah that has to be Adam, when Adam, the Spirit of Elijah raised Adam into the heart energy center and then Adam said to Jesus, as soon as Adam stood up, Adam spoke to Jesus and said, Satan's nature that you inherited from Mary is testing Christ in you." This is how the Lord deals with us brethren, He warns us, He does not control us, He tells us the truth and if we call upon Him, He helps us to make the right decision, but He does not force us, and if we insist on going our own way, He lets us go and come under the sowing and reaping judgment until we find out what a mistake we made. This is still verse 7, "But Adam said to Jesus, Satan's nature that you inherited from Mary is testing Abel." You see, Abel is the young Christ that will never make it by Himself, that is what, Abel within fallen man is the one that needs a savior. So now that Adam the savior is raised up in the man Jesus, he says, Jesus, Satan is testing Abel the young Christ, the root system of Adam before Adam is resurrected." Do you hear what that is saying? Listen, Jesus had a quickened Abel, Jesus was born with Abel quickened in Him, and John, and that is the root of the tree, John had the branch of the tree which was all of the power. Jesus had Abel quickened with Him, the root of Adam, the potential to have Adam raised in Him, to have Adam resurrected in Him.

When the power came into Jesus from John, Jesus went shooting up into Satan's territory and Satan tested the quickened Abel within Jesus, I know that I originally had Christ in the Scripture, but I now see that we have to change that. So we know that Elijah came in and raised Adam from the dead, Adam

says to Jesus, Satan is testing the young Abel in you, but Elijah has come and raised Abel up into the mature Adam or the resurrected Christ which is me, and now you have wisdom, that young Abel that was being deceived has now grown up into the great tree called Adam, who is now talking to the personality, Jesus is saying, Look you are being seduced because Satan was testing Abel, but Elijah has saved you by raising your wisdom within you to tell you what is happening. Did I explain that? Do you need me to say it again, you got that? Okay.

Okay, "But Adam said to Jesus, Satan's nature you inherited from Mary is testing the young Abel, the Lord your God or the one who has the potential to rise into the Lord your God in the midst of you, but here I am, I have risen up in the midst of you and I am telling you now what is going on."

Verse 8, now this is a difficult and controversial verse, I am going to read you the first phrase in it, and then I want to remind you of something before we go on, so this is verse 8, "And then the Spirit of Elijah was intimate with Abel the good side of the Devil. Again brethren that is what it says, and I just want to remind you that we have already identified as the old man within Jesus as the Devil, okay. We have read verse 4, "And Jesus answered Satan and Leviathan the carnal mind that He received from Mary saying, Doctrine only forms the unmarried Christ, but Adam Jehovah's righteous mind preaches the whole word of God, which draws down Elohim's life force from above. Then we went to verse 6 which says. Now that was Jesus giving the righteous answer to Satan, now verse 6 says, "And the Devil said, If I am really Elohim's son", so that is the Devil side of Jesus speaking in verse 6, "and the Devil said, If I am really Elohim's son, I should be able to throw Cain and Abel back up where they came from...", etc., etc. And then in verse 5, "Then the Spirit of Elijah established an intimate spiritual connection with Abel the good side of the dual mortal foundation that Jesus received from Mary, or we could say, the good side of the Devil, and Elijah the spiritual head of the temple, stood Adam up in the left side of Jesus' heart center to save Him. Now we go, and of course we, and then we went to verse 7 and it tells us what Adam was saying to Jesus, Adam was telling Jesus, Satan is testing the young Christ in you, and now we are in verse 8, and we see Jesus being called the Devil again, and then the Spirit of Elijah was intimate with the Devil again. I am going to put this on the board for you, let us put this on the board.

Well we are looking at drawing #6 now, and what I am trying to establish for you is that Elijah is speaking to the Devil which is Jesus' old man in agreement with His carnal mind, okay. And our alternate translation says, let me read that to you first, "And then the Spirit of Elijah was intimate with the Devil again." Now

that word intimate was as a translation of, "taketh up", and we translated that way in verse 5, that same word "taketh up" we translated it, to have an intimate spiritual connection with, and we see that in verses 5 and, well in verse 5 we established that Jesus at some point is in agreement with His carnal mind which means He is manifesting the Devil, either you are manifesting the angel of Christ when you are in agreement with the Christ mind, or you are manifesting the Devil when you are in agreement with your carnal mind. And of course in verse 6, there is no subject, but we amplify the subject the Devil, and the Devil, Jesus' old man said to Himself, If I am really Elohim, etc. And now I have given you an exercise in drawing #6 to show you how I draw the conclusion that in verse 8, the Spirit of Elijah is intimate with the Devil again, and that word "again" which is in the Interlinear Text is the fly in the ointment.

So we see in verse 4, Jesus answered Satan with the mind of Christ, in verse 6, the Devil answers with carnal mind, in verse 5 we are told that the Spirit of Elijah establishes an intimate connection with Abel the good side of Jesus mortal personality. In verse 7, we are told that Adam teaches Jesus that Satan is testing Abel, Jesus' potential to ascend in Christ, and in verse 8, we are told that the Spirit of Elijah establishes an intimate connection with the Devil again. The question is when is the first time that the Spirit of Elijah established an intimate connection with the Devil, that is the question, I think that I have to put that on the board, let us put that on the board.

So our question is, when was the first time that the Spirit of Elijah had an intimate connection with the Devil? So let us work this out. Abel is the good side of the mortal personality, that is what we are told in verse 5, okay. I really should add these, well I will do that after I go through it, I will add verse 5 over here. The Devil is the mortal personality that is in agreement with the carnal mind, that is our definition of the Devil, okay. Now we have Abel plus Cain equals the mortal personality. Remember we have not done an exercise like this in a long time, we have two givens here, Abel is the good side of the mortal personality, we have been preaching that here for a long time, the Devil is the mortal personality that is in agreement with the carnal mind, we have been preaching that for a long time, okay, now I am going to show you how in verse 8, I am going to show you the first time that the Spirit of Elijah had an intimate connection with the Devil was in verse 5 which says, And the Spirit of Elijah established an intimate connection with Abel, okay, so we have to be able to interchange Abel with the Devil, and that is what we are going to prove okay? Abel plus Cain is the mortal personality, we have been preaching that for a long time, so here is the question, if Abel plus Cain is the mortal personality, we are working this as an equation, we have to say Abel equals the mortal personality

minus Cain. Well, so now we have to ask a question, is Abel alone still the mortal personality? Is Abel alone still the mortal personality? Remember Cain and Abel I have been preaching are a symbiotic duality that is, the two elements are inseparable, and I just recently started to tell you on this message that the Lord is showing me that Cain and Abel is really, they are really not even two inseparable elements, that Cain and Abel are one personality that is chameleon, either it turns to the Abel side or it turns to the Cain side. So in view of this information, we would have to come to the conclusion that Abel alone, even though we are not mentioning Cain, is the mortal personality because if you want to believe that Abel is part of a duality, that duality is inseparable, so even if you do not name Cain, Cain still has to be there because they are inseparable. If you choose to believe that Cain and Abel are not two entities that are attached, but one entity and Abel is when that entity turns to the good side and the entity is called Cain when it turns to the evil side, you get the same answer, Abel by himself is still the mortal personality, okay.

So the next line of our equation is, well not our equation but our problem, if Abel is the mortal personality, which I think we just established, and the Devil is the mortal personality, then Abel must be the Devil, the two terms are interchangeable, we just proved that the two terms are interchangeable, and if Abel, if the term or the name Abel is the equivalent of the term or the name the Devil, then if the Spirit of Elijah established an intimate connection with Abel in verse 5, and Abel is the Devil, then we could say, when the Spirit of Elijah establishes an intimate connection with the Devil again in verse 8, what verse 8 is talking, that again is referring back to the first time, that is our question, when was the first time that the Spirit of Elijah had an intimate connection with the Devil, the reason that we are asking that question is that verse 8 says, the Spirit of Elijah establishes an intimate connection with the Devil again, when was the first time? The first time was when Elijah established an intimate connection with Abel because Abel is equal to the mortal personality and the Devil is equal to the mortal personality, that means Abel is equal to the Devil, so the first time that the Spirit of Elijah had an intimate connection with the Devil was back here in verse 5, and that is how the Scripture can say in verse 8, the Spirit of Elijah establishes an intimate connection with the Devil again, because it happened in verse 5, and it happened again in verse 8, okay.

Now, I do want to make it very clear to you, that this whole concept of establishing an intimate connection is communication. When a spirit talks to a man, that spirit gets inside of a man. Now there are occasions when a spirit will speak from the outside, you know, but much more likely and it is much more desirable that the spirit speaks from the inside. Even in the book of Daniel, it

says, when the angel came to talk to him, the angel took a hold of a lock of his hair, a union was formed, an angel formed with the spirit of Daniel, the lock of hair signifies Daniel's spirit. Even if the entity speaks to you from the outside, it has to be a union of spirit to communicate. See I could be talking to you here with a vocal voice, but if you are not listening to me you will not hear a word that I say, there has to be a union, a mind, our minds have to lock because if your mind is somewhere else, I could be talking for hours and you will not hear a word that I say. So there is a union of my mind and the spirit of my mind with the spirit of your mind, that is the intimate union that was formed. What it means is, communication was established, that is what it means.

Once again, we see the analogy of spiritual communication and spiritual interaction with human sexuality. There is penetration, and there is a union, a locking on, and when the communication is completed, there is a release. But the ultimate spiritual union is permanent, a permanent connection with the Lord Jesus, that is what we all pray for. Okay, so to finish up our alternate translation in verse 8, "And then the Spirit of Elijah was intimate with the Devil again or with Abel the good side of Jesus' personality which at this time was believing the carnal mind again. And then the Spirit of Elijah was intimate with the Devil again who was ascended into the very high spiritual mountain of the brow energy center within Jesus. And then the Spirit of Elijah, I am sorry, and then Adam, you see, the Spirit of Elijah joined with the man's spiritual potential which is Abel, Adam is raised from the dead, and Adam teaches the man, Adam is the teacher, the Spirit of Elijah or in our case it would be the Spirit of the glorified Lord Jesus Christ, comes and joins with Abel in a man, Abel is the root system of Adam as a result of that union, Adam is raised from the dead, it could be a temporary resurrection, but Adam is raised from the dead, and then Adam teaches the man, the resurrected Adam in the man teaches the man or teaches the personality, and that is what is happening here. We see now two times the Spirit of Elijah joined with Abel within Jesus, two times Adam came into existence and was raised from the dead, Adam was raised from the dead, Adam was resurrected, Adam came into existence, all of those phrases are correct, and as soon as Adam comes into existence, he teaches the personality, or he teaches Cain and Abel. He teaches Abel I should say, he teaches Abel, I have to correct that, Adam teaches Abel and Abel deals with Cain, okay.

