## TRANSCRIPT OF MESSAGE #582 - Part 2

# **A WONDEROUS EDIFICE**

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought, And Punctuation By The CCK Transcribing and Editing Team.

Praise the Lord everybody, there has been a significant amount of time that has elapsed between part one and part two of this message, actually we have preached seven messages subsequent to part one of A Wondrous Edifice, and several of those messages, one two three four of those messages are multipart messages. It was my intention at the time that I embarked upon another study called The Secret of Sodom and Gomorrah, Message #583, to come back to A Wondrous Edifice. The messages, The Secret of Sodom and Gomorrah, five parts, Melchizedek, The Righteous Woman, two parts, Abraham and Lot, three parts, and Lot's Escape From Sodom, six parts, all of those messages were a parenthetical experience between part one and part two of A Wondrous Edifice, because we saw the content of part one, leading towards Sodom and Gomorrah, and Abraham, so we took a detour, and preached these messages, and now we are back in part one, it was my intention to pick up with part two, this is part two, it was my intention to pick up with new material, however, I have read part one to refresh myself, and which does not surprise me, because it happens all of the time, I see that the Lord has given me more revelation on what we preached on in part one. This is very exciting because the Lord is bringing forth revelation on the content of the Zohar in this ministry, it is just very, very exciting.

The message that I have for you this morning is a commentary on the terms Tohu and Bohu, I would like to share with you what the Lord showed me about them, and in subsequent messages, I think at this time, it would be the wise thing to do anyway, to go back into part one and read it, read it thoroughly and see if there is correction or increased revelation to content of part one before we go on to new material. This morning I am going to share with you what the Lord has shown me on the spiritual concepts of Tohu and Bohu, and I am going to relate them to the four stages, or to four of the stages that someone meditating experiences as they penetrate into the place where they receive revelation, the Kabbalists says revelation from an angel, I believe we receive revelation from Jesus Christ today, and I am going to relate those stages of penetration into the spirit to the description, to four terms that are described in the Zohar, concerning Tohu and Bohu.

I will read you the portions of the Zohar so you can relate it to that. I do not know how far we will get right now with this message, but I also see the information leading into the book of Genesis, and the tower of Babel. I touched on that already in part one, but I have a deeper understanding right now. The most important point that I would like to make is that the Lord is showing me that without hesitation everything in the Bible and everything in the Zohar, everything, all of the knowledge that He has given us, concerning the Scripture and spiritual principles, is about man, everything is about us, and our creation, and what we are now and He intends for us to be.

It is the same message, it is about us. We are the creation of God, imperfectly formed at this point. Jesus said, He was the beginning of the creation of God. We are the creation, those of us that have Christ in us, are the creation of God, people that do not have Christ in them yet, are still the creation, just like Adam was a soul; and when Jehovah breathed the breath of life into man, he became a living soul. Unregenerate men are the creation that God made okay, but men who are manifesting the Christ are the creation of God, and that is not the same thing.

What I would like to do to start out with, we had a meeting on the Thursday night, so previously we had a meeting, and every once in a while I give a message and I do not message it, I would like to get on this message, the concept that I brought forth on Thursday night, that the first six days of creation actually begin with the sixth day, do you remember that? You do not remember, okay.

Drawing #1, it is not really a drawing but we are going to take a look at the six days of creation, what I am telling is that God created Adam, and everything

else that was created was formed inside of Adam, Adam is the creation, Jesus said, I am the beginning of the creation of God, and everything that is formed is inside of Him, and He has control over everything just we have control over our heart and our lungs and we may not have conscious control over it, but we do have some control, depending on what we eat and how we take care of ourselves. The spiritual man was created and everything else that was created was created inside of him to be a part of him, everything that was created and everything is created is part of one whole creation called Adam, and brethren we are Adam in his fallen condition, mankind collectively is Adam in his fallen condition, and each one of us, each part of the collective whole of humanity, is a whole in itself, each one of us is complete in Christ Jesus, we are complete, even though the whole collection of us make one whole, each part can function by itself.

That is the same thing, that is the same concept of cloning, each one of us has the potential to manifest the whole creation, do you understand what I am saying? I am also telling you that everything written in this Bible and everything written in the Zohar is about man, it is about us, it is about Adam's fall, it is about Adam's correction or restitution, and it is about our future, we are the creation of God, all of the animals out there in this visible world, they are part of the fallen creation, and they are outside of us because we are fallen and our world turned inside out.

I want to suggest to you that in Genesis 1:1, or in Genesis 1:2 where it says, The earth was without form and void and the darkness was upon the face of the earth, and the Spirit of God moved upon the face of the waters, this is talking about the second energy center that Adam fell into. I do not know if I have this on a message or not, I do not know, I will go over it as it works into this message, we are going to do the six days of creation first. I may have preached this off of a message, so I will put it on again in its rightful place.

I think I did a drawing on a night that I preached off the message and I showed you that there is only one timeline, I use to talk about two timelines, there is only one timeline, and the energy centers below the heart center is what we fell into, Adam fell into his lower energy centers, it is the same thing as saying, that we, let's take a human man, is a spiritual giant living and walking above the lusts of his flesh, and he is not engaging in any of the lusts of his flesh, he is living completely and 100% out of the mind of God within himself, and that man falls down into lust, and enters into adultery, and he loses his spiritual height, can you follow me what I am saying, that is what happened to Adam on a much higher level. He fell down into the energy centers, his consciousness fell down into the energy centers underneath his heart center, and that can happen to a

man in our condition, I am walking above the lust energy centers, I am a celibate woman, I have been celibate for years, or at least in the area of sexual lust, there are other lusts, which still I have not taken the victory over, but if I were to be seduced and fall down, one might be able to say, I fell down into my third energy center, because with the kind of revelation that I have, I think that my consciousness is in the sixth energy center, that is my guess but I am certainly above my heart center, I am definitely above my heart center.

