## TRANSCRIPT OF MESSAGE #608 - Part 1

# MESSIAH

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought, And Punctuation By The CCK Transcribing and Editing Team.

Praise the Lord, we are going to go over an article that was emailed to me by a believer, someone who came across this article not only on the web, but this article had been submitted to an internet news group and it is written by a messianic Jew who does not believe in the Kabbalistic concept of Messiah. You need to understand that I am read you this article and I am going to comment on it that it is written by somebody who does not agree with the Kabbalistic concept of Messiah.

From my point of view, every day I believe more and more that the Jewish concept of Messiah is more accurate than the Christian concept of Messiah. At the very least, I have been disagreeing for years with the teaching that Jesus will, the same Jesus that was on the earth 2,000 years ago will appear as a single man, and rule over the whole world from the physical nation of Israel, I have been disagreeing with that for years.

Let us go along with the article, and well let me say why I have been disagreeing with that for years because my whole understanding of the doctrine of Christ which is the wisdom of the word which in Jewish circles is called the spirit of the word or the Kabbalistic understanding of the word or the oral traditions, and that is that Jesus is glorified, He is pouring out of His spirit upon all flesh, His blood is sprinkling upon us all and that which is sprinkling is His spiritual semen so that it is now possible for a human being to be spiritually impregnated by the sperm of the Lord Jesus Christ.

The result of that is that Christ, the Christ seed, the promised seed can be grafted to us and that our new man can be born in us, kill our old man and live through us and in that experience of the maturation of the new man which is the righteous image of the Lord Jesus Christ, overshadowing and destroying our old man and living through us in that destruction of our old man and this

change of nature that is imparted to us through the new man ruling and reigning through us, we receive the righteous immortality of the Lord Jesus Christ, and that Messiah is appearing again, His nature is appearing.

Jesus, the physical man Jesus of Nazareth is not appearing again, the glorified man, and in essence His nature is appearing again and it will be appearing through more than one person, although I do believe that initially just one person will manifest that nature again, but it will go to whoever manages to be, I do not know what the right word is accepted by God, the one who overcomes, all of those who overcome can have the same inheritance. I have not believed that the physical Jesus of Nazareth will appear again, that is completely unscriptural.

Jesus clearly said, if you can receive it, this is the spirit of Elias. It is not clear in the King James or in any of the New Testament translations that Jesus was talking about Himself as well as John the Baptist, but at the very least, it is established in the church that He was talking about John the Baptist. We preach here that Elijah reincarnated in at least two people, Jesus and John, and that the spirit of the power of Elijah was manifested in John, and the wisdom of Elijah was manifested in Jesus or incarnated in Jesus, and that these two aspects of the glorified Elijah, his spirit and his wisdom came together in the man Jesus of Nazareth at the time of His baptism. I have been teaching that here for years.

To think that the physical man Jesus is reappearing again, is a complete error from my point of view as a teacher, and in addition to that, that teaching that the physical Jesus is appearing, supports the extended teaching that in the resurrection, every physical body that ever existed on the face of the earth will be resurrected which is a complete error that is taking on more and more power in the church and it is Satan from the carnal mind exalting the physical body which is the animal body in the image of Satan. The whole teaching is just wrong.

Again, I find, as I continue to study and seek the Lord, I find more and more that the doctrine in the church is just wrong, the Holy Spirit of Jesus Christ is in the church, and the experience of receiving the Holy Ghost is valid, the Spirit of God is in the church, but the doctrine in the church is largely wrong, because it is being understood with the carnal mind. The doctrine about Jesus, the doctrine of the cross, the gospel of the cross that Jesus was crucified and He rose again, is true, the teachings about faith are true, but any deep teaching or esoteric teaching or any teaching about the end times or what is to come, in the church is almost always wrong because it is being understood with the carnal mind.

What I am saying now lines up exactly with what I am saying that the next move of God, the next step of God towards the salvation of His people, is to impart the mind of Christ to them. We can only go so far with the Holy Spirit alone we can only go so far with the imputed Christ which is the female aspect of Christ, the love of God which we read about in the New Testament as the fruit of the Spirit. To receive the whole promised seed, the grafted word which includes the wisdom of God and the nature of God, we have to believe the deep teaching of God because the deep teaching of God is the wisdom of God.

The wisdom of God is one of the characteristics of the male aspect of the mind of Christ. If one truly has the male aspect of the mind of Christ, he will believe the doctrine of Christ. Any believer who does not believe the doctrine of Christ we know or if they do not at least get a witness that

the doctrine is valid and they start to labor in it and pray about it, that, that person does not have the male aspect of Jesus Christ.

What the Lord is telling me right now, this is the first time I have ever heard this, we have believers all over the church world aborting the male aspect of Christ because they believe what He is telling them is false doctrine.

It is a major massive abortion of the male children, which is a physical manifestation of Herod's abomination and it is being done by the very believers who are supposed to be midwives to bring forth the male Christ child which will save them in childbearing, they are murdering their own child because they believe that He is not of God. Is that amazing? The Lord just told me that now.

We are going to be reading an article now that is written by a messianic Jew. Let me define messianic Christian, this is a Jewish person, born Jewish, who now believes that Jesus Christ is Messiah and has adopted the Christian doctrine in the church who believes his purpose in life which may or may not be true, I do not make that judgment, is to convert all of his Jewish brethren to the Christian doctrine which in my opinion is false doctrine. I want to suggest to you that Messianic Jews are very dangerous, because they have a burden to convert their own people at any cost to their doctrine. Brethren this burden is coming out of their carnal mind, this is witchcraft that is going forth against the Jewish people who are cleaving to the true concept of what Messiah, what to look for in the coming Messiah. This is my perception that it is a manifestation of pride that is going forth from those who are converted, those Jews who are converted, they have a desperate passion to convert the rest of their people assuming that they are absolutely right in what they are saying. No one should be forcing themselves on anyone. The conversion should come forth from the conviction of the Holy Spirit, or the conviction of the Spirit of Christ. We as human beings should not be willing with all of our will the conversion of our brethren, but of course this arises out of a false belief that everybody who dies without Christ will go to hell and burn and be tormented forever.

We see how one aspect of false doctrine just leads to another one and another one and another one. Brethren, those who carry the word of the Lord are teachers. We are teachers, we bring the word, we teach, we speak, and the Spirit of God does the conviction. One sows, another waters, but only God can give the increase. God save us from the Christians. I am Jewish for those of you who do not know it, I am Jewish and for years in the early years of my training, I was surprised that the Lord was not sending me to Jewish people, I believe that most of the Messianic Jews were Jews who were not orthodox, they were secular Jews like me, I was brought up in a secular Jewish home, my nationality or my national heritage was Jewish, although I was born in this country, my parents were born of Jews who were born of Jews, who were born of Jews, may be at some time were observant Jews, but my parents were not observant Jews, my grandparents were not observant Jews, but I was told that I was Jewish because I was born to Jewish parents.

We know that Paul has clearly defined a Jew for us. What is the definition of Jew, what is the scriptural definition of Jew, anybody, by Paul, what is Paul's definition? You want to try? Give her a microphone please.

**COMMENT:** One who is circumcised in his heart?

**PASTOR VITALE:** Yes, that is correct. Paul's definition of Jew is one who is circumcised in his heart not in his physical flesh. To the best of my knowledge the majority if not all of the Messianic Christians, even those who are rabbis, because there are rabbis who are converted were reformed rabbis. I do not believe any, well I do not know for sure, but it would be very likely that there are many Kabbalistic Jews who really were deep into the mystery of the word from their Jewish position that could transfer to Christian philosophy, it is highly unlikely, although it may have happened in one of two places, it is highly unlikely.

Most of the converts like me at my initial contact with the Lord, or the Lord's initial contact with me were Jews that did not know very much, maybe we knew the letter of the law, I had some knowledge of the Bible, but not of the mysteries of God or the truth of the word, the deep spiritual truth of the word, for Christians circles that is called the doctrine of Christ or the wisdom of God, and I believe to the best of my knowledge on the Jewish side this wisdom or mystery of the word, it is called Kabbalah. There is a I think it is called Jewish, I may have the wrong, there are four levels, I just do not remember the Jewish word for it, there are four levels of understanding the Scripture according to the Jewish teachers, the letter of the word, there is sermonic, you can use the word to preach a moral message. What the Jews call hints, I understand it to be inference, for a long time I did not know what that meant, hint, it means inference. There are certain things, certain Scriptures you can read that if you have understanding in your mind you can understand that the Scriptures are inferring a legitimate conclusion, so you have to draw the conclusion to understand what the Scripture is saying, and then the fourth level, is the sod, I am sorry the Lord just reminded me the fourth level in Hebrew is the sod which is the mystery of the word. My personal opinion is that it is highly unlikely that any Jew who is into the study of the sod, the mystery of the word would be converted to Christian doctrine. It is not even a contest.

Although I cannot tell you a hundred percent for sure, it is my opinion that most Jews who are Jewish Christians or Messianic Jews, they have never been deeply intimately involved in the sod of the Scripture, including the rabbis, because there are a lot of Jewish rabbis that do not engage in the sod.

As matter of fact I was approached once where I was involved in ministering to a man on the street years and years ago and I knew the Lord sent me there for that encounter, the man challenged me, visibly upset and he said to me, How can you God has a son, I go to Yeshiva which is a Hebrew college, and how can you tell me God has a son? At the time I had an answer for him that the Lord gave me that completely stopped him in his tracks, and he took the message that I offered him and left. I knew what happened to him.

Just like there are seminaries that teach the letter of the word, that are churning out pastors that have no anointing at all, there must be Yeshivas that are just teaching the letter of the word, that do not teach the sod of the word, and obviously this man was one of them. The fact that he went to Yeshiva did not mean anything because anyone who studies the sod knows that God has a son, son of Adam, son of man, son of Adam, it is all through the sod, all of the prophets were called son of Adam.

Every time Jehovah spoke to one of the prophets, He said, son of Adam. In the King James it is translated son of man, but the word is son of Adam, son of man, son, son, son, son of Adam, and

Adam is the son of God. All through the sod we talk about Zeir Anpin the son, Zeir Anpin, the son, Zeir Anpin the son.

We are going to read this article, I tell again before I start, it is written by a Messianic Jew who is commenting on a Jewish phenomenon that he believes is invalid, you have to know where it is coming from.

This is the article now. Recently there has been a wave of excitement rushing throughout Israel and across the internet to the far parts the western world regarding a revelation of Israel's oldest and most revered Kabbalistic Rabbi Yitzchak Kaduri, and in parentheses, it says, Rabbi Kaduri passed away on January 28<sup>th</sup> 2006, that is not quite a year and a half ago, and the revelation is basically this, so now we have this messianic Jew relating this revelation that he does not agree with, this is the revelation, still reading from the article, before he died, we are talking about Rabbi Kaduri now, before he died he said that he recently met the Messiah. He told his disciples that he would leave a written note with the mystery code of the identity of the Messiah written out, and he had them promise that this note was not to be opened until one year after his death. It now one year later after Rabbi Kaduri's death and the note has been opened.

In it there were six Hebrew words stating, quote, he will lift the people and prove that his word and Torah are valid, unquote. I have to tell you here that in my very educated experience because I am speaking from personal experience, the Lord will teach people, different people in different ways. When the Lord first brought me into this study of Kabbalah, I asked Him if it was necessary for me to learn the Hebrew letters and the practice called gematria, which is a manipulation of the Hebrew letters by which Hebrew scholars get revelation. The Lord never answered me directly but this is five or six years later and He has not brought me to that study yet, the understanding is in my heart that the Lord can teach me a lot of truth, Kabbalistic truths the Lord has already told me, and what I read that sounds alien to me, when I prayed about it, the Lord gives me the understanding without the manipulation of the Hebrew letters. I am convinced at this point, at least in my case I speak from experience, that I can get the same understanding from the Scripture as the Kabbalists can without learning the Hebrew letters, without learning Hebrew, and without learning gematria which I have not had any success at all in learning, I have tried and I have had no success at all.

I have to believe that if the Lord wanted me to learn to this gematria or to be able to memorize the Hebrew alphabet which I have accomplished several times and then I lose it, it cannot stay in my mind; it does not stay in my memory.

If that was what He wanted, I would be able to do it, but he is not using that with me, he is teaching me. He is teaching me the same spiritual truth that he is teaching the kabbalists through a different medium, and I just know in my spirit that no kabbalists would ever believe this, but in my case it has been the truth. I get the same revelation before I read them in the Kabbalistic literature, I am sorry all my Jewish brethren, I am Jewish, that would be a spirit of pride in the kabbalists saying this is the only way God can teach you to sod, you have to learn Hebrew, but the Lord has told me otherwise and he is teaching me the same teaching without learning Hebrew. I will read the next sentence to you. This was what Rabbi Kaduri said, I am going to repeat it, he will lift the people and prove that his word and Torah are valid.

