TRANSCRIPT OF MESSAGE #594 - Part 2

KABBALAH OF REVELATION, CHAPTER 5

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought,
And Punctuation By The CCK Transcribing and Editing Team.

I have some corrections on the Verses. We have translated Verses 1 through 4. Actually I thought we translated Verse 5. I have a correction or a change on the symbols that we are using. I previously had been telling you that there were 7 Energy Centers of the Carnal Mind and 7 Energy Centers of the Mind of Christ. The Lord tells me that, that is inaccurate. We have only 7 Energy Centers. The question is, who is ruling through those Energy Centers.

It is the same principle as me telling you that we have a Carnal Mind that can be influenced by the Holy Spirit. That is the principle. Our Energy Centers are centered in our humanity that contain the basic life force; contain our energy on different levels. The energy alone; I really have been teaching this in just a different way over the years. Energy alone is spiritually female. Energy that is not controlled by the wisdom of God is female spirituality. That spirituality, power and spirituality that can be directed towards the satisfaction of one's own desires, and that is the female energy.

Our Energy Centers are filled with energy. If they are not controlled by the wisdom of God, that energy is used for the purposes of our fallen humanity. That is the bottom line. We are not talking about 7 Energy Centers of the Carnal Mind, and 7 Energy Centers of the Christ Mind. Of course, the word that led me to believe that, there were 7 Energy Centers of the Christ Mind, is the Greek word, translated, "Sealed," which we are translating, "Impressions."

I drew the conclusion that the impressions of Christ were the 7 Energy Centers of the Christ Mind. I now understand that, that is not accurate. The 7 Impressions of the Christ Mind are the 7 aspects of the nature of Christ Jesus which are being impressed upon the already existing Energy Centers. It is the influencing of the Energy Centers, and the energy therein with the nature of Christ. It is the same thing as saying, the Carnal Mind under the influence of the Holy Spirit. It is the same principle, and the Lord gave me this understanding shortly after I preached Part 1, of this message. It was so interesting because I was talking to the brethren here about the Lord speaking to me in a particular way. The word that came out of my mouth, as I tried to communicate to you, was that the Lord impressed something upon me that I did not hear an audible voice but I received an impression of His thought. That was how the Lord told me.

That, that is what the 7 Impressions are. That is what the 7 Seals are. It is not really even 7 Impressions, it is the Impressions of the nature of God upon the 7 Energy Centers. The 7 Energy Centers of our humanity being influenced by the high level manifestation of the Mind of God. I have also told you, over the years many times, that we will learn many things over and over again on higher levels. There can be one spiritual principle, and we will learn it again over and over again as we get into each world, or as we ascend to each level.

Of course, that is true in our human world also. We teach, 1st Grader's Algebra today I hear, and that is not the same level as a PHD, who is going for a PHD in Algebra. There is the Mind of Christ, who impresses the energy of our humanity with His reasoning; with His consciousness; with His morality; and with His wisdom.

When we read in the Book of Revelation, the 7 Seals, we are really saying, "The Impressions of God upon the 7 Energy Centers of mortal man. Is that alright? Does everybody have that? Accordingly I have changed the second half of the translation of Verse 1, to say, "But that the Impressions of the Mind of Christ are not influencing our 7 Energy Centers." Let me read you the whole verse.

Verse 1, Chapter 5, of the Book of Revelation. And I, John, saw that the Mind of Christ was a record of the Lord Jesus Christ, YKVK's, right hand of blessing, who is married to Christ, the throne in the midst of me, and that the nature of the Lord Jesus Christ was engraved in the Mind of Christ within me, and in my personality, which is the external garment of the Mind of

Christ, but that the Impressions of the Mind of Christ were not yet activating in my 7 Energy Centers.

This is so interesting, this Verse 1, because it is a description of my condition, and my cry to God recently. I see Christ in my thought process; I see Christ appearing in my personality, but where is the power. I have been telling you all this. I have been crying out to God, "Where is the power?" The answer seems to be, that the Mind of Christ is not yet influencing or stirring up, or activating, or bringing to the surface the energies or the powers of my 7 Energy Centers.

Now, I never saw it as a third process. I thought, receiving the Mind of Christ as a process, I saw that Mind of Christ affecting my personality as a process, but I never saw a third process. That, that Mind of Christ, first is influencing my personality, and then it is going to go to influence my energy. Do you understand what I am saying? I never saw it that way. I do not fully understand it, to tell you the truth. I think I have some revelation of how my energy should be used to help people, to help Christ be grafted to them.

If they have Christ, to help Christ to stand up in them. To lend my strength to them, to overthrow their Carnal Mind, which is what I believe Peter was doing for Ananias. I also believe that spiritual strength in tandem with the Mind of Christ will be used, and should be used to influence Government. I believe that, and to be used politically. We have had a touch of that here.

At the moment, I do not have any understanding of what, even to the whole translation. I have translated the whole 14 Verses, which, hopefully, we will get to today. I do not have a vision, at this moment, of what is required to get the Mind of Christ to impress His nature on my Energy Centers. I do not get it. Maybe this revelation will come as I preach this message, but I would like to emphasize the point that, this seems to be the major point of translating this chapter.

That, those of us that have the Mind of Christ functioning in us, and affecting our personality, our attitudes, and our behavior, and the way we relate to people, that we are now waiting for the Mind of Christ to impress His nature upon our higher energies, which are not being tapped into, at this time. Hopefully, by the time I finish preaching this message, we will have an idea of what is involved in that because I do not know. I would like to know, but I do not know.

The second correction that I made was in Verse 3, and I am not sure exactly what I said there, but here is the correction. I have the whole verse here. Let me see what the change is. Previously I said, "But since the fall, no one who is a member of Leviathan's household, nor Cain who was in the earth nor Abel, who is under the earth, has been able to activate the Mind of Christ or understand its message.

The corrected verse is, "But since the fall, no one who is a member of Christ's household, nor Cain who was in the earth, neither Abel, who is under the earth of Cain's personality, has been able to look into the Mind of Christ or understand its message.

We see that we have a new definition of the word, "Seals," which we are translating, "Impressions," and no longer saying, "Seals need to activate." We are saying the word, "Seals," means to influence that which already exists, and to activate but to influence. To activate would mean, to stop something that already exists, but to influence means, really to change what already exists. In fact, in some people the Energy Centers are already active. Almost everybody is moving in some measure of witchcraft; some people more than others. Our minds are very powerful. To activate is inaccurate, and I still will continue to remember that profound dream, that the Lord gave me so many years ago.

So many dreams I forget, but this one I never forgot. There was this big, what looked like a reservoir filled with turbulent water, and then a high rise sky scraper type building. Now, today I understand, that the reservoir with the swirling water is energies of our soul, and the high rise building, where I saw people looking out of the windows at different levels, is the wisdom that comes from Christ. The wisdom has to influence the turbulent waters.

Again I never cease to be amazed; the Scripture starting with Genesis 1:1, where it says, "In the beginning," as I have been telling you since we have been preaching from the beginning of the Zohar, in the early parts of the Zohar, the Scripture is about the individual human being. In the beginning, each of us is a world that is swirling with turbulent energies in the hour that Christ comes to us with His life, with the thoughts of His mind, with the reasoning of His mind, with the righteousness of His mind, and He comes to us with the intention of influencing those swirling waters.

Genesis 1:1 is not talking about the beginning of the physical world. More and more, my message lines up with, what a lot of occult philosophies say. I

do not know, there is so much I do not know but I think Hinduism says that there was never a time that the world did not exist. It always existed. I do not know if that is true or not, but I do believe today, that the Scripture is a message to the individual human being, about our present condition, and what the Lord intends to do.

How He intends to influence us, and that we are the raging passions; humanity; each one of us in particular are the raging passions of His wife, and He intends to impress us with His righteous nature. Did we ever have a beginning? Did humanity have a beginning? I do not know. It sounds that way in the Scripture, but who knows, but of course, we know that initially Adam was righteous, so there had to be, at the very least, an age or ages previous to this age, when mankind was righteous. What existed before that, I have no idea. Before that, we read in the studies of the Kabbalah, we read about; I am going to stop right here because I am out of my league, and besides that, that is not this message.

As far as we are concerned, there was a beginning, and we are the object of creation. We are the vessels that are the object of creation. The Lord intends to live in us, and dwell in us, and we do not have any idea. Even Paul said, "We do not know what His plans are for us after we come into His image, and He is fully occupying us as a husband occupies his wife." We do not know, but there is a level of consciousness. You see, right now we suffer because of a conflict in ourselves between our humanity, and the nature of God.

We suffer but there is a place; it is a spiritual place, and a mental place where we are so in agreement with God that there is no conflict. The question is, can we remain in that place while associating with human beings that are not in that place. That is the challenge. It is easy to be in that place when you are off in a cave somewhere, and you are totally separated from human life, and you are isolated, and you are not associated with other people.

It is easy enough to stay in that place where you are one with God, but can you stay in that place when you are one with God when you are out living in the world with people who are living the carnal life? That is the question. I do not know that it is possible before the time that our soul is completely joined to our spiritual husband who dwells within us. I think that our soul will always be seduced down towards the earth, in Jesus name.

I have some notes here to pick up with. Let me see. New definition of impressions. I think I must have taken this from the dictionary.

1. An impression; that which stays in somebody's mind; a lasting effect; an opinion, or mental image of somebody or something. I made a bad impression by arriving late for the interview. That is an example.

2. An impression is a general idea of belief about or understanding of something. Example; I was under the impression that you were married.

3. An impression means, pressed in shape. A pattern, design or mark made by something hard, being pressed onto something softer. Example; the intruder boots had left an impression in the mud.

You see what an impression is; something that stays in your mind; you can have a memory of what is right, a general idea or belief about understanding; that is the Lord's morality, and something that changes your nature; that is pressed into you fully. I am going to read, Alternate Translation of Verses 1 through 4, and then we will go on with Verse 5.

Alternate Translation - Revelation, Chapter 5, Verses 1 through 4. And I, John saw that the mind of Christ was a record of the Lord Jesus Christ, YKVK's right hand of blessing who was married to Christ, the throne in the midst of me, and that the nature of the Lord Jesus Christ was engraved in the Mind of Christ within me, and in my personality which is the external garment of the Mind of Christ, but that the impressions of the Mind of Christ were not activating my 7 Energy Centers.

And I, John saw Christ Jesus, the strong angel who was born from the union of the Lord Jesus Christ and Christ in the individual declaring with the single authoritative voice of Keter, Chockmah, and Binah, that the impressions of the Mind of Christ are capable of activating my 7 Energy Centers.

