TRANSCRIPT OF MESSAGE #790 - Part 1

MOSES & THE TWO SIGNS

This Message Has Been Transcribed and Edited For Clarity, Continuity Of Thought, And Punctuation By The CCK Transcribing and Editing Team.

Well, brethren, I went to Texas for 3 days, and I was gone for a month. I thank the Lord for the vacation but I did not care for the hotel, and I did not like the activities there. (Lol) But I am glad to be back.

Today's message is called ***Moses and the 2 signs***. There is a secondary name on this. It is ***Exodus Chapter 4, Verses 1-9***. I have divided Exodus Chapter 4 up into 4 messages, and 3 are completed. I hope the Lord lets me finish it. I believe that he will, because I think that he did this. The first message is ***Moses and the 2 signs***. The second message is ***Moses and Ze'ir Anpin***, which is the son of God. The third message is ***Moses and Zipporah***, and the fourth message is ***Moses and Aaron***. These are the 4 parts of Exodus Chapter 4.

I asked the Lord how he wanted me to head into this message. I have had this message in my heart for 2 weeks, I just was not preaching. There were 2 other serious revelations that he gave me during this time that I had intended to tell you today but I forgot about it. When I asked him how he wanted me to lead into the message, he reminded me of them.

Basically I am going to start off with an exhortation that I may leave as part of the message. But it may not relate directly to Exodus Chapter 4 which is our main message today. There were 2 things that the Lord spoke to me about as I just laid there doing nothing for a few weeks in this resort that I did not like. I was watching a lot of videos, a lot of preaching, some of my own, some of others. He brought to my memory the teaching of the blood moon tetrad.

I would like to synopsise that for you. I did preach on it. To make it very simple, the blood moon is a phenomenon, something that happens to the moon in the sky in our universe. This is not a spiritual thing. It has nothing to do with the Church. NASA talks about blood moons; the moon actually turns red. The Scriptures talk about the moon turning to blood. That actually does happen in our universe under certain astronomical conditions. It is called a lunar eclipse, as opposed to a solar eclipse.

Tetrad means 4. We are about to have 4 blood moons appear, each one of them appearing on a significant Jewish holiday, 4 Jewish holidays in a row. This is the fourth time that it is about to happen in 500 years. This is the fourth time that this is happening, the fourth tetrad, the fourth grouping of 4 blood moons.

The first blood moon will appear on April 15th 2014 this year. April 15th is the first night of Passover. The next time will be in October 2014 during the Jewish holiday of Sukkot or Tabernacles. In 2015 it will appear again during the first night of Passover and then on Tabernacles or the holiday of Sukkot, 2 years in a row. In between those sets of 2, there is a full solar eclipse which will take place either on Rosh Hashanah or Yom Kippur, but I think it is Yom Kippur (**it is on Adar 29/Nisan 1 (New Year) March 20 2015*).

So we have 5 Jewish holidays with significant signs in the heavens. Something significant happened to Israel during the first 3 blood moons tetrads. The first one within these past 500 years occurred at a time that the Jews were expelled from Spain.

This is a revelation that the Lord gave me; it is very exciting to me. Is that a good thing that the Jews were expelled from Spain? No, they were expelled from Spain because of the Spanish inquisition. It was a terrible time for Jews, but the bottom line is that the Jews were now looking for a new homeland, a new place to go. I have heard over the years that Jewish money had funded Christopher Columbus. I was not sure if it was true. Then I heard from the rabbi that I study with that rabbi Cordovero, one of the medieval Kabbalists that we study with here, was on one of the boats that travelled with Christopher Columbus.

The Jews were driven out of Spain and the long range fruit of the horrible crisis was that Christian America was founded. We know that Christopher Columbus was not the first one to discover America, but Christian America was founded as a result of that, and many believe that Christian America is the new Israel.

The second tetrad was at the time that the state of Israel was established. The third tetrad was the 6-day war, which was virtually a supernatural miraculous military victory for Israel.

The Lord gave me 2 ways of categorizing or dealing with these 4 events. The first category is by country. The first one he said to me had to do with America, and the second one had to do with Israel. The third one had to do with Israel. Therefore we expect that the fourth one will have to do with America.

The second category is by event. The first one had to do with the founding of America; the second one had to do with the founding of Israel. The third one had to do with a military victory in Israel. We see there is a pattern there. So it is a good guess to say that the fourth one will be a military victory in America.

We see the Lord interplaying America (American Israel if you want to call it that), with Israel in the Middle East. I am not predicting anything and I have not heard anybody on the internet predicting anything. But we are all saying that if we look at the signs, the chances of something profound happening between April 15th of 2014 and the September 2015 is very high. Also we see that all of the signs that Jesus talked about that will precede his return are coming to pass.

We are trying to preach here what the Lord will have us to preach. There is so much destruction being preached on the internet. I believe that there will be some destruction but there is a message of hope. I do not believe that the message of hope is the rapture, although I believe that there is going to be a spiritual rapture. I believe that there will be a group of people who are going to stand up in power for the specific purpose of saving people who have faith in Jesus Christ, if not others (whosoever will come), and this country.

The message today is about the Exodus. Something interesting happened last week. We do not have many people outside of the ministry seeking our material at this time, but out of the clear blue sky someone called up and wanted our book on ***Black Israel***. I think that the Lord orchestrated that, so that I could review it.

I always take a look at the books before I send them out, especially if I preached the message more than 5 years ago. We have so much material here I do not even remember what I preached.

I saw that the revelation needed to be updated. I am in the process of re-writing it, of heavily editing that book, and adding in the latest revelation. It is almost done. The hardest part is done; I should put it together by next week. I will send out PDF copies to the whole ministry.

In that book, there is a section on Moses and Zipporah, and things that are tying in with this message today. Although we are not talking about Moses and Zipporah today, it is in my spirit because I did the whole chapter yesterday, except for the last few verses. And of course Passover is coming; April 15th is really not that far away.

What I am trying to tell you is that the Exodus is in the spirit. The Exodus is in the spirit. What form is the Exodus going to take? Is God going to take a group of physical people out of the United States? If you are looking at world events (with regards to Israel) as a play, the big players, the areas where we are expecting things to happen, are in the Middle East and in America, maybe in Britain to a degree, but it is America.

If America falls, the world is going into another Dark Age if it is not annihilated with an atomic war. I do not think that many people will deny that. So the focus is on America and the Middle East, but mainly on what is going to happen to America. Is God going to take a group of people out of America, because America has become Egypt?

America was good for a long time but has become Egypt. Mankind is changeable. We are not set in stone, we are not finished. Therefore we can change. We can go from good to evil, from evil to good. We go back and forth. We are a spiritual chameleon depending upon how the spiritual worlds influence us. This is an essential understanding about the condition of mankind.