This is what Rabbi Kaduri's descendants, going on with the writing, taking the first letter of each of these six words, which was the code, the six words were the code, spelled out the name Yehoshua, a form of Jesus in the Hebrew. The Hebrew of these six words, he will lift the people and prove that his word and Torah are valid, not six English words, the six Hebrew words that this is a translation of, the translation is, he will lift the people and prove that his word and Torah are valid, that was translated from six Hebrew words. The Jewish scholars took the first letter of each Hebrew word which is a common practice called gematria, the common practice doing that amongst Jewish scholars, and the first letter of these six words spell out Yehoshua, a form of Jesus name in the Hebrew. I would like to mention as an aside, that I had a very similar word as this; he will lift the people and prove that his word and Torah are valid. Quite a few years ago, the Lord sent me into a service in a local church, the pastor of which had picked up a, I probably do not know the full extent to which he campaigned against me when he saw what I was preaching, I know that he was praying against me, and I know that he would not talk to me after he saw me after he listened to one of my messages, and I probably do not know to the extent of which he prayed against me, but I received the word from the Lord one night, go to the service at that church, and when I went to the service at that church, it was a glorious night, the spirit was very high, the pastor had just returned from Russia and he had taken his oldest son which was a pretty young man, maybe he was only 14 or 15, to Russia with him and there was such a spirit of celebration in the church, and the pastor stood up on the pulpit excited, visibly excited saying, I am apostle, I am apostle, and speaking to his congregation he said, there are plenty of pastors here, you will be taken care of, in other words your pastor has been promoted to an apostle. The music was high, everybody was jumping and singing.

Then a man brought forth a prophecy and the only thing that stuck in my mind, I tried to get that prophecy, I knew it was written down, nobody, I called the church, they would not send it to me, the one phrase was, the true doctrine will be vindicated. Is that not the same? Listen to the content, the true doctrine will be vindicated, and here Rabbi Kaduri wrote, he will prove that his word and Torah are valid, the word is valid, the true doctrine will be vindicated, it is the same word, is it not?

I did not know what it meant, I left the church, I cannot tell you when it happened but shortly after that, certainly within a year, that is interesting, this pastor entered into an affair with the church secretary, whether or not he ran away with, I am told he ran away with all of the money by someone who was really in the leadership of that church at the time; but what I know for a fact is the anointing left the church and this pastor one day closed his Bible right on the pulpit and said, the Lord is not with me anymore I am leaving, and walked out, and took the church secretary and ran off to Florida leaving his wife and his two or three children behind, that is public knowledge, he took the church secretary, left his family, and moved to Florida, divorced his wife and married this other woman.

It never occurred to me until tonight, well let me say it this way, the true word was vindicated. I always thought that, that meant the true written word would be vindicated, and I never understood it completely except to think that the man who made such a campaign against the true word was brought down from his high position. But as I sit here before you today, what is coming to me is that Jesus is the word, and that the Lord was not talking about the written word, that the true word would be vindicated, what the Lord was saying to me was that the person that carries the word is the word, whoever carries Christ and speaks for Christ, at the moment that he is speaking for

Christ, he is Christ, when I am truly speaking the words for Christ, I am Sheila the Christ, not every minute of my life, but every word that I say that is truly out of His life within me, at that moment I am Sheila the Christ, and it is the same for you too.

The Lord was saying, and of course we know there are Scriptures in the Old Testament that say, we are His words, we are His words, right? Is that not in the Old Testament? It is in one of the Psalms if I am not mistaken. The Lord was saying, I was a word, and this pastor was a word, and one of us was a counterfeit word, and the true word would be vindicated. The false word was brought down and taken out of the pulpit.

After all of these years I finally got this full understanding of what happened. Did I make it clear what I am saying? I never saw it that way before. The person who was the true word, the person who was the true expression of Christ was vindicated by the fact that I am still standing and this ministry is still standing and the man who think really led a very strong campaign, like I said, I do not know the half of it, against me and against this word, went down in disgrace, and the destruction is still following him, not that I am happy to hear it, but I understand the woman that he left his wife for had a nervous breakdown and he is now not with her anymore. His oldest son died in an accident, his ex-wife, the mother of his children died leaving a couple of, even though they were adults, even young adults need their mother, a young lady in her early twenties, when she gets married and she has her children, you need your mother, you need your mother as long as you can have her.

Tragedy is still following that man and that family, and I was going to say something else but it slipped my mind because I sort of overwhelmed, I never, always knew that I did not have the full grasp of the meaning of it, I just knew that it was for me and that his disgrace and his fall from his position meant somehow that the true word was vindicated.

I always questioned the Lord, what does this man's fall have to do with doctrine? I could not understand that, and today I understand it is not about doctrine, and what the Lord was really saying was the true manifesting of the word, the person speaking the truth of the word will be vindicated, the person who campaigned against me, they are now in disrepute. I tell you to all of the people that he campaigned against me to; as far as I know not one of them has connected his fall to anything other than he was taken with the church secretary. Not one pastor that he encouraged to pray against me or pray, agreed to pray against me with him, to the best of my knowledge is realizing that, that was a judgment that fell on him. You do not just fall for the church secretary and run away, it was a spiritual judgment for coming against the holy word of God, which I was preaching out of obedience to the Lord.

Here now we see a word from Rabbi Kaduri that the true word will be proven to be valid, and he is saying here by gematria that Jesus will be proven to be valid, not the true doctrine, but Jesus is the living word. The man who is the manifestation of the word will be vindicated. That is just so exciting to me. How can you, how do you vindicate a doctrine, one has opinion and the other has another opinion, how do you validate a doctrine, no, no, you validate the man by his lifestyle.

What happened with this man who preached against me, that was a negative validation, I do not believe that, that prophecy is fulfilled yet. I think if the Lord is going to validate the person who

carries His word, there has to be signs and wonders following, there simply has to be signs and wonders following.

There were two sides to the word, the word of God is a double edged sword, the first side was that he took down the man who for all I know was still praying against me, and I was so sick in those days, and it has been extremely difficult getting this ministry off of the ground. He may have still been praying against me, he may have been a powerful force that was hindering the promotion or the moving forward of this ministry that carries the true word that is coming forth. The first step was to take down the hindrance that was stopping the events that will validate the word to unbelievers which are signs and wonders.

Signs and wonders are for the unbeliever. The believer is supposed to recognize the anointing on me. Most of the church cannot recognize the anointing on me which in God's eyes, now hear this, if you cannot recognize Christ in a fallen man, because I am just a carnal mind, I am just a person like you and I am carnal some of the time, if you cannot recognize the anointing on me, you are an unbeliever by God's standards. Jude talks about people that cannot recognize the anointing; he calls them clouds without water.

That is interesting, that means the majority of the church are unbelievers which lines up with what I have been saying all along. What makes you a true believer or at a least a male believer, and to be a true believer you need to ascend into spiritual manhood, is that Christ is grafted to you and the wisdom of God is manifesting through you; everything else you are a spiritual female, and you are only valid if you are under a spiritual male, who is giving his anointing to you. That is a hard word; the whole church will shortly find out that it is true. You can complain all that you want; yell and scream all that you want, but God's truth is God's truth.

We have just had an unfortunate incident here with someone screaming and yelling that their truth is the truth, but only God's truth is the truth, and God's truth will be vindicated. We have, this is a Kabbalistic community now, they have the word from the Rabbi who has passed on; he died a year and a half ago, that Jesus is Messiah. Back to the article now: An article published by a supposed Messianic magazine printed here in Israel and in parentheses, I say supposed because the publisher while claiming to be a believer denies the deity of Yeshua. Did you know that there are a lot, well there are Jews out there, I will not say a lot, there are Jews in Jewish communities that believe that Jesus was Messiah, but the Jew does not believe that Messiah is God?

They believe that Jesus was Messiah but they do not believe that Jesus was God. We are preaching here which is radical to a Christian and would probably disqualify us from any Christian hearing this but I preach the truth as God shows it to me, Jesus was not God in the days of His flesh. Today Jesus is God; the ascended glorified Jesus is God. Let me ask you a question, would God really say, I only say and do what my father tells me to say and do, is that what God says? If you are almighty God, in human garment, do you say, I only say and do what my father says? Does almighty God have a father over him? Jesus was the Messiah, He was the true manifestation of Messiah, born of a woman, a human being, the only difference was He was born with the spirit of Elijah which gave him the power to overcome, but He overcame, He was given the weapon and He overcame, and He ascended into full stature.

Messiah is a human being who is ascended into full stature. Why would God say, I have a father in heaven, and I only do what He tells me. Christians do not think, we do not think, think, think you have to think, you are not insulting God if you ask questions. What I just told you is that the, at least this particular concept of Messiah, whether or not He was God in the flesh, that I as a Christian believe what the Kabbalists say, I do not believe the doctrine in the church. The Kabbalists do not believe that Jesus was God when He ascended either, but I believe upon His ascension became one with God, not that He was God, He became one with God, and He was God, upon His departure from the physical body, He ascended is now higher than any other name.

The Kabbalists will not agree with me on that, but at least we can agree on who Jesus was in the days of His flesh, or come close to agreeing. I have been saying for years, observing Jews and now it is more than observing Jews, Jews who study and are involved in the sod of the Scripture will never, ever believe the doctrine in the church. When you compare the doctrine in the church to the sod of the Scripture, you just know that the doctrine in the church is just plain wrong with a few exceptions, it is just plain wrong.

We in Christ Centered Kabbalah, are a connecting link between the church and the Kabbalistic community. At this time we have had limited contacts with the Kabbalistic community, but contact we have had when the Lord has opened the door. We are the connecting link and we preach here today that Jesus was not God in the days of His flesh, in fact Jesus was the angel or it was Christ in Jesus that John was talking to when John bowed down to Him, and the angel said to him, do not bow down to me, I am just a man. I asked the Lord, who in the world was John talking to? If he said he was a man, who was John talking to, who was this great person with all of this wisdom and great knowledge that was imparting this to John that John was so overwhelmed that he bowed down to them, who could that have been other than Jesus? He said, I am a man just like you are. If we would just come out of our indoctrination and think freely and ask the Lord to a give us the truth, you will see that Jesus was not God in the days of His flesh.

He was a man in full stature which is a very exciting word. If Jesus was just a man who attained to full stature, that means every single one of us has the same potential. If he was born God we have no hope of getting there, what is our hope of getting there if He was born God? Let us put down our religious spirits and rejoice in the truth. I am going to repeat what I said here, reading the article: An article published by a supposed Messianic magazine printed here in Israel, and this is parentheses, I say supposed because the publisher while claiming to be a believer denies the deity of Yeshua. This is the Messianic Jew criticizing another Messianic Jew that denies that Yeshua was God in the days of His flesh. This article I will read again without the parentheses. An article published by a supposed Messianic magazine printed here in Israel says, that he conducted the interviews personally in which he discovered many of the rabbis who are followers of Rabbi Kaduri are either bewildered but confirm the validity of the note, while others are calling it a forgery.

Either way the debates have begun. Did the Rabbi point his people to Yeshua, Jesus, the God of the Christians? I am still reading the article: Yehoshua is the Hebrew form of the Aramaic Yeshua which Messianic Jews use for Jesus, since His name would have been the Aramaic form, and in parentheses, it is widely accepted that Jesus would have spoken Aramaic. Back to the beginning of that paragraph: Yehoshua is the Hebrew form of the Aramaic Yeshua which Messianic Jews use for Jesus, since his name would have been the Aramaic form, Jesus is the Anglicized version

of the Greek translation of Yeshua, the Aramaic form, and spelled in Greek, Iesus. Of course this speculation has Christians and Messianic Jews alike very excited, hoping that the Jews about to realize the identity of their Messiah.

I can tell you it is not easy being the spoiler as so often I am, but I believe this is a deception. This is the Messianic Jew criticizing, you know writing this article and criticizing what is going on here. I can tell you it is not easy being the spoiler as so often I am, but I believe that this is a deception. He believes that Rabbi Kaduri's supposed note is a deception. It endangers Jews and Christians alike and he says I will tell you why. He is not suggesting that the note is a deception, he is saying it is a deception that Rabbi Kaduri meant that the identity of Messiah is Jesus.