But since the fall, no one who is a member of Christ's household, nor Cain who is the earth, neither Abel who is under the earth of Cain's personality, had been able to look into the Mind of Christ or understand its message, and I wailed aloud a great deal because there was no one who could see with the Mind of Christ or understand His message.

I see that I am saying that the Energy Centers have to be accurate or certainly all of our Energy Centers are not being activated. The witchcraft that humanity manifests today, basically is on the lower levels. We are talking

about activating the higher levels. We have 7 major Energy Centers. Of course, we not only have more than 7 Energy Centers, we have myriads of Energy Centers.

I have come to the conclusion on these recent messages that we have preached, that the Circular Sefirot represent the Energy Centers, and that the Linear aspect of the Sefirot represent the mind and the wisdom of God. The wisdom of God is penetrating the Energy Centers. If that is the case, if the Circular Sefirot represent the Energy Centers, and the Circular Sefirot represent the world, those Energy Centers exist on all levels, like cells of our body; like atoms in our body exist on all levels.

I have actually translated the last verse of the chapter where it talks about ten thousands, and ten thousands, and thousands of thousands. That word, "ten thousand," means, "myriads," an uncountable number, and I think that is what we are being told. That the Circular Sefirot are the Energy Centers, and we may have 7 major Energy Centers up and down our spine, but every cell of our body, every atom of our body is an Energy Center, a holding tank or a vessel that contains the energy of God.

The energy is still our entire being. Just like mind is still our entire being. Our brain is an organ, a physical organ that is in one place. Our mind is spiritual, and is spread throughout our very being, while the energy of God that keeps us alive, the life force, is spread throughout our entire being. Therefore the Circular aspect of the Sefirot exist in every aspect of our being. The question now is, does the wisdom of God exist in every aspect of our being?

That is a very interesting question. I do not know the answer to it. Right now, as far as I am aware, only the wisdom of God only affects my mind. Perhaps someday the wisdom of God will control my emotions. What an interesting thought. Will the wisdom of God control every soul of our being on a cellular level? It sounds right; I just cannot image how that would affect me in any way. Let us go on. When the Lord answers me about that, I will talk to you about it. Verse 5, Revelation, Chapter 5. Let me read it to you in the King James here.

And one of the elders saith unto me, "Weep not, behold, the Lion of the tribe of Judah, the root of David hath prevailed to open the book and to lose the 7 Seals thereof. This is our Alternate Translation. We are translating, "Elders," "Energy Centers." And, "To weep," we are translating, "Wail aloud." Actually we did this in Part 1, but I think we are redoing it because I got a deeper

revelation of the meaning of the Lion, and I have a couple of other verses that I translated, to make that point. Of course, "Seals," we are translating, "Impressions." The word, "Prevail," we are translating, "Overcome," and this is the translation in Verse 5.

And a voice spoke through my Energy Center; there is consciousness in our Energy Centers. And a voice spoke through my Energy Centers and said to me, "there is no reason for you to wail aloud; look the Chayyah of Moses soul, even the Lion of Atzilut, the same spiritual root that incarnated as David of the tribe of Judah, has overcome your carnal mind, and opened your 7 Energy Centers to the impression of the Mind of Christ."

You see, our Energy Centers are not even open to the impressions of the Mind of Christ until our Carnal Mind is overcome. That should be obvious, and how many people are still resisting this message. They will not even consider it. They are not open to this message.

We see that the Lion of the tribe of Judah, which is the wisdom; the Chayyah level of Moses' soul is able to open the Energy Centers to the impressions of the Mind of Christ. It is the Chayyah level of soul that is able to overcome the carnal mind that is resisting this truth. Now, that is interesting because we have been asking the question here for a long time. What is it going to have to happen before the body of Christ, at large receives this truth? Here we see an answer. The people who are preaching this truth have to ascend to the Chayyah level of soul. That is pretty interesting because I still, to be honest with you, I am confused about that. Let me put this on the board for you. I want to show you what is confusing me about that. There are 5 worlds, and we have the 5 levels of soul in each world. Nefesh, Ruach, Neshamah and Yechida.

When the Scripture says, it is the Chayyah level of Moses' soul, the man, the preacher, the evangelist, the teacher that has ascended in their mind and their spirit to the Chayyah level of Moses' soul; I just got a clue; will have the power to break the bondage on the mind of the body of Christ. Here, I have this question on Drawing #1. The Chayyah level of soul on which world, will open the body of Christ to the Doctrine of Christ? Is it the Chayyah level of soul in Asyiah, is it the Chayyah level of soul in Yetzirah, is it the Chayyah level of soul in Beriah, is it the Chayyah level of soul in Atzilut or is it the Chayyah level of soul in the world of Adam Kadmon?

Where are we? Where is the average preacher today? Where am I? Let us take a look. Of course, the clue is, it is the Chayyah level on Moses' soul. Then we have to ask our self, where did Moses ascend to? My understanding is that Moses ascended to the World of Atzilut, and that Jesus ascended to the World of Adam Kadmon. That means, it is the Chayyah level of soul of the World of Atzilut.

The man who ascends all the way up here will have the power of mind to strip the bondage off of the mind of the body of Christ, and open them, and activate the Energy Centers, and impress the Mind of Christ on the Energy Centers, and enable them to understand that the Doctrine of Christ is of God.

As I drew this Drawing, the Lord answered my question right here, but where are we, and where am I. Personally I do not think, I am certainly not up to the World of Atzilut. Obviously not because there are still so few people embracing this message, so obviously I am not there. Well, just let us take a look at what it means.

Let us have the World of Asyiah, for example. Where is my pointer, I have not used this in a long time. In the World of Asyiah; the world of action, that means, this world here. A mind is supposed to be influencing people and things. If our mind is going to influence the Nefesh level of soul, in the World of Asyiah, what would that mean? What is Nefesh? Nefesh is the basic life force. Do we influence each other? Do people not influence each other? Does our personalities just influence one another? We give each other advice. We love each other. We criticize each other. We influence each other. Just about everybody, including infants, have influence on the Nefesh level of the World of Asyiah. Did I make that clear?

Then we see the Ruach of the World of Asyiah. Ruach is the spiritual level of the World of Asyiah. I personally think that most people are functioning in the Ruach of Asyiah. They may not know it, but our thoughts are spirit, and our thoughts affect people. What we think affects people. I also think the average person is functioning on some level in the Ruach of Asyiah.

Now, the Neshamah of Asyiah is the brains. It is talking about the brain, it is talking about wisdom. Every human being on the face of the earth, is not influencing other people with their intellect, but some people are. I am influencing people with my intellect, so I can say, amen. I am functioning on the level of Neshamah of Asyiah.

Now, Chayyah of Asyiah. Chayyah is a life force, a spiritual force that is beyond the Ruach, which is the human spirit.

In order to be functioning on the Chayyah level of Asyiah, you would have to be manifesting the Spirit of Christ. I believe I manifest the Spirit of Christ; that people are influenced by the Spirit of Christ in me, and all of you should be saying, "yes or no for yourself."

The Yechida level of soul, on the World of Asyiah; that is the level of soul that is oneness with God. It is in unity with God. Are you hearing from God, as an entity outside of you? If you hear an audible voice, that means, that you are not one with God. God is speaking to you as a separate person. Is the Lord speaking to you through your own thoughts? Is He speaking to you through your own inclinations and desires? I do experience that. I have no way of telling you whether I am experiencing it 100% of what is available in Asyiah or not, but I experience it a lot. That I just do things, I do not know why I am doing them, and it turns out that it is something that really needed to be done to protect me from something that was happening.

I am one with God in the midst of me, and he thinks through me. Just like, if you get thirsty, and you get up, and take a glass of water; I might get hungry, and decide to go to a particular restaurant, and find Ministry there. I am one with God on this level. I think that I am functioning, can I say 100%, I do not know, but I am functioning largely, very largely on all 5 levels of soul in the World of Asyiah.

We are going to be, ideally, we will be functioning in all 5 levels of all 5 worlds at one time. We will be a great spiritual being. That is where the Lord Jesus is right now. He is functioning on all 5 levels of soul in all 5 worlds at the same time, and that was the condition of Adam before the fall. He functioned, and he influenced all of the other entities on all of these worlds, in all 5 levels, in all 5 worlds.

Let's take a look at the World of Yetzirah, which is the World of Formation. What does that mean? When you have power in the World of Formation, you can change things. You formed what already is. Maybe you can speak to somebody, and convince them, not by witchcraft means, but by reasoning that your thinking might have more validity than theirs. Maybe your opinion or your likes, and your dislikes influence other people. You find other people doing what you do or saying what you say.

In our world you would be called a leader. You have leadership qualities. You influence people. That would be the level of Nefesh of the World of Yetzirah. You form people in your image. I form people in my image. I have a following; that means, people are being formed in my image. They want what they see, so they follow me in the hopes of getting what I have.

Then we have Ruach in the World of Yetzirah; spirituality in the World of Formation. I also influence and form people spiritually. Am I not forming Christ in you? By what I teach you, I am forming Christ in you, so I am functioning on the level of Ruach in the World of Yetzirah.

Then we have Neshamah, the intellect or the brain of the World of Formation. Am I forming anybody's brains? Yes I am. I have the ability to impart the seed of Christ to people, so I am involved in forming the Neshamah or the seed of Christ in individuals. I am functioning on that level.

Then we have the Chayyah of the World of Formation; that is the life force. This Ruach again, looks like coming out of Christ in me, and the Chayyah would be a function of the Lord Jesus, and it would be a higher Spirit of the Spirit of Christ. It is the Spirit of Christ in me forming anything or anybody. It is the Spirit of Christ in me forming what already is. I would be inclined to say that people are being influenced, and formed by me that the Mind of Christ is being formed in them, and that the Spirit of Christ is being formed in them. I am not too sure, but if I have to guess I would say, yes.

In Yechida do I have oneness with God? In the realm of the spirit when I see visions, are they the visions of God? When I have dreams, are they the dreams of God? When I see images when I pray, are they the images of God? Yes. Most of the time, if not, I cannot say all of the time, most of the time. It looks to me that I am functioning pretty largely in the World of Asiyah, and the World of Yetzirah.

Now, when we come to the World of Beriah, which is the World of Creation, I do not think I am there yet. You all may know that we recently, I and the whole Ministry with me, recently had an experience, where the Lord told me that a particular building that the Ministry would acquire, and when it did not come to pass, I sought the Lord about it. If it was a false prophecy, I was prepared to confess it, and deal with it, but He told me something that I had never heard before.