Of course Adam was a superior being that we cannot even comprehend before his fall, what I just told you was a type of what happened to him, he fell down into the third energy center, I am sorry the second energy center. The second energy center is characterized as a cave filled with water, the second energy center is associated with Satan, it is a cave filled with water, and the Lord revealed to us that actually what that is, is Leviathan's testes, Satan and second energy center, not Leviathan I am sorry, the Serpent's testes, Satan is the Serpent's testes. The water that characterizes the second energy center is the sperm of the Serpent. What happened to Adam? Adam was the sperm of God, he was the beginning, he was supposed to produce a whole creation, and he fell down into the Serpent's sperm, and he became the seed of the Serpent, did not Adam become the seed of the Serpent? Has he not produced a many membered creation in the image of the Serpent? He has right? He fell down into the Serpent's sperm, he became the seed part of the Serpent's sperm. Can you follow me with that?

I do not want to put it on the board now because I see that I am all over the place this morning, and I want to go forward with what I have on the board now. That is where I am coming from, the whole, everything God has ever written, everything God has ever said to man, from any source, through the Jews, through the church, from any source, especially the words of God that are in a very intense parable form, that we know there is a hidden message there, everything is about us, about our fall, and about our rectification.

I cannot wait to find out what God has for us to do once we are fixed. I do not have a clue. Paul says, We do not know what we are going to be but we see Jesus, and Jesus is a glorified man. He must have some wonderful experiences that exist and is waiting for us when we become what His mind imagined when he first decided to make man.

We fell down and the swirling waters of Genesis 1:2 are the waters of the collective second energy center which is Satan's cave, or which are the Serpent's testes, and we became the seeds of Serpent, the seeds plural of the

Serpent. We became spiritual beings that have the potential to reproduce the Serpent.

I remind you that the promise seed of God is a single seed, Paul tells us, the Scriptures does not say, seeds, it says, seed, Christ is not divided, there is one Christ seed, there are many serpent seeds, Christ is single, humanity in our divided state, are the seeds of the Serpent. Praise the Lord.

As just in the same manner as the glorified Jesus Christ is coming to marry Christ in us, the Serpent has every intention of marrying each of us which are seed of her nature. Jesus has come to save us, not only from the hell and death that we are experiencing in this world right now, but from the resurrection of damnation which is what we will become, should we be fortunate enough to find ourselves married to the Serpent. Praise the Lord.

This is what we have on the board, drawing #1, sorry it is not a drawing, it is an illustration #1, six days of creation, Adam is the whole creation, on the sixth day and I have not gone into detail on this sixth day yet, I will do that at the end. I just put down the first part of the description of the sixth day.

***And God said, Let us make man in our image after our likeness.***

This is my comment, everything created after Adam was formed within Adam, I am suggesting to you that this sixth day took place first. What is listed as the sixth day in the book of Genesis actually happened first, this would not be the first time that we saw the Lord stating the sequence of events backwards. I am now going to be bringing forth an alternate translation of Genesis 1:24-25, the King James says for this fifth day, Genesis 1:24, "And Elohim said, or God said, Let the earth bring forth the living creature, so the living creature is a translation of the Nephesh, the animal soul that has life, or the animal soul that is animated, the animal soul that moves, or the animal soul that has consciousness. That is the definition of living creature. Elohim said, Let the earth bring forth the living creature in three parts, it is going to be a tri-part creature, it is going to be, consists of cattle, which is, the Hebrew word translated "cattle" is "behemoth", we read about behemoth in Job 40:15, behema is the plural of behemoth, that animal nature characterized by lust, cattle is a translation of behema, the animal nature that is characterized by lust, and we will read Job 40:15 to show you where I get from, the living soul.

The second part of the living soul is a creeping thing, and that creeping thing is a translation of the Hebrew word that means reptile. The creeping thing is the

Serpent. Elohim made the Serpent, the Serpent was made by God, but it was made with a function, it was made as a part of a whole, it was not made to lead, today the Serpent is ruling over God's creation because Adam fell, God created the evil, He created the Serpent, but it was not God's intention that the evil should rule. The third aspect of the tri-part being, the King James says is the beast of the earth, and if you look this up in the Strong's, the word translated, the Hebrew word translated "beast of the earth", it says it means raw animal flesh. I do not believe it was physical flesh like we have today, I believe it was spiritual flesh.

These bodies that we are in today, they are prison houses designed to cut off our spirituality. Why would we find ourselves in prison houses that are designed to cut off our spirituality? Because the three part creation was reversed, and the animal nature, or actually not even the animal nature, the reptile, the nature of the reptile, the reptile itself took control of the creation and has engaged and is engaging, and intends to engage in an even more intense manifestation of witchcraft power. The creation is being used as a vessel which manifest witchcraft rather than a vessel that manifests the righteous power of God to bring healing and righteousness to all. We were put in these physical bodies which are prison houses designed to restrain the hurtful spirit, and Satan is the hurtful spirit.

Alternate translation Genesis 1:24, "And Elohim said, Let the visible flesh", that is a translation of beast, not the physical flesh, I think I am going to change that to the spiritual flesh, "Let the spiritual flesh of the animal nature and the Serpent of the animated and also the animal soul that has consciousness and movement, be formed from the spiritual earth and let the animal soul be conscious and animated." I guess I have to change that a little bit. "And Elohim said, Let the spiritual flesh of the animal nature and the Serpent be formed from the spiritual earth and let the animal soul be conscious."

We fixed up the alternate translation of Genesis 1:24, and this is it. "And Elohim said, Let the spiritual flesh, the lustful animal nature and the Serpent of the animal soul be formed from the spiritual earth, and let the animal soul be conscious and animated." That is a translation of "let it be so".

All of these years I thought those words were so harmless, "let it be so", it means the Hebrew translated "be" is the Hebrew word that means "to be, to exist, let it be conscious, let it have existence and let it be animated, let it be, let it come into existence."

Genesis 1:25, alternate translation, "And Elohim formed the raw flesh of the animal soul", I am going to change that to spiritual flesh, "And Elohim formed the spiritual flesh of the animal soul with its lustful nature, and the many membered whole reptile from the spiritual earth, and when Elohim looked at the conscious animated animal soul, it became benevolent." The King James translation says, "And Elohim looked and saw that it was good", well what does that mean, "Elohim saw that it was good", he looked at his creation and he decided he did a good job? That is what I thought all of these years, but do you remember what we were taught from quantum mechanics about something does not come into existence until you look at it. Do you remember that teaching from quantum mechanics, and it is true, it true on this very level. The Lord just gave me an office in this condominium where I live, he made me president of the board of managers, I, there were things about this condominium that I did not even know existed, for all intents and purposes they did not exist for me.