The Messianic Jew, the Jew that believes that Jesus is Messiah says that Rabbi Kaduri's note, or the interpretation of Rabbi Kaduri's note to be that Rabbi Kaduri recognizes Jesus as Messiah is a deception. On the surface we would be saying, Hallelujah, Rabbi Kaduri recognizes Jesus as Messiah, but the Messianic Jew criticizing these events, says I do not think it is a good thing that Rabbi Kaduri's note suggests that Jesus is Messiah, I do not think it is a good thing. Now he is going to tell us why he says it is not a good thing.

Reading the article: Let me start by giving you an excerpt of an article I wrote in 2005 on this very issue. Excerpt from an article I published on October 7<sup>th</sup>, 2005 called the anti-Christ cometh, so now this is an article within an article. Increasingly, there has been talk of the coming Messiah, and in fact not long ago, it was leaked that the Messiah had indeed come and was here in Israel waiting for the right time to be revealed. This leak is a precursor to such an announcement in what will no doubt be the very near future. It could be days or weeks, or it could be months or even a couple of years, but it will be the earliest possible opportunity depending on prevailing circumstances and I do not think it will be long.

What the writer of this article is saying, he is referring to something that happened a couple of years ago about some electricity traveling through the Jewish community that Messiah is here already and waiting in Israel to be revealed. The writer of the article says he does not find this valid, he thinks it is not real and he is going to tell you why. He is relating, this article and event of 2005 that there are leaks in the Jewish community that the Messiah is already here and living in Israel. He is relating that to Rabbi Kaduri's note that Messiah is Jesus; the writer of this article is suggesting that Rabbi Kaduri's note saying Messiah is Jesus is a precursor to the revelation of a false Christ. That is what he is suggesting, that Israel is about to be confronted with a false Christ.

I am still continuing to read the article within the article; this is the article from 2005. I must say that the Messiah they are talking about is not Yeshua, it stands to reason then that it must be an, or even possibly the anti-Messiah. Let me explain something about Kabbalah; there is nothing Scriptural or Biblical about the practice of Kabbalah, it is Persian mysticism brought from the Babylonian captivity and it has been melted into rabbinic studies and teachings so much so that to argue against its Jewishness and Biblical roots will bring an immediate and heated response from any religious Jew and even from any secular Jews. It is simply accepted by the majority that it is Jewish mysticism which is quite acceptable as far as God is concerned, at least according to the Jews who believe in it.

Kabbalah is devilish in its origins and there is nothing acceptable about it, there are Kabbalah centers all over Israel and around the world and true adherence are forced to awaken around 3 to 4 a.m. and spend several hours meditation, teachings, and repetitive chanting. Most do this before they then go to work or school and then home to their families, they carry on regular lives while they are daily sleep deprived and brainwashed. It is highly dangerous.

I want to comment on that because we teach Kabbalah here. First of all there are three or four kinds of Kabbalah. I use to know what the four kinds were, I only know at this point is the kind of Kabbalah that we teach here, which is the spirit of the word. We teach philosophical Kabbalah which is the spirit of the word, it is advanced doctrine of Christ, we do not engage in any rituals here at all.

There is a complete denial in this man's article that there is more than one kind of Kabbalah. The other kind of Kabbalah that I know about it magical Kabbalah and that is Kabbalah being used to work magic, to gain power or whatever, usually witchcraft is manifested to gain power. There is no recognition here of the different kinds of Kabbalah. I find this very interesting because I see an analogy between this and the Jewish, the traditional Jewish belief that there is only one kind of Christian, and the one kind of Christian that every Jew I have ever met believes is the Christian is Catholicism which I do not believe is Christianity at all. The head of the Catholic Church is Mary. Although we do have some well-meaning Catholic people who today read the Bible, as recently I think as 50 or 60 years ago, Catholics were forbidden to read the Bible. Today we have Catholics reading the Bible, or even Catholics who did not read the Bible who have a true connection with the living God. Luther, well Luther read the Bible because he was a monk or a priest, but I am not saying it is impossible for Catholics to have a relationship or to find a connection with the living God, but the average Catholic or at least before they were allowed to read the Bible, did not. They were caught in the bondage of the rituals of the Catholic Church and the higher ups in the Catholic Church know that the head of the church is Mary, yet they are taught Jesus.

I am not here to bash the Catholic church, I believe that some people in the Catholic church that have a legitimate relationship with the Lord but they are still in, sorry as far as I am concerned in a pagan religion. My whole point here is that I see this Messianic Jew lumping all forms of Kabbalah together, just like Jews lump all forms of Christianity together.

You cannot compare Bible believing Christians who are living their faith to the Catholic Church. There are many Catholic people who are very moral, but it is just a different spirit on them, and being moral does not give you a personal relationship with the living God. It is not the same thing. We see this, I just pray all of the time, that the Lord just reveals and delivers me from all ignorance, because I have been guilty of things like this until the Lord has enlightened me, and I confess ignorance on every level where it may exist and as the Lord to deliver me.

He enlightens me every day. We can only be enlightened so much at a time. We can only experience so much change, we are limited, we are human, you know. But I know that there has to be areas in which I am ignorant, there has to be. I just hope that the Lord enlightens me and the areas that I expect Him to enlighten me in are the areas where ignorance is affecting my life today. I am very ignorant about a lot of things, but what is it that I am ignorant about that is limiting me today? That is where the Lord is going to come and shine the light and I pray that He does it without hesitation, because I do not want to be ignorant.

Ignorance, to call someone ignorant is not an insult. I call myself ignorant in every area that I am in darkness, so this Messianic Jew is in darkness, he does not know that there are four kinds of Kabbalah, and if you go on to the internet and you check out the Kabbalah sites, you will see, well personally I only know of one or two of them, but they call themselves kosher Kabbalah, Kabbalah that is the real thing, Kabbalah that God works through to educate and mature His people and it is very a godly thing and the anointing is intense.

The man, young or otherwise, I guess he is spiritually young, is ignorant of this fact, so he says there is nothing Scriptural or Biblical about the practice of Kabbalah. That might be true, but there is a Kabbalah, I mean to be when he uses the word practice He is talking about the rituals. The study of Kabbalah is Scriptural, extremely so.

He says, it is Persian mysticism from the Babylonian captivity and it has melted into rabbinic studies and teachings. This may be true, I have a whole message on this, which is going on the radio, it is my message on Romans chapter 1, the spiritual understanding of Romans chapter 1, part 4, this is what I said in that message and I will say it again.

The Jews when they emerged as descendants of Abraham had only the culture of Abraham and Isaac, and Isaac had the culture of Abraham, and Jacob, they only had the culture of the world around them which was all paganism and witchcraft and everything that it says here, what does he call it here? Mysticism, Babylon, well he calls it Persian mysticism. Then when the Jew went into captivity, yes, they were exposed to Persian Babylonian mysticism. This is the foundation from which the Lord taught them, but He explained to them that the mysticism and the paganism of the world that they existed in at that time came out of the carnal mind.

Let me start again because I did not get this straight, spiritual truth is spiritual truth and if you can find it, spiritual truth is present in every spiritual philosophy, but it is not always presented from the same spirit is every spiritual philosophy. I will use the example of Moses, Moses was raised up in the Egyptian courts, he was raised as Pharaoh's son, Pharaoh's daughter's son, he was raised up and educated in every area including Egyptian mystery religion. There was no Jewish philosophy, there was only the philosophy of the nations around which is the spiritual truth as perceived by the carnal mind. What Jehovah did was He took Moses with Moses' education and said to him, all of that mystery knowledge of Egyptian philosophy, I am going to show you what is the truth and what is not the truth, and I am going to show it to you from the side of the mind of God.

That is what happened, I cannot go into the whole teaching again, if you want to hear it more deeply, look for my message Romans Chapter 1, Part 4 because I go into this in complete detail. Even today in the church there is no teaching on spiritual philosophy in the church. Spiritual philosophy, the truth of our existence, where we came from, what happened to us, where we are going, coming out of the mind of God, it is only what is in the carnal mind of man what is in the church.

I started to be; I will put this on this message, I cannot re-preach Romans chapter 1 here but I heard, I wish I could remember the name of the lecturer, all I can remember is that he is dead and I saw his lectures on the public TV station and got very upset because this man was preaching, he was a western man probably born either Jewish or Christian but he was preaching on pagan

philosophy as the truth and one of the things he revealed was a story about a baby that was put in boat of reeds and floated down the river and found by some woman who raised him, and it is the story of Moses, that it was told centuries before it ever happened to Moses.

He was using that information to disprove the Christian Bible and call it a counterfeit. I was quite upset when I heard that lecture; I watched the man's whole series. He was very interesting and he was a teacher, a professor in a college, in a university, he was very knowledgeable. I was distressed and I asked the Lord, what is the answer to that when someone comes to me with that, what is the answer? It took a while, I do not know how long, but the Lord showed me what I am trying to tell you now, that there is a foundational spiritual truth that comes forth in the midst of civilizations all over the world and throughout time, spiritual truth that there baby that was abandoned and that is of course a parable of the fall of man, and how we are being rescued.

That spiritual truth rose up from the unconscious mind of pagan religions all over and it was developed into a myth that was indigenous to each nation. When God gave Moses the Torah, the five books of Moses to write, Jehovah drew upon what Moses already knew, and said to him, Moses, there is a foundational spiritual truth, you already know what it is, you were taught it when you were taught mystery Egyptian religion in Egypt, but I am going to show it to you from the side of God, and I am also going to show you that this particular spiritual truth was manifested in reality in you, because you are savior, Moses was the savior of that age. Moses was the savior of the Jewish people or the Hebrew people under those circumstances.

Spiritual truths manifests themselves over and over again, there is nothing new under the sun. Genuine foundational archetypal spiritual truths; manifests themselves over and over again. Moses and the Torah is not a counterfeit, it is just one more expression of a true spiritual truth, but this one is out of the side of the mind of God, plus Moses was a physical manifestation of that truth. The answer, I wish I could remember that man's name, to that lecturer was, well we are not just talking about philosophy here, this spiritual truth actually manifested as the man Moses. You are telling me that, that myth existed in this pagan religion and this myth existed in that pagan religion, you show me a nation where that myth was made flesh. I did not hear him saying that. I did not hear this lecturer putting forth a nation in which this myth became flesh. We have here our author saying that Kabbalah is Babylonian. Well maybe it is, maybe certain aspects of it are Babylonian but who is to say that our God cannot extract the truth out of whatever we learn anywhere because there is only one foundational archetypal truth.

If you see similar truth in Babylon, does that mean that I have, that what I am preaching is error because it sounds like what they are preaching in Babylon because in Babylon they have some measure of the archetypal foundational spiritual truth? Grow up, everybody has to grow up.

The bottom line is the spirit, what spirit is teaching you, what spirit is living through you, what spirit is manifesting through you, what spirit is leading you? Try the spirit brethren, try the spirit. It does not say try the doctrine, it says try the spirit. I cannot tell you how many people I have witnessed to the spirit on me, how many Christians have witnessed to the spirit on me, and then they hear what I teach and they throw me out. They do not believe the spirit; they believe their own understanding of what is true doctrine. God help us all.

Reading, talking about Kabbalah, it is Persian mysticism brought from the Babylonian captivity and it has been melted into Rabbinic studies and teachings, so much that to argue against its Jewishness and Biblical roots will bring an immediate and heated response from any religious Jew and even many secular Jews, it is simply accepted by the majority that it is Jewish mysticism, which is quite acceptable as far as God is concerned at least according to the Jews who believe in it.

We see that our author is completely ignorant of the truth of spiritual philosophy as I have just explained it to you. Going on with, this is the article within the article; Kabbalah is devilish in its origins. Well it very well might be, it very well might be, the spiritual truth of our existence, and I believe that all of this philosophy came forth from Nimrod and Cush; they were the first people to perceive spiritual truth. Abraham believed all of this stuff, but Jehovah took it and showed it to him from the right side of God. It is still the truth. Of course this man is speaking about rituals. The only thing that I have to say about rituals brethren is the same thing that I have to say about spiritual practices. This is what I understand to date; the manifestation of spiritual or the exercise of spiritual authority it comes on two levels that I know of, the first level is when you use ritual, and you spill blood. The Hebrew children spilled blood, they sacrificed animals and they did rituals and the Jews today, well they do not spill blood anymore, although I am told some of them sacrifice chickens, I do not know if that is true, but ever since the temple was destroyed, there are no more sacrifices, but practicing Jews do observe rituals; they put on tefillin, they say ritualistic prayers, they do, do this. They are still following the rules that were given to the Hebrew children at Mount Sinai. The manifestation of spiritual power that was given to the Jews at Mount Sinai included ritual. That is where the Aaronic priesthood came from; it includes ritual. When we look at the corresponding witchcraft in the world today, the illegal exercise of spiritual power, it includes ritual, with voodoo, there is spilling of blood, drinking of blood, although the Jews did not drink the blood, but then there is a higher level of exercise of spiritual power and that is the exercise of spiritual power through the power of the voice alone, and that is the power that comes out of the throat energy center or the Kabbalists call it the neck, the Hindus call it the throat, the Kabbalists call it the neck, it the same thing because the energy center goes from the front to the back.