So we see that the Spirit of Elijah joins with the Devil, joins with Abel within Jesus, and we see that Jesus in His carnal mind is already ascended into the brow energy center which is pretty high, and Adam shows Jesus how the whole world is worshipping Satan. What does that mean? How did Adam show Jesus how the whole world is worshipping Satan, Adam revealed to Jesus that he had

fallen into agreement with his carnal mind. Adam said to Jesus, this is what is happening to the whole world, this is how the whole world falls into agreement with their carnal mind, they are tricked, they are deceived, but the world is even more than tricked and deceived, the world is seduced because the world is, mortal man is female, Jesus you know had, well I am not going to say that now, mortal man is female so mortal man is seduced okay. Adam is tricked, I guess I have to explain that to you now, what this is really saying is that Jesus was still female, wow this is such a radical message and I am having so much trouble preaching it, listen brethren, the power, Jesus has a spiritual root, He was born with Abel quickened in Him, He had the root, but Abel is still female, Cain and Abel are mortal and they are female, okay. So until the Spirit of Elijah came and resurrected Adam in Jesus, Jesus was spiritually female, He was still mortal and He was spiritually female. As soon as Adam was resurrected in Jesus, Jesus now becomes male, and now if Jesus does not take the victory, Jesus would be tricked. Oh boy this is such a tough issue, I may not even have had it correct when I talked about it earlier on this message, I am not sure. So if I do not have it, if I did not have it correct earlier on this message, take what I am saying now, every mortal man is female, what Jesus had was a quickened Abel that was no match for Satan, the quickened Abel is no match for Satan, the seed of Christ that is grafted to a believer is no match for Satan, that seed has to grow up and become strong enough to inhabit the heart center, and that seed can only mature and be strong enough to inhabit the heart center when there is assistance from a mature Christ Jesus and or directly or indirectly from the glorified Jesus Christ from above, either Abel in the individual has to be strengthened directly by the Lord Jesus Christ above or he has to be strengthened by another man that has a mature Christ Jesus in him because Christ in that man is being strengthened by the Lord Jesus above, Abel can never stand against Satan in a mortal man, that is the point, Jesus was spiritually female until Adam was resurrected in Him, and as soon as Adam was resurrected in Him, Jesus saw the light. So when the spiritual man came into existence within Jesus, Jesus took the victory. But only because of the Spirit of Elijah. Are you following me? There is such an attack on this message, I just need to know if you are understanding me, okay.

So, we see that the first Elijah joined with Abel, Adam came into existence and ascended as high as the heart center and instructed Jesus that Satan was testing Abel in Him, and the second time Elijah joined with Abel within Jesus, Adam rose into the brow energy center, the height where Jesus' carnal mind had already had ascended to, and Adam instructed Jesus the second time saying, you see this is how and why the whole world worships Satan, because of the carnal mind and because Abel is completely unequipped to resist the

carnal mind, Abel is female and she is utterly seduced continuously over and over again by the carnal mind, and the only chance that a human being, that a mortal man has against Satan, Leviathan and Cain, the only chance that we have is that Abel, is that the Lord Jesus Christ will send His Spirit and quicken Abel in us so that Adam rises in us, and then the playing field is leveled, and we have Adam telling us the truth, and now our true heart will be revealed, the people who truly want to worship Jesus, who truly love Jesus, when Adam is raised in them, who is a fair opponent, a good opponent of the carnal mind and they really have a choice, the people who truly love Jesus will choose the truth of Christ, and then they will defeat their carnal mind, they will make the right choice and defeat their carnal mind. But we do not stand a chance when Adam is reduced to his root system which is Abel, that is the whole principle here, this is why we need a savior, this is a deeper explanation of why we need a savior.

So the first time that Adam was raised in the heart center, he instructed Jesus as to what was happening, Satan is testing Christ in you, the second union raises Adam to the brow center and Adam instructs Jesus saying, You see, this is why the whole world is worshipping Satan, the whole world is seduced. Then we go on, I have interspersed verse 9 and 10, so verse 10a says, "Then Adam said to Jesus, It is written that you shall worship the Lord your God", Adam is still teaching Jesus, and then Adam goes on to say, therefore I am given to you", and I told you earlier on this message, Adam is the help that is meet for mortal man. Jehovah said to Adam, I will give you a help meet for you. And when Jehovah said that to mankind, He was talking to the fallen Adam who had already become female, okay, the help that is meet for us, the help that is given to fallen, you see Adam was already fallen asleep when Jehovah said that to him, he already lost his manhood. So Jehovah said, I am going to give you a help that is meet, the help that you need to stop this from happening to you again. So we are Adam, we are fallen mankind, we are the mortal descendants of Adam, and the help that is given to us, is the mature man, the mature Adam, so I do not know if I made that clear to you but it is the best I could do right now, it sounds a little confusing, in Genesis 3, Jehovah said to Adam who was dying, Adam was falling asleep, dying, he had become female already, and Jehovah said, I am going to give you a help, I am going to add something to you so that this will never happen again, and what Jehovah added to him was the savior in the midst of him, was the manhood which is also called Adam that is strengthened by a glorified Spirit, that is what was added to the fallen Adam, his manhood was given back to him, that is the best I could do right now, I hope you understand this. The mind of Christ appeared in the brow energy center, Jesus realized what had happened to Him, He realized that Satan had tempted

Him with a thought, and Jesus realized that He had yielded to that thought just like Noah did.

But in the case of Jesus the Spirit of Elijah came to raise up Adam and save Jesus from that temptation. So apparently this safety net of the resurrection of Adam was not yet available to Noah, this safety net of the resurrected Adam, Elijah the Spirit of Elijah came and resurrected Adam in Jesus so that Adam now had a choice of two minds, that He had the strength because of the ability to flee to the mind of Christ to reject the carnal mind which was injecting thoughts of grandeur into his mind, but that safety net, that mechanism was not in place for Noah, so when Noah was tempted, he was overtaken by his carnal mind because there was no Christ mind to resist the thoughts of the carnal mind. Can you imagine Noah, the only one that survived the flood? Can you imagine the thoughts of grandeur arising in your mind, that now he is going to be king of the world or whatever thoughts were going on in his mind, without the mind of Christ he was completely overtaken.

So we see that the whole world worships Satan in the motives of their heart. Most of the people praising Jesus with their mouth are worshipping Satan with the motives of their heart, and we are told in the Scriptures that the whole world is worshipping Satan.

Verse 10, verses 10 and 9 are interspersed here, "Then Adam said to Jesus, It is written", now you see it is the Spirit of Elijah speaking to Jesus while Adam is still in the heart center, as soon as the mind of Christ which is the mind of Adam, appears in the brow center, now it is Adam speaking to Jesus. "Then Adam said to Jesus, It is written that you shall worship the Lord your God, so I am given to you", Adam said, "I am given to you". Brethren, Adam, the resurrected Adam whom we know as Christ, is the fulfillment of the promise that Jehovah made to Adam in Genesis 3, I believe it was Genesis 3, where Jehovah said, I am going to give a help that is meet for you, I am going to bring into existence a help that will stop you and make it impossible, well I do not know about impossible, that will at least give you, that will at least level the playing field so that the carnal mind cannot overtake you, and that help that I am going to give you is the mind of Christ, a mind by which you can legitimately, if you are willing to make the effort, resist the thoughts of your carnal mind.

So Adam said to Jesus, "I am given to you, I am the help that Jehovah promised mankind back in Genesis 3. It is written you shall worship the Lord your God and you cannot do it without me, so I am given to you to force Satan the spiritual dog that is near to Cain, down under the authority of Abel which is Christ, or down under the authority of Christ, so that Abel within you can cast down Cain

within you which will enable you to worship me." You see, there is no way we can truly worship the Lord when Cain is on top of Abel, it is impossible because Cain is married to Leviathan and strengthened by Satan, the unconscious part of the carnal mind, so we can do lots of things, you see the true worship is obedience and submission, obedience to the mind of Christ, when Abel is under Cain, all you hear is your carnal mind, it is impossible for you to truly worship God when Abel is a slave in Egypt, you have to come out of Egypt. Abel in the members of the church is under the authority of Pharaoh, Passover is coming, Abel has to be liberated so that the people can worship their God, what did Moses say to Pharaoh? Let my people go that they might worship God at least three days out from the camp or three days out from the city, my people have to get a far distance away from Egypt in order to worship their God, let my people go that they might worship their God. And today the Lord Jesus is speaking to Pharaoh, spiritual Pharaoh in the church, in the pastors, in the people, let my people go that they might worship me in spirit and in truth. Brethren, today is the first warning going out into the spirit. You read your Bible and you know what is going to happen when Pharaoh says, No way. The plagues are going to fall, and they are going to fall on the church, and of course Satan in the church or Leviathan in the church is preaching that judgment is for the sinner, the judgment is for the church, Pharaoh in the church, the leaders in the church. Let my people go says the Lord that they might worship me.