There are people who I now know that as far as I am concerned, never existed, never were born, I did not know anything about them. I had never seen them, never looked at them, never heard their voice, did not know their name, as far as I am concerned, they were never born, they did not exist. From the day that I saw them, from the day that I looked at them, for me, they came into existence. That is the concept of quantum mechanics, that something cannot come into existence until it is observed.

Of course I am talking about it on a fallen level, because of course these people existed, they just did not exist for me, but on the high level of creation, nothing came into existence until Elohim looked at it, until he observed it and he said, Ah there it is, and then the observation of Elohim makes something that had no life alive. Let us say that there is a statue on the other side of this condominium that I do not know exist, I can go and look at it today and for me I will now have a knowledge of it, it will now exist as a statue, but my observing the statue does not have the power to give it animation or consciousness. When God looks at something, just the very fact that He sees it, because His very nature is life, when He looks at something, life and consciousness is imparted to it.

From another point of view, when God looks at a man, He receives life, the Scripture talks about God remembering us. God remembers those of us that fell down out of Adam, and those of us who were dead received life. What would it mean that God, when God looks at somebody they receive life? There are formations of human beings that the Serpent formed, who did not fall down out of Adam, the Serpent made them, or maybe when the glorified Jesus Christ looks at them and recognizes them, the very power of His recognition will impart life to them. We see that there are two categories of people that are receiving

life today, or receiving either regeneration or generation. Those of us who are a part of Adam before the fall, we are being regenerated but also there are human beings on the face of the earth today that were formed, that came into existence, that were incarnated by the power of the Serpent, and their soul did not have a place with Adam before the fall, they are not being regenerated, they have the opportunity to be regenerated to receive the life of Christ and to become a part of His body which is being restored and in the spirit has already been restored to the high realms of the spirit where Jesus Christ is.

That is the power of looking, that is the power of looking by a spiritual being whose very nature is life. We manifest the same thing on a much lower level, we could look at somebody that is very needy, somebody that is dying along the road or starving to death, and when we look at them, either we look at them with life or we look at them with death. If we look at them with life we help them, and they will recover. If we do not care about them, they will just die.

Although we do not have the power to give life where there is no life, we have the power to continue it or discontinue it by whether or not compassion and help comes forth from us for those people. That is why this is the greatest nation in the world, the greatest nation that ever existed, we have shown so much help and compassion to other nations, it is unprecedented in the whole world.

We see that this little phrase, "and it was good", is very significant. This phrase is likened to the Scripture that says, "And God formed Adam from the dust of the earth", and Adam was an android, and then Jehovah breathed the breath of life into him and he became animated, Adam became a living soul. This is just another way of saying it, although it is not really another way of saying it because if my recollection is correct, it was Jehovah that breathed the breath of life into Adam, so here we are saying Elohim, this is Elohim, formed the raw flesh with its lustful nature, and the many membered reptile from the spiritual earth, and when the Elohim looked at the conscious animated soul, it became benevolent. And when Elohim looked at the animated soul, it became benevolent.

Let me take a look at this again, "And Elohim said, Let the spiritual flesh, the lustful animal nature and the Serpent be formed from the spiritual earth, and let the animal soul be, let it be conscious and animated", "And Elohim formed the raw flesh with its lustful nature, and the many membered reptile from the spiritual earth, and when Elohim looked, the animal soul became conscious, the animal soul became benevolent.

That is really interesting, I am really going to have to ask the Lord about this because this concept of conscious and animated may not have taken effect until Jehovah breathed the breath of life into him, although I think that the, let me see this again, "And Elohim says that the lustful animal nature and the Serpent of the animal soul be formed from the spiritual earth, and let the animal soul be, let it come into existence, conscious, this is right, we are going to leave it like this, "And Elohim formed the spiritual flesh of the animal soul with his lustful nature, and the many membered whole reptile from the spiritual earth, and when Elohim looked at the conscious animal soul, it became benevolent." It was a wild beast. It became conscious, the conscious animated soul, when Jehovah breathed the life into it, it came alive, it received the life of God.

It was a beast, it was dangerous, but when Elohim looked it, Elohim perceived it as benevolent, and it became benevolent. Do you know that people become what we expect them to be? Certain people are more malleable than others, especially our children, they become what think of them. We have such power over children that it humbles me, I wish I knew this when I was raising my daughter, how much power we have over children, and how much power someone like me, a teacher, and a teacher like I am has over the people that study under me, it is amazing how much power we have to hurt or to help people, but especially children. It is all in how we look at them, if we look at them as evil, they will be evil, if we look at them as good, they will be good in most cases.

Elohim looked at the creation that he made, and he being always good, the beast, or the creation became benevolent because he was imagined and well it was Jehovah, it was the imagination of the beast, did not come from Elohim, Elohim was carrying out the will of the Ayn Sof, but it was Elohim that formed the beast, on the instructions of the Ayn Sof. The Serpent forms us, and we are evil. The Scripture says, we are all evil, that is a hard word, we are all evil in the unconscious part of our mind, some of us act it out more so than others, it all depends on what your definition of evil is. God says, all of fallen mankind are evil, that is what God says. We are evil people acting good, we are evil people trying to be good, but until we receive the righteous nature of Christ Jesus we will not be truly good.

Jesus said, ***Why do you call me good, the only one that is good is God.*** Jesus said, the only one that is good is God, that means the whole human race is evil, is that not true? From God's perspective, we are all evil, with the potential of being restored to a state of goodness and righteousness. Elohim observed what he had done, and in his observation, he imparted his goodness to the creature. When Adam fell, the creature became vicious, we are the fallen Adam

and the nature of man, the Scripture says, is hurtful. These physical bodies are prison houses for hurtful spirits, we hurt each other all of the time.

Some people hurt more than others, but we hurt each other all of the time, even those of us who would not choose to hurt someone else, we always wind up hurting somebody because our spirits are hurtful. What does that mean? In our very root, we are selfish, selfishness hurts other people.

That is the truth about us, that when we recognize that truth, we will be on our way to receiving a new nature, we are hurtful, no matter how hard we try, we hurt. Are there any questions about this, anybody? We are going to go on to the fourth day.