It is the exercise of spiritual power by the spoken word only. That is the definition of sorcerer brethren. If you are exercising spiritual power apart from the will of God, by the power of the spoken word, you are a sorcerer. That is a very high level of spiritual power that you just speak it and it is done. Satan is not original in anything, everything she does is counterfeit. What is the corresponding exercise of spiritual power in God? There is a level of spiritual power in God that is manifested by the spoken word that is legal because it is the Spirit of God driving it through the man. That is what we hope for today.

The Scripture says call things into existence that are not, that do not yet exist. I don't have that power yet, I would like that power, every time I say something like that the Lord says to me, what would you do with it if I gave it to you? What would you do with it? I hope that all I would do with it would be to create limbs that are not there, eyesight that is not there, or to meet the needs in this material world of what the Lord is telling me to do. If I had the power to do that today, the first thing I would do is to heal everybody in the ministry. The second thing that I would do is bring forth the resources that would permit us to run this ministry the way the Lord has told me to run it.

We have hundreds of transcripts that need to be transcribed and edited and made into books, this is the food for the up and coming generation of Christians, we do not have the resources to do it right now. That is what I would call into existence; if I would use it in any other way, I would ask the Lord to not give it to me, if I am not ready for it, do not give it to me.

This author is criticizing rituals, but rituals are legitimate in accordance with the covenant that the Lord made with the Jew. Those are the rituals that they are doing, they are still keeping the covenant the way Jehovah manifested it to them back in Mount Sinai, and they do not understand that the doorway to the higher manifestation of the exercise of the spiritual power of God is now available to them through the Spirit of Christ, we do not do rituals anymore, although, I do not do rituals anymore, but the church does rituals, not the same rituals as the Jew. This Messianic Christian probably does rituals. I do not know for sure, but when I came to the church, the church that I was in was teaching me to spend at least an hour a day on my knees praying, I had to read my Bible an hour every day, they gave me all kinds of, fast every week with the church; brethren this is the old covenant.

The new covenant is the Christ driven life. You pray when Christ in you calls you to prayer, you fast when Christ in you calls you to fast, but if Christ is not mature enough in you to do that, then you are still under the old covenant and you follow the ritual. Our writer is condemning Kabbalistic ritual which is really, at least a lot of it is Jewish ritual and ritual in general is still being practiced by the church which is still under the old covenant, even though they would not like hearing me say this or disagree with me, or they would disagree with me, by in large the church is still under the old covenant. The new covenant is Christ in you the hope of glory, the Christ driven life, everything you do is driven by the Spirit of Christ in you. You are not on a schedule. To attack ritual in general is wrong because Jehovah initiated a contract with Israel that included ritual; ritual slaughter of animals, ritual sacrifice.

Reading again, Kabbalah is devilish in its origins and there is nothing acceptable about it. There are Kabbalah centers all over Israel and around the world; he is talking about one particular organization called the Kabbalah center which in my opinion is teaching a false Kabbalah. I agree with him, but that is not the only Kabbalah center, there are legitimate Kabbalah websites on line and we are certainly legitimate. Again, we see ignorance, and I do not say that with any condemnation, I am just speaking the truth to anybody who could hear this; we just see ignorance in this man.

I pray all of the time, Lord when I open up my mouth, please do not let me be ignorant, do not let me talk about what I do not know about, it is very, very rare for me to come against anybody in my messages, maybe in my earlier messages, the ministry is 20 years old, maybe years ago I did it once in a while, but I believe that we are called to preach the truth of the word.

Sometimes I will critique an article, and I am not criticizing him, I am critiquing him. I have nothing against this man. I am not putting him down in any way. My entire motive for preaching this message is to enlighten the people who study with me who will be listening to this message or reading it for time to come. I very rarely put down anybody unless I am completely sure that the Lord told me that, that particular thing is evil and I should not, I need to be revealing it. The reason I very rarely put down anybody is because I know that different teachings are needed for people

at different times of their life. There are different people at different levels; there are Christians and Jews all at different levels.

Why would I be criticizing somebody who is teaching what I knew ten years ago but I know today it is wrong; there are people that need that teaching, and there is a difference between the spirit of error which is a wrong spirit that is teaching and somebody who is teaching by the right spirit but their knowledge that they have at that time limits or the knowledge that they have at that time is more limited than my knowledge today. Maybe ten years from now, they will know what I know. There is a difference; it is still the right spirit.

Nobody has the full understanding; even Jesus did not have the full understanding until He was glorified. We are told it was after He was glorified; well I am sorry after He was resurrected not before He ascended, but after He was resurrected, He was expounded on all of the Scriptures that spoke of Him, but not in the days of His flesh. I try very hard not to criticize or put down anybody, I will critique something for the edification of the students here.

There are Kabbalah centers all over Israel and around the world and true adherents are forced to awaken at 3:00 or 4:00 a.m. I have not had that much contact with Kabbalah center, but from what I know about it, I do not believe that they are forced to awaken, that is what they are instructed to do, nobody is there forcing them to do it. They are forced to awaken at 3:00 and 4:00 a.m. and spend several hours in meditation teachings and repetitive chanting. That is what they do willfully if they choose to follow that course of study. Let us be honest here. Most of them go on to work or school and then home to their families. They carry on regular lives while they are daily being sleep deprived and brainwashed and is highly dangerous.

I am sorry but I have to disagree with this, as far as I know; nobody that studies with the Kabbalah center is being forced to do anything and if somebody chooses be sleep deprived and brainwashed in this country; that is their privilege. We are allowed to kill ourselves by smoking and drinking, it is a free society and it is our choice. I really have to say that this particular paragraph is in the wrong spirit in my opinion. I have had some contact with the Kabbalah center when I first started pursuing Kabbalah, and I personally would not study with that organization based upon my own experience with them, but neither will I say something about them that is not true, I do not see how anybody is being forced to anything to the best of my knowledge.

Next paragraph, this is the article within the article now; the Jewish people around the world and particularly here in Israel are in a very ready state to accept the coming of the anti-Christ, they are urgently seeking solutions for their problems, they want very much to see God deliver them and fulfill His promises; which because of the veil over their eyes they cannot understand the fulfillment in the life, death, and resurrection of Yeshua. They are expecting a Messiah who will bring peace to the world and who will restore Torah law and the priestly authority. When the false Messiah comes, it will be quite easy for the Jewish people to fall for his deception in this Kabbalistic treachery is leading the way in preparing Jewish people for the final false believer.

I believe Messiah is coming with peace, I believe that the only true peace is when the carnal mind submits to the indwelling Christ. I believe that peace will come, that is what the Scripture says, there will be peace in all of my holy mountain, is that not what the Scripture says? There will be peace in all of my holy mountain. Messiah is coming to bring peace, but there will be a war which

will end in peace. This is why the, one of the major reasons why the Jews of Jesus' day did not believe that He was Messiah, because they thought He was coming to deliver them from Rome, they thought He was coming with a military commander and He came as a man of peace.

I think it is true that the Rabbis today that are preaching Messiah is coming as a man of peace, I do not understand that myself why the Rabbis of Jesus' day expected a military commander, and the Rabbis today expect a man of peace. I do know that Kabbalah teaches that there are two Messiahs. Christianity teaches that there are two comings of the same Messiah; Kabbalah teaches that there are two Messiahs. I am not really up on their teaching so I cannot say any more, I do not know whether they think the Messiah of warfare has already come, that now they are expecting a Messiah of peace, I am not sure, so I better drop it now because I am not prepared to teach on the subject. They are expecting a Messiah who will bring peace to the world. I do not understand that, you know as far as I know Christians believe the same thing, and who will restore total law. I do not agree that, well Torah law will be restored, but an internalized Torah law coming out of the internalized Christ.

The law that is manifested in the Torah will be manifested spiritually through the individual that is the new covenant, but I do believe that the Jews believe that Torah law including the keeping of the physical Sabbath will be restored and I do not agree with that. I keep the spiritual Sabbath, and anyone who studies Kabbalah knows that in one of our alternate translations we have Jesus telling the Pharisees I am the Sabbath, and the Pharisees criticized Jesus for picking corn on the Sabbath day.

As I was bringing forth the alternate translation, the translation that the Lord was showing me was Jesus saying to them, I am the Sabbath. At the time I did not know what that meant, but I put it in the alternate translation anyway because I felt that was what the Lord was telling me.

Then the day came as I pursued my studies in Kabbalah that I found out that there is a spiritual condition called the Sabbath day, and that spiritual condition in Kabbalistic terms is the union of Zeir Anpin and his Nukvah, when they are joined, it is Sabbath day. In our terminology or in the terminology of the doctrine of Christ, when Christ is formed in us and joined to our personality, that is the Sabbath day. If we are in that spiritual condition, I am in that spiritual condition, Christ in me is permanently joined or married to my personality, so I am the Sabbath day, and I follow after the instructions of my internalized Sabbath. I keep the Sabbath day hopefully every day of my life, or every time I am obedient to the Christ within me I keep the Sabbath day.

They are expecting the return of the priestly authority. If they are expecting the return of the Aaronic priesthood, I do not agree with that, we have the Melchizedek priesthood in the form of the indwelling internalized Christ Jesus. We are both saying the same thing, except one group is saying it and seeing it in the natural, and the other group is seeing it in the spiritual, and I do not know what this particular author believes about the Melchizedek priesthood, I do not know what he believes, maybe it will come out later.

Reading the article now; when the false Messiah comes it will be quite easy for the Jewish people to fall for his deception, and this Kabbalistic treachery is leading the way in preparing the Jewish people for the final false deliverer. Just to remind you before we go on, that is the end of the article within the article, just to bring you up to date, our author is saying that this excitement that is going

through Israel, that the well-respected Rabbi Kaduri says that it appears that he left a message after his death that Jesus is the Messiah, means that Messiah is coming soon and it is believed in the Jewish community that Messiah has already arrived and is living in Israel unrevealed. The Christian writer here says that is impossible and he quotes further on it, when Jesus comes you will know it, the lightning will be from the east to the west. The truth of the matter is yes that is what the Scripture says but it does not say that would be His first occurring, it says you will know it is Him because it will be that obvious to you. Does that conclude the possibility of Messiah being here for however many years before you become aware of Him, all that the Scripture says is that when you become aware of Him, it will be as the lightning from the east to the west, but that does not conclude the possibility of Him being here before that, and besides everybody is not going to see Him at once.

I believe this Messianic Christian believes that the whole world will see Him at once, there is going to be this one spiritual experience where Jesus will descend out of the sky you know, and I do not believe that, that is not at all likely. We all, we are not called by the Lord at the same time, we are not all reconciled at the same time, we all do not receive the Holy Spirit at the same time, we all do not receive deep doctrine at the same time, why would Jesus come back and be seen by everyone at the same time, it is simply not consistent.

We are back to the original article, this is the author speaking, I am reading, I want you to now read several quotes from Rabbi Kaduri prior to his death, and then I will give you my reasons for doubting the voracity, that is the truth, of his claim. I know this is a long article but please stick with me here this is vitally important for you to understand. The following are quotes taken from articles that appeared in Israel national news. The author is now quoting quotes of the dead Rabbi Kaduri said, so the author of our article, the Messianic Jewish author is legitimately attacking, there is a difference between attacking it and putting somebody down and condemning them and disagreeing or critiquing what they are saying, we are critiquing here, I have nothing personal against this man, I am not putting him down, I am simply disagreeing with what he is saying. This is what the author that I am critiquing, he is critiquing Rabbi Kaduri.

We are going to have an opportunity to hear some of Rabbi Kaduri's comments and whatever, and I am going to comment on both Rabbi Kaduri and on the Messianic author who is critiquing him. Is everybody following me? I know you are all following me. This was published in December 30<sup>th</sup>, 2004; Rabbi Kaduri speaking, we are now in the fourth year of what could be the seven year redemption period. According to the calculation of the Vilna Gaon, I was just reading about him the other day, he was the most respected or considered leader of the, I do not know of all of the Jews or of the Hasidic Jews, or at least of a certain group of Jews I believe in Europe and maybe the 19<sup>th</sup> century, I am not sure, he is certainly not alive today, but his works are quoted frequently amongst Jewish scholars.