This is what the Lord told me. It is the first time I am putting it on a tape. This is what the Lord told me, and now I understand that I was just putting my toe into the World of Beriah. I did not understand it at the time. Christ in me was trying to ascend into Beriah. The Lord said to me, that Christians that seek the Lord Jesus, that whose consciousness is in the World of Asyiah, or even in the World of Yetzirah, they asked the Lord to have their needs met, and the Lord Jesus Christ from on high, provides, as if He provides to the child, but I did not know at the time I was ascending into Beriah, but I will tell you now.

As our consciousness begins to ascend into Beriah; that is the World of Creation. That is the world when our consciousness abides in Beriah; we do have the power to bring it into existence what did not exist before. In Asyiah, and Ruach, and in Yetzirah, we are influencing or forming what already existed, or what already exists. In Beriah, your mind has ascended into the World of Creation. You are causing to come into existence what did not previously exist.

This is what the Lord told me when we did not get the building, and I was willing to confess it as a wrong prophecy, although it was hard to believe because so many other people were being touched by it, and it seemed so real.

The Lord said to me, "You have ascended to a place where I am no longer giving you gifts, where you have to go out, and take what I tell you is yours." In other words, when the Lord told the Israelites, leaving Egypt, He said, "Go take Canaan land, go kill the Philistines, kill men, women, children, animals, go kill all the idolaters, and the land is yours." He told me that was what I had ascended into, and when He said to me, "that building is yours," what He meant was, go and take the land. If you succeed, I am giving you permission that, to take that building you have permission to take that building. Now, if you have the strength to do it, it is yours. If you do not have the strength to do it, it is not yours, and apparently I did not have the strength to do it.

We saw some miracles come to pass. There were all kinds of problems. We could not get in touch with the Real Estate. One night I supernaturally got in touch with the Real Estate, and supernaturally got inside of the building. It was obvious that the hand of God was moving to rearrange connections, and then press to get inside of the building.

I had got the name of the owner, which should not have been available to anyone and I got to see the owner. I gave him a book as the Lord told me to, so there was a move of the spirit towards us acquiring that building, but apparently Christ in me was not ascended enough to get it.

Now, let us pursue this. I am so happy to see this message coming forth because the few people that I told about not getting the building, I had to deal with my pride because it was a little embarrassing. I was so vocal about the Lord telling us that, that was our building. When He gave me this explanation, I believed it but I always felt in my heart, I did not know if other people believed it, but I had to go on. That is what the Lord told me, and here I see a more complete or fuller explanation of what the Lord was saying to me, so it was a witness to anyone hearing this tape, who had a problem believing what I told them.

Here is a witness to what the Lord told me about why we did not get the building. The Lord had given us permission to acquire that building but the collected Christ in the whole Ministry, but mostly me, apparently was not powerful enough with all the prayers that we prayed to bring it to pass. That is alright because we will get another chance. We will get stronger, and we will get another chance.

Let us take a look. The Nefesh of the World of Creation. Now, how would that manifest? The Nefesh; that is the basic level of soul of the World of Creation. I am not really sure, to tell you the truth. Would my personality effect in any way, bringing into existence what does not already exist? Now, I did make contact with the owner of the building but I guess I did not influence him enough. Not to give us the building anyway. The building cost a lot of money. It would have been a lot of money for him to donate to the Ministry. I got to him, and I think he was impressed with me but not impressed enough to turn over that property.

The Ruach of the World of Creation; that would mean spiritual influence in the World of Creation. I do not think I have that. That would be my human spirit on the level of Creation. I do not know, I do not see myself as bringing things into; well, that is not really true. I was going to say, this Ministry never existed but, of course, I did not do that, the Lord did that whole thing, bringing the Ministry into existence.

It could be, we could say that the Nefesh, and the Ruach of Beriah could be involved in bringing someone to the Lord who really would never, ever come

under other circumstances. Maybe that is what I am involved with right now. I am involved with something right now that has been very stressful, ministering to somebody who really; I have believed that the Lord really is calling them but they are not converted, they are not reconciled.

It has been a very strange, and stressful experience for me, and I cannot decide whether it is God or not. The more we all prayed, the more it just seems to continue on. It is an experience like I have never had before, and perhaps that is what is happening. When was it, two years ago that we lost the building? Maybe two years ago the Lord invited me to ascend into Beriah, and I had an opportunity; I was not strong enough to influence this man. Now, this is not witchcraft. If it is the Mind of Christ, then it is a Godly influence. God influencing people. He definitely tells people to donate money, and donate buildings. God influences people. As long as it is God's will it is not witchcraft.

Maybe two years ago I started to ascend into Beriah, and I did not know it, and I had the opportunity to influence someone to donate a building to us, and with the whole Ministry helping me, I did not succeed.

That was on the level of Nefesh, and Ruach, and now I am ministering to somebody that is really; I cannot say they are not a Christian because they believe in Jesus Christ, but they are not converted, and they are not reconciled, and it is a very strange situation, and I have been ministering to this person on 3 levels. I definitely been ministering to them on the level of the Nefesh because they are a highly spiritual person in this world. They are not spiritual in Christ, they are spiritual in their natural man, and I have been ministering this high level doctrine to them, and they have been understanding it.

I have been ministering to them on the level of Nefesh. I have been ministering to them on the level of Ruach because I have prayed for them. They have been healed in minor ailments. I do not have miracle working power, though they need a physical miracle, and I have definitely been ministering to them on the level of Nefesh on the level of my personality.

The Lord has brought a friendship influence, a spiritual healing type influence, an intellectual influence, but I do not believe that I am ministering on the Chayyah level of Beriah yet. I am just so happy for this message. I think it is the answer to all of my prayers. I have been crying out to the saints here to help me, and crying out to God to help me to understand what is

happening in my life, and I think this is the answer. That I am in the World of Beriah, and I do not know how successful I am being but there is a real conflict, and a real war going on, on the first 3 levels of soul of the World of Beriah, the World of Creation.

The Lord wants to bring this person into; He wants them to be created. We have been doing some studies in the Zohar which says that the Creation begins when Christ comes to the unconverted vessel. Under any other certain circumstances I would be telling anybody that asked me, you do not spend this kind of time, or put this kind of energy into unconverted vessels. There is really no repentance in this person. No repentance, yet they are seeking God but they want to hold onto their old lifestyle while they seek God.

As I said, they need to be reconciled, and be converted. That is what they need. I would counsel any Christian to not be ministering to someone like that. The danger that could happen to you is that you could be seduced into their life style. You are not supposed to be fighting for your life when you minister to somebody. I would tell that to anybody but here I am in this difficult situation, and I think the Lord, in response to my cries, is telling me that this is what is happening to me. That Christ in me is, I think not very accomplished, but functioning in a very, very low level in the World of Creation, trying to bring the Creation of God forth in an unconverted vessel.

Do you get a witness to that? Is that not interesting? I really think the Lord is talking to me, I am so grateful, and the warfare is just intense. The warfare in my humanity, the warfare in my spirit, and the warfare in my intellect. That is exactly what I am going through right now, and I am being bombarded in all 3 areas. Well, would you look at that? Is not that interesting? Two years now, I have been moving in the World of Beriah on a very unaccomplished level. I think the Lord is saying to me that I am much more accomplished than I think I am.

That I really do not fully comprehend what I am up against here. At the moment I do not feel that I am taking the victory, but I have no idea of the extent of the force that I am up against, and that I am functioning on Beriah. Lord willing I will prevail. Is not that interesting?

Now, as far as the Chayyah level of soul; that is the life force. I do not think I have that. I do not think I am manifesting that, and I do not know how the life force would manifest in the World of Beriah, the World of Creation. I

guess it would be the impartation of the Spirit of Christ on that level. I certainly do not have that. I am struggling with the 3 lower ones, simultaneously, although I was prevailing with the Neshamah.

This person got a lot of the doctrine, and they got a lot of my Nefesh, Ruach, and Neshamah, but right now the tables are turning, and they are really struggling. They will not give up their life style, and the struggle is intense. They are determined to not give up their life style. I believe that I have to hold on, but I need help from the Lord Jesus. I really believe that this fight is too strong for me alone, and with all the brethren praying for me, this fight is too strong. This battle is too powerful for me I think. I need help from my Father.

How interesting because we are being told now that it is the Chayyah level of Moses' soul which was on the World of Emanation. To be honest with you, I do not know what the manifestations of the level of soul from the World of Emanation would be. We talked about the manifestations of soul in the World of Action, and that is just people influencing each other, average people.

On the World of Formation, how we make something out of people that they were not before. Out of the World of Creation, we give them something that they never had. In other words, let me explain this to you. Most of the people that I have met that have come to the Lord, there is something in them drawing them to the Lord, and then you help them to be formed in the Lord's Image. This person that I am struggling with on the World of Creation, they are not coming. This person, in my opinion, would never get to the Lord by what is available in the church today.

They have no repentance. Absolutely no repentance. Apparently the people that come to the Lord, and work with you to have Christ formed in them, they have something that this other person does not have because they just will not repent, and give up their life style. They are lacking whatever it takes to come to the Lord on the level of Formation; where you will let Christ be formed in you. Are you following me?

This person is in a spiritual condition that required a Minister with a level of soul, who is ministering on a level of Creation, who can literally bring something forth in that person that they are lacking. They are lacking what it takes to repent, and let Christ be formed in them, and be glad for it. They are lacking.

I am so grateful for this message; I cannot tell you. Thank you Jesus, You are so faithful; so something is literally being created in them that was not there before.

On the World of Emanation; you know a lot of what I preach, I preach out of my experience, so obviously I have not been to the World of Emanation yet. I do not know how that would manifest in someone's life. Maybe, the thought that just came into my mind is; here I am struggling with this person in a relationship with them. Struggling with them to see if Christ could be created in them.

Paul says, "Let Christ be formed in you," but we are talking about Christ being created in this person. The Lord said, "They needed, they do not have." I am just so fascinated with that. Now, I am struggling with this relationship with them.

Now, the World of Emanation; what just has come to my mind is, that when your mind ascends into the World of Emanation, that means that your mind is powerful enough to just think towards people, and bring them into Christ. Just have to think towards them, and you will emanate the power that will convert them.

The World of Adam Kadmon; that is out of the body already. That is where the glorified Lord Jesus Christ is right now, and I think we have a ways to go before we have to deal with that.

It is going to take someone or some ones, whose mind has ascended to the Chayyah level of the World of Emanation to bring in the body of Christ at large. To bring in the large numbers of the body of Christ. I do not see how we are anywhere close by. I do not see how we are anywhere close by.

I just had an interesting thought. This relationship that I am struggling with on the World of Creation; the struggle is that the person keeps trying to bring me down into the flesh.