That is what this message is about today, Moses's 2 signs. This country is changing. America was good for a long time. We were not perfect. We did wrong things. We did things that are considered wrong today that were not considered wrong at the time. But overall, this country has done more good to more people and to other nations than any other nation in the world.

The nation was good because the people were good. I know that the Scripture says no one is good except God; that is not what I am talking about. I am talking about good in the context of aligning themselves with good, aligning our minds and the determination for our own life with what God says is good, as opposed to what God says is evil. Even the people that were doing things that God or the 10 commandments say is bad had a conscience. They knew it was wrong.

Today, in accordance with the prophecies of Daniel, the spirit of anti-Christ is changing the moral law of God. He is convincing more and more citizens of the world, but right now, America in particular, that that which God says is bad, is good, and that which God says is good is bad. There is a crisis in America. There has been a crises for a long time, but the crises is building, and on the surface it looks like the good guys are losing, because the opinion of the majority of people in America in several areas now disagrees with what God says through the Bible.

From that point of view I say America is becoming Egypt. The Scripture says Jesus was crucified in Egypt in Sodom. What does that mean? It means that the spiritual state of Israel at the time that Jesus was crucified (which was really the state of Judah) was Egypt spiritually, in their mind. What does that mean? It means that their opinion did not agree with God, and Sodom, the opinion of the rulers, of the government of Judah, which was Israel at the time, did not agree with the moral law of God.

Egypt signifies doctrine, what we believe about our genesis, our beginnings, our future, what happens after death, that body of knowledge in the Egyptian book of the dead. That signifies Egypt. Egypt disagrees with the truth of God. Sodom signifies the moral law.

This country is rapidly becoming Egypt in Sodom. Is Egypt not in Sodom at this point? I do not know how God will see it but we are certainly 2 nations, and the problem is that the mentality

and the spirits of Egypt in Sodom are penetrating and swallowing up the Church. I watched a few Christian TV shows this morning. There is a preacher, Vic Caroleo; he is an evangelist that works out of Pastor D'Onofrio's Church in Deer Park. He is anointed, and what he has to say is interesting, so I watch him from time to time.

He had 3 half-hour programmes back to back. He had 3 people he was interviewing, one woman was a witch. She looked as normal as everybody sitting here. She said she is a nurse, a witch and practices Wicca. Then there was a man who believed in talking to the dead. He had Pentecostal influence in his life through his family. Then there was a third person who was in the occult. Vic said he was not there to try and convert these people that were in the occult. He was there to debate with them.

They had a positive conversation to contrast the views for the people in the Church that were listening. There was no hostility going back and forth. He said he knows someone who is 30 years in the Church and she is talking to the dead, or doing something, whatever she was into at the time.

The spirit of seduction is spreading over the Church. The whole momentum in the country is away from God, even for those people who think that they are still serving God. Without a miracle from the Lord, which I believe is coming, we are about to be wiped out, because there is a law in the spiritual universe that destroys what is happening in this country. That is what the flood was all about. That is what the destruction of Jerusalem was about in Herod's day, and that is what the destruction of Judah was about in the day of King Jeconiah, the end of Judah.

God tolerates it for so long that people do not expect any consequence. Then suddenly destruction falls. There is always a remnant that escapes. Even when it does not say it in the Scripture, there is always a remnant that escapes. But I believe that God wants more than a remnant to escape. My understanding of the Scripture is that he will never again destroy the world with a flood.

God destroyed the world on the other side of the flood, and he saved only Noah, Shem, Ham and Japheth, which I happen to believe, was not just 4 of them but a company of people. The Scripture says 8 souls were saved by water but we now know that once a soul is very great, one soul can be manifested in a whole extended family, can be manifested in a whole tribe, and can be manifested in a whole nation.

Jehovah saved a remnant then Elohim made a covenant with the survivors, Noah, Shem, Ham and Japheth, that he will never again destroy the world with a flood. Why did Elohim make the covenant and not Jehovah? It is because Jehovah has the righteous authority. He does not do the work, he makes the judgment. Elohim is the active power. He went out and brought the flood and the destruction at the instruction of Jehovah.

Elohim, speaking for Jehovah, said, I will never again destroy the world by a flood, but by fire, and my sign is a rainbow in the sky. The rainbow signifies judgement, although not many Christians seem to know that. If you research the Scriptures you will see that the rainbow signifies judgment. However, not all judgement is bad. Judgement reveals sin and gives us the opportunity to change our ways which is what repentance is.

Eureka, I thought I was serving God, but not only does God not agree with this, there is a judgment attached to it. Lord please forgive me, I will stop if you will help me. Please help me. That is the benefit of the judgment of the rainbow.

By the time the flood came, it was too late for repentance. The flood was a judgment that came from a very high place. It came down from Chokmah, and wiped out everything in the earth. It did not wipe out everything in the sea, the spiritual life and demons in the sea. It wiped out the formation of the clay. It wiped out everything in the earth that the spiritual beings who ruled this world had formed. The spiritual worlds that control this material world and literarily form the clay of this material world had formed a perverse creation, and God wiped it out. But the spiritual beings that were inside of the clay survived.

Elohim's covenant in Genesis Chapter 9 says I will no longer do that, I am going to judge your sins and tell you what you are doing wrong, and give you that chance. The extending implication of that is that there will not be a second global flood. Some Christian teachers and rabbi say it was a global flood, others say it was a local flood, whatever it was, the covenant that Elohim made with Noah, Shem, Ham, and Japheth was that the judgement that fell suddenly would not happen again.

At the time of the flood, the only warning they had was Noah who was building an ark. Noah was not an evangelist. He was not going around begging everybody to repent as is happening in the Christian Church today. I saw several programs this morning, of well-meaning evangelists going around begging people to repent. Is it working? No, it is not working.

What happened on the other side of the flood was Noah building his ark; it was ***a show and tell***. If anybody asked him what he was doing, he told them, but nobody believed. There was no personal judgement. No one went to individuals to tell them individually, to say to them, God has a word for you.

That is what is new, and that is what is here today that was not there on the other side of the flood. That is what is coming. We have been doing that here for years. It has been a very hard, arduous painful process for the few of us involved. It has been an extremely difficult 22 years (judgment of sin started in 1992) both for me who reveals your sins and for you who have to receive what I have to say.

I cannot imagine how God is going to do this with the Church let alone the world, other than a mass outpouring of his spirit that convicts everybody. However he does it, he does it. I have this hope that God is going to do something that we can see in the Book of Exodus.

It was my intention when I started this message to not do my usual thing of translating every verse. I ended up doing it. I do not know if I will continue that way. It was my intention to go through the whole Book of Exodus picking out significant verses that meant something to me spiritually. For example, in Chapter 11, I was reading about the unleavened bread, how important it was that the Hebrew children left without their bread being leavened. It was just so clear to me, because the anointing was on me, that there is no Exodus from Egypt with false doctrine.