I am still quoting Rabbi Kaduri, However in the coming three years uncertainty about the future will hang over our heads, unless we work and strive that the Messiah be revealed, the Messiah is already here in Israel. Rabbi Kaduri is saying that the Messiah is already in Israel but He has to be revealed. I find this so interesting because it is parallel to what Benjamin Crème says. We do not hear very much about Benjamin Crème these days but around 20 years ago there was a lot of talk about Benjamin Crème who was the spokesperson for Maitreya, Benjamin Crème was the spokesperson for this spiritual being called Maitreya. Maitreya is a Hindu term, and it is an

office, just like Christ is an office, there was a Christ of each age, Moses was the Christ of his age, Adam before the fall was the Christ of his age. That is why the Scripture says Jesus the Christ of this age. Maitreya is a title like Christ. This spiritual entity who is taking the title Maitreya which title encompasses all of the manifestations of God since the beginning of time, including Christ, Maitreya takes authority over Jesus the Christ. He is supposed to be according to Benjamin Crème his spokesperson a self-incarnated entity, although that differs from what Kabbalah says, Kabbalah says Messiah is born of a woman, Maitreya is supposed to be self-incarnated, that means he was not born of a woman which by the way is Elijah's testimony, there is no record of birth of Elijah and I believe he was self-incarnated, but that is another message. Maitreya is supposed to be self-incarnated and living in the Pakistani community of England waiting to be revealed, waiting until the people are prepared to receive him, he will not be revealed until the people are prepared to receive him.

Like I said, we have not heard about Benjamin Crème for a long time, but he had big publicity for a long time getting this word out about Maitreya. Maitreya has not revealed himself to the world yet, so I guess the people are not ready for him, thank God. Here we see the Kabbalistic teaching that Messiah is here already in Israel and that the Jews must work and strive that Messiah should be revealed. I believe the Hebrew teaching is that the Jews have to be ready, they have to be cleansed or their sins have to be in a certain condition, you have to be in a particular sense of spiritual purity before Messiah will be revealed. I do not really hear that in the Christian church. Have you ever heard that? I have never heard that in the Christian church, at least the teaching, the true teaching as I understand it is that Jesus is coming while they are sinners, and He is coming to save us from our own sins, so how could we possibly be in a condition of being clean enough to receive Him. I do not know how it is preached in other areas of the church.

Continuing on with the same, let me read you the whole quote again and then we will have our author's comment on it. This is the quote December 30<sup>th</sup>, 2004, Rabbi Kaduri, We are now in the fourth year of what could be the seven redemption period according the calculation of the Vilna Gaon, however in the coming three years, uncertainty about the future will hang over our heads unless we work and strive that the Messiah be revealed. Messiah is already here in Israel. What Rabbi Kaduri is saying is that there is a seven year redemption period according to Jewish scholars, I am not familiar with that however, or according to the Vilna Gaon, there is a seven year redemption period during which if the Jews do what is expected of them, Messiah will reveal Himself. Rabbi Kaduri is saying four years are already gone. This was in 2004, four years are already gone, so if we do not do what we have to do our get ourselves clean enough, by the seventh year I guess they lose their opportunity, but I am just guessing, I do not know if that is the truth.

Our writer's comment on this is as follows; Rabbi Kaduri has told his students that the current government will be the last one of the old era, and that the new government will already have leadership of the Messianic era. If December, 2004 was the fourth year, December 2007 is the end of the seven year period, we are in 2007 now, this is very interesting. Rabbi Kaduri said that current, I do not know which government was invested in 2004 would be the last of the old era, and that the new government will already have leadership of the Messianic era, I do not have anything to say on that. Rabbi Kadur's comment of I think this means September 21<sup>st</sup>, 2005, Rabbi Kaduri has told his students that the current government would be the last one of the old era, he

is on record as saying that Sharon will be the last prime minister in Israel and that the new government will already have leadership of the Messianic era.

We know that someone has taken Sharon's place, to be honest with you I do not know the name of the current prime minister of Israel, but we know that Sharon was taken down. He is wrong, Rabbi Kaduri is wrong over here, but that does not mean he is wrong on everything, we have to pray about everything that we hear. Remember this author is seeking to discredit Rabbi Kaduri, so he was wrong about this one apparently. This was published on October 16<sup>th</sup>, 2005, Rabbi Kaduri; on Thursday night Rabbi Yitzchak Kaduri said, Jews must come to the land of Israel to receive our righteous Moshiach, that is the Hebrew word for Messiah, who has begun his influence and will reveal himself in the future. It was during the meal after the 24 hour Yom Kippur fast, that several followers approached the 104 year old leading known Kabbalist Rabbi in Israel. He lived to 104. I have something to; Rabbi Kaduri lived to 104 years old. Apparently he was acting in his office until his 104<sup>th</sup> year. I do have a comment on this, I do not believe that Jews must go to the land of Israel; I believe that Christ is the spiritual land of Israel, we have to come to Christ. I had asked the Lord if there is any true magnetic field in the geographical or the geophysical area of Israel that would be significant, I have not heard; if the Lord answered me I have not heard Him, but I do believe that first of all the true Jew, the one who is circumcised in his heart, the one who has relationship with Jesus, with the Messiah, that is the true Jew, the one who is living their Jewishness is in the land of Israel, because Christ Jesus is the land, the spiritual land.

I know that Jews believe that there is something supernatural about the geophysical area of Israel, I do not know if that is true or not but even if it is true, I do not believe every Jew has to go to Israel because this is a spiritual covenant, but I do not understand it completely. I am going to skip past that, at least at this time I do not believe it, especially since all Christians, true Christians, that are manifesting the Christ within themselves, how are we going to put everybody in Israel? It just does not seem to make any sense. I do not intend to believe that at this time, may the Lord correct me if I am wrong.

This is very interesting; Rabbi Kaduri says that Messiah has already begun His influence. I believe that, that is true; I believe that Messiah has already begun to manifest His influence. I believe that wherever people with an internalized Christ are praying and preaching the truth of the word, Messiah has begun His influence, and that influence I believe in this hour is primarily directed towards opening or lifting the veil off of the hearts of the people, not only the Jews, but the hard hearts of the Christians that will not receive the doctrine of Christ.

I believe His influence is already being manifested from an unknown place. ...and will reveal Himself in the future; well that obviously must be true, He has to be revealed eventually. Reading from the article now; during the afternoon Minka prayer on Yom Kippur, the Kabbalist scholar, that is Rabbi Kaduri, surprised his students and fellow worshipers with secrets relating to the coming of Moshiach.

It is very common for Rabbis to have dinner with their disciples and to teach at the table. That is what the last supper was all about, Jesus was having dinner with His disciples and He was teaching, that is what the Rabbis did. We have been doing that here for years and I was very surprised to find out that, that was so traditionally Jewish and Kabbalistic, but we have dinner together and I teach at the dinner table frequently.

Back to the article; during the service, Rabbi Kaduri lowered his head and entered into a deep mystical concentration or trance, we would call it a trance, which lasted uninterrupted for some 45 minutes. The Rabbi covered his eyes as though reciting the Shema prayer and only his lips were seen moving, Rabbi Yitzchak Kaduri covering his eyes in concentration. Students who thought the elderly Rabbi was suffering an attack of sort tried to communicate with him but he did not break his intense concentration for a moment even to nod.

Only after some 45 minutes the Rabbi raised his head and looked around the room at the students and worshipers who were gathered at his Nachalat Yitzhak Yeshiva, the Rabbi raised his head and looked around the room at the students and worshipers who were gathered at his Yeshiva, in the Bucharim neighborhood of Jerusalem with a broad smile on his face familiar to his students when he had a revelation he declared with the help of God the soul of the Moshiach has attached itself to a person in Israel.

This was the revelation he got, with the help of God the soul of Messiah has attached itself to a person in Israel. This is a Kabbalistic concept, it is called Ibur, that a glorified soul or an ascended, I do not think they would say glorified, an ascended soul can incarnate in an existing human being by attaching its soul to that human being. Everybody is screaming, Cannot be, but is that not what Jesus is doing. Is not Jesus a glorified man and is attaching His soul to existing people? Absolutely, absolutely, so the soul of Christ Jesus may very well have attached itself to a person in spiritual Israel, maybe the person is in natural Israel, or maybe the person is in spiritual Israel, this just may very well be true.

Back to the article; at the conclusion of his short declaration, speaking about Rabbi Kaduri now, at the conclusion of his short declaration, murmuring was heard among the congregants as the Kabbalist's words were repeated for those who could not hear, Rabbi Kaduri had spoken repeatedly about the final redemption and referred to the calculations of the Vilna Gaon regarding the redemption which appear in the Gaon's writings and are considered difficult to decipher. The Vilna Gaon who lived in the years 1720-1797 according to the writings of the Vilna Gaon, a sign of the gog and magog war is its breaking out on the Jewish Holiday of Hoshana Rabbah, the seventh day of Sukkot, which is coming in the spring, it is coming soon. Sukkot is tabernacles by the way; the church knows it as tabernacles.

Just after the conclusion of the seventh or Shimita agricultural Sabbath year. There are two different years in Israel, I do not know whether you know that or not, there is an agricultural year and I do not know what they call the other year, this is not an area of my expertise, but there is two year beginnings and two year ends and I believe that Sukkot is the end of the agricultural year which is tabernacles.

This was, this is not the article within the article, I do not know whether this writer is speaking, I do not know what year he is speaking about, but he is saying that this Vilna Gaon predicted that the war of gog and magog, the final war would break out just after Sukkot, but I do not know exactly what year he is talking about, I cannot discern that from what he is saying.

I am still reading the article. On September 24<sup>th</sup>, 2001, I think we do have the year here, just a moment; this year was 2005, so Rabbi Kaduri was saying after the spring of 2005 which is almost two years ago, that the war of gog and magog would break out. On September 24<sup>th</sup>, 2001, channel

1, Israel TV broadcast, an item on what Torah and other mystics were saying, in the wake of the world trade center attack. Speaking from the room adjacent to where Rabbi Yitzchak Kaduri receives visitors, Arutz Sheva Hebrew radio show host Yeshoshua Meiri, a close confidant of the Kabbalists explained to the cameras, Rabbi Kaduri's understanding of the events based on the calculation of the Vilna Gaon.

They are talking about the world trade center attack, and Rabbi Kaduri's comments on that attack, based on the calculations of this revered Jewish leader who died in 1797, this is Rabbi Kaduri's understanding of the world trade center attack. On Hashanah Rabba, a Jewish holiday, the actual war of gog and magog will commence and will last some seven years, said Meiri.

It sounds like he is saying that the war of god and magog began with the world trade center bombing, and of course that was what happened immediately after that was the war in Iraq. He is talking about a seven year period if it happened on September of 2001, the end of that would be September 23<sup>rd</sup>, 2008, which is more than a year away. According to the calculation, a seven year count from that Hashanah Rabba is the date of a major revelation associated with Mashiach. That would September 2008. This will be the year of a major revelation associated with Messiah.

Those close to Rabbi Kaduri say in his name that the 5<sup>th</sup> year of this redemption process is now beginning. They explain that the above mentioned attaching of a righteous soul which we know to be called Ibur, to a person of Israel makes the recipient a candidate for Mashiach, but not yet the actual Mashiach. This is very important, I believe that it is true that Messiah is appearing as Christ is joined or grafted to His people. I believe in the sons of God teaching there are going to be many people manifesting the nature of Christ, but I do believe that one person will stand up first, in which I differ from all of the teachers that teach sonship, I differ in that.

I believe the Lord has told me, one person will stand up first, and then it will go to many. I am going to read that last sentence again. They explained that the above mentioned attaching of a righteous soul to a person of Israel. Of course Rabbi Kaduri means someone who is living in Israel, but we believe it could anyone who has received Christ, who has Christ grafted to them, they could be a member of spiritual Israel. They explained that the above mentioned attaching of a righteous soul to a person of Israel makes the recipient a candidate for Mashiach, but not yet the actual Mashiach. The person gets an additional soul; that is Christ grafted to you which finds expression in the adding of a letter to his name without changing its pronunciation.

I do not really know how to apply that right now, I know that the Jewish people believe and it is very Scriptural, Abram's name became Abraham, and Sarai became Sarah, but I do not know how they are applying it here, this person who experiences Ibur who has Christ grafted to him gets the additional soul of Christ which is the Nephesh, the soul of Christ that we receive is the Nephesh of Christ.