I am supposed to bringing them up into the Spirit, and they keep trying to bring me down into the flesh. When they bring me down into the flesh, it is part of the struggle that I am having that, I feel it separates me from God. It separates me from God, and I think the Lord is telling me that to ascend to Yechida of the World of Creation, I am not there. In the day that I ascend to Yechida of the World of Creation, I will be able to have a relationship like this where it will not be a struggle. I will be one with God on this level, and there

will be no way that they will be able to pull me down into the flesh, but I am not there.

It is possible that, when I take the victory with this person that I am ministering to, that I can ascend to the Chayyah, and Yechida level of the World of Creation very quickly as a result of creating Christ in the individual. Then how long will it take me to start moving in the World of Emanation? I have no idea.

This does not sound very encouraging if we are waiting; unless it is somebody other than me, as far as I am concerned, as far as me being the person who can minister Christ on these high levels, and just talk to people and have all the bondage of their mind fall away so that they can receive what I am telling them, I do not see that happening in any time in the near future.

Like I said, if the struggle with this particular person comes to an end suddenly, in the next couple of months let us say, I still have to start working on the World of Emanation, which could take a few years. I just do not see it happening tomorrow, but of course, you never know.

Everything really depends on God's plan, and how badly He wants to manifest it at this time. Anything could happen, but aside from a supernatural move, as I pursue the course that I have been pursuing, I do not see it happening at any time in the near future. Now, I see that is going to be at least five or more years. That is discouraging. We are all hoping and waiting for it to happen.

Of course, I would think the Chayyah level of soul of the World of Creation would be where the miracle working power is. Now, we know down in the World of Asyiah, miracle working power exists but it is not resident in the Ministers, and it is not specific.

Ministers that have miracle working power; they could pray, and some people get healed, and some people do not. Sometimes the Lord will direct them to someone, and that person will get healed. Jesus healed; well, He said, "He only did what the Father told Him to do." Basically He did the healing. He recognized that someone was qualified, and then He healed them.

He did not wait; or He did not pray to the Father, He had the resident power to heal, but in the World of Creation, those of us that ascend to the Chayyah level of soul, have resident miracle working power. We will have the strength to say, "Cancer be gone; 'I perceive that you have the faith where it cannot

be undone.' Very close to that, it seems to me that when I take the victory with this person that I am struggling; and what will the victory be that the root of Christ will be created?

You see, Christ cannot be formed in you. I would like to what that even means, because my understanding today is that Christ is grafted to Abel in us, so what would be lacking that has to be created? The part of us that receives Christ; this my guess right now, is not there. What does that mean? Abel is not there in this person, or that Abel is so overtaken, that for all intents and purposes, He is not there.

I thought that Abel was dead in everybody, but we know that death does not necessarily mean, lack of consciousness. When we say that Abel is dead, we mean that the good side of our fallen soul, as far as God is concerned, is not active. That Abel is in full agreement with Cain as to the moral perspective in most people; what God would consider the moral perspective.

Today fornication is totally acceptable. In people who believe that fornication is totally acceptable, Abel is in full agreement with Cain. That is what I mean when I say, the moral perspective. I do not know. Something is not there that needs to be created. Lord, would You just give me the answer to that before we move on with this message?

What is not there that needs to be created before Christ can be grafted? What is not there that needs to be created? I do not understand. I do not understand. I am not going to hold up the message. If the Lord speaks to me before the end of the message, I will put it on this tape, otherwise we have to go on.

This whole teaching came forth as a result of Verse 5 of Chapter 5 of the Book of Revelation, and we see the man, and that means physical man or physical woman; the spiritual man whose mind is ascended to the Chayyah level of the World of Atzilut, will only have to speak to people. Not even speak to them, probably just think towards them; just emanate Christ towards them, and they will receive, and believe in the Lord Jesus. We do not know when someone like that is going to appear in the earth. It is a struggle; we are climbing this mountain.

I have had a thought in my mind for the last couple of days. I do not really know why, outside of a general understanding it is there; Oh, maybe it is a personal word; that would be really exciting.

Actually I think it was one of the verses in Chapter 4, which says that the Golden Energy of Keter overflows, and manifested itself in the prayers of the saints. In other words, that highest level of energy, flowed down into the vessels, which are human beings, and generated the prayers of God. Of course, this, at least to my understanding at this time is what is happening. This is what the creation is all about.

We are the vessels that are designed to contain the life of God, and that it is His intention to pour out of Himself; and He is energy; to pour out of Himself into us, the vessels, and to manifest Himself through us in every creative way. In our voice; in our thoughts; in our sight; in our understanding; in our relationships; so that is a success; a story that the Golden Energy poured out of Keter, flowed down to Malkhut, which we are, and manifested in the prayers of the saints.

That is the whole idea of the invisible, unknowable, Spirit of God wants to reveal Himself through mankind to the rest of mankind. After that, who knows what. The vision I have had in my mind for the last while now, is a mountain; a volcano erupting. I have seen pictures of volcanos erupting, and the red hot lava pouring out of them, and pouring down the mountain. That has been in my mind for the last few days, if not longer; I lose track of time.

I think the Lord is saying to me is that, that Scripture is about to come to pass; hopefully within me because I have been struggling with this person. Struggling, and struggling such a serious, severe struggle, and I hope that the vision that I am seeing of the lava, coming out of the volcano, and pouring down the side of the mountain, is the power that will be sent by God to be victorious in this conflict. I sure hope that is what that means, because I need something; I need help from somewhere.

The struggle is just too close, just too close, causing me severe anxiety. I could see the lava coming down out of the volcano, and it is golden; it is like red and gold. Have you ever seen pictures of it; it is like red and gold as it pours down the side of the mountain.

I believe the Lord is telling me that help is on the way, and I thank You Father for giving me the understanding of that vision that has been in my mind for a while now. Who knows how long. Thank you Lord. You must know that I genuinely need help. You must know that.

I think the Lord is telling me that when I take this victory, I will be manifesting victoriously in the Nefesh, Ruach, and Neshamah level of Beriah. I think He is telling that once that victory is taken, I will start manifesting the Chayyah, and Yechida level of Beriah very quickly thereafter. Praise the Lord. That is exciting.

Are there any questions about this Drawing? You have a question, okay.

COMMENT: When you speak about the World of Beriah, does not God's judgment come in there somewhere, bringing forth judgment upon the disciples. That they repent, and then by the repentance, they would come that much closer to the realization of the World of Beriah, that they are being perfected.

PASTOR VITALE: Maybe I do not understand what you are saying, but judgment takes place on every level; every step that we take. We cannot go forward without judgment. Even both Elijah and Elisha; they smote the Jordan, and Elisha smote the Jordan with Elijah's mantle. That was judgment. Judgment falls before you go forward.

Your sins are exposed. You confess and repent, and take correction, and then you ascend, every step of the way. That is why it is so important to know on what level God is working with us, and anybody hearing this tape or reading this message, I want to tell you, that if you do not know, or anybody here, if you do not know what character flaws the Lord is working with you on, if you do not know that at this time, then He is not working with you, and you are not growing, and you are not moving forward.

You need to know what you are overcoming at this time. Do you know what you are overcoming at this time? Do you know what you are working on? Whoever you are, if you are hearing this, and you do not know what the Lord is dealing with you on, you are standing still. That means, you cannot hear Him, because He is continuously dealing with us. Continuously showing us our weaknesses for the purpose of strengthening us.

Going on, we are finishing up with Drawing #1. We had a little discussion off of the tape here, and it appears that, that which is being created by the Minister whose mind is ascended to the World of Beriah, the World of Creation, that which is being created that is not there, is confession or conviction, confession of sin, and repentance.

Now, we know that the Holy Spirit convicts us of sin, but before the Holy Spirit comes to us, we have to have a general repentance, and come to the Lord. Then the Holy Spirit comes, and convicts us of specific sin. The person who is receiving the ministry of the World of Beriah apparently is lacking the ability to confess one's sins, and to repent.

One of the things that was said by a member of the congregation was, that a very powerful spirit of witchcraft must be present in those people who simply cannot find confession or repentance.

That, they are actively, and adamantly fighting with the word of God, declaring their life style to be valid. Confession, and repentance can come years apart. There is a difference between conviction of sin, and confession. I think the difference is that conviction of sin; to be convicted you first have to know that what you are doing is wrong. A lot of people say they know that it is wrong, and they keep on doing it. I know a lot of people that fornicate, and they know that it is wrong but they do it anyway.

Conviction means that knowing that your sins bothers you to the point that you will stop doing it. Lack of confession is just a complete unbelief in what God says, and this particular person is adamant that what is obviously sin is just a misunderstanding or something that was said thousands of years ago. Forget about conviction, there is not even an acknowledgment that the Bible knows what it is talking about.

I am being told that the Bible is being misunderstood. There is a real problem. I have had people say to me, xxxxxx, "You know I am not living right, so I cannot really be hanging out with you." They know fornication is wrong but this particular person; the sin is not fornication. Adamantly standing across from God saying, "This cannot be sin."

What is lacking, and what needs to be created there, is confession, and then conviction, and then repentance but it is the confession that is not even there. That is what we are creating. Praise the Lord.

Moving on, I intended to finish this message today but you never know what kind of side messages the Lord is going to bring forth. Now, further to this translation, this Alternate Translation to Verse 5, I got very excited when I found out that the Lion in the Scripture signifies the Chayyah level of soul, and I had an Alternate Translation for you of Genesis 49:9, and Numbers 23:24. Just let me read you the Alternate Translation of Verse 5 first.

And a voice spoke to my Energy Centers, and said to me, "There is no reason for you to wail aloud, look, the Chayyah of Moses' soul, even Lion of Atzilut, the same spiritual root which incarnated as David of the tribe of Judah has overcome his Carnal Mind, and opened his 7 Energy Centers to the impression of the Mind of Christ; the Chayyah of Moses' soul, even the Lion of the Tribe of Judah or the Chayyah level of Atzilut.

Genesis 49:9 King James. Judah is a lion's whelp from the prey, my son, thou art gone up: he stooped down, he couched as a lion, and as an old lion; who shall rouse him up?

Brethren, these Scriptures are so delightful but who knows what they mean. Nobody knows what they mean but today we know what Genesis 49:9 means, and Genesis 49:9 is a prophecy about Judah.

Judah is a "Cub," that is a translation of, "Whelp." Judah is a cub of the Lion, World of Atzilut, and the word, "Who," we are translating, "Binah." Binah raised up, and, "Raised Up" is a translation of "Rouse." The word, Hebrew word translated, "Prey," means, "Fresh," "Gone up" means, "Incarnation," to incarnate again. Old lion means, "A Female Lion," so we are translating it, "Lioness," and the word, "Stooped," we are translating, "Humbled." The word, "Couched" we are translating, "To Lie Down."