Leaven indicates sin, and false doctrine. There is no way out of Egypt whilst you still believe false doctrine, and false doctrine is all through the Church and all through Jewry. Up until now the Lord has been honouring it. The mercy of God is going to manifest as the impartation of the ability both to Christians and Jews, to understand the true message.

I have read Exodus Chapter 4 (we are going to talk about a couple of the verses today) and I have previously preached on the verses without the revelation that I have today. What are those 2 signs? Moses throws the rod down and it turns into a serpent and picks it up and it is a rod. Moses puts his hand in his bosom and takes it out and it is leprous. He puts his hand back in and takes it out and it is not leprous anymore.

Remember, Moses was sent to the elders of Israel; the preachers and the teachers in Christendom, the rabbis in Jewry. What does that mean? Today I understand (which is a surprise to me) that these 2 signs that Jehovah gave to Moses to show to the elders was a message. The 2 signs- throw down your rod down and it turns into a serpent and pick it up and it is a rod. Put your hand in your bosom and take it out it is leprous. Put your hand back in your bosom, take it out and your flesh is clean. Moses went with a message, the miraculous sign that Moses was sent with was a message.

God considers the message that is being preached here a miracle, and it is a miracle. It is a miracle that I understand it, it is a miracle that I can relate it to you in a manner that I believe you understand at least some of it, hopefully all of it. That is a miracle, and yet it surprised me that the miracle that Jehovah sent Moses with was a message. Two signs, 2 aspects of the same message.

No one is leaving Egypt without understanding this message. Jehovah said to Moses if they do not believe the first message, the first sign, and they do not believe the second message, the second sign, judgement is going to fall from Moses.

The judgement is not a flood out there. The judgement will manifest somehow as conviction of sin in the individual person, and the result of that is that the mind of Christ will come to the surface and they will understand the message. I am not talking about the sowing and reaping judgement.

I have been all over the internet, brethren, and my heart was crying yesterday. I spent some time on a Messianic website. They were not Jewish, they were Christians but embracing a lot

of Jewish teaching. Their whole website was full of false doctrine and there are thousands of people following them.

God help me, I do not mean to mock anybody, only God knows whether he is with this woman or not, she was an Asian woman, perhaps Filipino, I am not sure. She and all her followers claim that she is a prophet. What is she prophesying? She is prophesying that the mark of the beast is Sunday worship.

The Jews say you should worship on Saturday. If you worship on Sunday instead of Saturday, you have the mark of the beast. They believe Jesus is the wrong name, you have to say Yeshua. She said the one world order is coming and the commandment will go forth for everybody to go to the anti-Christ Church on Sunday. She is telling people not to go to Church on Sunday because the minute they walk into that Church they have the mark of the beast. However, we know here that the true Sabbath is spiritual.

I said, Lord, what is going to happen? Is everybody going to die? I am all over the internet and this is the kind of thing that they are focusing on. Do not take the mark on your hand, do not do this, do not do that. Jehovah is the wrong name. With the focus on all of these carnal things, who can be saved? I felt like Moses and another prophet somewhere who said the same thing, ***Lord who can be saved?***

What is going to happen to these millions of people? Judgement is rolling in on the whole world, and on the one nation where the hope of Israel is. The Lord Jesus Christ is in the Christianity of this nation. He did great things here. There is no way this nation could have become this great without this nation being the home of Jesus Christ. The destruction of this nation is a disaster for the whole world.

I cannot find anybody out there that is preaching anything that makes any sense, except that great destruction is coming and a chosen few are going to be raptured. A few are going to be taken out of here while the rest of the world is destroyed.

So with this degree of lack of the truth, what is going to happen? Is everybody going to die?

My heart was breaking yesterday. I look at all the things that they are preaching out there, and I sit down and say, Lord, should the day come that I am the one that you raise up to travel the world with this message, you are going to have to do something with me because right now, my body will not tolerate it. Maybe it would not be me, but I think it should be me because I seem to have the greatest grasp of the message, but you never know.

In any case, I am absolutely not up to it, so some kind of miracle has to happen. My hope is for a miracle, not only so that I can go, but that the people will even want me; that they will even want to listen to this.

Israel is turning from good to evil. Jesus said that we are the salt of the earth, if the salt has lost its savour, what good is it? Israel, Jewish Israel, Christian Israel, the Israel of God, is the

salt, the preservative of the earth. We are supposed to be telling people what is right and what is wrong. We are supposed to be praying and bringing down the anointing, preserving the nation and the world.

If Israel is going off into the occult and is preaching all kinds of crazy doctrines, who will preserve the earth? Abraham asked Jehovah, if there are 50 righteous men in Sodom, will you stop this judgement that is going forth that will wipe it out to a man? They went back and forth a few times, and Jehovah said you show me 10 righteous (it does not say men, he is talking about the sephirot) and I will not do it. And 10 righteous could not be found, not even in Lot. The full righteous anointing of 10 sephirot was not even found in Lot.

However, the angels helped him to escape for Abraham's sake. But the spiritual corruption in Lot destroyed him anyway. He was not willing to climb to the heights that the angels wanted to take him. He stopped at Zoar, in a cave, where we read some cryptic account of incest intercourse with his 2 daughters which I am not going to preach on today. And that is the last that we hear about him. Even though Lot was raptured out of Sodom, he died anyway.

I liken that to all of the miraculous healings that went forth in the last revival that we had in the 1970s. So many people who were healed miraculously ended up with other diseases in its stead. Even those that did not get another disease died any way. So what did they get? They got a few more years of life, which I am not putting down, but my point is, God is the God of life.

The fulfilment of the promises of God is eternal life without sorrow. Everything short of that is a band-aid, a temporary fix. We are told this is the end of the Ages. There are no more temporary fixes.

When Noah, Shem, Ham and Japheth came over from the other side of the flood, they escaped from the flood and came to this side, and they died anyway. They had the promise of eternal life if they stayed in sync with Jehovah, but Noah was corrupted immediately, and then his sons followed. They had the hope of eternal life in this new land. It was not a geographical new land like when the Jews came from Spain to America. It was a spiritual new land.

Noah, Shem, Ham and Japheth descended into a lower spiritual world. There is only one physical world, so whatever the physical world looked like on the other side of the flood, it was dissolved. This is what I just said a few minutes ago. What was destroyed was the formation of the clay that the spiritual beings in a higher spiritual plane revealed themselves through. That is what was wiped out. The material manifestation of the spiritual world in the world of forms (Yetzirah) is what was destroyed.

But it is not going to happen again. That was the last time. God said that he is not going to wipe out the whole world but he is going to judge each individual. This is my belief (I am not prophesying to you). I do not believe that there is going to be a group of people taken out of

this country to another land because the whole world is pretty much inhabited already any way. He is not going to do that. He is not going to do like when the Jews came from Spain to America, or the pilgrims came from Europe to America. That is not going to happen.