Verse 11, "And this is how the Spirit of Elijah forgave the sins of the Devil, the personality that is in agreement with Satan and Leviathan, the unconscious and subconscious parts of the carnal mind, so that Jesus could stop worshipping Satan and become the many membered angel that ministered to Jesus' friends." The glorified Jesus Christ has become the many membered angel that ministers to everyone who believes God, if you believe God, you are His friend. "And this is how the Spirit of Elijah", it should be within Jesus, within Jesus, forgave the sins of, well let me say it again. "This is how the Spirit of Elijah forgave the sins of the Devil, the personality", well I am going to have to work on this, but I have to make it clear that it was in Jesus, Elijah forgave the sins of the Devil within Jesus, so that Jesus could stop worshipping Satan. So we see, and I said this at the beginning of this exhortation, that the true forgiveness of sins results in a complete change of nature in that area, and if the change does not come to pass, you are not forgiven. Now, you are forgiven by faith for a season while you work on it, but the true forgiveness of sins is change. When Jesus said to the adulterous woman, "Go and sin no more", He gave her the power to stop committing adultery and her sins were truly forgiven. Jesus said, what is the difference of me saying, Be healed or your sins are forgiven, He said, what is the difference? Because if you are still sick, your sins are not

forgiven. Now they may be in the process of being forgiven, it does not mean that God does not want to forgive you, but it means that the forgiveness has not been fully accomplished yet. You do not die from heart failure and go to heaven where you are forgiven, you just do not, the forgiveness is not fully manifested in you, it has not happened yet, you can have partial forgiveness, my whole life is turned around, I am not dying anymore, but sure wish I was healthier than I am, I am trying to shake this cold for a few weeks now. So am I forgiven? I am partially forgiven, I am in the process of being forgiven. If you are truly forgiven, you are not sick, if you are truly forgiven, you do not die, if you are truly forgiven, you are not in poverty, if you are truly forgiven, if you are truly forgiven, you are walking above the torments of this world. So we are all in varying degrees of the experience called the forgiveness of sins, but the only one that I know of that was completely forgiven is Jesus.

I will read verse 11 again, "And this is how the Spirit of Elijah forgave the sins of the Devil, the personality which, the personality of Jesus which was in agreement with Satan and Leviathan, the unconscious and subconscious parts of the carnal mind that He received from Mary, so that Jesus...", and the reason that Elijah did this, Elijah forgave Jesus for one reason and one reason only, so that Jesus could worship God. So if you are healed or if your sins are forgiven in any area and you are not worshiping God, you can expect to lose your healing. So many people in Pentecost receive miraculous healing and the disease came back or they got another disease just as serious, because they took the healing but they were not worshiping God, and worship is submission to God, and you cannot submit to God if you cannot hear Him, so you have got to work on hearing Him. How do you work on hearing Him? Ask Him questions, talk to Him, invite Him into every aspect of your life, and eventually you will hear, if you mean it when you are saying it.

"And this is how the Spirit of Elijah forgave the sins of the Devil, the personality that is in agreement with Satan and Leviathan, the unconscious and subconscious parts of the carnal mind that Jesus inherited from Mary, so that Jesus could stop worshiping Satan and..." Oh, Sheila, Jesus worshiped Satan? What is wrong with you? Well read the rest of the sentence, when Jesus stopped worshiping Satan, He became the many membered angel that ministered or became the Christ in the midst of all of you people that are considered friends because you believe this message. Abraham believed God and it was counted unto him as righteousness. What do you believe, which gospel do you believe? Which Jesus do you believe in? If you believe in another Jesus and another gospel, you have not inherited life or the forgiveness of sins, you think the whole church is wrong and you are right Sheila? Absolutely

without a question of a doubt, the whole church is corrupt. Glory to God, are there any questions or comments on this exhortation? We are going to break for dinner.

Well praise the Lord, we are back from dinner, and we are going to start expounding in Matthew 8, the alternate translation of Matthew 8, starting with verse 18 through the end of the chapter which I believe is verse 33, if I am not mistaken. Before we start this new, Matthew 18 through verse 33 is our alternate translation, and we will expound on that, anyone listening to this message or reading this message, you can view these verses, these alternate translations if you have a copy of the alternate New Testament, if not, if you have a computer, you can access the alternate New Testament on line. Before we start I would just like to emphasize or reemphasize one of the points that the Lord brought forth this morning, which I really did not fully understand myself, I have always thought and I have even gone before the Lord saying, Lord how can this exciting message, how can this powerful ascended philosophy not have a spiritual witness to it, because in my mind I was expecting a witness of healing and deliverance, and the Lord revealed this morning that the witness of healing and deliverance is a witness to the message of the cross, the gospel of the cross, that Jesus came and Jesus was crucified, Jesus rose out of death and because of that, because Jesus rose out of death and is now sprinkling on humanity, okay, we have salvation available to us, and the witness to that message is healing and deliverance, healing of the body, and deliverance from evil spirits which is an affliction of the mind. So it is the healing of the body and the mind. All of these years that I am preaching this ascended doctrine which is now sixteen years, I have been waiting for the Lord to pour out the spiritual witness to it, not realizing that the spiritual witness has been there all the time, a different gospel, this is the gospel of God, you know it is the gospel, the doctrine of Christ is the gospel of God, it is the good news of how we will return to our first estate, to immortality, it is a different gospel than the gospel of the cross, and the witness, the sign and wonder, the spiritual witness to this message is the exposure of the sin nature not to your destruction, but to your edification, the spiritual authority to look into the intents of the hearts of the people, to the motives of the people, and to reveal those evil motives to the people, so that the people have the opportunity to deny Satan in their own mind and take, and each time we deny Satan in our own mind, we move one step closer to the manifestation of the kingdom of God in us, because the kingdom of God can be within us, and not manifesting through us, if we are not living out of it, we are still a carnal man, and we will die, and that is what the Lord was speaking about, through the psalmist when He said to Israel, Ye are gods but ye shall die like men, because the person of Christ, the mind of Christ, our new

man, no matter how developed He is in us, if that man is not judging our old man, beating him down, saying, You must go down under my authority, if your new man is not doing that, you are a god because of that new man within you, He is an angel okay, but you will die like men because you are living out of your carnal mind, you are living out of your old man.

So we see that the completion of salvation in an individual, is not even the full maturation of the new man, that is not the end of it, the new man has to destroy the old man, or destroy the works of the old man, destroy the city, destroy the thoughts, eventually destroy the body that he has raised up, everything that the old man has raised up is corrupt, see. So that is how the psalmist can say, or that is how God can say through the psalmist, Ye are gods, but ye shall die like men, the same word is true to the church today, you are gods, why are you gods? Because you have a relationship with God, and the offspring of God is either in you or waiting to impregnate you, that makes you a god, why? Because an apple tree cannot bring forth pears. So if you are bringing forth the son of God, if you are pregnant with the son of God, you must be a god. But if you do not let the son of God do His work, if you do not work with Him to do what He came to do, to destroy the works of the enemy in you, you will die like men, and all of the works that Jesus did for you, will come to naught, because you will have been one of those persons that received a talent and buried it under the earth of your carnal mind, and it never brought forth fruit, neither thirty fold, or sixty fold, or a hundred fold. Now I do not tell you this to condemn you, I am very excited to find out that we have had the witness to this message for quite a few years now, the witness was not here at the beginning, this ministry is sixteen years old, and the judgment of sin started coming forth I think about seven years ago. So I was teaching this ascended word for a good seven or more years, seven to nine years, I am not sure, before the witness to the message started coming forth in this fellowship. Now of course, it was coming forth in me, but of course I had submitted to deliverance ministry and was confessing my sins and working in that program before this ascended doctrine started coming forth, but as far as the signs and wonders in the members of the congregation, I was preaching this message between seven and nine years before the witness that this message is of God started to come forth. Praise the Lord, okay are there any questions or comments before we start on Matthew 8? Why are we starting with verse 18? Because there is no alternate translation of verses 1-17, and I just translate as the Lord shows me. And if you can hear this message, it is just so exciting what Jesus has promised to do for us, He has promised to restrain Satan, the unconscious part of the carnal mind in our minds, you lay hold of that promise, He has promised to do it, He has promised to stop the Fiery Serpent from ascending in us, He has promised to give us

Christ, that help that is meet for us, which is the weapon that will overcome our carnal mind which causes us to die. What an exciting, exciting message of what the Lord is willing to do for us, but we have to work with Him because this part is not a free gift, the free gift is the receiving of the comforter which is the Holy Spirit, and from there on in it is work and sometimes it is difficult, we are not going to crawl out of this hole without feeling anything and we are not going to have this spiritual child without experiencing the labor pain. But I am just really excited about this message, I just hope that you are all excited with me.

Now I just want to remind you that the focus for this message is in revealing the spiritual truth behind the account of the swine, the account of the demons coming out of the highly demonized man and running into the swine and causing them to rush off of the cliff which is the King James translation of some very deep mystical Scriptures, I would like to just remind you just in case there is someone reading the transcript or listening to the message that has not heard me before, that it is very difficult to translate another language if you have no idea whatsoever what the document is talking about, if you have no idea as to what, if you do not have the initial concept, an initial clue as to what the document is talking about, all that you are seeing when you translate is a bunch of single words, and it takes your mind and your spirit and your experience in life and your knowledge to put those words together into a logical sequence. So somebody, no matter how talented a translator they may be, they may know both languages, if they did not have a clue as to what Jesus was trying to teach the people, they have virtually no chance at all that they could translate this document correctly. There is an image in my mind right now of what I believe was the opening episode of the original Star Trek, not with Captain Kirk, but the captain who preceded Captain Kirk, does anybody remember his name? There was a Captain who preceded Captain Kirk, okay, and he crashed on an alien planet and was captured by the aliens and he was in jail where he was introduced to this beautiful earth woman, who was also living on that planet, the story is that her parents had been explorers, their plane had crashed, her parents were dead, and she was alive, and just to make the story short, it turned out that this beautiful gorgeous woman was completely deformed in that the reason she looked beautiful and gorgeous to the captain was because of the power of illusion of the aliens. Her story was that the aliens saved her life, now listen to this, the aliens saved her life, but they had never seen a human before, so when they sowed her back together, they sowed her in a bazaar shape, she was all twisted, she was limping, one shoulder was higher than the other, she had all scars on her face. So the suggestion was that the aliens had the ability, if they just had a blueprint of what a woman looked like, they could have completely restored her, but they just did not know what a human woman

looked like. And that is the principle that brought forth a lot of the parable of the King James translation, I do not even want to call it error, because in its own way, it has done so much good, and the Lord is in control of everything, but what we read in the King James translation is the surface parable translation of the Scripture, and the real truth of what Jesus is telling us is buried and can only be understood and believed by the mind of Christ.

And the reason that the modern day translation of the Scriptures came forth in the form that they are in is because the translators had no idea whatsoever, no knowledge whatsoever of this wonderful glorious truth that Jesus was trying to tell us, okay. What we have here is the fourth level of understanding, it is the depths of the understanding, it is called the mysteries, the mysteries of God. Praise the Lord.