This is what we got. Judah is the cub of the Lion World of Atzilut, that Binah raised up, and you, my son, are a fresh incarnation of Atzilut, the Lion World that Satan, the lioness humbled, and caused to lie down. That Lion World was in Adam. Praise the Lord.

Judah is the cub of the Lion World of Atzilut that Binah raised up because Binah is the one who brought forth the creation. And you, my son, are a fresh incarnation of Atzilut, just as Adam was; just as Moses was, an incarnation of Atzilut. You are a fresh incarnation; the Lion World that Satan, the lioness humbled, and caused to lie down. Actually Satan humbled Moses, caused Moses to lie down. Remember in the Book of Jude, we see Satan fighting with Michael over the soul of Moses?

Numbers 23:24. Behold, the people shall rise up as a great lion, and lift up himself as a young lion; he shall not lie down until he eat the prey, and drink the blood of the slain. This is an exciting translation because we see strains of the Book of Revelation in it.

The Hebrew word, "Emore," translated, "Lift Up," we are translating, "Incarnate." The Hebrew word translated, "Until," we are translating, "As Before." The negative particle, "Not," we are translating, "Satan." The Hebrew word, "Slain," we are translating, "Pierced By," and the Hebrew word, "Eat," we are translating, "Consumed," and this is what we got.

Behold the people of God shall rise up like a roaring lion when the Lion of Atzilut incarnates as before, and causes Satan to lie down, and the people of God who are pierced by the fresh incarnation of the Lion World of Atzilut, and consumed by Him will drink the blood of His life. Let us take that as a phrase at a time.

Behold, the people of God. That is the body of Christ. That is us. We are going to rise up as a roaring lion. The body of Christ is prophesied to rise up in power. That means, that has to happen. I do not know how long it is going to take but the body of Christ right now, which is filled with sickness and death; diseased; divorce; it is going to rise up in power like a roaring lion. It is going to happen when? The Lion of Atzilut incarnates as before, and of course, this is Old Testament, so it is a prophecy of the Lord Jesus Christ.

The Lion of Atzilut will incarnate as before, and cause Satan to lie down. Now, when he says, as before, I honestly do not know; it may be talking about Moses who incarnated before the Lord Jesus. It could be talking about Elijah. I am not really sure at the moment, who it is talking about.

Behold the people of God shall rise up like a roaring lion when the Lion of Atzilut incarnates as before, and causes Satan to lie down. Now, if this is talking about Moses, in Moses' incarnation, Satan caused Moses to lie down but this time, like YKVK said to Moses, "You will get another chance, and that chance was in the Lord Jesus Christ. In this time, in this incarnation, the Lord Jesus Christ, you will cause Satan to lie down, which is exactly what happened.

And the people of God who are pierced by the flesh; remember Jesus said in the Book of Revelation, "Those who pierced me will see me," and the people of God who are pierced by the flesh incarnation of the Lion World of Atzilut; the people who are pierced by the Lord Jesus Christ, and consumed by Him, will drink the blood of His life.

Now, I thought I put these Scriptures in here but I do not see it. Why do not I see it? I guess I am imagining things. I cut those Scriptures out, and they

are not here. The references that I have, I will just tell you what they are because I do not want to take the time.

The King James says, "Those who pierce Him will see Him." It really should say, "Those who He pierces; those who Jesus cuts into in order to plant or graft the seed of His life to." Only Christ in you can recognize Christ in another male can recognize the glorified Jesus Christ. Only he, who had to be born again in order to see the Kingdom. The seed of Christ has to be in you.

Jesus is piercing into us by His Spirit, and planting His seed. You have to be pierced by the flesh incarnation. That is the glorified Jesus Christ, and consumed by Him. Jesus said, "If ye are neither hot nor cold, I will spit you out of my mouth." For years, I could not understand why Jesus would be eating us but He is. He is consuming everything of us so that we could become Him.

It is the story of the body snatches, brethren. He is consuming our carnality, He is consuming our humanity, and He is making us a righteous God. Ye are Gods. He will always have that preeminence.

Those who are pierced by Him, and consumed by Him; those who receive the seed of His life, and then that seed is going to swallow up Satan in us. If you have that experience, we will drink the blood of His life. We will live by His Spirit.

We will acquire immortality by His Spirit, and we see this in the Book of Revelation. Apparently, John had an understanding of the Scripture; who knows, maybe others that say the same thing. That always excites me to see the Old Testament in the New Testament because with the translations that we have today, you do not see it, but it is exciting to me.

Moving on with Verse 6. I split up Verse 6. King James Translation of Verse 6 of Chapter 5 of the Book of Revelation. And I beheld and lo, in the midst of the throne, and of the 4 beasts, and in the midst of the elders, stood a Lamb as it had been slain, having 7 horns, and 7 eyes, which are the 7 Spirits of God sent forth into all the earth.

The word, "Throne," we are translating, "Christ." The word, "Elders," we are translating, "Energy Centers." The word, "Slain," we are translating, "Slaughter." The word, "Having," we are translating, "Possess." The word, "Horns," we are translating, "Powers." The word, "Eyes," we are translating,

“Worlds,” because the Hebrew word for eyes signifies, that which is seen with the eyes. The eyes represent witchcraft, and envy, which envy is associated with witchcraft.

Alternate Translation of Verse 6 is: And I looked and in the midst of Christ, and in the midst of my four-sided bestial personality, and in the midst of the Energy Centers, I saw the Lamb slaughter my Carnal Mind, and stand up in spiritual power, and immediately after that, I saw the Lamb possess the 7 powers of my 7 spiritual worlds, and I saw the 7 alien powers become the 7 Spirits of God sent forth to liberate all of the earthen personalities of mankind.

What is being said here, and I amplified, alien powers, to indicate that the power of God in this hour is separated from the wisdom of God. Down here, in Asyiah there is separation. I know some Ministries that are preaching, there is no separation, it is just an illusion that there is a separation. That is true. When you are up in the highest world, it is just an illusion that there is a separation because in the highest world, in the World of Adam Kadmon, and probably in the World of Atzilut, I am not 100% sure about that, certainly in the World of Kadmon, there is no separation. There is no separation, so from that point of view, it is an illusion that the separation is hid, but there is a World of Illusion or Worlds of Illusion, and we are a part of the World or the Worlds of Illusion.

To us the separation is a reality because we are a part of this illusion, if you can understand that. I call them alien powers because they are alienated from God. The energy and the Energy Centers in the average human being today is separated from God, and not influenced by Him. They are alienated from God so I call them the 7 alienated powers.

Actually that is not really accurate, it should not be the 7 powers, it should be the alien powers of the 7 Energy Centers. The alien powers of the 7 Energy Centers. And I saw the Lamb possess the powers of my 7 spiritual worlds; that is the Energy Centers, and the whole worlds is in the Energy Center.

And I saw the alien powers of the 7 Energy Centers become the 7 Spirits of God. The whole principle here is that the energy in our Energy Centers will become the Spirits of God after they are impressed with the nature of Christ Jesus. It is the same energy. It is Satan; is the energy of our vessel, and Satan is going to become the Spirit of God, after she is impressed by the thoughts, and the nature of Christ, which thoughts, and nature will boil her to purify her.

Now, this is not to say that Satan will be saved or anything like that. It is a conversion taking place. Satan is the energy of the creation running amok in rebellion against the wisdom, which he is supposed to be in submission to. That wisdom is going to be impressed upon her to boil her, and purify her, and she will be a new creation. We are Satan. Mortal mankind from a spiritual perspective is Satan. It is us. We are going to have the nature of God impressed upon us. We are going to be purified, and we are going to be vessels that manifest the Spirits of God. Praise the Lord.

The powers of the 7 Energy Centers will become the Spirits of the 7 Energy Centers sent forth to liberate all the earth. I will have to do a little research to see what is the difference between the powers and the translation of horns.

I think what this saying is that the word, horns, signifies raw power, which is Satan, and the word, Spirit; well it says, Spirits of God. And the powers will become the Spirits of God.

I just redid Verse 6 of Chapter 5 of the Book of Revelation. At least the second half of Verse 6, and this is what it now says.

And I saw the Lamb slaughter my Carnal Mind, and stand up in spiritual power. Immediately after that, I saw the Spirit of God go forth into the 7 Energy Centers of all the earthen personalities of mortal mankind to possess the powers of my 7 spiritual worlds. We see from this there are no 7 Spirits of God. Let me read it again.

And I saw the Lamb slaughter my carnal mind, and stand up in spiritual power, and immediately after that, I saw the Spirit of God go forth into the 7 Energy Centers of all the earthen personalities of mortal mankind to possess the powers of my 7 spiritual worlds, so we see that it is not Spirits of God but it is the Spirit of God.

The single unified Spirit of God went forth into all of the Energy Centers to impress those energies, those female world energies with the nature of God, and to possess them, and train them up, and bring them under the control of the glorified Jesus Christ.

I believe that the translators that translated this verse probably were drawing upon Isaiah. I have always heard said that there were 7 Spirits of God in Isaiah but I just printed out the Interlinear Text, and they are not. Isaiah says, "And the Spirit of the Lord shall rest upon him." That is one; the Spirit of the Lord, and the Spirit of wisdom, and understanding, and the Spirit of counsel

and might, and the Spirit of knowledge, and the fear of the Lord. I think they are counting this as two; the Spirit of the Lord, wisdom, understanding, counsel and might, knowledge and fear.

When I look in the Interlinear Text, it really does not say that. Of course, even if there were 7 Spirits of God, in the Book of Isaiah, it does not mean that it has to be 7 Spirits of God in the Book of Revelation.

This is what it says in the Interlinear Text. And the Spirit of the Lord; that is one Spirit, is upon Him, and the Spirit of counsel, that is two, and the Spirit of understanding, that is three. Three Spirits shall rest upon Him. An addition; wisdom. Wisdom we are not being told that it is a Spirit. The Spirit of the Lord, the Spirit of counsel, the Spirit of understanding, and then there is wisdom. The wisdom of the Lord. It may be a Spirit but it is not called a Spirit here. The wisdom of the Lord, and the fear of Him, and knowledge. Then we have the Spirit of might, and the fear of Him, the fear of that might shall make Him of quick understanding.

He shall judge with His eyes after the sight of the Lord, reprove with His ears. Whether or not you want to continue to believe that there are 7 Spirits of God in the Book of Isaiah, that is up to you, I would not argue with you about it but I am looking at the Interlinear Text and it does not appear to say that. Even if it does, I am repeating myself, that does not mean that the correct translation in the Book of Revelation has to be the 7 Spirits of God.