I do not think he is going to do again what he did with Noah. According to my spiritual esoteric understanding as I read the interlinear text, I believe that the true Noah... This body is not the truth of who we are; the truth of who we are is our personality which contains the nefesh, and our higher soul, our Neshemah.

I believe that the true Noah, the spiritual Noah, was in a safe place while the material formation of the world was destroyed. I do not know what men looked like on the other side of the flood. When Noah, Shem, Ham and Japheth landed, when they came back down to the material plane of Asiyah, it was in a pristine condition. What did it look like? It might still not even have had any form as we know form today, I do not know.

If you want to think of this material world that we are in right now in its root form, we had forests, lakes, rivers, mountains. There was nothing built yet. It was something like that when Noah came after the flood but on a much higher spiritual plane than we are right now, because Noah, Shem, Ham and Japheth fell. They fell down to the third stage of the fall.

Noah, Shem, Ham and Japheth did not land in this world. They landed in a higher world that they could not sustain, and they fell down to this world and it formed like it is, with great evil and good. I do not believe that there is another level to fall down to. We have fallen as far as we are going to fall.

There is no place to run, because the whole planet is pretty much occupied. There is no new world to go to. The whole creation is fallen down pretty much into Asiyah. There is no place to go. It is either we are going to be destroyed or God is going to fix it here. My hope is, and my understanding of the Scriptures is that he is going to fix it here.

He is going to fix it here through individual judgment. Everybody will not survive. Every soul will survive, but every human being will not survive. Individual judgement is going to take place. I think a lot of people might agree with that. The key here is, what is the sign that you are judged? So you accept your sins as they are revealed to you, how do you survive? What is going to protect you? If the absolute worst happens and there is an atomic war, how will you be protected?

The only true protection is an indwelling Christ Jesus, an internal protection. God may give you a miracle, and protect you from the outside, but there is no guarantee. The promised protection is Christ Jesus living in you. The promised protection is the building up of Abel into Christ, and Christ which is female, producing a manchild, a male child, which marries the Lord Jesus Christ. The unification of heaven and earth in you is the promised protection and the only guarantee.

There is only one way to get that, it is through faith in Jesus Christ and the knowledge of how it is done. This is because it does not happen to you unless you understand how it is going to happen to you. Before you understand how it is going to happen to you, before you can possibly believe that or comprehend it, you have to understand the true condition of mankind.

And those are the 2 signs that Jehovah sent Moses with. He sent Moses to the elders of Israel with the message, the truth of our condition, that we are changeable, that there is a spiritual power inside of us that is ***dunamis*** (the Greek word Dunamis), it is a raw spiritual power and it can be used for good, or it can be used for evil, and we have the choice as to how it will be used in us.

Jehovah has given us a guideline. Jehovah has told us how it can be used for good and how it can be used for evil. We literally have a raging spiritual power in us. You can think of it as a sea inside of us, just lapping at the shores trying to rise up. An intellectual law in our mind is our only source of controlling this raging sea of passions which Freud called the ***id***, the unconscious mind. It is amoral, it has no moral.

It has no righteousness. It is either we develop our mind according to Jehovah's righteousness and control this power, and if we do that we would be very powerful in the righteousness of God, or that raging power will join with our earthen side and we will become extremely evil and the righteousness of Jehovah will destroy us. That is the message.

Do you hear this being preached on the internet? Do you think it would be received if it was preached on the internet? No!

I believe that Christ Jesus is about to appear in the earth. Christ Jesus, the only mediator between God and man, is the channel by which the mercy of God will flow from the God world of Atzilut into this condemned world. The world has already been condemned. I believe this country has already been condemned, when our government turned evil.

Our government turned against the Lord Jesus Christ; this nation is condemned. I believe Israel in the Middle East is condemned. Any government that sanctions behaviour and activities that God says are prohibited is condemned. That is my opinion. You are a target waiting for God's judgment to fall upon you. The mercy of God is very long suffering, hoping that you will discover your error and change things.

Christ Jesus, the channel, is our hope. That is the hope that did not exist on the other side of the flood. Jehovah takes no pleasure in destroying his people or destroying anything that his people built. The problem is how to get the righteous power of God to the people without killing them. That is the problem.

Mankind turns evil because the power of God has departed from him. The power of God departs from us when we knowingly or unknowingly pursue the counsel of the flesh, like the

serpent talking to the woman, **Hath Elohim said?** When we turn towards the flesh, the power of God departs from us.

So where is God? Why does he not help us? The provision by which he helps us is the word of God which is weak in comparison to the spiritual power of the serpent to influence us. The power of God in our life is the education to resist the surging emotions. We are talking about the intellect versus the emotions.

There is a whole God world above filled with the power that is able to save us, but it must be delivered to us in a form that will not kill the patient on the operating room table. That provision is Christ Jesus. He is the channel through which the righteous power of Binah will flow into this earth and strengthen those who turn their face towards God, to overcome the surging power of the serpent.

That is the bottom line. That is the message. I believe he is going to appear and when he appears the judgement of Binah, called the blood of Binah will be flowing into this world. I think that many will be in terrible pain, but will survive. I do not know the details. I just read the Bible, and I am told that they cannot make it without the message. Maybe people will receive the message personally from God, I do not know. Maybe they will not need our books at all. I do not know. But that is the bottom line.

The Exodus is coming, and Abel in the individual is being rescued. He is being rescued by receiving the seed of the Lord Jesus Christ, and becoming Christ. When he is regenerated his name becomes Christ. Then he must produce a male child who must marry the Lord Jesus Christ. That is the only true salvation, the internalized Christ Jesus. While this is happening, the sowing and reaping judgment is also raging.

A lot of people will get hurt. People are getting hurt now, all over the world, in this country, through tornadoes, storms and other disasters. That was part of my introduction. The second revelation that the Lord gave me and wanted me to share with you.... this is taking a long time. I probably will not go into the second revelation.

The first sign that goes to the elders is a doctrine. That really surprised me, but it should not surprise me, because when Jesus went forth in Judah he attracted the disciples because they were looking for a teacher. They were looking for a teacher. The Jews are expecting a great teacher. I do not believe the Christians are expecting a great teacher. If there is anyone who disagrees with me, I would like to hear what you have to say. But from my understanding of what is going on in the Church today, I do not think that they are looking for a great teacher. Does anybody think the Christians are looking for a great teacher? No. They are looking for Santa Claus, someone that is going to meet all of their needs and help them to escape all of the consequences of their sin.