So actually the account of the swine, there are two passages in the Scripture that talk about the swine, talk about the demons coming out of the demonized man and going into the swine, and the first account is in Matthew 8, and it starts with verse 33 actually, and the second account is in Mark 5, but I have decided to read through, I do not know if I will be able to read through without commenting on it, but I have decided to read through verses 18-22, to give you the flavor of what the Lord is doing here. The Lord started us off with the passages that we read this morning which were not about the swine, explaining to us that the Lord wanted us to understand that Jesus had to go through the process of overcoming his carnal mind and had to go through the temptation which was, and the Lord is giving us an understanding that this temptation is the seduction that comes in the thoughts of our own mind. Since the Lord started this message out that way, in order to lead up to the account of the swine which turned out the translation of the swine turned out to be a pastor or a Rabbi who is presiding over a congregation and living off of that congregation rather than imparting the life of Christ, rather than infusing them with the life of Christ, this is the secret, the Lord calls such a clergyman, a clergyman that takes from his congregation instead of giving the life of God to the congregation, a male hog, a swine is a male hog feeding off of the energy of the people that he is supposed to be giving life to. And this is nothing new, because the account in Malachi that is so often used to encourage people to tithe is really an indictment of the pastor, saying, You have not brought forth the life of God in my people, and if you would just bring forth the life of God in my people, the windows of heaven would open and everything you could possibly need will pour out upon you. That is another way of saying, Seek ye first the kingdom of God, and all of these things will be added unto you. Do not worry about your building, do not worry about, well do not worry about your salary, I do not have

any big salary, but I have never been without a roof over my head, I have never been without food, and I have never been without transportation. Do not worry about these things, worry about bringing forth the life of God in your people, and eventually you will begin to reap what you have sown, and everything that you need in abundance and more than what you need will pour out on you, in every area of your life, labor in the word of God and everything else will come in due season, if you just have patience, that is what the Lord was saying in Malachi, bring forth the life of God in my people, do not worry about your programs, you know. Praise the Lord.

I am going to follow the Lord's lead okay, and I am going to start with Matthew 8:18, which is again Jesus ministering to His disciples about the mind of Christ and the warfare between the two men, the old man and the new man, this is the message, this is the message that will restore us to our first estate, the message that will, the message that the kingdom of God is at hand or the kingdom of heaven is at hand, Jesus came announcing your ability to overcome your carnal mind is at hand, the kingdom of heaven is at hand, the condition of having two minds is at hand, you now have what you need to overcome the carnal mind, okay now that is not the message that we preach here, the message that we preach here is what you do once you get the second mind. Well I guess at the very beginning of this ministry the two minds, I know there was one woman who is still studying with us after all these years, she was so excited at the revelation of the carnal mind, but to me I was shocked that she was so excited, to her it was the answer to many, many prayers. We are a double minded man, praise the Lord. So the message here is what you do with the two minds once you get the second mind, okay, and we are about to look into spiritual hole, the Lord took Ezekiel and He said, Look through that hole in the wall and see all the abominations that my people are doing, they are worshiping the sun, that is just another way of saying, they are worshiping another Jesus, we said that this morning, the whole church is worshiping and preaching another Jesus, a Jesus that gives you everything you want, a Jesus that is going to reward after physical death, a Jesus that gives salvation after physical death, it is another Jesus, it is another gospel, or a Jesus that punishes you and puts you in hell, none of this is true about our Lord. The whole church has gone astray, and what confuses them is that in many cases the Holy Spirit is still in the midst of them, this is a big mystery, that as you are dying spiritually, the Holy Spirit is still in the midst of you fighting for you, but because the Holy Spirit is there, that does not mean that you are okay, he is there fighting for your life, churches closing down everywhere, the people do not even know the signs of spiritual death or if they recognize that it is spiritual death, they just do not know what to do about it, they just do not understand what to do about it, so they just sit there and die.

Praise the Lord, let us be educated tonight brethren, let us find out what we must do about this condition of death because the Lord does not want us to die. Let us lay hold of these great promises, believing that as we do all that we are able of doing, that the Lord will meet us at the point of our infirmity and pick up where we cannot go any further, that is our great hope. But I am telling you brethren, nobody is going to return to their first estate without an understanding of what the promises of God are and what is happening to them, He is not gathering us up like an infant that does not know what is happening and taking us out of here, it is not going to, the rapture, that is another false gospel, the church is filled with false gospel. Praise the Lord. And you know there is a difference between having a difference of doctrinal opinion and a false gospel, that is not the same thing.

In other words, I was speaking to someone the other night, and they told me they thought that I had said this, but I never said this, that the two men that appeared by Jesus' tomb were both Christ, one was the head and one was the body, I never said that, they heard that from someone who studied with me for a while, but I never said that, I said, No that is not true, one of those men was the resurrected Adam and the other man was the personality, the spiritual etheric body of the personality of Jesus that came out of the casing of the physical shell. Now you might not agree with me, so one person says, no they are both Christ, one is the head and one is the body, and I said, No, one was Adam and one was Jesus. That is not a false gospel, that is a difference of doctrinal opinion. But to tell everybody that you are going to be punished in hell forever if you do not believe that Jesus is God, that is another gospel. Telling people that your salvation will manifest itself after physical death, that is another gospel, I tell you that is another gospel, another Jesus and it is another gospel.

Okay Matthew 8:18, "Now when Jesus perceived that there was an intense spiritual atmosphere surrounding Him, He called out to His disciples to pierce into the unconscious part of their carnal mind." Now please note that Jesus waited for an intense spiritual atmosphere. What does that mean? This is talking about the cloud that comes down on our meetings, an intense spiritual atmosphere. Sometimes it is so strong we cannot even keep our eyes open. It is not likely, or it is not even wise, to try to enter into a spiritual experience direct from your carnal state, it is like trying to start up a car in the dead of winter without warming it up. That is why most churches have music first, a praise service first, they try to bring down or invoke the anointing of the spirit which will help the pastor to preach, that is what the Scripture is talking about.

However Jesus invoked it I do not know because I do not have the previous verses in front of me, but I do not recall every reading that Jesus had anything

to do with music, He was always a teacher, so He must have been teaching them something that called down that glory cloud, and that means that glory cloud was arising from everyone that was present, I have been explaining to all of you here for years, we have a manifestation of the body of Christ here. Do not ever think that because you are not preaching that you are not a part of the anointing that pours out here. Your response to and submission to the message here brings Christ to the surface of your carnal mind in you. And you are all contributing to the glory cloud that comes down here into the thought forms that are manufactured here. So apparently Jesus had been teaching His disciples and they all responded, I think that is why the Scripture makes it a point to tell us that there was an intense spiritual atmosphere, it means that His disciples were with Him in the spirit, they were of one mind and one accord, and Jesus said okay, I am talking, we are of one mind and one accord, and now it is time to have a spiritual experience. So He called out to His disciples and He said, let us pierce through into the unconscious part of the carnal mind. Well what does that mean? Let us take a look at what is inside of us, let us take a look at our motives. Let us take a look at Satan in the unconscious part of your carnal mind, what is she up to, what kind of thoughts is she manufacturing, what are her plans for you? Let us take a look, and here is another witness to what I started out this meeting with, and which is what the Lord taught us this morning, that the spiritual signs and wonders that follow ascended doctrine, the spiritual signs and wonders that witness that the person preaching ascended doctrine is preaching by the Spirit of Christ and not by the spirit of their carnal mind is that as soon as the anointing comes down and as soon as the ascended doctrine brings down the anointing, that anointing is used to reveal the intents and motives of the hearts of the people that are present. So anyone that is preaching ascended doctrine and is not revealing sin, God did not send them.

Well Sheila, you said yourself you preached ascended doctrine for seven or eight years and you did not have signs and wonders like that, I was the sign and wonder, it was happening to me, whether the people in the congregation had eyes to see or not, the witness was in me, this terribly sick person stopped dying, and her health started to reverse. Praise the Lord.

Verse 19, "And a certain agreed saying, Master, I will follow you wherever you go." Jesus I love you, I will do anything for you, Jesus, until the Lord tells us to do something we would rather not do. This is just our humanity, the Scripture is revealing the nature of fallen man. We may mean it when we say it, but most people when they are faced with a difficulty will turn away from it, most people, including me, including me. I have had the most incredible walk with the Lord, and I never consciously said I am turning away from God, but in my heart, I

turned away from what He was calling me to because of the pain, and the day came that I had to confess that as sin when the Lord confronted me with it, I confessed it as sin and I went on, it is just human, we are all human.

So this certain scribe, he meant it when he said it, but he was not saying it by the Spirit of Christ because if he was saying it by the Spirit of Christ, anyone who says that, I will follow you wherever you go by the Spirit of Christ, will follow Jesus wherever He goes, but you deviate from it, from that path, then you know that it was not Christ who said it, it was your carnal mind who said it.

Verse 20, "And Jesus said to the scribe, Satan the spiritual jackal who is the unconscious part of the carnal mind which is the black hole, the carnal mind is the black hole that Adam fell into feeds off of the energy that mortal man, Adam's dead descendants, I should say spiritually dead, Adam's spiritually dead...

"And Jesus said to the scribe, Satan, the spiritual jackal who is the conscious part of the carnal, the unconscious part of the carnal mind, which is the black hole that Adam fell into, feeds off of the energy that mortal man, Adam's spiritually dead descendants have possessed since Adam died, and Cain feeds off of Abel, the spiritual bird of the spiritual atmosphere." Well that spiritual bird of the spiritual atmosphere, that is just a poetic way of saying that Abel has the potential, Abel dwells in the spiritual planes, Cain is the conscious part of the carnal mind, but Abel is our spiritual potential, and this is how he is described in this account as the bird of the spiritual atmosphere. "But Jesus the regenerated son of Adam, has the authority to lie with Abel in the same place where Cain lies with Leviathan her head." Now what in the world does that mean? Let us take it a little bit at a time, the scribe is telling Jesus that he will follow Him anywhere, and Jesus says to the scribe, Jesus starts talking about Satan, He calls Satan a spiritual jackal, the significance of using the word "jackal" to describe Satan in this instance is that Satan will eat anything, Jackals eat dead flesh, not necessarily anything, but dead flesh, and spiritually speaking all of humanity is dead. So the message that Jesus is giving the scribe is that Satan feeds off of our dead flesh, Satan feeds off of our dead spiritual flesh, spiritual entities feed on energy, human entities like we are and animals feed off of flesh. Whatever your body is made of, that is what you have to consume to sustain your body. So we have flesh bodies and we eat flesh. Even if you are a vegetarian, you eat the flesh of the plant. But Satan does not have an animal body, Satan is spirit, Satan is energy, so she feeds off of our energy body, she feeds off of our energy.