We have translated Genesis 1:20-22, and those three verses cover the fifth day. I am going to read you the alternate translation and then I am going to go back and comment on each verse. "And Elohim said, Let my spiritual sperm vibrate upon the massive animated minute animal souls, and let my spiritual life from above cover the earthen personalities that are fainting because they are under the control of Leviathan. And Elohim cut down Leviathan, that great sea monster, and fed the animal soul, and they all received Elohim's life and they migrated to the other side, when Elohim's spiritual seminal fluid vibrated upon and covered each part of their species. And when Elohim looked at them, they became benevolent. And Elohim made them to kneel down and told them to bear the fruit of Christ so that He might increase and fill Satan with His spiritual seminal fluid, and let those who are covered increase in the earth.

This is so exciting to me, listen to this, starting with verse 1:20, alternate translation, "And Elohim said, Let my spiritual sperm", that is a translation of waters, "vibrate", that is a translation of bring forth abundantly, that word bring forth abundantly really means to wiggle, but in this context I am going to say vibrate, "And let my spiritual sperm vibrate upon the..", and I remind you that sperm in human beings when it enters into the woman, it swims, the sperm swims, and they swim by whipping their tail back and forth, sperm are like little fish. "Let them vibrate upon the mass of animated minute animal souls." That is us brethren, and that is a translation of moving creature. Creature, soul is a translation of creature, that is the Hebrew Nephesh, and animal soul is a translation of "creature", and the word moving, the meaning of the word "moving" when I followed it through, can be translated "a mass of minute animated souls", we are, the members of humanity, we are compared to God, the minute souls, compared to God we are minute, and we are animated, we are conscious, and we have movement. This is us, it is all about us. What is coming to mind is the day that I found out that we were beast of Revelation,

everything is about us, it is all about us, who we are, what happened to us, and what God wants to make us. Is that exciting? I am so excited, because remember everything that we preach God is doing, He reveals things to us when He is getting ready to do it to us, so why would He be telling us what we are if He is not getting ready to change us into what we are supposed to be?

It is just so exciting. "Elohim said, Let my spiritual sperm vibrate upon the mass of animated minute souls, that is us, and let my spiritual life from above, cover...", and we have two translations of the word fly, one is to cover, and fainting, we are taking two meanings of that word, we are amplifying this verse, "And Let my spiritual life from above cover the earthen personalities", personalities is a translation of the word "open".

Actually the word "open" is a translation of the Hebrew word, that we have been translating personalities for a long time, and it should really, just even to translate it "open" is really an amplification, a privilege that the King James translators took, because there is no way that it means open, it means face.

"And let my spiritual life from above cover the earthen personalities that are fainting", that is a second translation of the word "to fly", "because they are under the control of", and "under the control of" is a translation of the word "firmament". Firmament means expanse. I looked up what the word "expanse" means, and it means an area, an expanded area, a spread out area that is under the control of, or under the influence of. We are translating firmament "expanse under the control of those who are fainting because they are under the control of Leviathan." Where did I get Leviathan from? I am translating heaven Leviathan, because we know that heaven is Zeir Anpin, or heaven, Christ Jesus is heaven, but we know that there is a heaven on the other side, the heaven below in the world in hell, there is a heaven and hell in hell.

Are there not different degrees of hell down here in hell? If the people are fainting because they have no food, the heaven that they have is not Zeir Anpin, it has to be the heaven from the other side which is Leviathan, Leviathan is across from, sometimes I say he is across from Zeir Anpin, sometimes I say he is across from Adam, sometimes I say he is across from Christ Jesus, he is in the same position but on the other side, as Adam, or Christ Jesus.

Is that not exciting? Let me read it again, "And Elohim said, Let my sperm," or really should be spiritual seminal fluid, actually I am taking that translator's license, it should be sperm because it is the sperm that is wiggling their tails and wiggling, and I am going to have to change that in the other verses then. "And Elohim said, Let my spiritual sperm vibrate upon the mass of animated

minute animal souls, and let my spiritual life from above cover the earthen personalities that are fainting because they are under the control of Leviathan." Brethren, this is happening now, creation is happening now, Genesis 1:1, and 1:2, starts with Adam having fallen into the second energy center, which is the Serpent's seminal fluid, we fell down into the pit. This is all about us, and it is such a mystery to the unregenerate mind, it is all about us.

Verse 21, "And Elohim cut down", that "cut down" is a translation of the Hebrew word translated "created", it comes from the concept that if you cut down a tree and then you create something out of the tree. "And Elohim cut down Leviathan, that great sea monster, and that is a translation of "whale", Leviathan is the great sea monster, "...and fed the animal soul", that a translation of "creature", that is us, "..and they all", that is a translation of the word "whole", received Elohim's life, and then they migrated, that is a translation of "moveth", "they migrated and they swarmed", it is the same word, to migrate and to swarm because swarm means movement. When I wrote swarm here, migrated is a translation of the word "moveth", the Hebrew word translated "moveth" in the lexicon says it can mean "swarmed", and I look up what the English word "swarm" means, and it means "to migrate". You know when insects swarm, they move. After they received Elohim's life, they migrated to the other side, because they were on the negative side. They were underneath the heart center, they moved to the other side, "they moved to the side above when Elohim's spiritual seminal fluid", that is water, or I should say sperm, I am going to change that to sperm, "vibrated upon and covered, that is a translation of fowl, "vibrated upon" is a translation of "brought forth abundantly, and "covered" is a translation of "fowl".

"When Elohim's sperm, spiritual sperm vibrated upon and covered each and every one of their species...", that is us, humanity is a species, and we are a species that is different from God. This is so interesting because I have told you so many times that God can do things that is forbidden to us, things that are forbidden to us, incest is forbidden to us, but there is incest between the spiritual forces, and it is okay. It is an abomination of God to, all of the hybrid animals and plants that are being brought forth are against the law of God, He says, **Ye shall not mix your seed.** It should be illegal for God which is, I do not know if He can be called a species or not, but for the purposes of this message, for God to interact with humanity, we are two different species, but it is legal for God to do it, it is not legal for us to do it.