Actually I have been teaching here that the Holy Spirit is the Nephesh of Christ and that Christ is actually the Ruach of the glorified Jesus Christ. I have not thought about that in a long time. In any event, let us just let it go, the soul of Mashiach is the Nephesh of Mashiach. Anybody listening to this message, you should know that there are five, unless you have not, if you have been studying with me for a while you should know that there are five levels of soul, and that Nephesh is the lowest level of soul. Nephesh is the aspect of soul that flows in the physical blood, and it is

that aspect of soul which gives animation, not life but animation to the human being, it is the lowest level of soul, no one born of a woman can live without it, that is the manifestation of soul that flows in the blood, the life of the flesh is in the blood, so it is the basic foundational aspect of soul. Of course we have the potential for four more levels of soul, although the two highest levels of soul are very exalted. The Kabbalists just really talk about the first three levels of soul, the Nephesh, the Ruach, and the Neshamah. As far as I am concerned, I do not know what to say, I know that we have the potential to ascend into everything that Jesus was in the days of His flesh, but I am not going to get into that now, but the two higher levels of soul; does anyone remember the names of the two highest levels of soul? The Chayyah, and the Yechidah, I do not think that you can have the Yechidah and still be in the flesh.

Jesus has the whole five levels of soul. Like I said, I do not think you can be in the flesh and have Yechidah; I am not sure about Chayyah. This person gets an additional soul; I read you that already, which finds expression in the adding of a letter to his name without changing its pronunciation. Like I said, we are not into the gematria anymore; we are not into that, the Lord has not used this point of contact, the changing of the name to explain His teaching to us, at least at this time He is not doing it. That does not mean that this way of the Lord relating a truth to a group of people is not valid anymore. The Lord relates to people by whatever means is most likely to get His message across. This is the way He is dealing with the Jews.

The elder Rabbi Kaduri says that the letter added to this person's name is a vav, the secret of his power, the secret of this man's power is a Star of David hidden in his attire. That is very interesting, to me, I do not know what the Jews or Rabbi Kaduri's students make out of this, but to me, I do not see how that could be taken in the natural. The secret of his power is a Star of David; that means the mark of God. We know that the mark of God is coming right? We do not have to worry just about the mark of the anti-Christ, the mark of God; does anyone remember what I teach the mark of God is? What is the mark of the anti-Christ? Anybody remember? It is the nature, a mark is the engraving on your mind; it is the nature. We have the nature of our old man or the nature anti-Christ which is the carnal mind, and the mark of God is the mind of Christ, it is the nature of God, the way, it is the rationale of Christ. That is what I have been preaching here for years.

We need the mind of Christ which has the rationale of Christ, it is not just what God thinks but it is the way the mind of Christ reasons that has to be brought forth in us. The secret of this man's power is the mind of Christ, not only what God thinks but the rationale, the way God thinks, the way God reasons, the logic of Christ, hidden in His attire, hidden in His spiritual attire, in His spiritual being. The secret of the man's power is the mind of Christ.

Next article; this is an article about Rabbi Kaduri; January 29<sup>th</sup>, 2006, just after Rabbi Kaduri's death; students of the righteous Rabbi say that the blessing of the Ben Ish Chai, considered the leading Rabbi of Sephardic Jewry in 1904, and that of the Lubavitcher Rebbe who was from Brooklyn by the way here in New York, both of whom blessed Rabbi Kaduri that he might live to see the final redeemer came true.

This article is saying there are two highly respected Rabbis, both of which are now dead, one is called the Ben Ish Chai, he was from Iraq, and he was considered the leading Rabbi of Sephardic Jewry in 1904. Sephardic Jewry is what they call oriental Jewry, Italian Jews, French Jews, Spanish Jews, and Middle Eastern Jews are all Sephardic. They are eastern Jewry, although

Italian is not eastern, the differentiation is between the nations that I just named and eastern European Jews which are Ashkenazi, German, Austrian, Russian Jews are Ashkenazi, those Jews distinguished from the Jews in the country that speak Romantic languages, French, Italian, Spanish, and the middle eastern Jews are Sephardi.

The article reads, I am explaining to you that this article is saying, two highly respected Rabbis, one is the Ben Ish Chai considered the leading Rabbi of Sephardic Jewry in 1904, and the Lubavitcher Rebbe who lived right here in Brooklyn, and he is only dead a few years, both of these two highly respected, and he died in 2003, these two highly respected Rabbis both prophesy over Rabbi Kaduri and told him that he would see the final redeemer before he died.

Does that not sound like what happened to Anna? It was prophesied to her that she would see the Messiah before she died and she saw Jesus and she knew that she recognized Jesus the baby as the Messiah, and how would she know that? She was told by the Spirit. These two highly respected rabbinic leaders prophesied that Rabbi Kaduri would live to see the final redeemer, and this article was saying, that came to pass that, that trance that Rabbi Kaduri went into just before he died, that he met the Messiah in the spirit, that is what they are saying.

Back to this article that was published on January 29<sup>th</sup>, 2006; he repeatedly, talking about Rabbi Kaduri, repeatedly said that the Messiah is not promoting himself and that a study of Rabbi Kaduri's words in recent months would provide hints of his identity. He is saying that Messiah is here, he is living in Israel, he is not promoting himself, he is not doing anything to make himself known, but he is here, the suggestion is that he is not going to reveal himself until the Jewish people come into a certain condition of what I am not sure what it is.

Going on with this article, there is a quote; this is the spokesperson for Rabbi Kaduri. He is not saying I am the Messiah, give me the leadership. He is saying the man, they do not say man, but he is saying the Messiah is not saying, going around saying, I am Messiah, everybody acknowledge me as Messiah, he is not saying that, rather the nation is pushing him to lead them after they find signs showing that he has the status of Messiah.

He will be recognized by the people when they see the signs that he has the status of Messiah. I do not know the signs they are looking for but when this person shows the signs of being Messiah he will be recognized by the crowds or at least by the scholars who will then ask Messiah to lead them. He will be drafted, he will not be going around saying, like Pastor Manning did, that I am your leader, come and follow me. This is supposedly what Rabbi Kaduri said to one of his close relatives. Rabbi Kaduri was also quoted of late as saying that imminent arrival of the Messiah will save Jerusalem from Islam and Christianity that wish to take Jerusalem from the Jewish nation, but they will not succeed and they will fight each other.

The prophecy here is that Islam and Christianity will fight each other. It is true that both Christianity and Islam want to take Jerusalem from Israel because even our own President Bush unfortunately is forcing down Israel's throat, and this prophecy of Rabbi Kaduri is that Islam and Christianity will fight each other and that is already coming to pass. We are in Iraq; we are a Christian nation in Iraq fighting Islamic insertion.

Continuing on with the article, this is still part of the article that was published in January 29<sup>th</sup>, 2006. That is after Rabbi Kaduri's death. This past Yom Kippur shortly after hurricane Katrina, Rabbi Kaduri said, Jews must come to the land of Israel to receive our righteous Messiah who has begun his influence and will reveal himself in the future. According to the translations of messages on his website, Kaduri.net, Kaduri said this about the coming Messiah, quote; it is hard for many good people in society to understand the person of the Messiah. The leadership and the order of a Messiah of flesh and blood is hard to accept for many in the nation. We know that, that is true, flesh and blood cannot even follow a leader that the Lord has raised up in the church, they have a lot of trouble, especially the mature Christians that would be studying a strong message like this, have a lot of trouble submitting to a leader who they see human frailty in.

The leadership and order of a Messiah of flesh and blood is hard to accept for many of the nations. As leader, the Messiah will not hold any office but will be among the people and use the media to communicate. His reign will be pure and without personal or political desire. During his dominion only righteousness and truth will reign. Will all believe in the Messiah right away? No, in the beginning some of us will believe in him and some not, it will be easier for non-religious people to follow the Messiah than for orthodox people. I happen to agree with all of this.

The revelation of the Messiah will be fulfilled in two stages. First he will actively confirm his position as Messiah without knowing himself that he is Messiah. That is really interesting because that theme is through any science fiction movie that we watch, and I watch a lot of science fiction movies because there is spiritual truth everywhere, the Lord speaks to me through everything, although lately I have not been doing it but over the years I have watched a lot of science fiction movies, and it is common theme that Messiah is born and he does not know who he is.

The revelation of Messiah will be fulfilled in two stages. First he will actively confirm his position as Messiah without knowing himself that he is Messiah. Then he will reveal himself to some Jews, not necessarily to wise Torah scholars. It can be even simple people, only then he will reveal himself to the whole nation. The people will wonder and say, what, that is the Messiah?

Many have known his name but have not believed that he is the Messiah. Wow, say many Christians and Messianic Jews, that sounds like Jesus, this is the writer of the article again; well, I say it sounds a little like him during his first advent but not according to the Scripture in the time of his second coming. First of all, again this is the writer disagreeing with this description of Messiah. First of all, Yeshua never doubted who he was. How do you know Yeshua never doubted who he was? Mr. writer, Mr. writer, how do you know that Yeshua never doubted who he was?

The first that we hear about Him is when he was thirteen talking to the Rabbis, what about when He was twelve, what about when He was eleven, what about when He was ten, nine, eight, seven, six, five, four, three? He demonstrated His knowledge even when He was twelve, I said thirteen, if twelve is correct, I stand corrected, and remained in the temple teaching the Rabbis of the day. When His parents came looking for Him and He said, did you not know that I would in my Father's house? To tell you the truth, I have never studied that Scripture, I wonder what it really says. I will look up that Scripture at the end of this message and if it says something, I will look it up in the Interlinear Text, if it says something different than that, I will make an attachment to this message or an addendum to this message and comment on that.

What many will miss, still reading the article now; what many will miss in these statements by Rabbi Kaduri, if they are not aware of the Kabbalists view of the Messiah is that they believe that he could be anyone at any time, that believe that he is merely a man who is righteous enough to merit appointment as the Messiah and that a second and totally separate spirit will enter him and possess the man who will then have to prove himself worthy for a time before he actually becomes the Messiah and is revealed. When he is revealed, he will then bring the world under a rabbinic rule which I do not agree with that, and will enforce Torah law, I do not agree with that either, it will be spiritual, as interpreted by the ruling Rabbis, likely in the renewed Sanhedrin. I do not believe that either. This is not Yeshua Jesus even if his name is Yehoshua. Those last few things are not Jesus, I do not believe are Jesus, I do not believe He is going to bring the world under rabbinic rule, I do not believe He is going to enforce Torah law as interpreted by ruling Rabbis, and I do not, I mean if there is a renewed Sanhedrin, I do not believe that Jesus will work through it, but that does not mean that this other description of Messiah is not true. I do not believe this, they believe that he is merely a man whose is righteous enough, nobody is righteous except Jesus, but I think it may be a man who to whom the soul of Jesus is attached that may be raised up by that indwelling Christ to be Messiah. I do not disagree with the whole description of it, I see it a little differently, but I do not reject the whole thing, because we know that the manifestation of the sons of God is in process and that Messiah is already appearing in His people.

It would not surprise me at all, I believe that this writer does not believe in the whole concept of the sons of God, and he believes in the rapture, that is what it sounds like to me. It would not surprise me at all that there would be a Messianic figure arise who claims to be Yeshua, and that he will lead secular religious Jews and Christians into following him and claiming that he is the true Yehoshua. I see Gentiles (Christians), who want to place themselves under the bondage of rabbinic Judaism all of the time and they are falling further and further into apostasy. They will embrace this revelation without once comparing it to their true revelation.

The writer is saying, what we just read above, that this description of Messiah is accepted by Jews. I am going to read it again; they believe that Messiah can be anyone at any time. They believe that he is merely a man who is righteous enough to merit being appointed as the Messiah. What I am saying is no one is righteous, no not one, but we know that the soul of Jesus is being grafted to mere men; and that a second and totally separate spirit will enter him. Sir, Mr. writer, that is what the Scripture teaches Jesus is doing, the Spirit of Christ is entering into us. Is that not what happened to Paul?

Did not the Spirit of Christ possess Paul? Yes He did. This separate spirit is entering into this man and possessing that man who will then have to prove himself worthy; I do not believe the man will have to prove himself worthy but as he follows Jesus, as David followed after Jesus faithfully, not that he proved himself worthy, but as he faithfully follows after Jesus, that man will be raised up as a son of God which is a manifestation of Messiah.

I do believe that one person will be rising up first, and he will be a man, an average man born, human being, when I say man, I mean human being, born of a woman who will receive the soul of Christ which is many of us are receiving today and that, that one person as he faithfully follows Jesus will be matured and exalted by the indwelling Christ and become a manifestation of that indwelling Christ just as Paul did.