So the scribe is saying, I will follow you anywhere master, and Jesus begins to teach the scribe about the unconscious part of his carnal mind, because Jesus knew that nobody, I do not think anybody is capable of saying that to Jesus. I know I try to be very careful, but when I feel like saying something like that to Jesus, I say, Lord, as long as you help me to do it, I will follow you anywhere, because in and of myself, I probably would not be able to keep that promise, and the reason I probably would not be able to keep that promise is because Satan the spiritual jackal that feeds off of my energy which is the unconscious part of the carnal mind which is the black hole that my ancestor Adam fell into, and I am still in that black hole you see, Satan feeds off of my energy because I am one of Adam's dead descendants, and Satan is feeding off of me, and Satan who is feeding off of me does not want me following Jesus wherever He goes.

So Jesus is saying to scribe, you think you are going to follow me wherever I go, do you know that you will have opposition, that if you try to follow me wherever I go that Satan whose food you are is not going to be happy about that? Because when you follow Jesus wherever He goes, He is going to lead you back to eternal life, He is going to enlighten you as to the powers and principalities that dwell in your own mind, and not only that, but when you follow Jesus wherever He goes, Adam will be raised from the dead in you and when Adam is raised from the dead, Adam feeds off of the energy called Satan. Do you hear this? Satan is feeding off of our energy. When Christ is grafted to us, Christ who is the resurrected Adam, starts to consume the energy called Satan, He is swallowing up Satan, that is how we begin to live and stop dying, because Satan who is consuming our energy is now being consumed by Christ, so the source that is consuming our energy is swallowed up, and all sickness and disease comes from a loss of energy. We come into this world with a measure of life force, a measure of life giving energy, and apart from our relationship with Jesus Christ, there is no way in this present world to have that energy renewed apart from a relationship with Jesus or some source of witchcraft. So as we live our life, we lose energy, that is why this body ages, why does our body change? Why are we so young and handsome and youthful and fifty or sixty years later, our skin is all wrinkled we have a lot of the time lost our looks, why? Because the energy, the energy in ourselves is being depleted, and the reason that is happening is because Satan is feeding off of the energy that we came into the world with, that is why people die. So the scribe said to Jesus, I will follow you anywhere and Jesus said, Do you know you have a carnal mind that is going to oppose you because you are following Jesus means the death of that carnal mind? That was Jesus' response to the well-meaning but spiritually naive scribe. And then Jesus goes on to say that the carnal mind that is in mortal man

is a black hole. When Adam died, we fell into a spiritual black hole which is manifesting itself as a mind, and then Jesus goes on to explain, this is the black hole that Adam fell into and Satan is feeding off of mortal man, and we are Adam's dead descendants and that this energy that we have possessed since Adam died is what, let me read from the beginning of the sentence. "And Jesus said to the scribe, Satan the spiritual jackal who is the unconscious part of the carnal mind which is the black hole that Adam fell into, feeds off of the energy of mortal man, Adam's dead descendants, feeds off of the energy that mortal man Adam's dead descendants has possessed since Adam died, and in addition to that, Cain feeds off of Abel, the bird of the spiritual atmosphere." Now let me remind you that Cain and Abel are symbiotic twins that form our mortal foundation. Cain and Abel are the two sides of our mortal foundation, when Cain is married to Leviathan, and Satan the person is a manifestation of the tree of the knowledge of good and evil, we are good and evil and we are dead. When Abel in the person is married to Christ and Christ is married to the glorified Jesus Christ, we have life in us, and that life wages war against the death that is in us, but we are still dead, we continue to be dead until our old man is completely cut off and our old man cannot be cut off until our new man is mature enough to sustain our life after our old man is cut off, Jesus of Nazareth had that experience. His old man was cut off, and Jesus was completely the personality of the man Jesus was so completely strengthened and vivified by the resurrected Adam within Him, that the personality of Jesus and the Christ which is the resurrected Adam within Him, survived the death of the physical body, and in fact the physical body died because Jesus and Adam withdrew from it.

Jesus is giving this scribe who simply said, Jesus I will follow you anywhere, look at what Jesus is telling him, Jesus is giving him the whole message. Satan feeds off of our energy, and Cain feeds off of Abel. So what does that mean? It means that Abel which is our potential to have Christ regenerated, to have Adam regenerated in us, is dead under Cain's ground and he cannot get up, because as soon as he gets a little energy, Cain sucks it out of him.

So Jesus was saying to the scribe, you think you can follow me anywhere, you do not even know that you do not have the power to follow me anywhere, that is what Jesus said to him, you do not have the power to follow me anywhere. Verse 21, well let me comment on this, and Cain feeds off of Abel, the bird of the spiritual atmosphere, but Jesus the regenerated son of Adam, has the authority to lie with Abel, that is suggesting spiritual sexual intercourse with Abel, in the same place where Cain lies with Leviathan, her head. Now this is a great mystery, but Cain and Abel are the mortal foundation of a man and in

order for us to have an existence, either Cain or Abel must be sustained by a spiritual root, and in mortal man all of us that are aging and have experienced some form of illness even if it is just a cold and are dying, the spiritual root that our mortal foundation is joined to is Leviathan who is joined to Satan who is joined to the Serpent.

And Leviathan is engaged in an act of, an ongoing act of spiritual sexual union with the Cain side of our mortal foundation and that is how we remain in existence. If that marital union were to be severed, we would cease to exist. But we are told, how to say it here, that Jesus the regenerated son of Adam, who today is glorified, has the authority to have spiritual sexual intercourse with the Abel side of our mortal foundation, in the same place, in our mortal foundation where Cain is lying with Leviathan. Jesus is going under the ground where Abel is lying dead and infested with Cain's vampirish draining of his energy, Jesus, you hear a lot of preaching in the church about Jesus dying and going down to hell. Jesus did not die and go down to hell, Jesus came down to hell when He incarnated in a human body in this world. He came down to preach to the children of disobedience, that existed at the time of the, before the flood, that is us, they are reincarnated again in us, we are the children of disobedience. Today humanity is in the third stage of the fall. Mankind on the other side of the flood was not in animal bodies. I do not know what they looked like, but they had it much better than we had it, because it is these animal bodies that cause this pain, that get sick and that restrict us to the earth realm. Mankind, the many members of mankind on the other side of the flood did not have animal bodies, that means they did not experience sickness.

Were they immortal? I do not know, maybe they were, I do not know, but I know that when those sons of God turn to the evil side, and God decided to dissolve them, okay, what came out of that dissolution, what came out of that flood was ultimately mankind as we see them today, which is in a vile, vile condition. I can trip and fall down, is that not what just happened to Adkins, he fell on the ice, hit his head, how old was he, seventy years old, too young to die, hit his head and died. Brethren we are in a vile, vile, vulnerable condition. Praise the Lord, let us know our condition that we might ascend out of it.

Verse 21, "Then another of Jesus' disciples said to Him, Lord, let me be the first disciple to go into the unconscious part of the carnal mind of mortal mankind." Okay, what spirit is operating there? Do you hear this, Lord let me be the first disciple to go into the unconscious part of the carnal mind of mortal mankind, and bury Cain so that the regenerated Adam my spiritual father, can lie with Abel and save mankind. See, the first scribe said, I will follow you anywhere, so Jesus preached the gospel of the return to our first estate, I do not know what

to call it, He preached the doctrine of Christ to them, He preached the gospel of the truth of our condition, and the second disciple says, if it was not, maybe it was the first disciple, I do not know, says to Jesus, Oh, okay, well then, let me be the first one to go into the carnal mind of mortal men and deliver them. Let me go in and communicate with Abel in the people to set them free. What spirit is that? Yes it is pride, a spirit of pride, actually both are a spirit of pride. To say Jesus, I will follow you anywhere is a spirit of pride, you have to be spiritually naive or ignorant to say that, because nobody can follow Jesus anywhere. And in another Scripture Jesus said, where I go, you cannot follow me. How can you say I am going to follow you anywhere when you do not have a clue as to where that person is ultimately going? Okay so that is a spirit of pride. And then even after Jesus preached the truth, either it was the same disciple or another disciple said to Him, Oh great, thanks for that message, let me be the first one to go in and save mankind.

So what that says to me is that the disciple did not get it, when Jesus preached this doctrine to the group, this disciple did not get it that Jesus was saying to the scribe, you cannot follow me, you cannot do what I did without first being spiritually prepared, you have to go through a process, something has to happen to you, you have to deal with your sin nature. So the disciples, they did not get the message that Jesus was giving the scribe. This is not a fun thing, it is not an easy thing, you see, the church today is in nursery school, they are in nursery school, they do things that make them feel good, they go out and they give tracks and somebody responds to what they have to say, you just feel wonderful, you dance and you sing and you hear messages about how Jesus loves you and how He is going to help you and you feel good, they are in nursery school.

Brethren the true ministry of Christ is a continuous ongoing warfare, to go into somebody's carnal mind to liberate Abel in that person's carnal mind, you have to face Satan and Leviathan in that person's mind, and that is no fun. It is glorious because you are doing a sacrificial work, but it is likened to going over to Iraq and risking your life and living in hardship, you think those soldiers have it easy over there, you think they take a shower every morning like I do and they sleep on a soft pillow? But yet they are over there and you see pictures of the GI's giving the Iraqi children candy and helping them, so it is very rewarding, but it is very hard, when you get to the real thing, and I do not even know that I have gotten to the real thing yet, maybe I have, I am not sure, but I know it is very hard, you get used to it after a while, but it is very hard, spiritually hard, I have a nice soft bed that I sleep in.