"When Elohim's sperm vibrated over every part", every human, every one when the time comes, it is for everyone, each man in his own order according to God's restrictions and plans. "And he covered every part of their species, and when

Elohim looked at them, they became benevolent", because we are the beast, we are the beast, but when Elohim looks at us, we become what He sees in us and we become benevolent, and that is what the Song of Solomon is all about, because nothing that woman could say to the one who loved her, for him to agree with her that she was anything less than wonderful and beautiful, and that is how He sees us, that is how much He loves us, we are wonderful and beautiful to Him but He does chasten us when we do not line up with what we are called to be, He loves us that much.

I am in God twenty seven years, and I think I never really believed how much He loves me, I could not believe it, that is how much He loves us, like we are the apple of His eye, that we are the most wonderful children anyone could have, He is crazy about us. There is not anything He would not do for you, there is not anything that He would not give us, but He is not going to do it for us or give it to us if it is going to destroy us, but from His point of view, there is not anything that He would not do for us or give us.

"And Elohim cut down Leviathan, that great sea monster", brethren if we are preaching it, it is going to happen, "And He cut down Leviathan, that great sea monster, and fed the animal soul", that is already happening here, "...and they all received Elohim's life, and they migrated to the other side when Elohim's spiritual seminal fluid vibrated upon and covered each part of their species. And when Elohim looked at them, they became benevolent." What I find very interesting is this "looked at them", I am going to have search for some Scriptures, what was in my heart before this study, is that, God remembers us, unless it is what I said earlier on the message, that everybody, every part of the living soul did not exist in Adam before the fall, but when God looks at them, they will be generated. Do you remember what I said before? Those of us who were a part of Adam before, those of us which are old souls, we are being regenerated, we would be called Israel, we are being regenerated, but there are people in the earth whose soul was not with Adam in the beginning, and they will be generated for the first time. That is my understanding right now why the Scripture says, "looked at them" and not remembered them, to look at them as opposed to remember them.

"And Elohim made them to kneel down and told them, now this word "kneel down", it is a translation of "bless", and I have used this other translations, that the word "bless", that Hebrew word translated "bless" can be translated "to kneel down", and I have translated it in a variety of ways, saying that we have to kneel down in order to get blessed, so when the Lord wants to bless us, He makes us to kneel down, because the first thing that He does is correct us, and then the blessings come, He cannot bless us when we are standing up staring

him on, of course this is a parable, staring at Him eyeball to eyeball, saying that we are equal to Him or better than Him, He cannot bless us, an authority cannot bless you when you are looking at them, when you are staring them down and telling them you are just as good or smarter or better than they are, they cannot bless that kind of pride, you have to kneel down, you have to lower your head, you have to humble yourself, and then the blessings pour out upon you.

it is a blessing of God that He makes us to kneel down. All I could think about was

Psalm 23:2, "And He maketh me to, I think it says, to lie down in green pastures." I never understood that, why would the Lord make me to lie down in green pasture. We are supposed to be standing up, not lying down. I have to look up that word in the Hebrew, but I bet you it means to kneel down, not to lie down, but He maketh me to kneel down so that I can receive green pastures, and receive, and live and exist in green pastures, He maketh me to kneel down, He breaks my pride so that He can bless me. Did you ever know what that meant, "He maketh me to lie down in green pastures?"

"And Elohim made them to kneel down, and told them to bear the fruit of Christ so that He, Christ, might increase and fill Satan, Satan is the sea, and fill Satan with His sperm", because right now Satan is carrying the sperm of Serpent, and when Satan, when the sea receives the sperm of Christ, she will not be Satan anymore of course, you know, her name will change when she receives, when the seed that she carries changes, her name will change from Satan to the Spirit of Christ, the water is just the medium that carries the seed, the water is not evil, it is the seed in the water that is evil.

"And Elohim made them to kneel down and told them to bear the fruit of Christ, so that He might increase, so that Christ might increase and fill Satan with His spiritual sperm, and let those who are covered increase in the earth. Brethren let me tell you something, the church has increased in the earth, but the church, most of the church is not covered, most of the members of the church are not covered by the man, to be covered you have to be covered by the man, the Holy Spirit is the female aspect of the glorified Jesus Christ. Most of the church is not covered, and that is why there is as much sickness and death and divorce and all kinds of trouble and accidents and bad things happening to people in the church, as the rest of humanity. There is no difference, they are not covered.

Praise the Lord, I am so excited, this is what the Lord did on the fifth day, and we just found out that the few verses that we did before this, I told that it was

the fifth day but it was the sixth day initially, with translations that we did before this.

The alternate translation for the sixth day is, "And Elohim said, Let the spiritual flesh, the animal nature, and the Serpent be formed from the spiritual earth, and let the animal soul be conscious and animated. And Elohim formed the spiritual flesh of the animal soul with its lustful nature, and the many membered reptile from the spiritual earth, and when Elohim looked at the conscious animated soul, it became benevolent." That was the first thing that happened, the whole soul became benevolent, now we are getting down into more details, we are talking about the parts of the soul. The sixth day is talking about the whole soul, and the fifth day is talking about the parts of the soul. I cannot wait to see what the fourth day says. Are there any questions or comment? We have.

**COMMENT:** Sheila, I think I heard you say that Satan will be saved?

**PASTOR VITALE:** I never said any such thing.

**COMMENT:** What did you say?

**PASTOR VITALE:** I said that Satan is the spiritual seminal fluid, she is the sea, her symbol is the sea, and right now her name is Satan because the nature of the sea is evil, the nature of the sea is the sperm of the Serpent, Satan carries the sperm of the Serpent. Do you remember that Satan is going to be boiled?

**COMMENT:** Right.

**PASTOR VITALE:** Her water is going to be separated from everything else that is in there, right?

**COMMENT:** Right.

**PASTOR VITALE:** That vapor is going to be absorbed by Christ and become a part of the Spirit of Christ right?

**COMMENT:** Right.

**PASTOR VITALE:** I am saying the same exact thing, except that I never realized before today that what the waters of Satan's sea is being separated from, is the Serpent's seed, I never realized that, I thought, I do not know what I thought, but the distillation of Satan, is separating her waters from the sperm that she carries, which is the Serpent's sperm, and her waters are going to be

joined to the seed of Christ and she is going to become, her waters will become mixed with the Spirit of Christ, this is the same exact thing that I have been preaching for years, do you understand what I said?

