TRANSCRIPT OF MESSAGE #604 - Part 1

GIANTS, NOAH AND THE FLOOD

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought, And Punctuation By The CCK Transcribing and Editing Team.

We are in Genesis chapter 6, and we have alternate translations of verse 1-5 today. This is the most incredible translation because what I see in it, what I see are several of the Kabbalistic principles that the Lord has taken weeks and months if not years to bring forth in this ministry, and there is no way that I could have brought forth an accurate alternate translation or understood what this is saying, if we did not have any of these other principles taught to us first. King James translations Genesis verse 1-5;

Genesis 6:1-5, And it came to pass when men began to multiply on the face of the earth, and daughters were born unto them, that the sons of God saw the daughters of men and they were fair, and they took them wives of all which they chose. And the Lord said, My Spirit shall not always strive with man, for then he also is flesh, and his days shall be a hundred and twenty years. There were giants in the earth in those days, and also after that, when the sons of God came in unto the daughters of men, and the bear children to them, the same became mighty men which were of old, men of renown. And God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually.

This is a verse that is very commonly preached on in the church, and there is all kinds of speculation as to who the daughters of men were and who the sons of God were, but as I looked at the alternate translation, or as I looked at the Interlinear Text actually, based upon the knowledge of basic principles that the Lord has taught us in Kabbalah, I found the most interesting alternate translation came to pass. I will read you the alternate translation first and then we will go over it one verse at a time, and I will show you the spiritual principles that are included in these verses. I am on the back of page one, I am reading the alternate amplified translation, Genesis 6:1-5, and this is amplified so you can see that I put verse 2 before verse 1.

Genesis 6:1-5, And Adam, the son of Elohim, saw his female offspring, and tried to enfold the good side of the whole woman who belonged to him. And it came to pass that Adam broke his covenant with Jehovah when he accumulated together with the personality in the earth that belonged to him, and this is how spiritually female offspring were born to Adam. And Jehovah said, My Spirit shall not judge Adam who apologized after he sinned in the immortal world beyond time. But the Adam this male spiritual sexual organ of mine, will exists for 43,830,000 years in the first time period after Adam came into existence. And when Adam, the sons of Elohim, went in to their own female offspring, they bear powerfully spiritually male mortal warriors, who had the character and spiritual authority of the immortal Adam. And all of the parts of the spiritual male fallen beings were gathered together in the earth during that time period, and they stood up in spiritual power. And Jehovah saw that the earthen Adam was very evil and that the male anointing of the whole spiritual creation was not woven together with the earthen Adam's spiritual center, and that Adam's whole first time period after he came into existence was evil. AT

Let us try and understand this. This is verse 1, the Hebrew word translated **when**, we are translating **thereafter**, the English word **man**, or the Hebrew word that is translated **man** is **Adam**, sometimes that word is translated Adam and sometimes it is translated man, but in this case we are going to translate it Adam, and the Hebrew word translated **began** means **to break**, can also mean to break, and we are going to translate it that way. The Hebrew word translated **multiply**, this is interesting because it is so commonly preached that God told Adam to multiply and fill the earth, but we see that another meaning of the word

translated multiply is **to cast together or to accumulate, to join together or to accumulate**, and the Hebrew word translated **face** we have been translating **personality** for a long time now. The English words **unto them** we are translating **to belong to them**, those are legitimate translations. We are saying that it came to pass that Adam broke his covenant with Jehovah. We know that Adam broke his covenant with Jehovah, that was when he sinned, but there is all kinds of questions about what did Adam do, you know, what was the sin, what was the tree of the knowledge of good and evil? Here we have some information.

Adam broke his covenant with Jehovah and he accumulated together, or he gathered together or when he gathered together with the personality of the earth. He gathered together with the personality of the earth, the earth that belonged to him, and this how spiritually female offspring were born to Adam. Adam I remind you was a man, he was a living soul, he was spirit in that he, his consciousness and his rational mind came from the breath of Jehovah, but he woven together with the earth, not the earth outside my door here, but the spiritual earth. The spiritual earth was the darkness of the negative that was to produce the visible creation. So this whole concept of a visible creation that would reflect the invisible God required the weaving together of the Spirit of God with some dark substance that would separate the man from the light background, because the man would made of light, he would be made of spirit, and in order to see something that is light on a white background, you have to have some darkness in the picture or otherwise everything just flows together.

We, Adam's descendants, Adam was and we still are at war, there is still a war going on between our spiritual side and our earthen side. That is the whole predicament of mankind. Who is going to rule the creature, the earthen side or the spiritual side? We are told that the spiritual earth that would mix together with Jehovah's breath, we see consciousness, when that spiritual earth would mix together with Jehovah's breath, it gave the earth consciousness, but it was a negative consciousness, it was a dark consciousness. We see that the Spirit of Jehovah, Jehovah's breath is the consciousness of light, the consciousness of God, and now the earth has a consciousness of its own, that is the exact opposite as light is opposite from darkness, the consciousness of the earth is the exact opposite of the consciousness, the mind, the rational, the thought process of God. Now we have two entities or two aspects of the man bound together, and when Jehovah first bound them together, He bound them with the spirit of man, ascended with the spirit of man predominate and ruling over the dark earthen consciousness of the creature. We are told here in this translation, that Adam gathered together with the personality of the earth. Who is the

personality of the earth? It is the consciousness of the earth. The earth became conscious when it became in contact with the breath of life. **It came to pass that Adam broke his covenant with Jehovah... AT**

What was his covenant with Jehovah? Do not eat of that tree, do not eat of that tree, do not eat of the fruit of the knowledge of good and evil. We see that when the earth received consciousness from Jehovah, it also received knowledge, it received everything that the spirit side of the man had, but on a negative side. We now have a two sided man. Further on, or actually further back in the Scripture we are told that Jehovah took one of Adam's sides, the King James says, one of his ribs, but he took one of Adam's sides. What were Adam's two sides? Spirit and earth. Jehovah took the earthen side and formed a woman out of it. Adam had two sides, spirit and earth, and he had to, or he was instructed by the Lord to guard the garden.

That means he was instructed to actually, well the King James says, keep the garden, militarily guard the garden. It was Adam's job to keep that garden which was the reproductive part of the man, from reproducing before it was impregnated with Jehovah's seed, because it was possible for a weed to grow up in that garden, for the garden to reproduce of itself and bring forth a creature with the nature of the earth. **It came to pass that Adam broke his covenant with Jehovah when Adam gathered together with the personality of the earth that belonged to him. AT** You see, the earth belonged to Adam. We are spirit creatures, if you are living out of Christ, or out of Christ Jesus, then this body belongs to you, it is your earth, it is the earth that your spirit and in particular your spiritual tree, the tree of life, is growing out of you. **So it came to pass that Adam broke his covenant with Jehovah when he gathered together with the personality of the earth that belonged to him. AT**

This is a principle in life, we all know about it, if you have a position of authority, you can only be so friendly with the people that you are exercising authority over, and then the day will come that you will have to exercise authority over them, and if you do not keep your relationship in right order with them, you will have a problem exercising righteous authority over them, and then if you do not do it, if you do not exercise the righteous authority over those people, your failing in your job as an authority.

You can only mix together with people you have authority over in certain areas, you have to guard against becoming so close to them that you will not execute righteous judgment upon them when it is necessary. This was the condition of Adam, he was interwoven with the earth, he was intimate with the earth, but he also we are told in the Scripture, gathered together with the earth in an

unacceptable way. What unacceptable way? He accepted the thoughts of the earthen consciousness, so he was mixed together with the earth, but he was not to receive the earthen consciousness, the earthen thought process, the earthen rational, the earthen wisdom which James calls the devilish wisdom. That is what Adam did, he gathered together with the personality of the earth, you see, he did not just gather together with the earth, he was gathered with the earth, but he gathered together in mind with the personality of the earth. He came into agreement with the thought process and the ideas of the earth, of his own earthen side, which is spiritual adultery.

This is how spiritual female were born to Adam, because all of Adam's offspring were supposed to be male. This is very interesting here because those of us who have been laboring in doctrine in CCK for a long time know that the female offspring that were born to Adam are called who? Who were the evil offspring, who were the evil offspring that were born to, who were the female offspring that were born to Adam?

COMMENT: Cain and Abel.

PASTOR VITALE: Yes, Cain and Abel, that is correct, Cain and Abel. That is a mystery because the King James translation tells us that Cain and Abel were brothers, that they were male, but we know that they were mortals, and that every mortal creature is female in relationship to God or relationship to anyone who has spiritual authority over them. The female offspring that were born to Adam were Cain and Abel and they were mortal. Everything that is female is mortal. Adam was supposed to gather together in mind with Jehovah and produce male offspring, but he gathered together with his earthen side and produced female offspring, Cain and Abel.