So another of Jesus disciples said to Him, Lord let me be the first, not let me be one of the people that go into the unconscious part of the carnal mind, and bury Cain, bury Cain under my authority, so that the regenerated Adam my spiritual father can lie with Abel in that person. Let me be the first one to go. And Jesus said to him, before you can go, listen to this, I want to read it again, before you can go into the unconscious part of the carnal mind of mortal mankind to bury Cain, to cover Cain so that regenerated Adam your spiritual father within that man can lie with Abel, before you can do that Jesus said, you have to do what I did, you have to bury Cain, the conscious part of your own carnal mind under Abel within yourself.

Now this is, I believe I was talking about that on this very message this morning, Jesus will never send anyone to judge a sin in another man, that the one that is being sent is not yet been victorious over. So Jesus said to His disciples, you heard the message, and it sounds wonderful, but you cannot go til this first happens to you, and you may recall that in an earlier chapter of Matthew, it happened to Jesus, and now Jesus is revealing the sins and the motives and the intents of the hearts of His disciple because Jesus had already had that experience of confronting Satan and Leviathan in His own carnal mind, and being tempted and seen, seeing Himself, listen to this, Jesus knew that He was seduced in His mind and if the Spirit of Elijah did not come and help Him, He would have fallen, Jesus knew that. And brethren, I do not know if you could relate to how devastating that knowledge could be, that you were seduced by sin and if you did not have a miraculous deliverance from your God, you would have been destroyed and everything you have hoped and worked for in Christ all of your life, would have been wiped out.

You know there was an episode in Star Trek along those lines, the powerful Captain Picard was captured by the Borg, and they completely assimilated him, they completely controlled him, and he was rescued, but when he was rescued, he had a full knowledge, a full memory of being completely raped, mentally and spiritually raped by the Borg, and if you can read into it, he did not say too much, it was all in his acting, I could relate to it because I have had that experience. I was in a spot where if the Lord did not deliver me I would have never gotten out of it, I would have everything, this whole ministry and everything. And you could see by Captain Picard, how the after affect that it had on him, to be utterly overpowered, to have your will completely violated, that to be doing something that you would have never chosen to do, and to be powerless to do anything else, is devastating to you psychologically and emotionally.

So Jesus said to the young immature disciple, because you have to be pretty immature to be saying this, you know even in the army, they have a saying,

never volunteer, you never know what you are getting into when you volunteer. Okay, "And Jesus to him, do what I did, bury Cain the conscious part of your own carnal mind under Abel within yourself and let each member of the dead Adam bury Cain the conscious part of your own dead carnal mind." That is just another way of Jesus saying, before you pull the splinter out of your brother's eye pull the log out of your eye, deliver yourself before you go to deliver your brother. Another witness is Jesus saying to Pharisees, Let the dead bury their dead. We are all dead, you are dead, bury your dead Cain underneath Abel, take care of yourself, and it is only a spirit of pride that would desire to or even think it would be possible to go liberate your fellow man, when you are not even dealing with your own problems, praise the Lord.

Verse 23, chapter 8 of the book of Matthew, "And then Jesus entered into Christ..." well that is interesting, Jesus entered into Christ, there is a witness right there that Jesus had a carnal mind. If you do not have your carnal mind, if Christ is your only mind, how do you enter into Christ? So then Jesus entered in, He entered into Christ, He entered into the realm of the spirit, you see. The vessel that sailed safely through Satan's sea, the unconscious part of the carnal mind. See we have to pass through the astral plane to get to the mental plane of God from a Kabbalistic point of view, we have to pass through Yetzirah to get to Beriah where the world of the angels. There was somebody who studied with this ministry briefly that called me one day and she was having some difficulties in her life, I said to her, Well, do not worry about it because you have to pass through Satan's sea. And she said, Why am I passing through Satan's sea? I said something about, oh I know what I said to her, Well that is to be expected because you are piercing into Satan's kingdom. And she said, Why am I piercing into Satan's kingdom, I do not want to go into Satan's kingdom, I want to enter into the kingdom of God? I said, Well you have to pass through Satan's kingdom to get to the kingdom of God, and if you try to Satan's world, the astral plane apart from being protected by Christ, you will be captured by the entities in the astral plane, and that is happening in the church today to hundreds and thousands of Christians who are entering into a spiritual aspect of their life before Christ is formed in them, and they are being captured by entities that tell these Christians that they are Jesus, but they are not, they have a spirit guide, and they are telling Christians it is okay to speak to their dead relatives, the church is under a major seduction, mostly the Pentecostal church, they are under a major seduction, the other church, the Baptists, Lutherans, and Methodists, they are under a different kind of attack, they are all being, well the Methodists and the Lutherans and the Episcopalians are being reabsorbed back into the Catholic church, and the Baptist church is just dying, they still have

the word though, there a still a lot of strong Baptists around, but there are Baptist churches that are closing down. Praise the Lord.

So anyone that desires to be spiritual in God, they need to know that you have to have Christ formed in you, the Holy Spirit does not qualify you to be spiritual beyond nursery school spirituality, and nursery school spirituality is talking in tongues, prophesying, interpreting, and manifesting the other gifts of the spirit. That is nursery school, I am not putting anyone down, I am telling you the truth, that is nursery school spirituality. Adult spirituality means to have spiritual experiences of the mind, and if you do not have the mind of Christ, you will be having the spiritual experiences of the carnal mind, which is witchcraft, which carries the judgment of death. "And then Jesus entered into Christ, the vessel that sailed safely through Satan's sea, through the unconscious part of the carnal mind, Satan is the unconscious part of the carnal mind, and Jesus' disciples followed Him, they ascended spiritually also, and they entered into the unconscious part of their own carnal mind." And verse 24, "And Satan the spiritual sea, which is the unconscious part of the collective carnal mind of mortal man, saw that Jesus' disciples entered into their carnal mind and Satan, the collective Satan made such a great commotion." Why would she make such a great commotion? Because the disciples came, entered into her sea in authority of Christ, and who is Christ's meat, who is Christ's food? Christ is swallowing up Satan, Satan made a great commotion. It is if to say, we are in the middle of the jungle and a man eating lion came into the camp, with a full desire to have dinner, to make us his dinner. Satan made a great commotion because the disciples entered into the spiritual planes by the Spirit of Christ. "And Satan made such a commotion that the waves of Satan's sea, the unconscious part of the individual disciple's minds, rose up in the individual, and covered Abel, the young Christ within the disciples, but Abel, the young Christ within the disciples continued to sleep." When I wrote this up, today I realize that there is a difference between Abel and Christ, Christ is the seed that is grafted to Abel, and then Abel stays in his place as your foundation and Christ ascends into the heart center, so they are not really the same, I will just have to fix that. But for now, let me just read it again, "...and made such a great commotion that the waves of Satan's sea, the unconscious part of the disciple's carnal mind, rose up and covered Abel, and the young Christ within the disciple, and covered Abel, but the young Christ within the disciples continued to sleep. Abel was covered but Christ who is grafted to Abel, who is capable of saving Abel from Satan, Christ in the disciples continued to sleep.

Brethren, I can tell you from my personal experience that I have been in situations that I could not handle and Christ did not deliver me, why? Because

the Christ in me the young Christ in me had not yet matured to the point that He was responding to that particular situation. Yet I have had other situations in my life that I know in the past I could not handle, and Christ has risen up in me and just done marvelous things through me, but He does not do that in every situation that I find myself in. Now it is so exciting to me that He has begun to warn me in difficult situations, and dangerous situations, it makes me feel so safe, but He does not do that in all situations yet. So the Christ in me is not fully trained up, you see. So the disciples, Abel in the disciples, that is a part of their personality, are here confronting Satan, she is making a monster, she is stirring up a tremendous storm, Christ in the disciples had the authority to say, Storm be still, but the Christ in the disciples is still sleeping, He did not rise to the occasion, and the reason He did not rise to the occasion? Well, part of it was that the disciples were so frightened that fear, fear is of the carnal mind, and when you are frightened and you do not resist that fear, your carnal mind becomes very strong and crushes the young Christ, you see. So when the Scripture says, "fear nothing", okay, not only is that command given to give us peace, but that command is given without telling us that if you fear, you are literally crushing your potential for deliverance in that situation, because that fear is strengthening your carnal mind and crushing Christ, your savior who wants to deliver you. So by receiving the instructions "fear not", when we obey that instruction, if I feel fear, most of the time, I cannot say I do it a hundred percent of the time, I say, I rebuke you fear, you cannot come up in me, but of course you have to recognize the fear coming up in you. You say, I rebuke you, and then you restrain your carnal mind and Christ can get up and deal with the problem.

So you see it is so important to recognize and rebuke sin, because when you recognize and rebuke sin, it restrains your carnal mind and Christ can get up and deliver you and do miracles in you. But the young Christ in the disciples was sleeping, He did not rise to the occasion, He did not overcome the fear of the disciples.

Verse 25, "So Jesus came near to the young Christ within the disciples, and the Lord said to the young Christ, Wake up, wake up and save the personality that you are dwelling in, save the disciples from Satan, the unconscious part of the disciples' carnal mind, or both you Christ and the aspect of Christ in me that is with you in the hearts of the disciples will be destroyed. So Jesus did not go to Cain and tell him to stand up, Jesus does not go to your carnal mind and say, Be strong, Jesus goes to the Christ in you and says, Be strong, this message is being preaching to Christ, not to Cain in you.

Verse 26, "And then Jesus said to the disciples, Why are you afraid? You are afraid because you do not believe that Christ your personal savior is truly in the midst of you, or that Christ your personal savior can save you. All of you church going people, you go around talking about your savior and Christ but you do not really believe He can save you, but you do not believe He can save you from disease, you are running to the doctor's office. Sheila are you telling me not to go to the doctor? I am telling you to seek the Lord as to whether or not you need a doctor or He intends to heal you, but very few people in the church do that, they make a beeline to the doctor's office as soon as they are sick, no faith, no faith in God to heal them. Praise the Lord.

"Then Christ within the disciples arose and rebuke the spirit of Satan, the spiritual sea, the unconscious part of the carnal mind within the disciples, and disciples experienced great calm." I wait for that calm, I experience it from time to time, it is truly the peace that passes all understanding, when my carnal mind is buried under my Christ mind, what a wonderful feeling.