**COMMENT:** Yes, can I ask another question?

**PASTOR VITALE:** Yes.

**COMMENT:** I guess I am confused, but I think it is in the book of Revelation it says that he will be bound for a thousand years and then he will be loosed and he would be tempting the people, so I am trying to put it in proportion, when will this be that this will happen, that the waters will become spirit.

**PASTOR VITALE:** That is the end of the whole process.

**COMMENT:** Okay.

**PASTOR VITALE:** Anybody else? This is the 23<sup>rd</sup> Psalm.

**Psa 23:1**

<sup>1</sup> THE LORD IS MY SHEPHERD; I SHALL NOT WANT.

<sup>2</sup> HE MAKETH ME TO LIE DOWN IN GREEN PASTURES: HE LEADETH ME BESIDE THE STILL WATERS.

<sup>3</sup> HE RESTORETH MY SOUL: HE LEADETH ME IN THE PATHS OF RIGHTEOUSNESS FOR HIS NAME'S SAKE.

<sup>4</sup> YEA, THOUGH I WALK THROUGH THE VALLEY OF THE SHADOW OF DEATH, I WILL FEAR NO EVIL: FOR THOU ART WITH ME; THY ROD AND THY STAFF THEY COMFORT ME.

<sup>5</sup> THOU PREPAREST A TABLE BEFORE ME IN THE PRESENCE OF MINE ENEMIES: THOU ANOINTEST MY HEAD WITH OIL; MY CUP RUNNETH OVER.

<sup>6</sup> SURELY GOODNESS AND MERCY SHALL FOLLOW  
ME ALL THE DAYS OF MY LIFE: AND I WILL DWELL IN THE  
HOUSE OF THE LORD FOREVER. **KJV**

I have not looked at the Hebrew of this but what comes to mind is that we are told in Genesis 1 that the waters of the abyss are swirling rapidly, swirling waters, those are Satan's waters, apparently the waters of the Lord are still, He gives us peace and calm. In this world, still waters breed all kinds of disease, you want running water, you want to go to the river where the water is running, but in the spirit, it is the exact opposite, the Lord's waters are still and peaceful. "He restoreth my soul", is that not what we are talking about in this translation, He is restoring the animal souls, and He is doing that by leading us in the paths of righteousness, by giving us His righteous food, leading us in the paths of righteousness for His name's sake, leading us, he is going to feed us with righteousness. "Yea though I walk through the valley of the shadow of death", that is where we are right now, we are in the valley, we fell down, and this world is the shadow or the image or the reflection of the spiritual entity known as death, and that is the Serpent. I will fear no evil while I am down here, for the Lord is with me and His rod and His staff comfort me. The rod speaks of correction, I am comforted because He corrects me. I have confidence because I am safe, because I know when I do something wrong, He is going to tell me and help me to straighten it out, because when we do something wrong, if no one tells us about it and we do not make the correction, we are wide open to Satan's judgment.

That is why we are comforted knowing that He corrects us. Praise the Lord. "He prepares a table before me", that is all of this spiritual food, this wonderful doctrine He is giving us, "in the presence of mine enemies", I am living right here, I am existing with my carnal mind, all of these enemies that would destroy me in my own mind, and in the midst of all of the lies and temptations of my carnal mind, the Lord gives me this wonderful, wonderful doctrine which is food, spiritual food.

"Thou anointest my head with oil", the person who is over me, Christ Jesus, is spiritual oil to me, He is my head, and He is the oil that gives me power, oil signifies the Spirit of Christ, water signifies the Holy Spirit, and oil signifies the Spirit of Christ. "My cup runneth over", my cup is this physical body that I am living in, or the spiritual body underneath it, that contains all of my spiritual being, runneth over with the oil of Christ, the Spirit of Christ. "Surely goodness and mercy", God is the only one that is good, surely the qualities, the attributes of God, His goodness and His mercy, "shall follow me all of my life, and I will

dwell in the house of the Lord unto the end of the age", I will be a part of the household of Jehovah until the end of the age.

Why only until the end of the age? Because when the new age comes, we will be a part of the household of the glorified Jesus Christ. Praise the Lord.

This is drawing #3a, it's drawing 3, I have an a and b, on the a side of the board, I am reviewing a teaching that I have been bringing forth here for quite a few years, that Satan whose symbol is the sea, is boiled by Christ Jesus, and that boiling is the distillation of Satan's sea waters, dividing the sea into purified or distilled waters and I always use to say the earthen particles that were mixed with the sea, that were mixed with the waters, but I never realized that those earthen particles were the sperm of the Serpent, so I have drawn on the board sea water with sperm swimming in them, the Serpent and Satan which is the Serpent's seminal fluid, sea water and earthen sperm. Satan's judgment is to be boiled by Christ Jesus which distills or divides the sea water into one pure water and dehydrated or dead sperm, because sperm that are not quickened by fluid, are dehydrated sperm, or dead sperm. Then down on the bottom of 3a, I show you the distilled water, on the left side, distilled sea water, and dead sperm fallen to the bottom.

When sperm have no medium to swim in, they dry out and they die. On the b side of the board, I am just giving you a rundown of what happens, Christ is formed in kneeling ones, we are talking about the people who have humbled themselves and submitted to God. Satan is distilled in the kneeling ones, the people who are confessing their sins and repenting, Christ is formed in them, and then Christ boils Satan, that is the judgment that comes upon Satan when we confess our sins and repent.

3. Christ absorbs the purified waters of Satan's distilled spermless waters.

4. Christ discharges His spiritual sperm into Satan's distilled spermless waters. The Scripture, you are renewed in the spirit of your mind, when Christ is formed in us, He is a seed, He does not come with His own sea, He does not come with His own waters, He is a sperm that is not, He is a sperm that is alive which is impossible in this world, but He does not bring His own waters, He wants the waters that already exist in the person that He is grafting His seed to. That is why He boils Satan to take her waters away from her. The waters are the measure of energy that the person came into this world with, and either the Serpent's sperm are swimming in the waters, or the sperm of Christ are swimming in the waters, there is only one sea in each of us, do you understand

that? There is only sea in each of us, it is the sperm that could be either the Serpent's sperm or the sperm of Christ.