Let us just pursue that. Let us just say that these words, 7 Spirits of God; the Spirit of the Lord, the Spirit of wisdom, and Spirit of understanding, the Spirit of counsel, the Spirit of might, the Spirit of knowledge, and the Spirit of the fear of the Lord.

What would it mean that these 7 Spirits went after the 7 Energy Centers of mortal mankind that are being impressed with the nature of the Lord Jesus Christ? What would this mean?

I guess these Spirits would represent the nature of the Lord Jesus Christ but do you think that, that is all there is to the Lord Jesus Christ; these 7 Spirits? Now, there is much, much more than that.

The Spirit of the Lord, the Spirit of wisdom, I think all of these things are included, all of these qualities are included in the Spirit of the Lord, and the Spirit of the Lord shall rest upon him; I am going to go by the King James Text. And that Spirit of the Lord shall include the Spirit of wisdom and

understanding, the Spirit of counsel and might, the Spirit of knowledge, and the fear of the Lord.

And the Spirit of the Lord upon him shall rest, and counsel, and the Spirit of understanding, and wisdom of the Lord. I am not going to argue this issue. Sometimes I feel very strong about a revelation, and I did this very quickly. I really do not think it is that important. I think my position is that the 7 Spirits of God; that does not mean that, that has to be the case in the Book of Revelation, and of course, as I just said, "And the Spirit of the Lord shall rest upon him, and include all these other Spirits;" wisdom, understanding, counsel, might, knowledge, fear of the Lord, and everything else that is there.

In the Book of Revelation in our translation, we are saying, if I can find my notes here, we are saying that the Spirit of God shall go forth. We know that the Spirit of God includes all of these other Spirits. And I saw the Spirit of God go forth into the 7 Energy Centers of the earthen personalities of mortal mankind to possess the powers of my 7 spiritual worlds. That is my translation. I feel that I have not adequately been convincing but that is all that I have for you right now, and that is how we will leave it.

I have been very long-winded today. That was Verse 6, so actually we have to Verse 14 to go through, and it should not be taking this long. I just have been very long winded. Let us see what else we have here.

I interspersed Verse 6 with Verse 7. Let us just do Verse 7, and however long I am going to keep you here, we are finishing this tonight. This has gone on long enough.

Verse 7 in the King James Translation. And he came and took the book out of the right hand of him that sat upon the throne. The word, "Sat;" it has a Hebraism, to sit with someone or to sit next to them. In the Hebrew, it suggests "marriage."

Our translation of Verse 7 is: And I saw the right hand of the Lord Jesus Christ take hold of Christ, the throne within me, that He was married to, and I saw Christ Jesus, the Lamb of God appear out of their union. Let us just read that together, Verses 6 and 7. I split up Verse 6 and put Verse 7 in the middle of it.

And I looked, and in the midst of Christ, and in the midst of my four sided bestial personality, and in the midst of the Energy Centers, I saw the right hand of the Lord Jesus Christ take hold of Christ, the throne within me, that

He was married to. And I saw Christ Jesus, the Lamb of God appear out of their union, and I saw the Lamb slaughter my Carnal Mind, and stand up in spiritual power, and immediately after that, I saw the Spirit of God go forth into the 7 Energy Centers of all the earthen personalities of mortal mankind to possess the powers of their 7 spiritual worlds.

I have a reference witness to that. Revelation 11:15. And the 7 angels sounded, and there were great voices in heaven saying, "The kingdoms of this world are becoming the kingdoms of our Lord, and of His Christ, and he shall reign forever and ever."

These kingdoms are the spiritual worlds of the Circular Sefirot. I always knew when I preached about Satan's challenge of Jesus, that the kingdoms were the human beings but on a more spiritual level, I believe these spiritual kingdoms are the spiritual worlds or the Energy Centers of the Circular Sefirot.

As I explained to you before, I do not know how adequately I have done it, and it is hard to understand but each of these Energy Centers have a literal world associated with it.

A lot of people tease me, and they tell me that I am an alien; I live in another world. The way I think is very alien to a lot of people. The way I live; the way I function is very alien to other people because I live in a world that is different than the average person lives in. It is a spiritual world, and it is a mental world. It has to do with thinking, and reasoning, and behavior. Each of these Energy Centers is associated with a world, a realm of thinking, and of spiritual experiences.

The kingdoms that Satan offered Jesus was the use of the energies of mortal humanity; the kingdoms of the spiritual world of the Circular Sefirot. My comment is; I will read you my comment when I was preparing these notes, my comment is, these kingdoms are the spiritual work of the Circular Sefirot, and apparently there are two lower Circular Sefirot. The Sefirot worlds that I have not yet read about in Kabbalah. Why? Because Kabbalah only talks about 5 worlds.

At the moment, I am not sure whether these two worlds that we are lacking, I am inclined to believe they are lower worlds, and I am inclined to agree with my own notes, that apparently there are two lower Circular Worlds, that Kabbalah does not talk about. My experience with Kabbalah has been, a

least the books that I have been able to get a hold of, tell me that they only deal with the positive aspect.

They know there is another side; they know there is evil in the world, and they only deal with the Linear aspect. They are not dealing with the Circular aspect very much.

I am inclined to believe there are two more lower worlds. I do not have that worked out yet. I have some drawings; I do not know if I will include them at the end of this message, because I am not really sure that I have got them right.

Either there are two lower worlds that are not being dealt with or much, more likely, in the 5th world, which is the World of Adam Kadmon can be subdivided, and I am not really sure how the Lord wants me to teach that so I am just going to let it go for now.

Matthew 4:8. Again, the devil taketh Him up into an exceeding high mountain, and showeth Him all the Kingdoms of the world, and the glory of them. We see that Satan is offering Jesus the energy of the Energy Centers of mortal humanity; his offerings and power.

Luke 4:5. And the devil taking Him up into a high mountain, showed unto Him all the kingdoms of the world in a moment of time. Satan showed Him all the power.

How did Satan have the authority to give Him that energy? Because that energy is Satan himself. Satan is the personality, and the consciousness of the energy of fallen man. Satan was saying, "If you just worship me, the energy of fallen man I will give you the use of all of my power but Jesus said, "No, you will serve me, You are not going to give me anything, you have to serve me."

We have to break for dinner now. We have from Verse 8 through 14. Maybe I will do one more before we go. Let us do one more before we go to dinner. We are really running late today.

Verse 8, of Chapter 5 of the Book of Revelation, King James Translation. And when he had taken the book, the 4 beasts, and 4 and 20 elders fell down before the Lamb, having every one of them harps and golden vials full of odors, which are the prayers of the saints.

Every time I try to rush, it does not work for me. We just may have to go to a Part 3 because I do think I have some corrective drawings at the end of this message, so we are just going to break for dinner. If we have to go to a Part 3, we will go to a Part 3. Praise the Lord, we are back from dinner.

We are starting with Verse 8 of Revelation, Chapter 5, King James Translation. And when he had taken the book, the 4 beasts, and 4 and 20 elders fell down before the Lamb, having every one of them harps, and golden vials full of odors, which are the prayers of the saints.

The Greek word translated, "Having," we are translating, "Possessed." The Greek word translated, "Vials," we are translating, "Cups," elders or Energy Centers, "Odors," we are translating, "To burn."

The translation of the Greek word translated, "Odors," really is, "To burn," which is interesting. The Greek word translated, "Harps," really means, "A vibrating instrument." The King James translators chose to translate this vibrating instrument, a harp but it could have been anything. It could have been a violin, it could have been a base fiddle, it could have been a cello, but I am suggesting to you that, this word is signifying human beings. We are vibrating instruments. The whole world that we live in is vibrating. We vibrate. Our vocal cords vibrate when we speak. The world seems steady to us but that is because we are vibrating with it. It is the same principle as the earth moving on its axis, as well as rotating around the sun.

We exist on a planet that is moving at great neck speed, rotating in its own axis, and it is spinning around the earth. How could you not vibrate when you are moving? Everything that moves is a vibration, so we are the vibrating instruments.

That is quite incredible to think about it, is not it? We are on a planet that is moving so radically. To me, that is radical; to be spinning both on your axis, and spinning around the sun, and that we do not even feel it. That is quite amazing, is not it? I suggest to you that the human beings, mortal mankind, are the vibrating instruments. We are the instruments designed to be played by spiritual life.

We are translating, books, "The Mind of Christ." We are translating, the word, "taken," "To attain." The Greek word, "Before," signifies, "Personalities," that which is in front, before, or in front. Personalities that is in front of the spiritual life. The Greek translated, "Full," we are translating, "To overflow." This is the

verse I was telling you about, where the Golden Energy of the Keter is flowing out, and becoming the prayers of the saints.

This is the Alternate Translation. And then the Lamb possessed the 24 Energy Centers; that is the translation of 24 elders, where the Holy One; now, the King James says, "saints;" plural, but I have made the word, "Vibrating instruments," plural. And then the Lamb possessed the 24 Energy Centers, where the Holy One, meaning, Christ Jesus.

In other words, I have translated the word, "Saints," which the King James give us the impression that it is the saints of God; the many members of the body of Christ, but I am suggesting to you that the correct translation, there should be not the Holy One, but the Holy One, Christ Jesus, burns every one of the vibrating instruments.

I may change that in the final translations. Somehow I have to indicate for the book, that the vibrating instruments are the body of believers, but it is the Holy One, it is Christ Jesus who is burning the saints in the Lake of Fire, brethren.

That is the purifying judgment that converts us into manifestations of Christ. It is all through the Scripture. You know the burning, the blacksmith is fanning the bellows, but the wicked are not plucked out. We know that our Alternate Translation of the Book of Daniel, Chapter 7, talks about the little horn pursuing the saints of God. Christ is pursuing the saints of God because the saints of God are filled with sin, from the top of our head to the bottom of our toes, we are filled with sin.

Yes, the Lord has adopted us, He has purchased us, He has redeemed us. In order for Him to take us home, to raise us up to the high levels of His Spirit, we must be purged of the filth of our natural birth. The judgment is not for the sinner, brethren. The judgment of the Lake of Fire is for the saints. The Sowing and Reaping judgment does effect the sinner, and the end of the Sowing and Reaping judgment is death. The Lake of Fire is the purifying fire which is for the believer, the end of which is life. Wake up church, wake up.

And then the Lamb possessed the 24 Energy Centers, where the Holy One burns every one of the vibrating instruments, and the Mind of Christ in the vibrating instruments attained to Christ Jesus, and the 4 aspects of their fallen bestial personality became personalities that reflect the nature of the

Lamb. And the Golden Energy overflowed out of Keter, and became the prayers of the vibrating vessels in the lower world.