Verse 27, "And then the sons of Adam said, but a miracle...", and of course the reason the Scripture says the sons of Adam because now Christ is grafted to the disciples. A mortal man is not a full man, a mortal man is half a man, and when Christ is added to us, we become a full man, and the name of the completed man, not full, but the name of the completed man is Adam. So when Christ is in us we become a completed, or whole man and we are the sons of Adam. If Christ is not in you even if you have the Holy Spirit, you are still half a man. Okay. Verse 27, "And then the sons of Adam said, What a miracle this is that even the Spirit of Satan, the spiritual sea, the unconscious part of our carnal mind obeys us, and then Jesus arrived on the other side." Okay, here we are getting into the account of the Gaderene demoniac now. Okay and the Jesus arrived at the other side in the country of the Gergesenes where He met a double minded man who had the Christ mind formed within himself.

So we see that Jesus is having a spiritual experience here. He met a double minded man who had the Christ mind formed within himself in addition to the carnal mind that he was born with, and the man, the double minded man asked Jesus to deliver him from the grave of this physical body, brethren this physical body is a tomb, a grave that the dead Adam lives in, and the dead Adam is known as Cain and Abel also known as the Fiery Serpent. Then this particular man was possessed by many exceedingly angry demons and no one in the synagogue had the authority to cast them out. So we see that anger is a curse, anger is not a, anger is something to be dealt with and sublimated, anger when unrestrained, will steal your energy, it can make you sick because all of your energy will be depleted, it stops you from making rational decisions, and it

causes you to lose control over your life, anger is not to be repressed, but it is to be sublimated, it is to be dealt with by the Christ mind. Verse 29, "But Jesus refused to take the man's life, and rebuked the demons instead, and the whole congregation saw the demons cry out and saying, We know that you are Elohim, the son of God, who comes from the world that existed before time began, to force under your authority." And the whole congregation saw the, well I put that in brackets, we know that you are Elohim the son of God who comes from the world that existed before time began. So Jesus was recognized. You know, demons they have to be crying out of somebody's mouth you know. Now the man's pastor or the pastor, I must revised Mark 5 the other account of this, but I believe that the Lord is telling me, let me remind you brethren that this Greek text, even the English text, there are pronouns in place of the subject, so it is up to the translator to decide who is talking or who is the recipient of the activity, it is all pronouns, he, she, or it, so I have to fill it in by the spirit of revelation who is doing what to whom, and the spirit of revelation concerning this account of the swine, the Lord has told me that the swine is the male, is the pastor, the spiritual male hog, the pastor that is feeding off of his congregation.

Now the situation here is that there was a highly demonized man in the congregation, and the pastor was not delivering him, yet the pastor was spiritually ascended enough to recognize that Jesus was the son of God, and so as soon as the pastor saw Jesus casting the demons out of the demonized man, as soon as the pastor realized that there was someone with more spiritual power than him present, the pastor became frightened. I want to tell you brethren that when someone with spiritual authority walks in amongst the people, especially the people that are not be honest with God's people, the pastors that are not being honest with God's people, they become afraid. Can you hear what I am saying? The pastor, I do not know how many pastors today recognize the anointing on this message, but they do not want any part of it, they do not want the status quo move, they want to lose, well I will not even talk about this message, I will talk about the deliverance message, the message that people have demons and need demons cast out of them, do you know how many pastors will not even consider that message, they do not want to lose their congregation, they do not want to face the persecution, you know. But in this case, I want to suggest to you, that the pastor of the demonized man recognized that Jesus was the son of God and became alarmed.

The witness that the Lord is giving to me right now is with Esau and Jacob, when Jacob put on the goatskins and went to Isaac, and Isaac gave the blessing to Jacob, and then Esau came in and Isaac realized that he had blessed the wrong son, well he had really blessed the son of God's will, but in Isaac's mind

he had blessed the wrong son, and we saw that Isaac became terrified and started to shake. Why would he become terrified and start to shake? Because the Spirit of God was present witnessing to him, No, I wanted that anointing to go on Jacob, and you were about to give it to the wrong son. Even though Esau was the older son, that anointing was to go to Jacob, my choice. Isaac was terrified realizing that he had been corrected by God, and I want to suggest to you that this pastor, the head of the congregation where this demonized man had been going with no deliverance, was terrified when he realized that the son of God was in his presence, and that is how I am going to translate this verse. And this is how it reads, verse 29, "But Jesus refused to take the man's life and rebuked the demons instead, and the whole congregation saw it, saw Jesus rebuking demons and the demons cried out, well who did the demons cry out, well, and the demons cried out saying, now listen, here is the fly in the anointment, the demons talk on two different occasions, in verse 29, the demons cry out saying, We know who you are, you are Elohim the son of God who comes from the world that existed before time began to force us under your authority; and we all assumed that the demons that said this were in the same man that the demons who spoke in verse 31. So the demons called to Jesus saying, If we must separate from this demonized member of the congregation. So you all thought it was the demons in the same man that spoke both times, but the Scripture does not say that, even in the King James version, okay, it does not say, well the demons in the demonized man said, it says the demons said, so is it so impossible that somebody else standing by had demons also? Do you see what I am saying? I want to suggest to you by the spirit of revelation that it was the demon in the pastor that was feeding off of the congregation that saw the demonized man delivered, and I do not think the pastor was holding back from the demonized man, he did not have the power to cast the demons out, and when he saw that a greater one than he had come in, he recognized the authority, and the demons in the pastor that had made the pastor a great one over the people, cried out and said, We know who you are, you are Elohim the son of God who comes from the world that existed before time began to force us under your authority, and the reason the demons were crying out of the pastor was that the pastor recognized he was going to lose his power over the congregation because this greater one came.

Listen brethren, when the mind of Christ is imparted to the church and they hear this word, there is going to be a mass exodus out of the dead churches into the churches that are preaching the truth with power that is going to deliver them from their bondage. It happens in Pentecost, there was a big Pentecostal revival when the signs and wonders of healing mostly physical healing when the word got out that physical healing was available, the people came out of X's

denomination, and that is how the Pentecostal church got formed, and now the Pentecostal church is a series of denominations is it not? Well where did all the people come from, were they all new Christians? No, they came out of the Catholic church, they came out of the Methodist church, they came out of the Lutheran church, they came out of the Baptist church, because the power of God drew them out. This pastor, this Rabbi was terrified that he was going to lose his congregation. Instead of rejoicing that deliverance had come to his people, he was saying, Oh my God, the son of God has arrived, and He is come to force me down under his authority, I am not going to be the big shot anymore. Did we not just have that with a pastor, I am not going to put his name on this message, God witnessed this word to that man, that man recognized the word, he recognized the authority on me, but when he realized that to continue in pursuing this word, he would have to acknowledge that I had a, that he would have to submit to the spiritual authority on me, he departed, and with his departure, he took all that Jesus wanted to do for the people in his congregation. That is what this verse is talking about.

I do not know, you do not know how many people in that congregation were demonized that would have gotten delivered if the man would have done what he said he was going to do. He said from the pulpit, he looked at me from the pulpit, I was sitting on the platform, saying the Lord has something for us, you are going to be coming here often, and I said, Amen, and then he forgot all about it as soon as he heard me preach. We do not know how many people was slated for deliverance in that congregation that have now been deprived of their deliverance, that is what that Scripture is talking about, I am going to read it again. So a double minded man approached Jesus recognized the anointing on Him and said, Deliver me from my exceedingly angry demons. No one in the synagogue, no one, not even the pastor in the synagogue had the authority to cast them out, help me Jesus. And Jesus said, Okay, and he cast out the demons, and the whole congregation saw it, and then the demons cried out of the pastor saying, Wow, Elohim has come to my synagogue, Elohim the son of God is here, who comes from the world that existed before time began. And did he say, Hallelujah, glory to God my people are going to be delivered? No, he said, You have come to unseat me from my position. Brethren is that not what the Pharisees said, is that not the whole issue of the New Testament that the Pharisees who had, who should have recognized Jesus for who He was, were afraid that He was going to take away their position, and therefore they rejected Him, is that not the truth of the New Testament? Well I want to suggest to you that in this verse 29, the demons cried out in the pastor's mind, those words may never have come out of the man's mouth, the pastor saw Jesus casting out the demons and the demons raged in his mind, it is Elohim, it is Messiah, it

is the son of God, He is come from the world that existed before time began, and He is going to cast me out of my position before it is time, I am not ready to leave this high position yet, that was the thoughts of his mind.

Verse 30, "Now, the pastor, that pastor was a spiritual male hog, the man pastor, the highly demonized man pastor was a spiritual male hog, who fed off of the energy of the members of the congregation, of the energy of Christ, Christ was formed in Israel, who fed off of Christ's energy within the members of the large congregation that, that pastor presided over. So the demons, see this is so interesting, we discussed so many times about the motives of the Pharisees that they were offended that a man did not have a high position receive the revelation that they expected to go to the high priest, but this is the first time I have heard anything that would indicate to me that the Rabbis were very concerned about losing their congregation who were probably giving them money, and they were afraid they would all go off and follow Jesus, and they would lose their source of income. This is the first time I have seen an inference to that in the New Testament, but it certainly makes sense to me. So Jesus said to them, so the demons called to Jesus, the demons in the demonized man called to Jesus saying, If we must separate from this demonized member of the congregation, we will transfer into that male hog of a pastor, who feeds off of his own congregation. "So the demons called to Jesus saying, If we must separate from the demonized member of the congregation, we will transfer into that male hog of a pastor who feeds off of his own congregation." Verse 32, Jesus' response to the demons threat is that Jesus addresses that pastor and Jesus said to the pastor, "Humble yourself and submit to the authority of Christ so that you might escape the wrath that is coming towards you." Is that not what John the Baptist preached, repent ye and escape from the wrath to come. Brethren the wrath of God comes in the form of demons and Satanic manifestations. I want to tell you that I had an experience like that where the Lord said, Humble yourself, and I did not do it, and I almost died.