Christ is taking the waters or the energy away from Satan, and the Serpent's sea which swam freely in those waters are falling dead to the ground.

4. Christ discharges His spiritual sperm into Satan's distilled spermless waters.

5. Christ' sperms weaves together with Satan's distilled spermless waters. 6. The Christ sperm imparts a new nature to Satan's distilled waters, which now are no longer barren, they now have the sperm of Christ in them.

7. The completed waters, the female water and the male sperm of Christ take the name of the male sperm, the sea, and this is what they call it, the sea or the Spirit of Christ. We know in the book of Revelation that the sea is remade, that we see a renewed sea and that sea is a crystal sea, that is the sea of Christ. What is interesting about that, is that Binah is the awesome crystal, we are told in the Zohar, calls her the awesome crystal, Binah is the sea. The sea of Binah is coming down to dwell in Malkhut, Malkhut will be a complete reproduction of Binah in the earth. That is what is happening, so we see the new sea, the sea of Christ or the crystal sea, the manifestation of the glory of Binah in the earth. Of course Binah brings with her the powers of Chokmah and Keter.

Are there any questions, did I answer your question? Okay.

We are now going to do the fourth day, we have a translation of verses 15 - 19, describing the fourth day. I am going to read those verses through and then I am going to do a commentary on them. "And Elohim said that the collective body of light be divided from the coiled Fiery Serpents, and let the souls that shine be beacons to the animal souls and historians in the realm of time, in the places where God meets Adam, and in the area that is under the control of Zeir Anpin. And let them enlighten the foolish coiled Serpents of the earth in the area controlled by Zeir Anpin from above. And Elohim made two great luminous bodies, the collective body of light to rule over the ones who are boiling Satan, and the smaller light to rule over the coiled Fiery Serpents, and he made the Sefirot, the round shining princes out of Himself also. And Elohim gave Himself to the area controlled by Zeir Anpin from above, to illuminate the coiled Fiery Serpents of the earth, and to rule over the ones who are boiling Satan, and over the coiled Fiery Serpents to divide Abel, the illuminated side of the Fiery Serpents, and Cain the dark side. And Elohim looked at the Fiery Serpents, and they became benevolent."

Brethren, this is just really exciting, the Fiery Serpent or the coiled Fiery Serpent, that is a translation of the word "night", the Hebrew word "night" means to be twisted away, twisted, coiled, it is talking about the Fiery Serpents, and we are translating the word "day", which means "light" and then we have another word which means "lights", and I am suggesting to you that the day is the collective body of Christ, it is the collective body of light, or if we want to relate this to Kabbalah, it is the surrounding light, the great light is the surrounding light that comes down from the, I am going to have to review this, I believe it comes out of the eyes of Adam Kadmon, it comes down, and it overflows the individuals and it becomes the aura on the outside of us, it is the light of the glorified Jesus Christ, and the lesser light is Christ in the individual.

There is an untranslated word in verse 16 which means foolish, so we have included it, I go over it a verse at a time. "And Elohim said, Let the collective body of Christ, we are talking about the surrounding light, and we are also talking about the light on a higher realm, the lesser light is Christ in the individual, and I am not sure you know, what world that light is in, but it is in a lower world, I will have to think about it and pray about it if it is in a lower world, then the light of the glorified Jesus Christ that comes out of Atzilut. "And Elohim said, Let the collective body of light be divided from the coiled Fiery Serpents, and that is a translation of the night, the light that twisted away, or the coiled Fiery Serpent. And let the souls that shine, be beacons, let those of us who have shining souls, those of us that have the souls of Christ, let us be beacons to the", I amplified it to the "animal souls", but of course the Fiery Serpent is the animal soul, I may have to change that, I will have to think about it. "And let the souls that shine be beacons to the animal souls or to the Fiery Serpents and let them be historians", that is a translation of "years", "in the realm of time", that is a translation of "days", "in the places where God meets Adam", and that is a translation of "seasons", "in the area that is under the control", that is "firmament", "of Zeir Anpin", which is "heaven".

I just think this is so exciting, are you with me on this at all, that the whole of Genesis, the whole Bible is about us who we are, how we fell and what we are going to be. Is that not exciting? It is just really, really exciting.

Verse 16, "And let them", let who? "Let the ones that shine, let the souls of Christ enlighten the foolish ones, the foolish virgins, let them enlighten the foolish ones or the foolish coiled serpents of the earth, and let the souls of Christ enlighten the foolish coiled serpents of the earth, in the area controlled by Zeir Anpin from above."

Verse 17, "And Elohim made two great luminous bodies, the collective body of light called the body of Christ to rule over the ones who are boiling Satan", what does it mean to be boiling Satan? Boiling is a translation of day, if you look up the meaning of the Hebrew word translated day, it means hot, hot, boiling. And Elohim made two luminous bodies, the collective body of Christ or the collective body of light, to rule over the ones who are boiling Satan, and even in the book of Revelation, Jesus says, I would prefer it that you were boiling rather than lukewarm, I never really understood that, Jesus is saying, I would that you were boiling Satan. You have to be fighting the warfare, it is not enough to be studying doctrine and doing good deeds, you have to be fighting the warfare.

"And Elohim and two great luminous bodies, the collective bodies of Christ to rule over the ones who are boiling Satan and the smaller light to rule over the coiled Fiery Serpents." That is Christ in you, Christ in you and Christ in me, is the smaller light that rules over the Fiery Serpent within us, and He made the Sefirot, the round shining princes, that is the stars, out of Himself." Himself is a translation of the Hebrew translated "also". There was something else I wanted to tell you here, and of course, it is too late tonight but I have to see whether I will do this on Thursday, whether I will take the time to relate all of this to what we know about Kabbalah, and the surrounding light, and the inside light, and even with all of this talk about Elohim looking, it is all about the eyes of Adam Kadmon.

To be honest with you, I am going to have to review that material, we have not done it, worked on it in a long time. I just may do that for Thursday night.