The Jews are looking for a great teacher but the teacher that they are looking for is someone who has a great knowledge of the law. This is where the Jews are failing. The Jews claim that

when Messiah comes he will be a great Halakhah authority, Halakhah, meaning the law. But I do not see that in the Scripture. I do not see that when Messiah comes he will be a great authority in the law. I do not see that in the Scripture, the Old Testament. Of course the New Testament says that the law of ordinances is disallowed when Messiah comes.

What is interesting is that I have heard a couple of rabbis say that themselves, that the law will be disallowed, no more Kosher food, no more keeping the law when Messiah comes. So why would he be a great Halakhah authority? These are the Jews that believe in the Talmud, not the Jews that believe in the Torah, although they will tell you they believe in the Torah, but they give the Talmud pre-eminence.

What the Lord told me this morning is that Messiah will be a great teacher. He will be a teacher after the order of Moses. Moses taught the people how to survive. He taught them righteousness. He brought the 10 commandments to them. He gave the laws to natural Israel and he taught them, and judged the sins of the people. He taught them the difference between right and wrong, according to what God had to say, and how to live a life whereby they could be above death. When Israel came out of Egypt, in Joshua's days (the first group that came out died in the wilderness) they were supernatural people, a supernatural army.

Would they have lived for ever? I do not know. I do not know how God would have worked that out, but they probably could have lived for ever. They would have been returned to Adam's immortality of innocence and taken it from there. But they sinned, they sinned just like Adam sinned and they fell down. Moses taught the people how to return to immortality.

Of all the great teachers in Judaism today, as far as I know, no one, no rabbi (all of their teachers are rabbis) has been able to tell them or discover how to return to immortality. So they are Halakhah scholars who spend hours and hours debating the law, straining the gnat, and the major issues of the law completely by-pass them. Righteousness by-passes them in many instances, although they will probably disagree with me.

Nobody, from the medieval rabbis to the rabbis of today, are telling anybody how to return to immortality, how to overcome death, how to overcome disease, how to overcome poverty. Nobody out of these great Halakhah scholars has the answer.

Yes, messiah will be a great teacher; the question is what will he be teaching? He is not going to be teaching the Talmud, and he is not going to be teaching the law. He is going to be teaching the people how to escape death. So we see that not only will Messiah be a great teacher but we have to look for his message. He is not coming with a message of love for all of mankind.

Jesus came with a message of love for all of mankind, and of course God is love, but Jesus had a balanced message. He also said we should cut off that member of ourselves that will cause us to be cast into hell, that it is better to live without that member, without that aspect of our personality, without that belief, without that weakness, it is better to cut it off now than for

all of us to be cast into hell. We are to deal with that sin now before it wrecks our whole life. Jesus cast out demons.

Of course God is love but that message has been taken in the Church today to the point where it has negated the true message of the gospel, that there is no salvation by any name other than Jesus Christ, and Jesus Christ cannot be separated from God's moral law. There is an imbalance in the message in the Church today.

That is my synopsis of the issues before we actually start on Exodus Chapter 4. There is no deliverance from Egypt without the true doctrine. The true doctrine is not out there right now. The true doctrine that is coming from here is being rejected out there. I mailed these books to every preacher that ever came before me. I sent these books to every one whose name ever came to me, and no one responded, not one, other than to cut me off.

The big event that is coming, that I hope will come during this blood moon tetrad will be that Christ Jesus will appear to such a degree of maturity in at least one person to start with. This is my understanding. It is not my prophecy but my understanding.

The Lord Jesus Christ will descend into that person and marry Christ Jesus thus connecting heaven and earth. This will happen in at least one person to start with. That is my understanding of the next great event that we are waiting for. The power of God is going to come down in a vertical way to establish itself in the earth, and then it will go forth horizontally. It will spread horizontally, the goal being a full grown manifestation of Christ Jesus in each and every individual who desires for that, and fulfils the Lord's requirement.

But brethren, you cannot keep your carnal nature and have that experience. To have the life of Christ Jesus in you, your sin nature has to be dealt with. You cannot have that experience and hold onto your sin nature.

The problem is that we are not dealing with murderers and bank robbers so it may be difficult for you to see your sin nature. The issue is if God sends someone like me to you to tell you something about your motives that you cannot see, are you willing to listen and seriously believe it? Are you willing to go before God and ask him to remove it (if it is not there, there is nothing to remove)? Or is your pride going to enter in and stop you from considering the possibility and instead tell me what a great one you are?

The whole issue is the pride of man; will you hear it or will you not hear it? It is the mercy of God. The only power I have is to tell you the truth.

As we get into Exodus Chapter 4, we are going to see a prefix there, the letter *lamed* which indicates that Moses went as a widow. He went to the people as a widow. I believe that Exodus Chapter 4 shows that Ze'ir Anpin, the son which we call Christ Jesus in the New Testament, was present in Moses, but he was not married to righteous Adam above. Moses went as a widow to the people, and he did not want to go.

We are not starting at the beginning of the Book of Exodus; we are beginning from Chapter 4. So I would remind you of what happened in the first few chapters of Exodus. Moses was born, he was raised by Pharaoh; he was raised a prince in the house of Egypt. He was raised in all of the occult knowledge of Egypt, including the power and authority of the throne. He was the son of Pharaoh's daughter, and yet he knew he was an Israelite.

He went out and he saw sin in the people that he wanted to rescue, his people. He saw sin and he had a revelation that by showing them their sins he would help them. But instead the people turned on him and threatened his life. I do not think that Moses was afraid for his life when he fled to Midian. I do not think he fled because he was afraid for his life. I think he was so horrified at their response to him.

He had this idealistic idea. Surely God had told him he was a saviour of the Hebrew children (they were not called Israelites then; they were the Hebrew children, the descendants of Jacob. They did not become Israel until they stood at Mount Sinai).

I think God spoke to him and told him that he was the saviour of these people and that he was in a position to really help them. What is interesting is that at the beginning Moses did not think that he had to help them to escape from Egypt.

This is nothing worth getting into a controversy over but I really do not believe that the Hebrew children were physically enslaved and in poverty and starving to death. I think they were living in the nation of Egypt and they became enslaved by the powers of the Egyptian occult, which is what is happening to Israel today. They were part of the society. Jacob's family were in Egypt for over 300 years. They were assimilated. They were Egyptians, just like the Church is becoming assimilated into the ungodly American culture.

Moses went out and saw his brethren; he thought he was going to help them. He had this revelation that you have to choose righteousness; God had spoken to him. He tried to tell them, and probably the whole community turned on him, not just that one man. He was so horrified at their hatred for him and at the vehemence with which they attacked him and threatened to do him harm. He therefore did not want anything to do with the people. He said, let them help themselves.

I do not have any reason to believe that Jehovah told him to flee to Midian. I think he did it on his own. He rejected the call on his life. He did not want any part of these people, and could not go back to Pharaoh now that Jehovah had touched his life and taught him righteousness. Now that he knew who he was, he could not live on the other side anymore, so he left town. I do not think Jehovah told him to go.