I believe that when Jesus met Paul on the road to Emmaus, and knocked him off of his horse, that Jesus possessed Paul and Paul finished out Jesus' ministry, that Jesus ministry was not cut off after three years, that he continued that ministry in a new body after ascended out of the body of Jesus of Nazareth.

Praise the Lord, back to the writer, I want to give you a bit of that revelation here, and then ask you to take the time, I have to go back because you do not know what I am talking about, the writer says; I see Christians who want to place themselves under the bondage of rabbinic Judaism all of the time and they are falling further and further into apostasy and they will embrace this quote revelation, this revelation that we just talked about of the Rabbi Kaduri, without once comparing it to their true revelation. Our writer claims that he has the true revelation.

Let us find out what it is. Writer speaking; I want to give you a bit of that revelation here, and then ask you to take the time and see if you think that the two revelations that are in accordance with the day of the Lord that we are all looking forward to with bated breath. Writer speaking; let me say this, I have prayed daily for years for the lifting of the veil from the eyes of the Jewish people and I have preached that Jesus, Yeshua will not return until the Jewish people are saved and cry out Baruch Haba b'Shem Adonai, in other words blessed is he who comes in the name of the Lord. I want to read that again.

I have prayed daily for years for the lifting of the veil from the eyes of the Jewish people and I have preached that Jesus Yeshua will not return until the Jewish people are saved, he means accept Jesus as Messiah, and cry about Jesus, Blessed is he who comes in the name of the Lord. This is very interesting, because this is very subtle, what this man is saying and I guess this is what I have heard preached all for years is that the Jewish people have to repent and recognize Jesus before He comes to save them.

I do not know, my Bible says while we were still sinners, Christ died for the ungodly. I will tell you something I use to believe this, I use to believe this, (chuckle) that the Jew had to recognize Jesus and repent and then receive Him, but the Lord through my experience is showing me that this is not true. I have had the privilege of being sent to at this point I think three Jewish Rabbis. I have had a relationship with two Hasidic and one Kabbalistic Rabbi who is not Hasidic, he is from another group but on the same level, ultraorthodox, and they study the sod of the Scripture. The Lord has shown me that he fully intends to and has already deposited the seed of Christ that is in me into these Rabbis through our conversation.

Actually I have been preaching for a long time, I never put it together with the Jew, but I have been preaching for a long time what the Scripture means when it says, when Jesus said He would come as a thief in the night. I have been preaching for a long time that what that means is that the church world is not even receiving Him. To a large degree the church world is worshiping another Jesus. They have the Holy Spirit but they do not have Christ because their whole concept of what Christ is, is misunderstood; so the Lord is coming as a thief in the night.

He is seeding them with the seed of Christ without their permission, have I not been preaching that for years? I have; and today I see the Lord doing the same thing with these three Rabbis, and they have all rejected me, all three of them have rejected me, but they all had a dialog with me, and one Rabbi who appears to me to be the most spiritually fertile, well two of the three

anyway, but this one particular one, it was the most exciting experience for me. I had a telephone dialog with this Rabbi who thought that, the reason he agreed to this relationship with me was that he was a Rabbi who was reaching out to the, not only to the Christian but especially me because I was born Jewish, but reaching out to people that were not practicing Jews, and to bring them into the fold of Judaism, to bring them under the law. That was why he agreed to have this relationship with me.

One day I was studying one of the Kabbalistic books called the Sepher Yetzirah, it is one of the foundational Kabbalah books, I found something in it that, I have to tell you I did not even know what I was doing, a lot of times I do not know what I am doing, a lot of times when the Lord leads me into ministry, I do not know what I am doing, I am just being myself.

I did not fully understand in those days that the Kabbalists of today are indoctrinated, that they study and teach mostly what Rabbi Isaac Luria taught and there is very little if any at all original revelation, they study what has already been written, just like the Jehovah's witnesses, and just like a lot of Christians, they study what has already been written. I also did not particularly, I probably knew it but I did not focus on the understanding that I have received that the Kabbalists today, they primarily deal with what they would call the righteous side, the good side, they do not deal with the sin nature. They know about repentance, they know that you have to confess your sins and to repent, but to the best of my knowledge, there is no warfare against the sin nature. They do not understand that concept of the sin nature and they concentrate their teachings on the good side, they do not teach about Satan and Leviathan or anything like that.

I am reading this Sepher Yetzirah and I come across something that was very, it was just a few words but what I saw in it was a basic principle that the Lord had taught me, and that principle is found in the book of James, that sin is actually conceived in us, and we give birth to sin. The Jews do not believe that at all. I was having this conversation with this Rabbi and however it came out of me, I said, I think I found Leviathan in the Sepher Yetzirah, or something like that. He said to me immediately; now remember he thinks he is my teacher, really? What book was that? What English translation was that? I told him and he said, you know one of my students translated that book, so that is the translation of one of my students, but he said hold on, and he went to get the Hebrew the original Hebrew of the Sepher Yetzirah and he came back to the phone and he did not say anything, because I know it was in there, I know that the words that I quoted to him were in that book, but he did not, he was horrified at what I said. Let me say it this way; forget what I said that he was horrified.

He came back to the phone and he did not say anything so I knew that he found it in the book, and this incredible anointing fell, this incredible anointing fell, I wanted to get up and dance. I know that he was feeling it too but he did not pursue the conversation, he did not say that I was right, he just changed the subject, and we hung up the phone and then shortly after that, whatever happened he turned against me, he must have gone into the internet and he found my Christ Centered Kabbalah page, he warned me and he excommunicated me, and I have not heard from him since.

I believe that when that anointing fell through that communication with me, which was Christ in me talking to him, and whether he rejected the revelation or not, at the moment the anointing fell I believe the seed went into him, and that this is how the Lord is going to move on the Jewish

people as well as the church, because the majority of Christians will not receive the wisdom of the word. They will not receive the man. They are happy with the Holy Spirit and their carnal minds. They will not receive the change of nature. They will not receive the new man. They will not turn on their old man and offer him up. That is our sacrifice to God our old man, he has to die.

The Scripture to live is good concerning Christ, to live with Christ is good but to die is gain, the true meaning of that Scripture is to have an existence in which the life of Christ is present in our life, that is a good thing, that is a good thing, but to completely die to our sin nature, and become a manifestation of Christ, that is really what is the good thing, it does not mean physical death. To live with Christ in our life is good, but to die to this life and become a manifestation of Christ, well that is truly gain.

I believe that Jews and Christians alike are going to be seeded with the holy seed of promise and they are going to find Christ appearing in them and they are not going to know what happening or where it came from.

At the beginning of this message we had a word of knowledge that I had never heard of before. The Lord said that Christians everywhere are aborting the Christ that they are pregnant with because they think that it is false doctrine or something ungodly in them. This particular Rabbi that I had this encounter with; He has a website and we have members of this ministry who are still on his mailing list, I was excommunicated, and he has had all kinds of visions and spiritual experiences. I think it is about three to five years since I had that experience with him, I could look it up, I just have not had the time to look it up, it is just about three years, four years. I have also been saying for years that once somebody is seeded on the average it takes three years for that seed to sprout. Some people it comes earlier, but the average is three years to see Christ really manifesting in them after they receive the seed which is given through the doctrine of Christ.

I do not believe, I told you all that to say this, I no longer believe that the Jews have to repent of being mistaken about Messiah before he is going to come to them and restore them. I do not think that every Christian that has rejected the doctrine of Christ has to repent and say that they were wrong about the doctrine of Christ. They are just going to wake up one morning and that baby is going to be kicking and screaming for food and the food that, that baby is going to be screaming for is the doctrine of Christ. They are going to wake up and say, Wow, I was mistaken. Do you know that was my experience? When I was a young disciple years ago because the ministry is twenty years old, so it had to be more than maybe twenty five years ago, I always had a hunger and a thirst for knowledge. I saw for sale in a magazine the Zohar which is one of the foundational Kabbalistic books. I ordered it very, very excited. When it came I opened it up, and when I looked at it, it was so over my head that it meant nothing to me, I was disappointed. I said this is advanced whatever it meant to me I do not think I said doctrine, and I took the books and put them on a book shelf.

Years later, ten or fifteen years later, when I already was running this ministry, I was at a point in my walk with the Lord where I was doing very poorly, I was very tired and weak and depressed, and I remember laying in my bed one night telling, there was just no energy at all, telling the Lord that if He did not do something for me, I was just going to die, that was what I believed, it was not self-pity, I really believed it, I was just going to fold up and die, the walk had been very hard, it

was a very isolated life, severe rejection and whatever other problems I was going through, I said Lord if you do not do something, I think I am just going to fold up and die.

I got up out of bed walked into my office and the Zohar fell off of my bookshelf and hit me on the head, and I opened the book and I said, Oh my God this has been in my bookshelf all of these years, it was gold, it was spiritual gold to me. I started reading a little bit every day, and every time I read, the spirit of the word, the Zohar is the spirit of the word, it is advanced doctrine of Christ, I felt the strength going into my bones, and I was restored and I am still here today all of these years later, five, six years later, who knows, teaching the doctrine of Christ and teaching Christ Centered Kabbalah.

There are many Jews today and many Christians today that they cannot receive what God is doing, they just do not believe it so He is going to come like a thief in the night and seed them, He is going to give them the help that Adam needs to live out Christ. When Adam was dying, when he was descending into the sleep of death, Jehovah said to him, I will give you a help that is meet for you. Jehovah was not talking about a little woman who was going to cook and clean and give a man, a physical man sex; that is not what He was talking about.

He said, Adam, you are dying because you did not have the internalized Christ, and the word meet means sufficient. Even though you are dying now, Jehovah prophesied over him, I am going to give you the help that you need that this will not happen to you again, and that help is Christ in you, the hope of glory. All of these people that cannot receive Christ that the church is preaching, they are going to burn in hell forever, the truth is Jesus is going to seed them with Christ against their will in the night when they are sleeping, they may not even know about it. It may be a spiritual night, while they are still in their carnal mind, He is going to seed them with Christ through encounter with a believer who had that seed within him and however long it takes that seed to sprout, they are going to wake up one morning and they are going to be pregnant and that baby is going to be screaming through its spiritual food which is the doctrine of Christ and they are going to recognize it, just like I recognized it, when I was dying from spiritual starvation.

Do not think the Jews have to repent. Listen, the Jews that are alive today; all they know is what they were taught. It was their ancestors that crucified Jesus that should have been able to recognize Him. These Jews did not have the experience of their ancestors. They are experiencing the sins of their ancestors. The Lord will never ask from you what you are incapable of giving, but if in your heart of hearts, you are truly seeking Him, truly, truly seeking Him, He will give you what you need to do what you have to do to get where you want to go, and only Jesus knows the true intents of your heart.

We are now listening to this writer's opinion of what the true revelation is. Let me say this, I have prayed daily for years for the lifting of the veil from the eyes of the Jewish people, I have preached the Jesus Yeshua will not return until the Jewish people are saved and cry out blessed is he who comes in the name of the Lord. He is talking about a physical return of the man Jesus. I still anticipate that day with great expectation, but I am also aware that before that happens there will be a great falling away and many will be deceived before Jesus will returns, there will be a great falling away and many will be deceived by this doctrine that he is preaching.

Many in the church are deceived today. The Scripture that he is quoting from the book of Thessalonians clearly says, and when that man of sin is revealed, the man of sin, the man of sin in each individual has to be revealed, and that is the great falling away, the falling away of the veil and the shields that are covering up the man of sin, our sin nature, that is the falling away, the falling away of the resistance, the falling away of the self-deception, the falling away of the masks that all wear, the falling away of the veil of the temple within us that covers Christ, the carnal mind that covers Christ, the revelation of the truth of who we are, at that falling away, the man of sin will be revealed, and when he is revealed Christ will come and destroy him.

He has to be revealed. Everyone that is defending their sin nature is disqualifying themselves from this experience and you continue to protect your sin nature long enough, you will disqualify yourself from any possibility of experiencing the spiritual catching up in this existence. Will you burn in hell forever? No, but you will pass out of this world like a natural man. You are god, because Christ is in you, but you will die like a man because you refuse to sacrifice your sin nature.

Reading our writer again; but I am also aware that before this happens, there will be a great falling away and many will be deceived and that Kaduri, the Yehoshua and the biblical revelation of Yeshua are not the same. Jesus knows who He is. How do you know that? How do you know that Jesus knows who He is? I can tell you that for years I have been telling disciples here you do not know who you are. Have I not been telling you that for years? When you are going to stop doing this and that and when are you going to stop doing this and that, and start recognizing who you are?