There was a period of years where I was periodically attacked by some spiritual entity that tried to choke me to death, and that choking would come on me suddenly with no warning, absolutely no warning, I would be walking from one room of my house to the other, and I would just start to choke, a pair of spiritual hands would try to strangle me, and this particular night, I was going to the gym, and it was, I did not leave right at that minute, the gym would have been locked for the night and I would have been locked out, and I clearly heard the Lord say to me, Humble yourself before me. And I knew He meant I should get down on my knees, and pray, and I did not do it because I was going to be locked out of the gym. Now is that not ridiculous coming from someone like me in my

position? But I am telling you the truth, as clear as a bell, I heard an audible voice saying, Humble yourself before me, and I knew the Lord wanted me to stop what I was doing, and get down on my knees, and I did not do it, and I did not make it to the gym, because that pair of hands started to strangle me in less than sixty seconds after I was so arrogant to the Lord who was trying to save my life, and that was the worst case of choking of all the years that I was experiencing this phenomenon, I came the closest to death. I hope I never make that mistake again, but the point of me telling you that, is that this Scripture is so, you see, these things that we read in the Scripture, God really talks to us this way, that is my whole point of giving you my testimony, God really talks to us this way, when the Lord says, Humble yourself, He means stop what you are doing, get down on your knees, and find out, I should have gotten down on my knees and said, Lord I submit myself to you Lord, what can I do, what do you require of me? That is what I should have done, but going to the gym was more important to me, and I almost died because of that.

Jesus spoke these same exact words to this pastor or to this Rabbi, He said to him, Humble yourself, and submit to the authority of Christ so that you might escape the judgment that is headed for you right now. But the pastor would not. Now, I am going to say that I do not think the pastor heard these demons cry out. You see, I heard the Lord say to me, Humble yourself. If the Lord would have said to me, "Sheila, humble yourself because Leviathan is coming to choke you and you are going to die", I would not have been worried about the gym, I would have gotten down on my knees. So I think that the pastor did not hear these demons threatening to go into the pastor, but Jesus heard it, just like he heard whatever he heard that Leviathan was coming for me that night, and he warned the pastor, first He gave His sign, Jesus, He cast out demons that the pastor could not cast out, so that was His introduction to this pastor, and then after the Lord introduced Him by showing that Jesus had power, Jesus said to the pastor, Humble yourself and submit to the authority of Christ, and escape the wrath to come. But this pastor would not. See the pastor thought He was just doing another John the Baptist, Repent and escape the wrath to come. He did not know that the wrath was coming now, that there was a hoard of demons headed for him, he did not know that. God does not tell you that, He just says, Humble yourself. You all heard my testimony, the Lord told me to start drinking water. I said, Lord, I do not like water. I wound up in the emergency room at 4:00 in the morning with a kidney stone, now I drink water.

When the Lord tells you to do something, He does not tell you why, and He does not give you an explanation, He just expects you to do it. But the pastor

would not, so the demons entered into the pastor who was a spiritual male hog that fed off of his own people.

"So the demons entered into the pastor who was a spiritual male hog that fed off of his own people, and the ascended spiritual reproductive waters of Satan's unclean spiritual sea which was appearing in the pastor as the counterfeit Holy Spirit, caused the pastor to fall down, and the whole congregation saw that the pastor was a sinner just like the rest of congregation." Now these Scriptures are so abbreviated, we do not know how Satan's spiritual sea caused the pastor to fall down, but obviously he fell into some kind of sin, he fell, he fell into some kind of sin, and he was revealed to the congregation who apparently were idolizing him, okay, that he was a sinner just like everyone else, and in that revelation to the congregation that this great man of God was not so holy, we will read in the next couple of verses, that the people were delivered from their carnal mind, because that pastor was controlling the people with some form of mind control by convincing the people that he was this great one of God. I think that is the expression that is used about Simon the sorcerer that the people thought he was this great one of God, idolatry for the clergy. You see you have to respect your pastor without idolizing him. We have that problem all the time, you have to respect me and honor me, but do not ever think that I am any less human or vulnerable to sin than you are, you respect and you honor the office that the person holds, but I am just a person, I am just a human being like you, and the pastors are required to instruct the people, as I instruct you, do not idolize me, because I will not receive it, because then we will both be destroyed.

See, so when the demons entered into the pastor, the demons representing, they stirred up the ungodly, the counterfeit Holy Spirit in the pastor and they caused the pastor to fall, how did he fall? I do not know, he must have, either he ran off with the church secretary or he stole some money, or he did something that was obvious that everybody saw the pastor sin. Now brethren let me make this very clear to you, this is the judgment of God, Christ is coming to the church and He is beginning with the elders thereof, you all need to hear this, He is coming to the church and to the elders thereof, and He saying to you, "Confess your sins and repent", and if you will not, the Lord is going to give free reign to any demons that can now enter into you because of your pride, you have now opened the door to these demons because of your pride, and you who have been unable or have refused to believe that you are a sinner like the rest of the people, will find out the hard way, you will find yourself involved in such an obvious sin that you can no longer deny it. That is what this is all about.

Jesus came to expose the sins of the pastor, and you will see then, we have two accounts of the swine, in one account the pastor repents, and is reinstated

as a teacher of the doctrine of Christ, and in the other account, the pastor does not repent and we do not hear anything more about him, he falls. This is some deep message hidden behind the parable, some fantastic or fantasy, about demons going into some pigs and having them rush off the cliff and all the people threw Jesus out of the town, I mean it just never happened brethren, it just never happened, it just never happened. This is what happened, Jesus came into the synagogue with judgment, the pastor was fully exposed in the full view of his people, and the result of the pastor being fully exposed in full view of his people, were that the people were set free, because the idolatry that this man demanded from them, was keeping them in bondage, and when you idolize your pastor, you do not have a proper relationship with the Christ within you. You see, you have to have that relationship with the Christ within you yourself, and you honor your pastor.

It is the same thing with the husband and wife, you see, if you are a wife, you are not required to be a weak person, you are not required to be weak, you are required out of your strength to submit to the authority that your husband has in the family, it is the same thing as being in the army. You can be a 3 star general, and out you are required out of the strength of that office to submit to the 4th star general. You are not supposed to be weak and hovering and quivering before your pastor, but you have to, if you do not know how to honor your pastor, then you have to submit to the instruction of how, you have to be your own person, you have to have opinions and ideas, but you only give them forth at the proper time, you have to find out what the proper time is, you are not supposed to be quivering like a school child, afraid to even come in my presence or talk to me, or I mean that does not glorify God. Praise the Lord. So the pastor fell down, sin was found in him, and the whole congregation saw that the pastor was a sinner just like the rest of the congregation.

Verse 34, "And the whole city came out to see Jesus." Now that is interesting term, the whole city came out to see Jesus, I personally do not believe that this term is talking about the physical city, I do not believe that hundreds of people, I know there were small towns at the time, but it had to be at least a few hundred, if not a few thousand people in the city, I do not believe the whole physical city came out to see him, I believe that everybody that was in the city of the mind of Christ, the holy city, okay. I think we had that this morning in one of the translations this morning, that Jesus entered, in the account of Jesus overcoming the carnal mind, He entered into the city of God, He left the city of the mind of Babylon and He entered the city of God. We told about Jesus that He was crucified in Sodom and Egypt, I believe that is what the Scripture says, in Sodom and Egypt, those were the spiritual conditions of His mind, there was

a carnal mind in Jesus, He was crucified in His carnal mind, His carnal mind was destroyed, and it was the very Christ in Him that destroyed that carnal mind within Him, He was crucified in Sodom and Egypt, in the hill of Golgotha, in the hill of the skulls, you know what skulls, skulls refers to the Keter, the highest Sefirot, the Keter crucified, the Keter within the man Jesus crucified His carnal mind. So the whole city, the whole body of Christ came in to see this, everybody that was truly in the body of Christ received a spiritual communication that the Lord was manifesting His power through a man, and they all came. You know we do not see that kind of thing here on Long Island, but it happens in other countries, when I preached in Africa, the first time that I was in Africa, and the Lord brought me in contact with the kingdom church that did not know I was coming, I called when I got there, I preached, I was invited to preach, and people came from all over that night. The Lord just told them to come to that church. I have heard stories about the same thing happening in Indonesia and in other countries, but the church in the United States is just a dead church, I mean things like that just do not happen here. But it is supposed to happen, so the whole city came out, the whole city of God came out, everybody that was truly had a presence in the body of Christ, was called to this great happening that Messiah was appearing, and they all came out to see Jesus and when they saw, when they received the witness that He was Messiah, they submitted to Jesus, and not only did, so what does it mean that they submitted to Him? They invited Jesus to remove everything in them that was limiting their relationship with God, they did not ask for a physical healing, they did not ask for a sign and a wonder, but they asked for their carnal mind to be overcome, these were mature believers, they knew that they had a reason to hope for the nature of God, and they knew that they did not have the nature of God, and when they recognized Messiah, what they asked for was the nature of God, that is what they asked for, the nature of God.

Write this down brethren, in your mind, you do not have to take out a piece of paper now. I remember years ago when I was a young disciple, and pretty much the first congregation that I made a commitment to was a deliverance ministry because I was in such desperate need of deliverance I wound up in a church like that, and this pastor, he was very good with deliverance ministry, and that was what the Lord had called me to do, but there was not much teaching about the nature of God and overcoming your own impulses. Actually what was taught in that church was that, every problem that you had was a demon, so you just had to cast out the demons and you would be okay. At the time there were a lot of fellowships that opposed us, and one of their arguments was, well if you teach that, that all you have to do is cast out the demon and the person has no personal responsibility, you know, that is just not Scriptural teaching, and they

were right. The critics who criticized on this level were right, but somehow the Lord got me delivered in that church, I got delivered because I was truly repentant, but there were other people who were not truly repentant that really believed that, you just had to cast the demons out, and the last I heard, they are still having demons cast out of them twenty years later, and their nature has not changed, their nature has not changed because the demons were cast out of them, you see. The demons have to be cast out of you so that Christ can be formed in you, because if you have a lot of demons which I had, they will prevent the Christ from grafting to you and being formed in you, so once the demons are cast out, if Christ is not grafted to you, you just keep getting more demons. Praise the Lord.

So, these were mature believers, I did not finish my point, I remember the day, I remember where I was when I asked the Lord the question, what is it, what is it that is going to make us stand up in full stature? Is it casting out the demons? Is it the doctrine? We were studying sonship at the time, I remember asking that question, and there was no answer, because at that time the righteousness of God, I was not being exposed to the teaching of the righteousness of God, at that time, therefore the answer was not in my heart. If the Lord answered me, I did not hear Him, but I do not think He answered me, I think that was one of those questions where the Lord said, You will find out. And I want to tell you brethren that this last, however long it is going on, I cannot tell you how long it is going on, but recently