The angel appeared to him in the burning bush, after he fled to Midian where he was a shepherd, and had married a wife and had children, and told him it was time to go back because all of the men that sought his life to kill him are dead. At the beginning of the Book

of Exodus, it says one man wanted to kill him but that is just a parable. Many of the people did not want him.

When the angel told Moses that it is time to go back, he said, the men (plural) that sought your life are dead. That generation that refused you are dead, and now it is time to go back. It is interesting because the thought entered my mind over these last couple of weeks that a lot of the preachers that were around when the Lord first raised me up are gone. There is a whole new crop of young preachers out there.

Many of the people who are my contemporaries have retired. Some of them are dead. Some of them have disappeared and are no longer preaching. There is a whole new crop of preachers out there. All of those preachers that spiritually wanted me dead because they rejected me and declared me not of God (not all of them but many of them) are dead for all intents and purposes of opposing me.

That is what Jehovah said to Moses. The ones that wanted to kill you when you told them the truth, the ones that saw you as a prince of Egypt are gone. Maybe a factor in their rejection of Moses was that they could not tolerate his wealth or prestige in Pharaoh's court. Everyone that knew you in that life style is gone. You are going to start with a clean slate now. It is time to go back. Moses did not want to go. He did everything he could to discourage Jehovah from sending him back.

I do not believe that Moses was a coward. No matter how brave a person you are, you can only take so much hatred and rejection short of a supernatural ability to deal with it. We are emotional animals. Moses did not want to go back. It was not that he did not want to help the people; he did not want to have to face that kind of poisonous hatred coming from his own people. I have experienced it. It is the poison of the serpent coming out of Christians in my own ministry. Do I condemn you? Absolutely not. I have done the same thing in my day.

The issue is we need to know who we are and what we are capable of. That is the sign that Moses was sent with, that is the sign that is present in this ministry, the truth about who we are and the knowledge that there is no Exodus without facing this truth and dealing with it in a manner that is acceptable to God, which is facing up to it and rejecting it. Facing up to it is the hard thing.

You have thought of yourself all your life in a particular way. In your whole life you never thought you were envious, and I come along and tell you that you have envy. What are you going to do with it? Are you going to fight with me? What are you going to do with it? That is the question.

I believe that some profound event is coming sometime between April 15, 2014 and September 28, 2015. It will not be exactly April 15 but it will be around that date. I cannot tell you for sure what it is going to be, but I think it is going to be a spiritual event. We have had

3 physical events so far; the founding of America, the founding of Israel, military victory in Israel. I think the fourth blood moon tetrad is going to be a spiritual event.

One of the programmes that I watched this morning was an interview by this evangelist Nicky who interviewed an evangelist from California who ministers to the young people. He said the situation with our young people is very severe. He said that America and the Church are being destroyed from within. No one could destroy America or the Church from the outside. We are being destroyed from within. That is scriptural.

He said that the largest users of pornography today are teenagers. I had actually heard this from somebody else a few months ago, and it surprised me. It used to be middle-aged dirty old men who were buying all the pornography. Now it is the teenagers and young people in their 20s.

The Lord wants me to take a minute to remind you of the 4 different kinds of Kabbalah that I have spoken to you about. This message is the result of meditative Kabbalah. That means I worked it up by looking at the interlinear text and by receiving assistance from Christ Jesus within me. Prophetic Kabbalah is when the Lord Jesus Christ overshadows me and I receive the ability to preach on issues that I have not researched.

This message is the fruit of meditative Kabbalah. There are 4 kinds of Kabbalah and we have 3 manifesting here according to the will of God for any particular message. We are waiting with great anticipation for the fourth degree of Kabbalah to come forth, which is the practical application and manifestation of the power that arises out of this great knowledge. We are now told the doctrine itself is a sign and a miracle.

This is Exodus Chapter 4, Verses 1 through 9, King James Translation. This is after Jehovah commissions Moses to go back and he really does not want to go.

Exodus 4:1-9

1 And Moses answered and said, But, behold, they will not believe me, nor hearken unto my voice: for they will say, The LORD hath not appeared unto thee.

2 And the LORD said unto him, What is that in thine hand? And he said, A rod.

3 And he said, Cast it on the ground. And he cast it on the ground, and it became a serpent; and Moses fled from before it.

4 And the LORD said unto Moses, Put forth thine hand, and take it by the tail. And he put forth his hand, and caught it, and it became a rod in his hand:

5 That they may believe that the LORD God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob, hath appeared unto thee.

6 And the LORD said furthermore unto him, Put now thine hand into thy bosom. And he put his hand into his bosom: and when he took it out, behold, his hand was leprous as snow.

7 And he said, Put thine hand into thy bosom again. And he put his hand into his bosom again; and plucked it out of his bosom, and, behold, it was turned again as his other flesh.

8 And it shall come to pass, if they will not believe thee, neither hearken to the voice of the first sign, that they will believe the voice of the latter sign.

9 And it shall come to pass, if they will not believe also these two signs, neither hearken unto thy voice, that thou shalt take of the water of the river, and pour it upon the dry land: and the water which thou takest out of the river shall become blood upon the dry land.

KJV

And Moses answered and said, But, behold, they will not believe me, nor hearken unto my voice: for they will say, The LORD hath not appeared unto thee. That is what is happening here in this ministry right now, that is what they are saying, ***the Lord has not appeared unto you and we do not believe you that this message is of God.***

And it shall come to pass, if they will not believe also these two signs, neither hearken unto thy voice, that thou shalt take of the water of the river, and pour it upon the dry land: and the water which thou takest out of the river shall become blood upon the dry land. Brethren, this is referring to the loss of all power, signs, tongues, healing. Whatever authority the Church has received through Pentecost will be taken. Taking the anointing from them should get their attention. That is what the Lord is saying. He wanted to bring them out of Egypt without taking the anointing from them (which is what has happened here), but he could not get their attention so he took the anointing from them.

I will like to read you the Alternate Translation next, beginning on page 9, and then we will go through each verse.

ALTERNATE, AMPLIFIED TRANSLATION

EXODUS 4:1-9

1 And Moses answered and said, but look, they will not believe me or understand my voice, and they will say, you have not seen Jehovah.