Hallelujah, that is the lava that I saw coming out of the volcano. Glory to God. I think that I explained this adequately. Let me remind you that Christ Jesus is the Lamb, and Christ Jesus is the offspring of the glorified Jesus Christ, and Christ.

Now, it sounds like there are 3 entities, and it sounds like it is Christ, and the glorified Jesus Christ, and Christ Jesus. The reality is that, just as the Geruvah, Chesed, manifest the Sefirot, Christ Jesus is the manifestation of; He is the expression of Christ, and the glorified Jesus Christ in the individual. Once Christ Jesus is formed, that is all we see in the individual is Christ Jesus. There is no trinity. All you see is Christ Jesus.

And then the Lamb, Christ Jesus possessed the 24 Energy Centers, where the Holy One, where Christ Jesus burned every one of the vibrating instruments; that is the body of believers, and the Mind of Christ, in the believers; in the vibrating instruments attained to Christ Jesus.

You see, after judgment, those of us that have the Mind of Christ, will be purified enough to marry the Lord Jesus, and produce the child that will save us, which is Christ Jesus in us.

And the 4 aspects of their fallen bestial personalities became personalities that reflect the nature of the Lamb, which is Christ Jesus. And the Golden Energy overflowed out of Keter. Now, we would say, "Keter of which world." My guess would be, Keter of the World of Adam Kadmon, where the glorified Jesus Christ is.

And the Golden Energy overflowed out of Keter. That is the aspect of Christ Jesus, which is the glorified Jesus Christ. That aspect of Christ Jesus which is the glorified Jesus Christ, flowed out of Christ Jesus, and became the prayers of the vibrating vessels in the lower world. That is us.

I would just like to comment. It is taking a long time to get this into my head. This concept of the 24 Energy Centers because I asked, how do we get from 7 to 24? There are 7 major Energy Centers. I have told you at the beginning of this message that every Sefirot is an Energy Center, so we have myriads of energy centers but there are 7 major Energy Centers. In Part 1 of this message, we determined that the 24 Energy Centers were the 6. Let me put it on the board for you.

We are looking at Drawing #2. Christ Jesus overlaying the 4 Energy Centers, and as you can see, I have drawn Ze'ir Anpin, and Christ Jesus in each of the first 4 Energy Centers. Asyiah lines up with Nefesh level of soul, that is the inner most center.

Yetzirah is the 2nd center, and that lines up with the Ruach level of soul, and the 3rd level is Beriah the Neshamah level of soul, and the 4th Circular Sefirot is Atzilut, the Chayyah level of soul.

Kabbalah tells us that there are 5 worlds, 5 Circular Sefirot. We now know 5 Energy Centers, and the outer most center is called as a World of Adam Kadmon. We now understand that these are 5 Energy Centers that are one within the other.

I am telling you today that, that 5th outer most Energy Center is of a completely different category than the other 4, and we do not see Ze'ir Anpin in that 5th Energy Center which surrounds the other 4, and is a protective wall.

In the fallen creation we have learned recently, actually from this Series, I think, or either this or the previous message, Revelation, Chapter 14, in the fallen man; the world of the fallen man is Satan. Satan is in our deepest, of the fallen man, of mortal man; Satan is in our deepest innermost being; she is the unconscious part of our mind, and she is also the aura of the Energy Center or energy field that surrounds us.

With the regenerated man; in the regenerated man, where the Lord Jesus Christ has swallowed up Satan, Satan becomes our inner most being, and also the wall that surrounds us.

I am showing in Drawing #2, the 5 Energy Centers that Kabbalah tells us about from a regenerated point of view with the Lord Jesus Christ being a wall that surrounds us.

Now, I was working on these Energy Centers before you all came in this morning. I am not really sure that I have it straight in my mind but I will give you the information that I have, and then maybe the Lord will give me the rest. Let us finish this drawing first.

At the bottom of the drawing I said, the glorified Jesus Christ is the Yechida level of soul, which means, a oneness. The glorified Jesus Christ is the wall that surrounds the soul, and we see that in Isaiah 30, Verse 13.

Isaiah 30:13. Therefore this iniquity shall be to you as a breach ready to fall, swelling out in a high wall whose breaking cometh suddenly at an instant. The glorified Jesus Christ is also our strong tower representing the Linear Sefirot. Proverbs 18:10

Proverbs 18:10. The name of the Lord is a strong tower. The righteous runneth into it, and is safe. Praise the Lord.

You know I have been speaking about a dream that I had for years. I had a dream years ago before the Lord ever led me to Kabbalah. I mentioned it earlier on this message that there was what looked like a reservoir, a tank filled with swirling turbulent waters, and what I thought to be a high rise building.

I just realized now, for the first time, that what I was looking at, was a tower. I already knew that, that high rise building was the Linear Sefirot, as opposed to the Circular Sefirot in the reservoir type tank, but I never realized that it was the tower. I never related it to that word.

I am going to give you a few more drawings on this concept of the soul being overlaid by Christ Jesus. I will just give you what I have, and hopefully the Lord will resolve the conflicts in my own mind, as I draw. We are going to take a picture of Drawing #2, and then I will give you another one.

This Drawing #3, in this illustration of a correction to Illustration #2 of Message #592 Part 3. That is the drawing of the temple of Revelation, Chapter 21. Now, in the drawing I am referring to, I said that Cain was the 12 Gates, and that Abel was the 12 Foundations but the Lord has shown me that, that is not correct.

Cain is the 1st 6 Gates, Abel is the 2nd 6 Gates. Christ is the 1st 6 Foundations, and Christ Jesus is the second 6 Foundations.

The reason I got into this problem here was that I saw Christ in the Center, in the Tzlem Image, and I did not realize that Christ, and Christ Jesus, and the Lord Jesus, they are both inside of us, and outside of us. I saw Christ Jesus in the Center, and I could not, in my mind at that time, place Christ Jesus also in the outside.

Do you understand what I am saying? That was how I made that mistake, so the Lord reminded me that Spirit is both inside, and outside of us. That is

true of the Spirit of Christ, and His aspects, and it is true of Satan in the other aspects of the carnal mind.

They are both inside of us, and outside of us. Kabbalah calls them, Inner Lights, and Surrounding Lights; inside and outside, and also every light itself, whether it is the Inner Light or Surrounding Light, every light has both an inside, and an outside.

There are many aspects of everything that we are dealing with, so that is the correction up above, and down here below the drawing, I say:

#1. Cain and Abel are the 12 Gates to the City.

#2. Christ and Christ Jesus are the 12 Foundations of the city, that is the New Jerusalem now.

#3. The Six (6) Sefirot of Christ in each of the four (4) worlds are the 24 thrones.

In the drawing that we are correcting, I think I say that Cain and Abel are the thrones. Yes, I said that the 12 Sefirot of Cain, and Abel are the 24 thrones. Again I was having a problem. I did not understand that the Lord was both inside and outside of us at that moment. Of course, I knew that but I was not relating it to the situation at hand.

The 6 Sefirot of Christ in each of the 4 worlds are the 24 thrones. The 24 Elders are the Energy Centers of the natural man where the thrones are located. I have to correct that.

Further to the Drawing #2, the 24 Elders are the Energy Centers of the natural man, that are overlaid by Christ Jesus. We are getting some revelation tonight, reading again #4 of Drawing #3. The six (6) Impressions of Christ in each of the four (4) worlds are the 24 thrones.

#4. The six (6) Energy Centers in each of the four (4) worlds are the 24 Elders.

#5. Christ Jesus is born of the union of the Lord Jesus and Christ, who is His throne in the midst of the Energy Centers.

#6. Christ Jesus is the Lamb that possesses the 24 Energy Centers. As I was writing this, I heard in my head, words that led me to the following

Scriptures. I just want to make a correction on this board before I read them please. We made a #6 on Illustration #3.

Christ Jesus is the Lamb that possesses the 24 Energy Centers, and as I was writing that, I had thoughts in my mind that led me to look up the following Scriptures:

Ezekiel 27:4. Thy borders are in the midst of the seas. Thy builders have perfected thy beauty. We now know that to me, this means the borders of the temple of God are in the midst of the Energy Centers, and we now know that the seas are in the midst of the Energy Centers. The waters of the Energy Centers are the seas.

The turbulent waters of the Energy Centers are the seas, and that the throne of God is positioned in the middle of the Energy Centers, in the midst of the seas, and the throne is Christ, and the Lord Jesus Christ comes; that is His throne, to sit on His throne.

The result of that union, is that Christ Jesus, the Lamb appears, which we read about the Lamb appearing, Verse 14 in Chapter 14 or 15. I am not going to look it up right now. I do not recall. In one of those chapters that we are translating now, where it says, "And behold a Lamb appeared." Actually I think it is this chapter.

We now know; I am repeating myself. The Energy Centers hold the energy which is likened unto water, that is where the seas are in the Energy Centers. Christ, we now know the location of Christ. He is in every cell of our being. He is in the midst of the Energy Center. The Lord Jesus comes to sit on Christ, His throne. There is a spiritual sexual union, and the Lamb of God, Christ Jesus is born in every cell of our being, when it happens. This is very interesting to me.

Ezekiel 28:2. Son of man, say unto the Prince of Tyrus. Thus saith the Lord God, "Because thine heart is lifted up, and thou hast said, "I am a God, I sit in the seat of God." The word, translated, "Seat," is the same word translated, "Throne." "I sit in the throne of God, I sit on Christ."

Who is Christ? Christ is Abel, and Leviathan is married to Abel in the fallen man. "I sit in the seat of God; I am married to Abel," Leviathan is boasting, in the midst of the Energy Centers. Leviathan is saying, "I therefore possess the energies, the mind, and the life force of fallen man because I am married to Abel." Now, for the longest time, I was preaching that Leviathan was

married to Cain but recently, in a recent message, I corrected that Leviathan is married to Abel. Abel is the breath of life in the fallen man.

“Yet thou art a man, and not God, though thou set thine heart as the heart of God.” You are sitting in the Heart Center as if you were God but you are still just a man. Your days are numbered. Mene, Mene, Tekel, Upharsin.

You have been judged, and found wanting, and your days are numbered. Thank you Jesus.

Psalm 29:4. The voice of the Lord is powerful. The voice of the Lord is full of majesty. I do not know why I put that. I must have copied the wrong thing.

Revelation 17:1. This mysterious verse. And there came one of the 7 angels which had the seven vials, and talked with me, saying unto me, “Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters.”

Who is the great whore? It is Abel. Both Abel and Cain are female; they are mortal, and they are both sitting upon the waters of the Energy Centers, the place where Christ Jesus, the Lamb is supposed to be. The great whore, Abel, that is married to Leviathan is possessing the very cells, each of which is a source. Is not an Atom a source of energy? Is not a cell a source of energy? Yes. Every cell of our body is a Sefirot.