Today the Lord Jesus Christ who is the last Adam, is gathering, He is gathered together with Jehovah in the person of the glorified Lord Jesus Christ, and He is coming today to gather together with us. The Lord Jesus Christ is coming to gather together with us, in the right moral order, He has come to give us the Christ mind which is taking authority over our carnal mind that we are born with, and that is what the spiritual warfare is all about. The powers and principalities of this world, Satan and Leviathan, and Cain, are not willing to submit to the authority that has entered into the earth, the Lord Jesus Christ and Christ Jesus in the individual, to take authority over them. For today's message we were just told, how Cain and Abel, mortal offspring of Adam came to be born to him.

Adam broke his covenant with Jehovah, he gathered together in thought, he agreed in thought with the personality of the earth, and what is the name of the personality of earth? Who did Adam fall into agreement with?

COMMENT: The Serpent?

PASTOR VITALE: Yes, the personality of the earth is called the Serpent. Adam fell into agreement with the Serpent within himself rather than the breath of Jehovah within himself. We have a whole man, Adam, and his spiritual side was Jehovah and his earthen side was the Serpent. It is the same condition that we are in today, we are one whole man, and we have an earthen side called the carnal mind, or our old man, when our old, when our personality agrees with our carnal mind, we are the old man, but when our personality agrees with our Christ mind, we are the new man. We are in the same condition that Adam was in at the beginning. There is an exception, before the fall Adam did not have the sin nature that we have today, we were born with the sin nature, because we are in the same condition that Adam fell into right after he fell. Is that not interesting, there is nothing new under the sun, that is what Solomon says, there is nothing new under the sun.

The conditions change, the circumstances change, the appearances change, but if you have the ability to look into the spiritual root of the situation, there is absolutely nothing new under the sun, Adam fell and he navigated to the mortal side or his offspring, and both Adam and his offspring navigated or migrated to the mortal side of the garden and we remain there today. The garden is a spiritual place, so mortal humanity is in the mortal side of the garden, today, and it is called our carnal mind. It is all so simple, if we could just see it right?

That is verse 1, let me give you an alternate translation on verse 1, **And it came to pass that Adam broke his covenant with Jehovah when he gathered together with the Serpent, the personality of the earth that belonged to him, and this is how Cain and Abel the spiritually female offspring were born to Adam.** AT Verse 2, let me give it to you in the King James here.

Genesis 6:2, That the sons of God saw the daughters of men that they were fair, and they took them wives of all which they chose.

Let us see what that really is saying. First of all, the sons of God, the Hebrew word translated God is Elohim, and you will see this further on in another verse, that same English word God is a translation of Jehovah. If you want any kind of a deep understanding of the Scripture, you really have to go beyond an English

translation, you really have to look at the Hebrew text. Let me remind you that Elohim which is the power aspect of God was the one who formed the creation, it is Elohim throughout all of Genesis 1 forming the creation. He is the dynamic aspect of almighty God, the aspect that goes out and does, He is not the will of God, He is a part of God that carries out the will of God. The sons of Elohim saw, the Hebrew word translated men is Adam, so we are going to call it what it is, Adam. It says here the sons of God. I am not sure whether we are going to leave it the son of God or the sons of God. Let us do the whole verse before we decide that. **And the sons of Elohim saw Adam's female offspring, and they enfolded**, that is a translation of the word **took, the good side**, that is a translation of the word **fair, of the whole woman for themselves**, to try, that is a translation of shows to belong to them, so let us try and make some sense out of that. **And Adam, the son of Elohim saw his female offspring and tried to enfold only the good side of the whole woman who belonged to him.**

I find that so interesting, to me what this says, that Adam recognized that the Serpent was good and evil, he recognized that Cain and Abel, were good and evil. Kabbalah teaches that the woman received his seed, that she received the seed of male Adam which produced Abel, but she also receive the seed of the Serpent which produced Cain. That is what this says to me, that Adam recognized that Cain and Abel were good and evil, and he tried to enfold or join together with or gather together with only the good side. **And Adam, the son of Elohim saw his female offspring, and tried to enfold only the good side of the whole woman, who belonged to him.** Who is the whole woman? Cain and Abel is the whole woman. Today Cain and Abel is appearing in mortal man as what spiritual part of mortal man are Cain and Abel appearing as, they have a collective name, anybody know what the collective name is, of Cain and Abel? The collective name of Cain and Abel is the Fiery Serpent.

When Cain dominates Abel, they are collectively called the Fiery Serpent. When Abel receives the strength of the Lord Jesus Christ and dominates Cain, what is the collective name? Christ, the collective name is Christ. When Abel receives the seed of the, the male seed of the glorified Jesus Christ grafts to Abel, to the Abel side of the Fiery Serpent, which every human being has, and then strengthens, it is Abel and the male seed, and they overturn Cain, and Abel comes to the surface, and the whole entity the whole symbiotic entity are now Abel and Cain, and the Scripture calls them Christ when Abel is on top, they are Christ.

This is verse 2, **Adam, the son of Elohim saw the female offspring, and tried enfold**, that word **tried** I checked it two or three times, that is what it means **tried**, it is a translation of the English word **shows**, of the Hebrew word

translated **shows**. And Adam the son of Elohim saw his female offspring, and tried to enfold only the good side of the whole woman who belonged to him. He knew that there was evil there, and he tried to deal with it, Adam tried to deal with it, but failed.

Now we have verse 3, and this is an interesting verse, verse 3. We had a very interesting message here just a couple of weeks ago called **THE AGE OF THE UNIVERSE**, the number is a hundred and twenty years, they are the numbers in the Scripture, they have always mystified me, but I received in my spirit the teaching that came down in that message, **THE AGE OF THE UNIVERSE**, and how to calculate it, and I have applied those principles to this hundred and twenty years, so it brings forth some very interesting ideas which I will go over with you, but let us start at the beginning.

This is verse 3 of Genesis 6;

Genesis 6:3, And the Lord said, I will not always strive with man, for that he also is flesh, and his days shall be a hundred and twenty years.

What does that mean? First of all, let us work up a hundred and twenty years, I will put that on the board for you. Drawing #1, these are the principles that we learned in the message entitled **THE AGE OF THE UNIVERSE**, one hundred and twenty years, which we read about in verse 3. One day with God is a thousand years with man, that is in the Scripture, so one hundred and twenty God days times 1,000 is equal to 120,000 human years, and there are 365.25 days to one man year, so 365.25 days times 120,000 years comes to 43,830,000 years to Adam's first day. Is that not interesting? What is even more interesting than that, is how long did Noah preach? How long?

COMMENT: Noah preached for twenty years.

PASTOR VITALE: And Adam's first day was a hundred and twenty years. Is that not interesting? I wonder if Noah is not Adam at the end of the hundred and twenty years. You may say, But Sheila, Adam fell, but it says right here, I think we already read this in one of these verses that Adam repented. When Jehovah pronounced the hundred and twenty years upon him, and I am going to go over that with you again, Jehovah pronounced a hundred and twenty year judgment upon Adam after he repented, okay, and at the end of the hundred and twenty years, throughout the hundred and twenty years repented Noah preached to all of his evil offspring, and none of them repented, and then God locked Noah in, and wiped all of the evil descendants.

Is that not interesting? It is interesting to think about anyway. Let me go over this with you again, we are on verse 3, and Jehovah said, **My Spirit shall not strive with Adam**, the Hebrew word translated **strive** can be translated **judge**, and we know that Jehovah is a righteous judge and He judges sin, and there are consequences to sin. But Jehovah said, **My Spirit shall not judge Adam**, Adam is a translation of **man**, and then a translation of **always** is **beyond time**. The Hebrew word translated **always** is the word for **immortality**, I have been translating that word **immortality** or **immortal** for years now. The Hebrew word translated **also**, now this simple little innocent sounding word **also**, if you look it up in the Strong's lexicon, there is nothing controversial about Strong's at all, the word means **to sin with an apology**. You have to ask yourself why the King James translators would translate this word which means **to sin with an apology** as **also**, and the answer is, they did not know what else to do with it, because you cannot translate something that you do not comprehend. You can look at the words, and you will choose meanings of those words that fit in with the knowledge that you presently have.

Hebrew is a supernatural language, and the meanings of the Hebrew words are so diverse, that is why we brought forth the doctrine of Christ through deep studies in the Hebrew, and then after we learned all of these principles, we saw an understanding of the New Testament that you never saw before, because you cannot get that depth out of the Greek. I do not think I even told you this, you know what I found out a couple of weeks ago, that the word, remember the Scripture where Jesus is rebuking the demons and they say, **Jesus we adjure you not to do away with us before our time**, that word **adjure** in the Hebrew literature means **to take authority over a lesser angel**, in other words, those demons, when they said, **Jesus we adjure you**, they were saying to Jesus, **You are just a man, we have a higher authority than you do, and we command you to leave us alone**. Then when Jesus demonstrated that He had more authority than the demons, it was known to all who could understand, that Jesus had authority over demons, but those demons thought they had more authority than Jesus, and those demons were in men. Those men that Jesus was rebuking did not recognize the anointing or the authority on Jesus, can you hear this. That is just a little side, I am not going to go into it too deeply now, but did ever know that, that is what the word **adjure** meant, that the demons were trying to take authority over Jesus? No.