2 And Jehovah said to [Moses, and Jehovah] said to Elohim, the mind of this tribe [is your] house,

3 And [Jehovah] said [to Moses, if you allow the spiritual power within you to be] cast down to the ground [that forms you, that] ground will become an amoral animal, and the personality [of the living soul] will disappear,

4 And Jehovah said to Moses, use your mind to seize [the spiritual power of] your unconscious; and [Moses accessed the power of his] mind to seize [the spiritual power of his unconscious], and the spiritual [power of Moses' unconscious] became the authority [by which Moses was established as leader of the tribe],

5 That they may believe that Jehovah the God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob had appeared to them,

6 And Jehovah continued, saying, in addition [to what I have taught you about Elohim, the inner power that makes you a God], now [I will teach you about the danger of letting] your emotions influence your mind; and Jehovah went out [from Moses' spiritual universe], and [Moses'] emotions went forth and influenced his mind, and look at what happened! [Binah's spiritual blood] congealed [and did not flow down to Malchut in Moses' spiritual universe, and Moses'] mind corrupted,

7 And [Jehovah] said [to Moses'] emotions, stop [influencing Moses'] mind! And look at what happened [when Moses'] emotions went back into exile! [Moses became] spiritual again [when his] mind [dominated his] flesh,

8 And it shall come to pass that if [the people] are not alarmed [enough] to support and build up [Abel when] they hear the voice of the first sign, they will support and build up [Abel when they hear] the voice of the next sign,

9 And it shall come to pass that if [after the people hear] these two signs [from your] widowed voice, [the people] do not sound the alarm to build up and support [Abel], you shall take water from the river and pour it out on the dry land, and the water that you take out of the river shall become blood on the dry land.

Verse 2 **And Jehovah said to Moses, and Jehovah said to Elohim**, this is the crux of the message. Jehovah is speaking to the personality Moses, and he is speaking to the power source within Moses, Elohim. For those of you who may have watched the series **Charmed...** I do not really watch those kinds of movies anymore, but depending on where you are in your walk, you may still want to watch them.

I just need to explain that before we go on. I had this tremendous hunger for spiritual things before the Lord brought me into Kabbalah. I had the tendency to watch movies that I considered not horror but that had spiritual principles in them even though I knew they were on the other side. Today because of the place that I have ascended to, I cannot even watch **Charmed** anymore. It is not a religious thing with me. I just have to stay in the Scripture all the time, even if I am listening to other preachers.

But I understand that if you are young and maybe Christ in you is not developed to the point that you can listen to my messages all day long, but you are still craving spiritual things, I understand if you want to watch movies like **Charmed**. I just encourage you to stay close to God so that you do not hurt yourself. Unless I have a personal word, there is nothing else I can say to you. I did the same thing. What can I say to you, except just stay close to God about what you can watch and what you cannot watch, so that you go forwards and not backwards. That is all I have to say to you.

In that series **Charmed**, there was this tremendous source of power in the basement of their house. They called it the **nexus**. There was this raging power, it was amoral. It was not good, it was not evil. It was just a raging power. To access it, the person had to have their own power strong enough in order not to be overtaken by it once they released it. I do not know if they made that clear in the series, but for our purposes today, the point that I am trying to make is the person has to be strong enough in the Lord Jesus Christ to be able to tame that Elohim. The Lord Jesus Christ is wielding or accessing the righteous power of Jehovah, so when we talk about the Lord Jesus Christ we are talking about Jehovah's power.

The person who is strong enough in their personality through a union with the Lord Jesus Christ to take the rod of Jehovah's power and tame that Elohim, and bring that Elohim under their authority, now has 2 measures of power. If you are not really strong in the righteous authority of Jehovah, and you open the door to that Elohim, the danger is that the amoral power will rise up and overtake the moral power that you have in Christ Jesus.

We are dealing with 2 completely different kinds of power, one righteous and one amoral meaning neither good nor evil. However, the power that is amoral tends to go to the negative side. If you do not have the righteousness within you, you are not capable of being righteous. Neutral power has a tendency to default to the negative side. Do not touch it.

Do not open the door. Do not dig it up. Do not let it out unless you are strong enough in your power with Jehovah to rule over it, to bring it under your authority and make it increase your righteous power. That is the whole principle.

Do not let it out, do not even talk to it, do not look at it, and do not open the door if you are not grounded in God through the Lord Jesus Christ. If he has not told you to do it, do not even touch it. Do not even look in that direction because it will overtake you and bring you into destruction. That is the message.

According to the interlinear text, we see that Jehovah is speaking to Moses the personality. The personality is Tevunah, that seed of righteousness that is in mankind covered over by the earth. It is really Abel covered over by the earth. That is the personality. It is weak in righteousness.

Then there is this power in us which resides in the unconscious part of our mind. Freud called it the *id*. Jehovah told Israel that they are Gods but shall die like men. Anyone that has spiritual power is a god. Jehovah said to Israel, you are gods, you have spiritual power but you did not wield that power properly therefore I took it from you. I knocked you down, I slapped you down. I would not allow you to be gods using my righteousness.

Jehovah said, the minute I saw you misusing Elohim, I withdrew from you. Now you are in trouble. You were wielding my righteousness. I said stay away from it, and you touched it anyway. When you touched it, you could not control it, and it started directing you into evil, according with my righteous spirit, and I withdrew my righteous spirit. Now all you have got is a released Elohim that is dragging you down. Now you really are in trouble.

And Jehovah said to Moses, and Jehovah said to Elohim the word ***said*** there appears twice in the interlinear text ***the mind of this tribe is your house***, he is calling all of these descendants of Jacob and Joseph, a tribe. I did not want to get into a long exhortation on the second point that the Lord gave me for you, so I will say it very briefly. Have any of you who are Bible students ever wondered why Ephraim seemed to become the prominent tribe of Israel?

The reason that Ephraim became the prominent tribe of Israel is that Ephraim is the fusion of a residue of Black Israel with Abraham's Israel through Jacob. The Lord does not intend to lose anything, any righteous spirit. There was a residue of Black Israel in Egypt that Jehovah wanted, and he fused it with Jacob's descendants through the marriage of Joseph and Asenath, the high priestess of On.

For whatever Jehovah's reason he put Ephraim over Manasseh and Ephraim became the main tribe of Israel, because that is where the genetic fusion was. The Lord is not leaving anything behind. Do not look at the flesh. Jehovah is looking at what is inside the flesh. Righteousness came over from the flood through Nimrod. Righteousness came over to this level of the creation through Nimrod.

The Bible talks about Nimrod being evil, but he was good before he was evil. He incarnated as the head of a tribe of people that served Jehovah and then turned evil. The power overtook them. The lust of the flesh overtook them. They came across with Jehovah's authority but they went on to wield that Elohim; they were overtaken.

That is another way of saying what we read about in Genesis, ***and the serpent said to the woman, hath not God said?*** That was the woman wielding the power of God, talking to the Elohim which she should not have been talking to, and the power of the Elohim overtook the instruction of righteousness. There is nothing new under the sun.

Ephraim is the fusion of the righteousness that was in Black Israel (before Nimrod went bad and many of the people followed him into destruction) and Abraham's Israel through Jacob. That is why Ephraim became the main tribe in Israel.