Every cell of our body is an Energy Center, and Abel married to Leviathan is possessing every one of the cells of our body. He is drawing the energy out of them; sucking the life out of us, and replacing it with cancer cells, and other diseases but the living God says come to His angels, and I will show you the judgment of the great whore that sits upon the Energy Centers of mortal mankind sucking their life out of them.

Judgment, brethren, judgment. I do not care how long it takes, I hope it is tomorrow but if it is another thousand years, the Day of Judgment will come, and the Lord God will deliver mortal humanity, from the torment, and the death that we experience every day. Some a little more, some a little less. Some in one way, some in another way. The whole creation is rising in agony. Praise the Lord.

We are looking at Drawing #5. This is what the Lord showed me this morning. Very frequently our Carnal Mind gets things backwards. In the drawing that we have been working with; the illustration of the 4 squared city, and the

temple of Revelation 21, I showed it to you with the Tzlem Image or the Spirit on the inside, and the squared soul on the outside, but this morning the Lord showed me that my Carnal Mind got it backwards.

The city is the soul. The squared city is the soul. It is the soul that needs to be protected. Right now, in fallen Adam, the soul is on the outside, and the Spirit is on the inside. That is why we are vulnerable; we are not protected. We need to be cared for from the outside. We need to wear clothing, we need to be fed from the outside, we need to receive affection from the outside. We need everything from the outside because our Spirit is not outside of us, protecting us.

Our Spirit has been pushed to the background. The condition that we are supposed to be in, is that the soul is supposed to be pushed to the background, and the Spirit is supposed to be out front, defending us, protecting us, and meeting all of our needs. This is the way the Lord showed it to me this morning. I am going to do the best I can to explain it to you.

The Image on the board is something that I saw in a Kabbalistic text book. This the Kabbalistic or at least the explanation of the soul, of Rabbi Isaac Luria, and I have applied it to what the Lord is teaching us.

According to Rabbi Luria, the Nefesh soul is, as you can see if you look at the drawing, is circular, and above it, is the Ruach level of soul, and another circle, and actually I am surprised to see a Kabbalistic drawing without the circles one inside of the other but this is the Image. Above the Ruach is another circle which we are told is the brains, and the Neshamah. We see the Nefesh, the Ruach and the Neshamah as 3 separate circles.

Then we see the Chayyah level of soul, one level of Chayyah surrounding all of the 3 circles, if you can see what I am saying. The Chayyah level of soul, which is the life force, which, at this point, I am saying is the Spirit of Christ. It is surrounding the 3 separate circles that represent the three lower levels of soul; the Nefesh, the Ruach, and the Neshamah.

Surrounding the Chayyah is the Yechida, the Lord Jesus Christ which encircles everything. He is our inner most being, as you can see in the center of the Ruach; you see the Lord Jesus Christ, and He is also the wall that surrounds us, and protects us.

Now, this Rabbi Luria's drawing. I am going to embellish this, and say, because I do not have any explanation from it. I have had contact with a

couple of Rabbis. I have never asked this question but in the diagram, I saw this typical drawing. We see the first circle is the Nefesh, and the second circle just above it is the Ruach. The Nefesh, and the Ruach seem to be inside of a rectangle with a dark background surrounding it.

Then the Neshamah is another circle that sits on top of it, which is the brains, which does not have a dark background. This is what the Lord has told me, and you are not going to find any Kabbalist telling you this. This is what the Lord has told me.

The Nefesh, and the Ruach are inside a rectangle, and this dark background in it, is actually the squared city of Jerusalem. The Nefesh, the Ruach, and the Neshamah that are shown one on top of the other in this diagram, are aspects of the Linear Sefirot that are descending into, and occupying the city.

Can you hear what I am saying? I struggled with this for a couple of hours this morning, and I did not think I would be putting it on the board because I really did not grasp it but I have got somewhat of a grip on it now. It has been difficult for me so I am sure that it is difficult for you but this is what I am saying.

First of all, it does not look like a square. I copied it the way I saw it in the book. I could have squared it if I had realized, if I had more time. I did not square it properly because the Book of Revelation tells us that the city is 4 square but it would not be any problem to make a square out of it. I just have to extend the upper and lower bar. From the Kabbalistic point of view, the Kabbalists are always exalting the Linear Sefirot, and paying very little attention to the Circular Sefirot.

If you can hear what I am going to say now, these 3 circles, one on top of the other, the circle representing the Nefesh; Abel and Cain; good and evil, the circle representing the Ruach; Christ and the Lord Jesus, and Christ Jesus, the Lamb that comes forth in the middle, and the circle on top; the brain, which I say is Da'at, Chokmah, and Binah of the Neshamah.

These 3 circles have 30 Sefirot each in them, and they are the equivalent of the Tzlem Image that I put in the center of the city. This is the Drawing #1 of Message #592 Part 3, which we have reproduced correctly as Drawing #4 of this message.

If you can see it, in Drawing #4 The Tzlem Image is drawn as a square. In Drawing #5, we have it as 3 circles. The Tzlem Image has 90 Sefirot. We get

the 10 because there are 9 Sefirot with 10 Sub-Sefirot each. In each of these 3 circles we have 3 entities. In the Nefesh we have Cain and Abel. I am not going to do that right now. I did not do it that way. I could do another drawing, but not tonight, it is just too late. This is the way I have it tonight. 30, 60, and 90 Sefirot of the Tzlem Image.

I will have to start Part 3 of this with another drawing relating to the 3 circles more closely to the 9 Sefirot of the Tzlem Image in the earlier drawing. For tonight I am telling you that these 3 circles represent 30 Sefirot each, and they represent the Tzlem Image that is in the midst of the city. The square surrounding the 2 lower circles is the city.

We see that the Neshamah or the brain is not within the city. The city contains the soul. The city is a place of protection where the soul is protected, and the Spirit is on the outside, so only the lower levels, the Nefesh, and the Ruach are inside of the city. The Neshamah, the brain is outside of the city. The Chayyah level of soul, which is the life force, surrounds all 3 circles. The wall that protects the soul, the Yechida, the glorified Jesus Christ is outside.

That is the aura that we will be seeing when they are completely regenerated, and we see that the Lord Jesus is also in the center.

The center circle which we say is the heart, we see the Lord Jesus. This is where the Tiferet, would be, right in the center, if you are looking at Drawing #4. The Tiferet, which is where Christ Jesus is, where the Lord Jesus Christ rises up out of, and sprays His glory over the whole city. That could be likened to the center circle, over here.

I am going to try, and hear from the Lord for you. I am not going to tell you that the drawing of this Image in a square is incorrect. I do not know, most likely, they are both correct. Most likely the way we have it as a squared city is correct, and the Kabbalistic concept is correct also.

As I said I will try to hear from the Lord, and at the beginning of the next message, I will give you another drawing, making it even clearer that these 3 circles represent the Tzlem Image that I drew in the midst of the squares. The Kabbalists see it a little differently.

Are there any questions? Am I reaching you at all? Yes, I am, okay, because I feel like I am not.

I have written on the board the Linear aspect of the Sefirot, the Tzlem Image, the 90 Sefirot of the Tzlem Image descending into the squared soul. That is what we have here, and everything else I have told you. We did not even finish Verse 8 tonight. Let me just read you Verse 8 as we close out because it was Verse 8 that got us into this whole study.

Alternate Translation of Verse 8 of Revelation, Chapter 5. And then the Lamb possessed the 24 Energy Centers where the Holy One burns every one of the vibrating instruments; that is us; human beings, and the Mind of Christ, His vibrating instrument attained to Christ Jesus. After the judgment, Christ Jesus is born in us, and the 4 aspects of their fallen bestial personality became personalities that reflect the nature of the Lamb, and the Golden Energy overflowed out of Keter, and became the prayers of the vibrating vessels in the lower world.

Keter would be up here somewhere. I am not going to get into that now, I have to study this more but it certainly is up here at the top, and we see that the Keter is going to come all the way down into the Nefesh level of soul, and manifest as the prayers of the saints that have power to change lives. Praise the Lord. I have so many questions here. Praise the Lord. We made it through Verse 8.

I thought we were going to finish this tonight. I will work on this some more, and hopefully will get more understanding next Sunday when I see you. Any questions before we close? Let me read you the Alternate Translation through Verse 8, as we finish up here.

Alternate Translation, Revelation, Chapter 5, Verses 1 through 8. And I, John saw that the Mind of Christ was a record of the Lord Jesus Christ, YKVK's right hand of blessing, who was married to Christ, the throne in the midst of me, and that the nature of the Lord Jesus Christ was engraved in the Mind of Christ within me, and in my personality which is the external garment of the Mind of Christ but that the impressions of the Mind of Christ were not activating my 7 Energy Centers.

And I, John, saw Christ Jesus, the strong angel who is born from the union of the Lord Jesus Christ and Christ in the individual, declaring with the single authoritative voice of Keter, Chokhmah, and Binah, that the impressions of the Mind of Christ are capable of activating my 7 Energy Centers.

But, since the Fall, no one who is a member of Christ's household, nor Cain, who is in the earth, neither Abel who is under the earth of Cain's personality, has been able to look into the Mind of Christ, or understand its message. And I wailed aloud a great deal, because there was no one who could see with the Mind of Christ, or understand His message.

And a Voiced spoke through my Energy Centers, and said to me, there is no reason for you to wail aloud, look, the Chayyah of Moses' soul, even the Lion of Atzilut, the same spiritual Root which incarnated as David of the tribe of Judah, has overcome His Carnal Mind, and opened His 7 Energy Centers to the impressions to the Mind of Christ.

And I looked, and in the midst of Christ, and in the midst of my four-sided bestial personality, and in the midst of the Energy Centers, I saw the right hand of the Lord Jesus Christ take hold of Christ, the throne within me that He was married to, and I saw Christ Jesus, the Lamb of God, appear out of their union.

And I saw the Lamb slaughter my Carnal Mind, and stand up in spiritual power, and immediately after that, I saw the Spirit of God go forth into the 7 Energy Centers of all the earthen personalities of mortal mankind to possess the powers of their 7 spiritual worlds.

And then the lamb possessed the 24 Energy Centers where the Holy One burns every one of the vibrating instruments, and the Mind of Christ in the vibrating instruments attained to Christ Jesus, and the 4 aspects of their fallen bestial personality became personalities that reflect the nature of the Lamb, and the Golden Energy, overflowed out of Keter, and became the prayers of the vibrating vessels in the lower worlds. Praise the Lord. God bless you.