You have to, we had to learn all of these principles from the Hebrew in order to really understand what is being said in the Greek New Testament, or the English New Testament, which is a translation of the Greek, which is a

translation of the Latin, which is a translation of the Aramaic, it completely was emasculated except for the surface meaning, interesting.

Verse 3, **And Jehovah said, My Spirit shall not judge Adam who apologized after he sinned.** That is a translation of the Hebrew word translated **also** believe it or not, and you do have that on the notes that I gave you, I gave you copies of the Interlinear Text where I wrote in the alternate meanings. **Jehovah said, My Spirit shall not strive or shall not judge with Adam in the immortal world beyond time.** The word translated **always** means **beyond time** and anything that is beyond time is eternal, it is immortal, maybe I should even say the eternal world, I will have to think about that, immortal or eternal, because it really signifies eternity, beyond time. The Hebrew word translated **he** can also be translated **this**, and the Hebrew translated **flesh**, we have been dealing with that for years here, one of the very legitimate translations of the Hebrew word translated **flesh** is pudenda, and that is like an old English word for the male sexual organ.

A lot of people get hung up on this, but I am very sorry, I did not write the Bible, it is the Lord Jesus who wrote the Bible or not really the Lord Jesus who wrote the Bible, it is His Genesis, the one who generated the Lord Jesus, okay, it is the Lord, it is Jehovah, okay, who wrote the Bible.

He says, that God has a male spiritual sexual organ, or spiritual sexual organ male and female, and this sounds shocking but it is just the truth. The whole intent of the creation is reproduction and multiplication, and that requires a male organ and a female organ, that does not mean that God almighty has a human type female organ, but there are male and female elements in the earth, in the spiritual earth that have been put here by almighty God for the purposes of reproducing the creation, that is it is the will of God should come to pass.

The male organ is Adam, now Adam is not a human being, he is not a homo sapien, he is a man, he is a human but he is not a homo sapien, there are different kinds of men, we only know about the cavemen and at the moment I cannot think of the names, but they are not all homo sapiens, there is Cro-Magnon man, the sapien is the kind of man we are today, so there were several different kinds of men that were all cavemen.

The evolutionists teach us that man started from an amoeba in the sea and migrated from being a caveman into the civilized man he is today, but that is not what Scripture teaches, the Scripture teaches that even mortal Adam after the fall was spiritual, mentally, and physically great, and he deteriorated through the ages. You may say to yourself, **Well, where did the caveman come from,**

and are we really descendants of the caveman? I do not think so personally. I think that the cavemen were the descendants of one line, and that those of us that have some sense to us today were not cavemen, I do not know how civilized we are, but we will say civilized man, that we are descendants of another line, there were different lines that came out from Shem, Ham, and Japheth, different lines, and some of those lines descended more rapidly and went out of existence than others, and we homo sapiens, is the type of man that exists today, all of the others were wiped out. What do you mean they were wiped out? What happened to the Cro-Magnon man? He does not exist anymore, but he came from a very high place, it was not evolution, it devolution from a high place down to a lower place.

When the Lord withdraws His anointing or His blessing from us, we start to deteriorate, mentally and spiritually, because we are nothing but cavemen, that the Lord has added His life to.

Verse 3, alternate translation, **And Jehovah said, My Spirit shall not judge Adam who apologized after he sinned, in the immortal world beyond time.** I am not going to judge him in the immortal world. What does that mean? If God were to judge Adam in the immortal world, what would that mean, somebody? Wake up, somebody, I am losing the congregation here, xxx wants the microphone, let me repeat the question, if God were to judge Adam in the immortal world, what would that mean?

COMMENT: That he forgave him.

PASTOR VITALE: No, no, judgment in immortality or judgment in infinity means what? Eternal?

COMMENT: Eternal life.

PASTOR VITALE: No, judgment in the eternal, eternal torment. That is what the church preaches, if you reject Jesus Christ, you will be in eternal torment forever. But it says right here that Jehovah decided not to do that. **Jehovah said, I will not judge Adam in eternity, I will not judge him for eternity.** It says it right here, the church is wrong.

Verse 3, **And Jehovah said, My Spirit will not judge Adam who apologized for his sin for eternity.** I am going to change that translation, **for eternity. But Adam who is the male spiritual sexual organ, Adam that male spiritual sexual organ of mine, the Lord says, I have a use for him, he is my male spiritual sexual organ, I want him to bring forth a creation in the earth that**

lines up with the will of God. How is it going to benefit me to punish him for eternity and the man has repented, what is the purpose of judging him for eternity? What kind of good is going to come out of that, and everything that God does turns out for the good, because He is goodness, right? That is what Jehovah said, **what is the purpose of that?** Church, can you hear me, what is the purpose of that? All of these people are so bad, they are going to be tormenting forever and ever and ever? That is not God, He does not do things like that. First of all, He does not punish you eternally for a sin that is not eternal, or He does not punish you infinitely for a finite sin, because He is righteous and He would not do that, but aside from that, what is the purpose of it? What is the practical purpose of doing something like that? No, there is no practical purpose of doing that.

God does have a practical purpose for Adam, and that practical purpose is to populate the earth, to bring to pass God's original intention. God has a purpose to populate the earth with human beings in His own image. What is He accomplishing by punishing Adam forever? The guy repented. The purpose of punishment is to bring forth repentance. When Adam repented, God's purpose is accomplished, so why do you keep on going once your purpose is accomplished, it is totally irrational.

But Adam, this male spiritual sexual organ of mine, will exist for a hundred and twenty years in the period of time defined by heat. AT

That is interesting, but before I get on to that, I wanted to preach into this message, what the truth is of eternal judgment. The way the King James translation is written in Hebrews 1:6, I believe it is verse 6, makes it sound like eternal judgment is a basic principle, a basic tenet, a foundational tenet of Christianity, but it is not, it is an advanced teaching. I recently brought forth a translation of that verse, where it says, **Let us lay aside the basic foundations and go on to perfection**, and the King James translation makes it sound like eternal damnation is one of the basic foundations, but it is not, the only basic foundation is repentance from dead works. The basic foundational principle of Christianity is repentance from dead works. That means if you are still eating little crackers and drinking grape juice, you have not even gotten through the basic principles, because that is a dead work. How is eating a cracker and drinking grape juice going to help you in any spiritual way? It is not. How is putting a cross on your head to protect yourself from the angels going to help you in any spiritual way? It is not.

If you are still doing these things, you have not even acquired yet a knowledge of the basic foundational principles of the faith, and the doctrine of eternal

damnation, and eternal torment, is an advanced doctrine, and that doctrine which I will synopsis right here is the judgment upon the Serpent, the Serpent who used witchcraft to seduce Adam which resulted in Adam's fall, and all of Adam's today trillions of descendants, suffering in a world of eternal torment, ongoing torment, human beings experience torment in this world.

I cannot tell you for sure, but I would be surprised if there is one person who has ever been born of a woman who has not experienced torment at one time in their lifetime, whether that torment be from physical pain, due to illness, or whether it be the loss of a loved one, emotional pain, physical pain, everybody has suffered torment, and the reality of this world is, Jesus tells us that we have a worm, a spiritual part of us that does not die, it never dies.

The body we shed and it dissolves, the personality we shed and it dissolves, but our world which is really talking about the Fiery Serpent, the Fiery Serpent is the earth worm that is buried deep inside of our earthen body, our spiritually earthen bodies, and that is the part of us that goes on and reincarnates and forms a new house for itself, a new personality and a new body.

That is eternal torment. This is the Serpent's plan for man, that the world as we know it should go on forever, why? Because the Serpent feeds off of people, she feeds off of our energy, the Serpent is a spiritual being and all of her hoards of demons, and other species, other demonic species, are spiritual beings and they feed off of human energy. They recycle us and then they start to feed off of us the minute that we are born. That is the truth of our existence, eternal torment, it is the Serpent's plan. Jesus came to put a stop to it.

We are reading, **And Jehovah said, My Spirit shall not judge Adam who apologized after he sinned in the eternal world beyond time, but instead, this male spiritual sexual organ of mine, will exist for 43,830,000 years in the first time period or the first age after Adam came into existence.** Up above I say in the time period defined by heat, because that is the little definition of the Hebrew word, verse 3, let me give you the Hebrew word here, actually is the Hebrew word translated **day**, that means **heat**. The Scripture says, this will exist for a hundred and twenty years, on verse 3, **Yet his days shall be a hundred and twenty years. KJV** What does that mean, his days, we are saying that what it means is this, this spiritual day or this age that Adam exists, will be a day of heat, it is a day, the word **heat** is associated with the beginning of the universe when everything grows and there is energy, for all of our needs to be met. I remind you that the beings on the other side of the flood lived for just short of a thousand years, they were plant eaters, they were not flesh eaters, and that is our major proof that we do not have physical bodies on the

other side of the flood, because there was no provision for them to eat animals, because I do not believe that there were any animals. The Scripture says, that they were given every herb of the field to eat, every green thing they were given to eat.