Maybe Jesus knows who He is but it is Christ that is coming forth in the people and the people that Christ is coming forth in frequently do not know who they are, they are still acting like the role they were in before Christ was grafted to them, so I disagree with our writer here.

Talking about Jesus now, He will not come and reveal Himself a little at a time. He is revealing Himself a little at a time to the person that He is maturing in. You shall be saved in childbearing. He is revealing Himself to you a little at a time, absolutely. People will not take their time to accept Him, this is absolutely not true. Everybody here is taking their time to accept Him. The whole issue here is that this writer thinks the single man Jesus of Nazareth is coming back again, he does not understand that He is coming back as Christ in His people, just like Elijah came back in the person of Jesus and John the Baptist, Jesus is coming back in the sons of God, in the people of God. Our writer thinks it is the physical man Jesus coming back.

He will not save Jerusalem from Christianity as Kaduri said, maybe he will not, I do not know about that, no Jesus will return in a great cloud of witnesses. His coming will be seen by every living being on earth as lightning crosses the sky from east to the west. I do not remember reading that in the Scripture, I think I remember Jesus talking to His disciples saying, it will be as lightning crosses the sky from the east to the west, but in another place it says and everyone that pierced Him, will see Him. Who pierced Him? That means everyone who pierced into His life. Paul said, I am crucified with Christ yet I live. Everyone who sacrifices their soul and permits it and assists in its crucifixion to Christ, everyone who pierces Him or pierces into Him will see Him.

It is not going to be one single experience of lightning appearing, that every person, even those sleeping in the bathtub, swimming underground in a mine, are all going to see, I do not mean to be irreverent I am sorry, but wake up everybody! Not only that, half of the world is sleeping while the other half of the world is awake, it is just not going to be a one-time event that every single person on the face of the earth will witness, and even the woman screaming her head off because she is in labor having a baby, the people lying unconscious in their beds, everybody is not going to see Him at once. What about the doctor that is operating? Wake up church, and grow up, will you please grow up?!?

No, Jesus will return in a great cloud of witnesses. The great cloud of witnesses means He is coming in the soul realm, and who are the witnesses of Jesus? What was the witness to Jesus? The Spirit of prophecy is the witness of Jesus, so the great cloud of witnesses are the people who threw Christ in them are bringing to pass or are manifestations of the prophecy that Christ will return and appear on the earth again. The people in whom Christ is appearing as the Spirit of prophecy, they are the fulfillment of the word, of the written word that Christ is going to stand on the earth again.

We run into a problem, I have been preaching this for years, you have to get your definitions straight, you cannot possibly preach the truth if you do not have your definitions straight, and it is the doctrine of Christ that has revealed all of these definitions that I preach from. No, Jesus will return in a great cloud of witnesses, His coming will be seen by every living being on earth as lightning crosses the sky from east to the west, His coming will Harold the great and final trumpet and will bring judgment to the earth. That is true, Christ in the individual brings judgment upon that individual person, and the judgment is upon their carnal mind with full intention of destroying it, so that Christ can possess the person, which possession will result in life, eternal life or the immortality of that personality.

Everyone will know exactly who he is at His coming. That is true, when Christ fully pushes through in us, well even before that, I believe we will know who He is, before He fully pushes through in us. The difference is this man is talking about a physical Jesus and I am talking about an internalized Christ, so never the twain shall meet. We have to decide whether we are spiritual or physical in our revelation.

He will not save Jerusalem from Christianity. Well I do not know about that, He will establish His righteous kingdom on earth, absolutely, the righteous kingdom of Christ will be established in my earth and hopefully in your earth and in your earth, and each individual that Christ is established in will be the beginning of a body of believers that will eventually result in every human being on the face of the earth being a manifestation of Christ. It will start with His kingdom appearing in an individual, and I think it is going to take quite a while personally, a thousand or two thousand years for every human being on the face of the earth to become a manifestation of Christ.

Remember to become a manifestation of Christ, your old man has to be sacrificed and destroyed, and that takes a whole lifetime for somebody to get to the point to do that. Before your old man can be destroyed, Christ in you has to be mature enough to take over the life functions of your physical being. That means a whole lifetime of somebody being trained up in Christ.

We must know our Bible, this is our author again; we must know our Bible. Yes we must know our Bible, but how are you interpreting your Bible? Are you interpreting it with your carnal mind, with your Christ mind, what is your level of understanding? God help all of us, we have to turn our understanding over to Jesus. Please Lord, help me to understand truth, help me to understand the best that I am capable of at this time and then help me to understand higher and higher, help me. To assume that we have the last word on something is death, absolutely death unless we are in full stature. I believe Jesus had the last word on everything. It is absolute death to think that we have the last word and everybody else is wrong, God help us all, that we should be as arrogant and ignorant to believe that.

We must know our Bible. We must know our God. We must stand on truth. Whose truth, the truth of your carnal mind? If every person on this planet claims this man is the Messiah, if everyone stones me for denying it, I will tell even him the truth as revealed in the Bible. That is his understanding of the Bible. The only issue of the living son of God is the king of kings and the Lord of Lords.

That is true, but will you recognize Him when He appears sir? Probably you will not. He quotes the Scripture here now; then if any man shall say unto you, lo here is Christ or there, believe it not, for there shall arise false Christs and false prophets and shall show great signs and wonders in so much that if it were possible they shall deceive the very elect. Recognize, please recognize that the Scripture does not say, Lo here is Jesus, it says lo here is Christ, and you have to understand that there is a difference between Christ and Jesus. Christ is the grafted seed, I just cannot repeat that whole message here, I have a lot of messages on it.

In so much that if it were possible they shall deceive the very elect.

Behold I have told you before, wherefore if they shall say unto you, behold he is in the desert, go not forth, behold he is in the secret chambers, that means of your mind, believe it not, for as the lightning cometh out of the east, and the east is the eternal realm of God, I do not believe He is talking about physical lightning, and shineth unto the west, the west is visible world, so shall also, so it is saying that is the lightning comes from the eternal, from the unconscious part of the mind, and appears in the visible world. Now the west is this visible world, the south is the visible world of God and lightning signifies the power of God.

As the power of God appears out of the immortal realms and it shineth and it appears in this visible world, so shall also the coming of the son of man be. This is so important, what does that mean for the lightning comes out of the east and shines unto the west? It comes out of the immortal world and shines in this visible world. How does the power of God manifest? It manifests in this visible world. Nobody is without excuse because the power of God is available for everybody to see it. Some say, well look at the moon and the stars and look at the program movement of the seas and all of that, I do not believe that is what Paul was talking about.

The miracles of God; the evidence of God is His manifestation in my life. All I have to do, anybody has to do, call on His name and ask Him. God has no pride, any honest heart that says Jesus if you are real, help me to believe it. Do not ask for a sign, do not tell God what you need. If your heart is pure, because I remember the day that I stood on the steps of a Methodist church and I said, Oh God, I need you so badly but I cannot believe this Jesus, I was raised Jewish.

I do not think it was much more than a year and He manifested Himself to me in a way that just embraced me and dragged me right into His kingdom. This witness that God is real, it is not the moon, the sun, and the stars, if your heart is right He will reveal Himself to you in a way that you cannot deny if you give Him a chance. As the lightning of God, remember one of the four horsemen come out with lightning, as the power of God comes from the eternal realm, which is where Jesus is and it manifests itself in this visible world, so shall the coming of the son of man be.

It is going to be that real in your life. When I cried out to God, He did exploits; I was in desperate shape when I cried out to God. He did miracles for me. I was so sick I could not get off of the bed, He actually, I actually walked into a doctor's office and there was a Gideon's Bible right there, and I was told I could have it, on the magazine rack of all of the trash in the doctor's office was a Gideon's Bible, that is the sign, not the sun, but that I really wanted the Bible and I was too, would you believe I did not know where to go to buy a Bible. I did not know about Christian stores, I did not know anything. That is the sign, the power of His godhead in my life, in your life. Ask Him and He will show it to you.

Jesus said to the Jews, you want a sign, no sign for you, you have been in the Scriptures since you are three years old, what kind of a sign can I give you? The sign is already in you; His Spirit is in you, how come you do not recognize me?

For whithersoever the carcass is, there will the eagles be gathered together. What in the world does that mean? The carcasses are dead bodies. What does the eagle signify? The Spirit of Christ in the man that is flying; Christ will be exalted and manifest in the person who destroys his carnal mind.

The carcass is your old man, it has to die. If you want to fly in the heavenlies, if you want to be spiritual in Christ, your old man has to die. Immediately after the tribulation of those days shall the sun be darkened. What tribulation? Tribulation means to drive, the Greek word translated tribulation means to drive to the bottom. When your old man is driven underneath the authority of Christ immediately after that, after years of fighting with your old man, when you finally get him down under the feet of Christ, immediately after that, the sun of your spiritual world will be darkened.

Malachi talks about the sun of righteousness, every human being is a world, every one of us has a sun and a moon, and the sun of our fallen, in the fallen man, the sun of our spiritual being is Leviathan, and the moon is Satan. Thank God the sun of my fallen life is going to be darkened.

Why will Leviathan be darkened? It is because my old man was just driven under the feet of Christ, so it is going to be Christ lying on top of the carnal mind that is going to darken my sun Leviathan, and the moon Satan will not give her light, her energy, her witchcraft power, thank God.

Bind the sacrifice to the horns of the altar, our old man has to be bound under Christ. The stars shall fall from heaven. The stars are spiritual human beings and this is talking about, it is probably talking about the saints of God that are lifted up high in pride and witchcraft. The whole church is filled with witchcraft and they are going to fall down from the false heaven, they are going to fall down from the heaven of their old man or their carnal mind, why?

It is because their old man is now under the feet of Christ, and the powers of the heavens, Leviathan shall be shaken thank God, and He shall send His angels with a great sound of a trumpet, Christ and they shall gather together His elect from the four winds from one end of heaven to the other. That is the warfare in the individual between Christ and the carnal mind. If the person that is a believer is having trouble bringing down the carnal mind within themselves of their old man, the Lord will raise up mature Christians with a mature manifestation of Christ to join with the Christ in that individual to bring down that person's old man, warfare, the sign that you are a male in Christ is warfare, continuous warfare.

Reading the article; please do not be deceived but test the spirits as we are warned to do. That is good advice, but where do you stand brother, you are in a lot of trouble with your revelation. Pray that others would not be deceived, that is a good prayer, how about you, are you praying that you should not be deceived sir? Mr. Cooper are you praying that you should not be deceived? Could that possibly be a spirit of pride in you thinking that you could not be deceived. Pray that others will not be deceived and especially pray for the Jewish people who are being influenced by this right now. By what, Mr. Cooper by your understanding of what is happening here. I pray for the Spirit of truth, I pray for the Spirit of truth that is should correct every wrong thought in my mind and every wrong spirit in my heart and I pray the same thing for Israel, I pray the same thing for the Jewish people and I pray the same thing for your Mr. Cooper, that God's truth should be manifested to all of us, because I know not the whole truth. I hold opinions, may every single one that is wrong be corrected in Jesus name, and I could not mean that more sincerely.

I am reading the article again; I have friends who are in the process of coming to Yeshua as I write this and I am afraid they are going to be turned in the wrong direction. Israel desperately needs Yeshua which means salvation, but they need the real Yeshua, well that is true; and not some imitation. Pray that they would know their real Messiah. What about you Mr. Cooper, you are so sure that you will recognize the real Messiah, beware that you think you are standing because your fall has already been dispatched towards you.

Pray that they would know their real Messiah, and that they would cry out from Jerusalem, then the world will surely be at peace; and he says, Happy Passover. God bless you Mr. Cooper, may you know the truth as we may we all know the truth, may we all be corrected, and may we all receive the Spirit of Truth that we might all stand in the day of our testing, in Jesus name. Are there any questions or comments on this message?

**COMMENT:** In the beginning when you started reading the whole article, it says he knows but he never mentions the name of the Messiah, right Sheila? Then there is another question I want say now. Near the end of his 2005 or something he was saying something about a letter added to the name, what I got was the book of Revelations, we will all be given a new name that no one will know.

**PASTOR VITALE:** No, Rabbi Kaduri did not name Messiah, at the time that he said that, that he did not know who Messiah was, he met him in the spirit, Xxxx, he went into a trance and he met him in the spirit. As far as having a letter added to your name, well that is true, but we do get a new name and that new name is Christ, the new name is Christ, but those are good observations. Is there anybody else? Praise the Lord.