Verse 18, "And Elohim gave Himself", "gave" is a translation of the word "set" "Himself" is another translation of the word "them", "to the area controlled by Zeir Anpin from above", because there is also a Zeir Anpin from below, we know him as Leviathan, "to illuminate, that is a translation of "give light", the coiled Fiery Serpents of the earth. And who is the Fiery Serpent, does anybody remember who the Fiery Serpent is? Does anybody remember who the Fiery Serpent is? Do you want to try?

**COMMENT:** Abel.

**PASTOR VITALE:** And?

**COMMENT:** Cain.

**PASTOR VITALE:** Cain and Abel, the Fiery Serpent is Cain and Abel, that is right.

Verse 19, well I will start with 18, I will do 18 and 19 together, "And Elohim gave Himself to the area controlled by Zeir Anpin from above to illuminate the coiled Fiery Serpents of the earth, and to rule over the ones who are boiling Satan and Christ, and the ones who have received Christ and are boiling Satan, and also to rule over the coiled Fiery Serpents, and to divide Abel, the illuminated side of the Fiery Serpents from Cain, their dark side, and Elohim looked at the Fiery Serpents, and they became benevolent." How do that Fiery Serpents become benevolent, does anybody know, how the stinging Fiery Serpent becomes benevolent? Do you want to try?

**COMMENT:** because it becomes a Seraphim?

**PASTOR VITALE:** I will accept that answer but more technically, what happens with what you are saying is the Fiery Serpents become holy, how do they become holy? Abel rises from the dead and covers over Cain, and Abel becomes the cover to Cain, which forgives Cain's sins and that is how they become holy, and how does Abel find the power to do that? Does anybody know how Abel finds the power to do that? Because Christ joins Himself to Abel and raises him from the dead, and gives him the power to overshadow Cain, which is the forgiveness of sins for Cain, and the whole Fiery Serpent, Abel and Cain become holy. When Cain is on top, the symbiotic twins are called the Fiery Serpent, when Abel is on top of Cain, the two are called Christ, they are not really called Abel and Cain, they are called Christ, as soon as Abel covers over Cain, they are called Christ. Is that not exciting? I really would like to review my notes on Adam Kadmon, especially the eyes of Adam Kadmon, because the looking at it, seems to be so pronounced here. Lord willing I will review those principles and try to relate them to these verses for you on Thursday, and of course this is the fourth day, so we have three more days to go.

I would like to read the sixth through the fourth day for you as we close tonight. We really did not do very much on the sixth day, I think we will go into that in more detail after we conclude all of the six days. What I have so far for the sixth day is, "And God said, Let us make man in our image, after our likeness, and Elohim said, Let the spiritual flesh, the lustful animal nature and the Serpent of the animal soul be formed from the spiritual earth, and let the animal soul be conscious and animated, and Elohim formed the spiritual flesh of the animal soul with its lustful nature, and the many membered whole reptile from the spiritual earth, and when Elohim looked at the conscious animated soul, it became benevolent. And this was the sixth day. And Elohim said, Let my spiritual sperm vibrate upon the mass of animated minute animal souls, and let my spiritual life from above cover the earthen personalities that are fainting because they are under the control of Leviathan, and Leviathan is the lower

heaven. And Elohim cut down Leviathan, that great sea monster and fed the animal soul and they all received Elohim's life, and when they all received Elohim's life, they migrated to the other side, when Elohim's spiritual seminal fluid vibrated upon each and covered every part of their species. And when Elohim looked at them, they became benevolent. And Elohim made them to kneel down and told them to bear the fruit of Christ so that He might increase and fill Satan's sea with His, or Christ's spiritual seminal fluid, or Christ's sperm, and let these who are covered increase in the earth, and that was the fifth day. And Elohim said, Let the collective body of light be divided from the coiled Fiery Serpents and let their souls, or the souls of Christ that shined, be beacons to the animal souls or to the Fiery Serpents, and let them be historians in the realm of time and the places where God meets Adam, that is in humanity, in the area that is under the control of Zeir Anpin. And let them, the souls, the Christ souls, enlighten the foolish coiled Serpents of the earth, in the area controlled by Zeir Anpin from above. And Elohim made two great luminous bodies, the collective body of light to rule over the ones who are boiling Satan, and the smaller light within each, to rule over the coiled Fiery Serpent within them. And He made the Sefirot, the found shining princes out Himself also. And Elohim gave Himself to the area controlled by Zeir Anpin, from above, to illuminate the coiled Fiery Serpents of the earth, and to rule over the ones who are boiling Satan and over the coiled Fiery Serpents and to divide Abel the illuminated side of the Fiery Serpents from Cain, their dark side. And Elohim looked at the Fiery Serpents, and they became benevolent."

Is that exciting, and I just want to emphasize to you, that these Fiery Serpents are the worms that Jesus talks about when Jesus says, the worm dieth not, these are the worms that Jehovah talked about when he called Jacob a worm, these Fiery Serpents are our spiritual potential, they are the spiritual egg inside of us, we are all spiritual wombs, and the Fiery Serpent is the spiritual egg that either matures on its Cain side, or matures on its Abel side. If it matures on its Cain side, that person that Fiery Serpent is indwelling, will experience the resurrection of damnation, the daughter of Babylon, a powerful witch will appear in them, but in the cases where Abel matures, those people will be the sons of God. The whole of creation is all about us, we are the kings of the universe, but we are the kings in the making, we are under tutors, and so long as we are under tutors, our power is severely limited and restricted until we learn how to use it, we do not want to be killing the subjects of the kingdom with the power that we have, so we are no different than the servant, until we receive the wisdom that teaches us how to wield the power, how to be a king, we have to learn how to rule, with kindness and love over the peoples of the earth, we have to demonstrate the love of God to the peoples of the earth, and until we learn

how to do that, our power will be severely restricted. Is this not marvelous, praise the Lord. Are there any questions or comments?

**COMMENT:** I think it is just so amazing, this whole interpretation of the fourth day, all our life we saw it as the sun and moon, what a contrast, it is so amazing, it is us, we have to be fighting our warfare.

**PASTOR VITALE:** Right, exactly, and it is not wrong to think of it as the physical sun and the moon, wherever you are, this is the supernatural marvel of the Scripture, that is has a valid understanding and a valid interpretation for all levels of intellect, even for small children, it is just an incredible supernatural work of the living God, amen and amen. See you all on Thursday, God bless you.