This is our translation of verse 3, **And Jehovah said, My Spirit shall not judge Adam, who apologized after he sinned in the immortal world beyond time, but Adam, this male spiritual sexual organ of mine will exist for 43,830,000 years in the first time period...** that is a translation of *days*, ...**After Adam came into existence. AT** That is just how long Noah preached, and it is looking to me now like Noah is the repentant Adam, that is very interesting, and he preached to all of his evil offspring for a hundred and twenty years, hundred and twenty God years, and none of them repented. Only Adam now called Noah was locked in by the Lord, and the flood came and wiped them all away.

I have to pray about that, that just came forth, that just came to me now as I was preaching by revelation and I will pray about it and see if I get a confirmation of that, but it certainly is very interesting, a very interesting thought. There was a time when we thought that Job was Adam, because see there is nothing new under the sun, and the original entities just reincarnate, so they are really all the same person, if you can hear that, the original principles in the Scripture, are just traveling through time having different experiences until the Lord is ready to restore them. For those people who were not hearing me correctly and think that I am talking about reincarnation which preaches salvation by good works, that you keep traveling through time until you are perfected, I do not agree with that, because we are told that Adam repented before he even entered into the world of time, that means he repented when he was still in the garden, before Jehovah put him out, but you see, even if we repent, we still have to experience the consequences of our behavior. What we sow, we shall reap.

Forgiveness, even for those of us today who are in this age of grief, forgiveness, the fact that they were forgiven by the Lord Jesus, does not mean that we will not experience the consequences of our behavior and our decisions, that is necessary because repentance cannot, there cannot be a true repentance unless you understand what you did wrong, and desire to not do it anymore, and you cannot desire to not do it anymore until you have a revelation of what the right thing in that circumstance would have been, then you have a choice, then you repent. You say, ***If I have another opportunity I will not do that again, I will do it the way that the Lord taught me***, and lo and behold, you have another opportunity with the same situation, and when you make the choice that God would have you to make, then your repentance is complete, your judgment is complete and you go on with the Lord.

You cannot just say, I repent, we have had that with you two, we have had this a lot, where you just want to say, ***I repent***, so that I will stop talking, but you cannot repent unless you know what you did and what the alternate behavior would have been. You want to repent because you do not want me to be upset, or you do not want me to be correcting you, or you do not want to hear what I am saying to you, but that is not true repentance. If you do not understand what you did, you will surely do it again.

We are up to verse 4 in the King James, chapter 6 of Genesis:

Genesis 6:4 There were giants in the earth in those days and also after that, when the sons of God came in unto the daughters of men, and they bear children to them, the same became mighty men, which were old, men of renown.

For whatever reason, I did not put the King James verse in your notes, I usually do but I was rushing today, so just want to point out to you, **and they bear children to them**, that word ***children*** in the King James version is in italics, that means the word, there is no Hebrew word that was translated children, the King James translators just added it in because they saw the word ***and they bear***, and the carnal minds of the King James translators could not conceive of bearing anything other than children, so they added the word ***children*** in but we give them credit, and commend them for putting it in italics so that we know that, that is their interpretation of what was born.

What else can we bear if not children? We know that we can bear spiritual children, we know that we can bear a mind, we know that we can bear or give birth to demons, we have wrong thoughts, we can continuously be giving birth to demons, we can also give birth to God thoughts. The mind of a fertile garden the produces continuously, and we also reproduce spiritually, we reproduce our spirit.

Verse 4, the Hebrew word translated ***giant*** means ***fallen one***, now who is the fallen one? Who fell?

COMMENT: Adam fell?

PASTOR VITALE: Yes, Adam fell, so these fallen ones and the Hebrew word is, we hear that a lot, it Nephilim, they are the fallen offspring of Adam, guess what? We are all Nephilim, except that we lost our powers. There were fallen ones, there were Nephilim in the earth in those days. What is interesting is that, the Hebrew word translated ***those*** is a masculine plural, and that is very

significant, that these fallen ones had male spiritual power, and what is the male spiritual power, can anybody distinguish between the female and the male spiritual power? Can anybody tell us that? What is the difference between the male and the female spiritual power? Maybe somebody wants to try, anybody?

COMMENT: The male comes from the Lord, and the female spirit is underneath, it can never be above the Lord Jesus.

PASTOR VITALE: Okay, that is not wrong, but maybe xxx can give us some more information.

COMMENT: The female is Leviathan I think, and the male is Christ.

PASTOR VITALE: Oh, that is interesting, okay, that is an interesting way to look at it, Christ is male and Leviathan is female in relationship to Christ, but let me give you a little more concise definition. The female spiritual power is the raw spiritual power, it is the, it does not have any wisdom, it does not have any morality, it does not have any instruction, it just raw spiritual power that is used by the mind that wields it. If the carnal mind is wielding the raw spiritual power, that raw spiritual power is used in a way that is not acceptable to God. It could be used in an evil way, or it can be used in a way that could be considered good to the mind of man, but we know that spiritual power exercised apart from the will of God is sin, even if you have the best intentions.

If somebody is dying and you want to heal them, this is hard word, but raw spiritual power used apart from the will of God is sin. I remind you when Dorcas was dying and Peter was called, Peter prayed to the Lord before he raised her from the dead, because we are not, in the day we receive spiritual power, that does not mean that we are going to go around raising everybody from the dead, that is a hard word, but we, there are things we do not understand, the Scripture clearly says that Jesus only prayed for the people that Lord told Him to heal. He said, ***I do not do anything except what the Father tells me to do.*** The Scripture says, Jesus saw that they had the faith to be healed, and He healed them. What does that mean? It means that the Lord said, ***Heal that one, or heal that one, or heal that one, or heal that one.*** Some people were not healed, everybody was not healed.

We are told when the curse went on Simon the sorcerer, that he would be blind for season for practicing witchcraft over God's people, he was told why he was going to be blind for a season, and his only response was, ***Please pray to God that this does not happen to me,*** but he never repented, and I do not read

anything that indicates that he was ever healed. There is no healing without repentance.

There were fallen ones in the earth, or fallen offspring of Adam in the earth with male, I did not finish, that was the female spiritual power, raw spiritual power. When that raw spiritual power which the natural man is born with is controlled by or influenced by the Holy Spirit, Holy Spirit of God, then we see manifestations of healing and deliverance and the gifts of the Spirit coming forth, but it is the same power, it is the same power that is found in mortal man that comes from the Holy Spirit and the counterfeit Holy Spirit. That is why the Scripture says, that Satan comes as an angel of light, Satan can come as a preacher, Satan can come as a believer, Satan can come and as far as I am concerned exists today in a very famous well known preacher who people follow after for his healing powers, but they are not from God. That man does not heal by the Spirit of God.

That is the female spiritual power, it is raw spiritual power, and depending on the mind that wields it, it is either good or evil, but the spiritual power, that is the female spiritual power. The male spiritual power yes comes only from the Lord, that is true xxx, and it is wisdom, there is power in wisdom. There is spiritual power to deliver in the ability to look at a situation and decide what the righteousness of the conflict is. Spiritual power rides on that ability to look with the Christ mind, and a situation and judge what is right and what is wrong.

The Scripture talks about the eyes of the Lord, the seven Spirits of God, the eyes of the Lord are everywhere, we are the eyes of the Lord, we in this ministry have experienced being sent to other ministries to see people minister, to recognize that they were not ministering by the Spirit of God, or that something was wrong in the service. Initially I use to ask the Lord all of the time, what are we doing here, we just look and we see, we do not do anything because we cannot pray for or against people unless you tell us to do it, and we just come and we look and we leave and we never do anything, what is it all about? Then the Lord taught us the principle of quantum mechanics which says, the Copenhagen theory of quantum mechanics which says, something does not come into existence until it is observed. It does not become a reality until it is observed.

I know that, that is true for me, I do not know what is going on in my neighbor's house right now, you know. Let us say God forbid one of my neighbors is sick, and the Lord would want to heal that person, how do I know that she is sick? It would not be until I observed her plight, that, that reality of her need would come before the Lord through my observation because I am amongst others are the

eyes of the Lord. The Lord was sending us around to these churches to observe the laughing revival that Rodney Brown, we saw him in one of the local churches, we saw a manifestation of the gold dust anointing, and we looked with the mind of Christ, with the eyes of Christ we looked, and we made a judgment out of the Christ mind that these phenomena were not of the Spirit of God. What happened, did we do anything? I do not think I did anything, I know we prayed against the gold dust anointing, I think I prayed that if it was not of God that it should not fall, and then when it did not fall, do remember that? Remember the gold dust fell, and we were disappointed that we did not see it, so the leaders of the meeting were making excuses and saying, **Well, we do not know why the gold dust**, just a few specks fell, and they were saying, **Well we do not know what happened but come back tomorrow, it will be here tomorrow**. Then I was sorry that we bound it up because I wanted to see the gold dust, do you remember that? Yes, but basically we did not pray against any person, we just stopped it from falling that night in that service.

What were we doing there? We were the eyes of the Lord, we were the observers that were observing spiritual phenomena that was spiritually illegal, and what happened. Long Island is our turf, you know, the sons of God, a little company of the sons of God exists in Long Island, is the gold dust anointing flowing through Long Island today? Do you hear anything about it today? No, it is gone, even the church that was bringing it in is not manifesting it anymore, it left. What about that laughing phenomenon, that hideous experience of false tongues and other ungodly manifestations, do you hear anything about that being anywhere on Long Island? No, it is gone, I do not even know that it exists anywhere else, I do not know everything that is going on in the country, so I am not sure, but you know, I do not know anything about it anymore, do you hear about those two revivals anymore? No, you do not hear anything about it anymore.

What does that mean? We, the eyes of the Lord were sent to look, can you imagine if we had the ability to take our eyes out of our head and put them in a box and mail them to the other side of the world, so that they could see something? We are the eyes of the Lord, we are mobile eyes of the Lord, we are not rooted anywhere, we are His eyes that can go anywhere that He sends us, and look upon anything that He wants us to look upon, and then through our eyes because Christ in us has a connection to the glorified Jesus Christ, He decides how He is going to deal with it..

When we looked at it, it became real to the kingdom of God, and it was dealt with. We have to see. How did I get in to that exhortation, I was talking about, I do not know how I got into that exhortation. I was talking about the male and

female wisdom, so the male wisdom, the male spirituality or the male spiritual power is wisdom, knowledge, and understanding, it is the seven Spirits of God, the Spirit of counsel, the Spirit of might, that is all in the male spirituality, it is not raw spiritual power, it is spiritual power with direction, spiritual power with focus, spiritual power with righteous judgment.

We see that the male spiritual power includes the female spiritual power. What are you talking about Sheila? The male spiritual power is wisdom, understanding, might, everything the Spirit of the Lord, the seven Spirits of God, working through raw spiritual power. We see that the male spiritual power is the whole spiritual power, spiritual power under the control of righteous attributes, and that the female spiritual power is spiritual alone apart from, any kind of attributes at all except the mind that wields it, so it can be good or evil depending on the mind that wields it.

Once again we see that, that which comes from the Lord is whole and complete and that which is only a portion of what comes from the Lord, is incomplete, partial, and spiritual female, the whole is always male, and the whole always contains or the male always contains the female. Actually the female contains the male too, but a truncated crushed form of masculinity, because there is a, what James calls a devilish form of wisdom, so there are counterparts of the seven Spirits of God, with the female power but they are evil. Everybody got it? Okay. You all preach tomorrow.

The fallen ones, they were fallen ones, giants in the earth in those days, and they had masculine spiritual power, who were gathered together in the higher part of their mind and set upright. We were talking about this before the tape went on today, how all human beings have a multiplicity of attributes that are constantly at war with one another, in Kabbalah these attributes are called Sefirot. We have the reconfigured Sefirot.

I have on the board for you the different parts of the human mental and emotional structure. It is interesting that we were talking about this before the tape went on, how I was telling you before the Lord brought me to Kabbalah, how I had such an usual spiritual education from the Lord, and that there are many spiritual truths that are valid that are not taught in traditional Christianity today because traditional Christianity today because traditional Christianity is still very young, it is only two thousand years old, so I was reading a Buddhist book one day, and in that book, the Lord showed me the principle how all human beings are made up of many attributes and those attributes are constantly interacting with each other and vying for dominion, and depending on which

attributes are strongest in us, those are the qualities that we manifest in our personality.

If we are basically a kind and tempered person, but every once in a while, we lose our temper, then what has happened is that there has been a mix up of attributes in us, something has happened that has strengthened one of the ungodly attributes that causes a big upheaval, like one of those glass balls that you shake and all of the snow goes in all different directions, and everything in us is in an uproar, a spiritual storm within us, and temporary some ungodly aspect, such as anger comes to the surface and is able to express itself through that vessel. Then when I started, when the Lord brought me to Kabbalah, I see these same principles exist in Kabbalah, and they are called the Sefirot, and what I have on the board for you, drawing #2, is the relationship of the Sefirot in what Kabbalah calls the rectification because it is the renewed mind. Paul tells us, we are to be, we should be restored in the spirit of our mind, so we know that we are born with a carnal mind, and that our mind is being renewed, we are to be renewed in the spirit of our mind. What does that mean? It means all of the human qualities are being brought into an upheaval and reconfigured, reconfigured into a mind that is stable and a mind that manifests the wisdom of God.

The carnal mind has all of these ten qualities listed vertically in a straight line, and that is the diagram of the carnal mind. All of these attributes are listed in a straight line, and Kabbalah teaches that they cannot relate to one another properly, so the mind breaks and spiritually speaking the carnal mind is an insane mind. No matter how stable you might think you are, in relation to the mind of God, the carnal mind is unstable and in many instances insane. You could be a brilliant lawyer, doctor, or statesman, and if you do not believe that God exists or if you do not believe in whatever the spiritual truth is, if you do not believe that salvation is only in the name of Jesus, you are spiritually insane. You could be a brilliant person, you could have a stable life, be good to your wife and to your family, but if you have no concern about your spiritual life and you think believing in God is just for uneducated people, you are spiritually insane, because the truth of the matter is that there are spiritual worlds, and there are spiritual forces that affect our lives, and if we do not have a savior, destruction is headed for us, and if it does not touch us, it will touch our children or our grandchildren, it will touch future generations.

It is a spiritual insanity to not comprehend that we need a savior, you see. This is, drawing #2 is a drawing of the reconstructed mind. It is the mind of Christ, and the whole idea here is that the negative or the judgmental characteristics are in the left column, Binah is understanding but judgment comes out of Binah.

I cannot be teaching about all of the Sefirot right now so all I can do is tell you what they are. She is basically known for understanding, and that is the translation of Binah, understanding, but Binah brings judgment from a high level, and that is why she is in the left column. Gevurah means force alone, and Gevurah when it is not interacting with all of these other Sefirot is what we know to be Satan, this is the raw spiritual power that I talked about, the female spiritual power, Gevurah and that means force. Underneath that we have Hod, which is mind, all of these attributes together are forming mind. On the right side we have Chokmah which is the wisdom of God, Chesed which is the kindness of God, not human kindness of God which is very powerful kindness, and Netzach is the drive for success, which is a positive thing, but can be overdone, the drive for success can be overdone. We have all of these six attributes vying, pressing against one another and mixing together, and in the balanced mind, they come forth with the center column, which is Tiferet which means justice, you have a mind that is tuned to justice, you are prefer and are attracted to justice, or righteous judgment, righteousness, fairness for people, and you also have the male spiritual libido, and the female spiritual libido, which is, the ultimate manifestation of your personality. This drive for success over here Netzach, it constantly has to be controlled by Hod, I do not know if good and evil is really the right thing, I should really change that, Hod, I am going to change that, Hod is really the aspect of the mind that is practical, and sometimes in explaining the Sefirot we are told that the drive for success is male desire for career enhancement, and Hod is more like the woman at home who is saying, ***You know you are working too hard honey, take a vacation and let us fix up the house and do something with the children.*** It is really not good and evil, it is like more practical, more practicality.

Our goal, the goal of all human beings that have any sanity at all, are to walk in the middle column. Once again you find other spiritual philosophies talking about the middle path, it is the path of balance. The Scripture says, that we should pray that we do not turn to the left or to the right but that we should walk down the straight middle path, the path of righteousness, justice, and the male mind of Christ Jesus manifesting through us, Malkhut is our personality that shows to the public, this is the balanced middle column, and it comes into existence when the six Sefirot, three on each side, are properly integrated, the middle column or the sound mind comes into existence.

In the case of the man who is fallen, Israel had this mind, and because of sin, the whole right side was wiped out, and when the right side is wiped out, the middle column ceases to exist, and the only thing that was left was Gevurah, which became Satanic manifestations, and Binah which became harsh

judgment, judgment that if you did something wrong, would kill you. It was only the left side manifesting through Malkhut, the personality. I had a lot of that when I came to the Lord, I had an understanding of righteousness, but I would kill you showing you what you did wrong, and I had to pray for a long time for the kindness of God to come into my life to balance the harshness of this understanding of spiritual power. Today most of the time I have a good balance.

What is interesting is that when the Kabbalists meditate, they meditate to bring their mind into this condition, they have very strong minds, and I do not know if I could even do it, you see, I do not have to meditate because I have got it easy, Christ Jesus is in me, it is all done for me, this configuration is tied up in an unshakable package, this, the relationship of these Sefirot cannot be changed in Christ Jesus, and Christ Jesus is in me, so I do not have to worry about pulling my mind together to bring the middle column into existence, so that I can get into a meditative state, that is why I am in a continuous meditative state.

We preached a message called ***Permanent Meditative Consciousness***, that means, I can talk to the Lord anytime, there is no walls between us, I have a face to face relationship with the Lord, thank God, but this is what the Kabbalists do, they focus, they concentrate, they do all kinds of mental exercises to bring their mind into a meditative state that will help them get into a condition where they can, as far as I know they hope to hear from angels that give them revelation. I hear from an angel, you know, His name is Christ Jesus, He is The Angel.

I think I explained these are the parts, in the verse that we are talking about, we are told that these men of old, that their parts were pulled together in the back, there is a word that means hind, the unconsciousness part of the mind. That means that they had all of these attributes in right relationship to one another, and they were very spiritually power, because when you come into this configuration in your mind, you are spiritually power. Kabbalists have very powerful minds. Almost everybody that is called here has a very powerful mind, but it is the powerful mind that you were born with, you do not have any control over it, it is like having a lion for a pet and it is not on a leash, or having a pit bull that is not on a leash, or like having an atomic plant and there is no control over where the atomic energy goes, it could kill you. People who are spiritually powerful that are not trained, kill people with their anger. This is known in Africa, we do not know about it here, but it is known in Africa, that it is not all that uncommon two people have a fight, they just have an argument over something stupid and the next day somebody dies.

There is nothing that can be done about it, so nobody talks about it. I was told a couple of years ago that, I believe it is in the east of Nigeria where it is mostly, the population is mostly Moslem, the Moslems are physically, materially attacking the Christians, burning their houses down, aside from that on occasion, a Christian house will just spontaneously go up in flames, and it known that is the Moslem prayer that is doing it, but there is nobody to do justice on behalf of the victims of spiritual crime, and that is what we are being raised up to do. The sons of God are the policemen to fight for victims of spiritual crime. If you can hear that, that is what we are being raised up for, that is who we are now, I can do it now on a certain small level. We have prayed politically here and we have seen results. Of course we have not nearly arrived yet, but this is just a forerunner, it is just a glimpse of what the Lord has in store for us as He deals with our sin nature, because He is not going to give us, He is not going to increase our spiritual power if there is any chance of us getting angry and killing somebody, He is not going to do it.

Our main thrust, although everybody loves the doctrine, our main thrust is dealing with our sin nature and the fact that you control yourself, and a wrong rarely comes out of your mouth, or you rarely do anything physically do anything wrong, does not mean that you have dealt with your sin nature, all it means is, that you are not showing it, and it is harder for you, then somebody like me who shows feelings all over the place, everybody that knows me, knows my sins, because when I get upset, they are all out on the table. If you are a person that does not act out, or never acts out, you have a harder time than me, but that is my job to help you, when I see something like that, when I have a spiritual discernment of something ungodly operating in you, I can come to you and tell you, ***That is why you need me because you are all so socialized and controlled, all my beloved Pharisees, that you yourself do not know what is operating out of your own unconscious mind.*** That is my job, and that is what I do with the intense discernment that the Lord has given me, and I am the, Paul said he was a gazing stock, I am one of those kinds of people who is a gazing stock, what you see is what you get, you know everything that I am doing, I am all out in the open.

Let us see if we can finish up this verse. We are on verse 4, and I do not really have a final alternate translation on this, I am still struggling with this, so I will give you what I have so far. **The fallen ones with male spiritual power in the earth in those days who were gathered together in the hind part or the unconscious part of their mind... AT** That is just what I explained to you, they were gathered together, that means the middle column was formed in them, they were in control, they were balanced, their spiritual power was under

wisdom, and they knew what they were doing, but it was the devilish wisdom. Everything I show you in the Christ mind exists on the other side, everything that is in God, exists on the other side. They were gathered together in their unconscious part of their mind, they were balanced, they were set upright, that is the same thing as saying they were balanced, they were manifesting and living out of the middle column, they had full focus and control of their spiritual power. **And at that time, Adam, the son of Elohim, went into the female offspring...**, and that is a translation of **daughters, ...of Adam...**, that is a translation of **men, ...and they bear...**, the word children is not in the Hebrew, but the English word in verse 3 in the King James, **the same**, that a translation of the Hebrew word that means **males**, they bear spiritual males. Every human being born today is a spiritual female, and I remember when I first started preaching and I was still preaching in Smithtown so it was in the first five months that I was preaching in this ministry. The Lord gave me a message in which I was teaching that the day will come that everyone born will be born male.

After I preached it, my carnal mind came to the surface and I said, **Wow, what did I preach here**, I really had a lot of concern about that, and I was going to pull the tape, you know, and the Lord spoke to me and said, **No, I told you, I told you to preach that**. At the time, I did not really understand what it meant, it did not mean everyone would have a physically male body, the day is going to come when a new born infant that is born will have a male mind. Interesting, that is in the regeneration, that is in the time to come.

These sons of God went into the daughters of Adam, they were not in human bodies, but they had some kind of intercourse, and they bear male offspring, we do not know what they looked, and we know that they were very large, that they were giants, and they were powerful **warriors**, that is a translation of **mighty men**, they were, they had the immortal mark of character or authority, and **immortal** is a translation of the Hebrew word that means **beyond, of old** means **beyond**, and the Hebrew word translated **men** is a word that means **mortal men**, and **mark of character or authority** is another translation of the Hebrew word translated **renown**.

As you can see in your notes, I have two paragraphs four, because when a paragraph gets complicated, I try translate it in the order of the words that they appear in the Interlinear Text, but then I have to move everything around to make any sense out of it, but what I have here, my first try was this, **And there were spiritually male fallen beings who were standing up in spiritual power in the earth during that time period, and all of their parts were gathered together...**, and I see I left out **...in the unconscious part of their mind...**, **And Adam, the sons of Elohim went into their own female**

offspring, and they bear powerful spiritually male mortal warriors who had the character and spiritual authority of the immortal Adam. They were mortal but they had the character powerful and spiritual authority of the immortal Adam, that is an awesome spiritual being brethren. There was a woman who was in Florida, she used to, I have not heard from her in a long time, she use to communicate with me once in a while, and she told me about a book, I never wrote down the name of it, but it was a secular book written by someone who claims he had proof that there were giants on the earth, and that human beings way back when, were very, very large, and he found large coffins, I think in Egypt actually, he found very large coffins, many had many signs that there were physically gigantic men in the earth at the time. These men were very spiritually powerful, and if you apply the principles of physics to spiritual power, I do not know that I am prepared to explain this today, but anything, spiritual, massive spiritual energy can produce a massive physical man.

The reason the beings were giants and they became small was because humanity lost the degree of spiritual power that they had on the other side of the flood.

What I am saying is that when men were very spiritually powerful, they were also very much bigger than we are today. We wonder how the pyramids were built, and I was saying for a while, **Well those big blocks got up there with mind power**, but maybe they were built by giants that just picked them up and put them there, I do not know. Of course those mummies in the pyramids are the size more or less like men today, so if that is the case, then I believe that they were built with spiritual power, mind power, that the bricks were lifted with mind power, unless both kinds of beings existed.

We are told in the Scripture that there was a time in David's day when there were humans like us and then also giants in the land in those days. Maybe there were giants in Egypt, that built the pyramids with smaller size kings, or they were people that had mind power to elevate the bricks and put them in place. That is my opinion anyway, but there were giants in those days, I believe there were physical giants in those days and they were very spiritually powerful, and they say that they had the character and the spiritual authority of the immortal Adam, that is power!

Then I tried again and this is what I got the second time. **And when Adam, the sons of Elohim**, and it is plural, the word sons is plural in the Interlinear Text, I do not know whether it means Adam alone, or Adam had offspring at that time, I am going to let that go for now, maybe I will have time to pray about it, and we will talk about it more on part 2. **And when Adam, the sons of Elohim, went**

into their own female offspring, they bear powerful spiritually male mortal warriors who had the character and spiritual authority of the immortal Adam, and all of the parts of these spiritually male fallen beings, were gathered together in the unconscious or the back part of the earth, during that time period. And they stood up, or they were standing in spiritual power. That is scary! When you stop to think about it, that this is what we are going back to, it is absolutely awesome. This is where the Lord wants to bring the sons of God. He does not want spiritually powerful people with an evil nature, He already had that on the other side of the flood and He had to wipe them out, so now we are going backwards, He is dealing with our sin nature, and when our sin nature is under control to whatever degree, whatever His bench mark is, whatever the point is that He says, ***You are okay***, that is the kind of spiritual power that He wants to give to us, the spiritual authority of the immortal Adam, that is absolutely awesome.

What is that like? We saw some of it manifested through Jesus of Nazareth. Did we see all of it manifested through Jesus of Nazareth? I do not think so, but we saw the power to heal any disease and we saw the power over all of the demonic worlds, and I think that there is much more than that, because He said to us, You will do the greater works. I believe that the greater works is that we will impart the seed of life to people, but I also think that the Scripture says in the resurrection that there is no labor, can you imagine that? No shopping, no cooking, no washing your clothes, no vacuuming, what does that mean? Does it mean we will not live in a house? Or does it mean we psychokinetically move things for ourselves. I do not know, but the thought of it is very exciting. The whole fact that we have to labor every day is a part of the curse.

There are different degrees of being delivered from the curse. I have been delivered from the curse of housekeeping, not because I clean with psychokinetic power, but because the Lord made a judgment that I am spending enough time doing the work of the ministry that I can have someone come in here to clean house for me, but I still shop and cook, I still have to take a shower, I still have to do my hair. All of this is going to be non-existent, but if you are prosperous enough to have somebody do these things for you, you are experiencing deliverance from the curse is a carnal kind of way, if you can hear that, and the people that have a lot of money in this world.

People that have a lot of money in this world are called privileged, it is a privilege to have a lot of money, not so that you can be frivolous or irresponsible, but having a lot of money gives you the privilege of doing whatever you would like to do with your time. Most people that have a lot of money work, they are in business or they are lawyers, they are usually business men or lawyers, as far

as I know. Most of them are responsible or they would not have their money, so they work. It is a privilege to have money, it is a privilege to have money to build God's work. I never use to understand that, but I understand that today. People who have the right attitude towards money, will at some point receive money from God, if He knows that you are going to do with your money what He wants you to do with, He will make you rich. If you are going to give money to His charities, to people, as He directs you, you know, if you going to travel to spread the gospel to the world, whatever He wants you to do with it, He will make you wealthy in due season. Something like that does not come overnight, if you are not born into this world with that degree of prosperity on you. He can do it, and He wants to do it, He told me that, He wants to do that, because He wants the whole to see how He blesses the people who serve Him.

If we are serving Him and we have any kind of financial problems or if we are sick or if we have any problems like that at all, and we are truly serving Him, it is because we have not yet worked through our problems, He has to fix us before He gives us what it is that we would like, whether it would be health or finances, He has to prepare us to have a mental outlook and live a lifestyle that will sustain that privileges that He gives us. He is not going to give it to us so that we can give the Lord a black eye, or so that we can lose it in a day.

I saw a program on TV. not too long ago, how winners of the lottery, people that won billions of dollars, how it ruined their lives, ruined their lives, the particular program that I saw, the man's favorite granddaughter that he was absolutely nuts about, wound up a drug addict and dying in her twenties because she had everything that she wanted. That is not God.

Let me go on, because we only have 40 minutes left on this tape. I am going to have to work on this translation but that is what I have so far for verse 4. **And when Adam, the sons of Elohim, went into their own female offspring, they bear powerful spiritually male mortal warriors who had the character and spiritual authority of the immortal Adam, and all of the parts of these spiritual male fallen beings were gathered together in the earth during that time period, and they stood up in spiritual power.** Of course the question is, who were the sons of God, and who were the spiritually female offspring? This is very interesting because what comes to mind is that the spiritually female offspring were Cain and Abel, so then who were the sons of God? What this says to me, and I am not telling you that the Lord told me this, and again I will have more answers for part 2, what this says to me is that Adam existed, that is why maybe it was not the sons of Elohim, maybe it was just the son of Elohim which is Adam, had some form of sexual intercourse with the descendants of Cain and Abel. I do not know, either that, or we were talking about Abel who

was the good side, maybe Abel was the, the manifestations of Abel were the sons of Elohim, and they interacted with Cain. These are just thoughts that I am leaving with you and I hope to have more to say about it next week.

Let us go on with verse 5, our last verse today and we will finish up.

Genesis 6:5, And God saw that the wickedness of man was great in the earth and that every imagination of the thoughts of his heart was only evil continually. KJV

This time the English word **God** is a translation of **Jehovah**. That is very frivolous of the King James translators, if you want any depth of understanding at all, you have to look at the Interlinear Text. Jehovah is very different than Elohim, Elohim is likened to Gevurah, He is the power of God. Jehovah is the will of God, the mind of God, the wisdom of God. Jehovah saw great evil, that is a translation of the Hebrew word translated **wickedness**, and the Hebrew word translated **man** is **Adam** in the earth. And that is the whole, the Hebrew word translated **every** means **whole**, and the whole spiritual creation, this English word **imagination**, imagination means thought, it can mean creative thought. We do not know it, but even human beings on this level, we have power to create with our minds, if we do evil continuously, we create demons with our mind. If we do good continuously, we create good with our minds, and then we have persona about us, everybody likes us when they see us, and it is because all of this goodness is in our aura, and we do have an aura. We have an aura from our carnal mind, but we also have an aura from our Christ mind. People stare at me all of the time, and they know that they are seeing the anointing on me, but they do not know what it is, it is just something, something about me, they do not know what it is.

I think at least two times in my life, I have come up against people from the Islands and from Jamaica or Haiti, I really should, if it happens again, I just may go up to them and ask them what they see, but their eyes literally bugged out of their heads, actually three times it happened. One of the times it was a pastor, it was a black pastor, some of these black people, they are just very spiritual, more spiritual than we are sometimes. This was a black pastor, both she and her husband were pastors, they had a church right here in North Babylon, and I do not know what she saw, but her eyes were just bugging out of her head when she looked at me. I should have gone up and said, **What do you see?** Probably just saw some kind of light or something like that. This is what the Hebrew word translation **imagination**, this is what it means, it means a creative thought, and this whole creation, Jesus said, **I am the beginning of the creation of God**, this whole creation is the imagination of almighty God, He had

an imagination, He had a vision. We cannot even say He had an idea, because idea implies mind, and God is beyond mind, so He had an imagination, the creative thought, even if that is accurate, came into His mind, and we are it. God has an imagination and it has manifesting, it came into existence.

We see the analogy of that down here, an artist for example, has an idea that they want to paint a landscape, they have to go out, they gather all of the materials, the canvas, the paintbrushes, and they transfer their thought or their imagination to canvas. That is why the Scripture calls all of creation a tapestry, we are woven work of spiritual elements, that is the handy work of God. He did it with, see I get stuck, you cannot say God did it with mind, or He did it with thought, because I am told that He does not have any of these attributes, but He has this imagination, and everything, and all of the atoms of the universe came together to produce a visible manifestation or a visible expression of this imagination, but there is something wrong with this picture, the way humanity looks today is twisted and it is not an accurate representation of God's imagination, and that is why it cannot continue in this condition because it is not an accurate representation of God's imagination.

The Lord Jesus is in charge of fixing it up, and bringing this creation into line with almighty

God's imagination, and that is the work that He has in the earth today, and that is the work that we have as His sons. Jehovah saw that great evil, that Adam, the great evil of Adam in the earth, and the whole spiritual creation were **interpenetrated**, that is a translation of the Hebrew word translated **thought**, to it means to interpenetrate. Another translated of the Hebrew word translated **heart** is **center**, our heart is our center, our spiritual center, and this is interesting. The Hebrew word translated **only**, a simple harmless little word like only, it means **leave or without oil**, and we know that oil signifies the anointing. That is such an important word, and it was translated **only**. Why? Because the King James translators did not know what else to do with it.

The Hebrew word translated **continually, the whole day of heat**. The English word **continually** is a translation of two Hebrew words, and you could see that, I gave you, I printed out the pages of the Interlinear Text, if you want to check it out, so two Hebrew words, the first Hebrew word is the word that means **day**, and I told you that when you look it up further it means the **day of heat**, and the second word is **whole**, so I translated it, **The whole first time period or the whole first day that Adam came into existence was evil**. We are not talking about the first day of creation, we are talking about the first day that Adam came into existence, which is actually the sixth day of creation.

I wanted to comment on this concept, well let me read you the alternate translation that I put together there. **verse 5, And Jehovah saw that the earthen Adam was very evil, and that the male anointing of the whole spiritual creation was not woven together with the earthen Adam's spiritual center, and that Adam's whole first time period after he came into existence was evil.** The words that you see in brackets, those are called amplifications and they are words that I add to help you understand what is going on. The reason that I put in **male** before the word **anointing** is because I recognize in this verse the whole concept of the world of points which we spent weeks teaching on, the world of points, and that is why I printed out these drawings for you, so that I could just briefly review it for this message, what the world of points is.

This is a great mystery, but we are told in the book of Acts that, in Him we live and move and have our being. That means that we are within some gigantic supernatural, we are within or a part of some gigantic supernatural being, and for a the longest time, I did not understand what that meant, but today I understand that what we will call primordial Adam, Adam at the point of his creation today is a gigantic spiritual being, and we are cells in his body.

If your mind can handle it, it is as if to say, and I am told that there are cellular consciousness in the cells of our being. The one in whom we move and live and have our being, well you think it's God, but I never really understood it, but today I understand that we are cells in the body of a gigantic man, called Adam, called primordial Adam. The mystery of this is that Adam exists in five worlds, he spans five spiritual worlds, before the fall, but we know today that Adam is regenerated in the Lord Jesus Christ. The Lord Jesus Christ spans all five worlds, and we are cells in His body, if you can hear that. Peter and Paul clearly teach that we are living stones in the temple of God, you know, we are all members in particular, we are all members of the body of Christ, and it sounds wonderful, but I do not think there is anybody that ever really believes that we are part of a gigantic spiritual man. I do not think that their minds understands that.

When we first started studying Kabbalah here, we found out that primordial Adam which is the regenerated Lord Jesus Christ today, contains with him the whole universe, the Lord Jesus Christ is greater than the universe. This universe is in a sack, even astral physicists will tell you that, our whole universe is in a sack, and nobody knows what is outside of the sack, or they think there is nothing outside of the sack.

The truth of the matter is, that the sacks that we are in is the belly or the womb or the reproductive part of this primordial Adam, you can see by his navel, the

whole universe is in his navel. We have spent weeks and months teaching this, and I am just reviewing it briefly. I think I would like to put on the board, the five worlds just to give you an idea of what I am talking about with that.

I have drawn on the board five circles because the worlds we are told are round. The outermost circle says, Adam Kadmon, Kadmon means primordial, this primordial Adam, and he encompasses the whole. The four inner worlds could be likened to our heart, our lungs and the inner organs of a mortal man, so we see the second world or the first world inside of the whole of Adam Kadmon, it is called Atzilut, that is a Hebrew word, and it means emanation. It is the world, now we are talking about the formation of Adam to the point that we know him today. These are all, this is you might even say the pregnancy of Adam Kadmon, it is his inner workings that are bringing forth offspring, Adam as we see him today is the offspring of the whole of Adam Kadmon. Of course that is the fallen Adam, today the Lord Jesus Christ is coming to us as fallen human beings and doing the same thing inside of us, but at the beginning of time, or before time, Adam was created, he was a spiritual being, and he was called primordial Adam, the first aspect of the creation, and within him was an aspect called emanation.

You might say it was the ovarian seed coming down from the womb, emanation, something was given forth, the seed were given forth, there is nothing to see, he is life but he is unformed. Then the next layer within himself, the Hebrew word is Beriah and it means creation or the world of creation, and this is the first place that Adam took form. I have drawn him in blue, Adam the world of creation, the world of creation is a place where there is no sorrow, that is where we are headed. The next layer is Yetzirah or the astral plane where all of the demons and the demonic entities are, and I have drawn Adam in orange that he is spiritual Adam, and we are really talking about mind. What is our spiritual being? Our spiritual part is in our mind, so the astral plane exists in our mind, all of the demons and demonic entities exists in the mind of man.

In the very innermost part of Adam Kadmon, in his womb, today is our world, it is called Asiyah and it means the world of action, because these other worlds are all spiritual worlds. All of the physical activity is in our world called the world of action. I have drawn that Adam in purple, he is mortal Adam of the earth. We see that primordial Adam is reproducing, he is increasing in accordance with Jehovah's commandment, he is multiplying and he is producing an earthen Adam, there is an earthen Adam, and we will see that in the translation, Adam of the earth was filled with evil. It is not Adam Kadmon that was evil, the Lord Jesus Christ is not evil, but today Adam of the earth, that is us, we are filled with evil continually. We have to come into the image of the whole, the one in whom

we live and move and have our being. The fetus inside of the Lord Jesus Christ is not lining up with the nature of the Lord Jesus Christ, there is an evil fetus inside of him.

The way that the Lord is dealing with that, is that He is impregnating each human being with His righteous life in the form of an inner man, and that inner man will change the outer man, but that is not the message for today.

This is how Adam, I do not know if you can see it, but I have it in blue, from the outermost world, Adam Kadmon, he compasses or spans all worlds, all of these other worlds are inside of him, just like a fetus is inside of a pregnant woman, being formed, a cell at a time, an organ at a time, and we all exists inside Adam Kadmon, who has been regenerated today in the person of the Lord Jesus Christ.

When we talk about being in the body of Christ, or being in Him, this is where we are, we are inside of Him. He is in us, He is inside of us, He is outside of us, that is how He is omniscient, His blood flows through the whole creation today, and it continuously is a war with the blood of the Serpent. Does anyone know the name of the blood of the Serpent, what is the personal name of the blood of the Serpent? Anybody? What is the spiritual aspect of the Serpent? Satan, and Leviathan is the wisdom of the Serpent, Leviathan is the devilish wisdom.

We are working on the 5th verse, **And Jehovah saw the earthen Adam...**, you see Adam, well at the time that this was written, I do not believe that the world of Asiyah existed, I believe that this earthen Adam existed here in the astral plane, because in the astral plane that is where our soul exists, and I am told that our soul looks just like our physical body except that it is spiritual, it is not solid, you can walk through walls, but it is still made of earth.

Jehovah saw that the earthen Adam in the astral plane was very evil, and that the male anointing of the whole spiritual creation..., now what did Jesus say? Jesus said, ***I am the beginning of the creation of God***, and Jesus is male. What we are saying here is that the whole male anointing of the whole spiritual creation, Adam Kadmon has a male aspect, was not woven together with the earthen Adam's spiritual center. We, let us take us down here in this world, we all have a spiritual center, the average person out there does not have their spiritual center, their heart center woven together with the Lord Jesus, the Lord Jesus is the last Adam. Salvation is the union, salvation is the fruit of the spiritual marriage, the union of the Lord Jesus Christ joining together with our person, a complete integration and interpenetration of His life into our life, it begins with the union in our heart center.

Jehovah looked at the creation in the days gone by, and He knows that for the female aspect of the creation, to be good, and not evil, it has to be interpenetrated by the male aspect of the creation, and He looked and He saw that it was not. Those of you who have been studying here know that, should know that the male aspect, does anyone know the name of the male aspect of the creation? No, see this is the world of points, it is literally the spiritual womb of primordial Adam. It does not look like this, we just draw these pictures because we are so carnal that we cannot understand it without them. If you look at your drawings, you see that I emphasized in the mid-section of Adam Kadmon, that is his womb, it is his spiritual womb, it is his ovaries. You can take these pictures home and look at them if you want to spend some time reading them. That is his female reproductive organ, and that female reproductive organ to be good has to be penetrated continuously by Adam Kadmon's male organ.

The name of the female organ is the world of points, because all of those points are all of the seeds within him. Does anybody remember the name of Adam Kadmon's male organ? What penetrates the world of points, or what is supposed to be penetrating the world of points? It is the world of bound lights, it is supposed to be penetrating the world of points and maybe we will do that next week but I am not going to another tape. I am just telling you that. **Jehovah saw that the earthen Adam...** that is Adam in the astral plane, **...was very evil, and that the male anointing,** the world of bound lights, the male anointing of the whole spiritual creation was not only not penetrating, but **was not woven together with the earthen Adam's spiritual center, and that Adam's whole first time period after he came into existence, was evil.** The world of points was the first time period.

We are still in the first time period today, the world of points still exists, but if you are penetrated, and especially if you are interpenetrated with the Lord Jesus Christ, you have the next day, you have the second day of Adam's creation. The whole point is that the male and the female have to be completely integrated to keep the female good. The female aspect of the creation is good and evil, it is the tree of the knowledge of good and evil, the male aspect is the tree of life and when the tree of life is fully woven through interpenetrating the female aspect, the evil is controlled and the female aspect of the creation is good, because she is interpenetrated by the male the aspect, which is the Lord Jesus Christ. That is what is happening, that is what salvation is all about. It does not stop with the Holy Spirit, the life of Christ Jesus has to come into me and interpenetrate every aspect, every one of those Sefirot that I showed you, of me and of you that may not be in right balance, the Lord Jesus Christ comes

in and brings it into balance, and we become a perfect balance in Him, of spiritual strength and love.

The middle column is the perfect balance of spiritual strength, the wisdom of God and love, that is the perfect balance and His personal name is Christ Jesus. Just to end this message in a couple of sentences, at this time of the creation, the female aspect came forth, but she was not yet independent... We were saying when the tape ended that, at that time of the female creation, the female aspect of the creation came forth first, and it was good and evil, and the next stage of the creation, you see the creation was being built in stages, just like a human fetus is built inside of a woman's womb, the next stage was that the male aspect was to come forth and interpenetrate the good and evil aspect, so that the evil was ameliorated, so that the evil which was the darkness which gave form to the creation, could not perform evil deeds, but just perform its function of giving form to the creation. Before the male aspect came forth and interpenetrated the female aspect, the evil side of the good and evil female aspect rose up and produced the female aspect of the creation. Maybe we will review more next week, but we had weeks and months of teaching on this, and that is what the Scripture is talking about when it says, **And Jehovah saw that the earthen Adam, Adam of the astral plane was very evil, and that the male anointing, the world of bound lights, of the whole spiritual creation, of the whole Adam Kadmon, was not woven together with the earthen Adam's spiritual center.**