And Jehovah said to Moses, and Jehovah said to Elohim the mind of this tribe is your house... what tribe? Why does he not just say, the Hebrew children? ***This tribe*** is a translation of the word ***rod***, I believe. Why does he not say the descendants of Jacob? It is because he is talking about the fused tribe. He still loved the other tribes; this is not about love the way we think about it. Jehovah is God, he is a mighty warrior. His purpose is to raise up a righteous son that will represent him in the earth, a son that he will dwell in, a space suit that Jehovah will be revealed through.

That is his goal. It is supposed to be a righteous world where there is a many-membered son of God, a creature that thinks like Jehovah, walks like Jehovah, talks like Jehovah, does like Jehovah, wields like Jehovah. That is what the creation is all about, an animal that will be fused with the righteous spirit of Jehovah and act and think like him. That is what it is all about.

It is not that Jehovah does not love the other tribes. It is that out of each stage of his creation he pulls forth the most qualified (let us say) string of DNA to go forward. It is the survival of the fittest. It is eugenics, bloodlines are important. The whole Western world is being seduced today into believing that bloodlines are not important. They say you can marry anybody, do anything you want, bloodlines are not important. They say it is nurture, not nature, nothing matters.

The Bible does not say that. The people in witchcraft do not say that. They are bringing forth the unholy bloodline of Satan. They do not believe that. The common man is being seduced on an astronomical scale. Bloodlines are important.

There was righteousness in the bloodline of Nimrod, righteousness in Black Israel, although as a whole, they went off. That righteousness which was in the spirit not in the flesh was brought forth through the high priestess of On, Asenath. She married Joseph and brought forth a fusion of the righteousness that was in Nimrod's Black Israel and the righteousness that came forth from Abraham through Jacob. And Ephraim became the prime tribe of Israel, because of its fused bloodline. That is the truth, whether you like it or not, whoever you are listening to my message.

Verse3 And Jehovah said to Moses, if you allow the spiritual power within you to be cast down to the ground that forms you, that ground will become an amoral animal, and the personality of the living soul will disappear. Please note this; it is very important. I preached on this once.

The Scripture says that God formed a man from the dust of earth and breathe the breath of life into him. That is a parable. Adam existed in spiritual form. That spiritual form gathered unto itself molecules of the earth. The spiritual man formed the earth. It is not correct to say that a physical man was first formed and the breath of life was breathed into him. You have to look at it in the interlinear text. That is just a parable.

The spiritual man, Adam of Light existed first; the spiritual man forms the earth. The spiritual man inside of you forms your nature. That is the whole principle. The spiritual man is failing to form the carnal man in a righteous nature, and we fall. The right order is that the spiritual man, Adam within, forms the nature of the earth and brings it into righteousness. But he keeps failing, and when the inner man fails, the outer man dies. That is why we die, because the inner man is failing to form us in righteousness. The reason the inner man is failing to form us in righteousness is that the inner man is no longer connected to the powers of heaven.

The return to immortality, the return to righteousness is absolutely dependent upon the union of heaven and earth. There is no other way to do it or get it. That is what the verse says here; of course I amplified that in.

If you allow the spiritual power within you to be cast down to the ground that forms you, that gives you form, the spirit is invisible, that ground will become an amoral animal, and the personality of the living soul will disappear you will become an unrighteous amoral animal that the Book of Revelation calls the beast. You, a manifestation of the living soul, are in danger of becoming the beast.

Verse 4 ***And Jehovah said to Moses, use your mind to seize*** use the mind that comes from God, use the mind that is attached to your personality which has Jehovah's breathe in it, which has that breathe of righteousness in it ***use your mind to seize the spiritual power of your unconscious;*** the spiritual power of your unconscious is the Elohim, the nexus, amoral turbulent power, which if you cannot control, will destroy you.

And Moses accessed the power of his mind to seize the spiritual power of his unconscious, he seized the power of his conscience you might say. He used his conscience to control the power of his unconscious ***and the spiritual power of Moses' unconscious became the authority by which Moses was established as leader of the tribe.***

The word is not translated ***tribe*** but the reason this word can be translated ***tribe*** is that the Scripture is really telling us that it was not all of the descendants of Jacob. The tribe of God are the descendants of the fusion. The tribe that became Israel are the descendants of the fusion. In the Lord Jesus Christ everyone that has the seed of the Lord Jesus Christ and Christ growing in them has inherited the fusion of Black Israel, Abraham's Israel through Jacob, and the glorification of Jesus Christ.

The fly in the ointment there is that someone who hears this is going to challenge me saying where is Egypt in Jesus's blood. I cannot go into the whole thing but I have messages on it. The Egypt in Jesus's blood comes through Elijah. Elijah was his inner man. Elijah married Jesus of Nazareth, just like the Lord Jesus is marrying Christ in us.

It was the spirit of Elijah that was incarnate in Jesus of Nazareth that married the resurrected Abel in him. Elijah had that Egyptian blood through Phineas. Elijah was originally the man in the Scripture called Phineas. Phineas was the grandson of Aaron. Phineas's father was Eleazar and his mother was Egyptian, a daughter of Putiel. Phineas became Elijah.

The spiritual blood of the Lord Jesus Christ is the fused blood of Black Israel, Abraham's Israel through Jacob and the glorified blood of Jesus Christ. If you have that spiritual blood, you have the royal bloodline. There are so many preachers out there preaching that the blood of Jesus of Nazareth is the holy blood.

The blood of the physical man Jesus of Nazareth is not the holy blood. As long as you believe that, you open the door for the false doctrine that Jesus came down off the cross and married Mary Magdalen, and had a child who eventually became a Merovingian King of France whose descendant would eventually end up on the throne of British Israel.

There is no power in the physical blood of Jesus of Nazareth. You believe that there is power in the physical blood of Jesus of Nazareth because somebody told you that the spirit of God came down and impregnated a virgin who never knew a man, so you believe that the physical blood of Jesus of Nazareth was glorified blood. God is not in the animal blood. He is not an animal.

I am telling you brethren, the enormity of the thought of straightening out the doctrine in the Church is so overwhelming to me that I do not know what to say. Today I preach. This is my message today, a day at a time. The thought of how to straighten the people out just boggles my brain.

If you have the blood of Jesus through his zygote, the male-female seed growing in you, you have the royal blood, the fused blood of every seed that Jehovah ever planted in the earth. Even though the seed lost its power, was overwhelmed by the earth, and the people or the tribe that that seed formed in went awry to the point that Jehovah destroyed the formation of the seed, that seed that came from the God world of Atzilut is still a holy seed.

And all of the holy seeds are fused in the blood of the glorified Jesus Christ. That is the only place where the seed is whole. Everything that Jehovah put in the earth is in the blood of the glorified Jesus Christ.

There is no Jew, there is no Greek, there is no male, there is no female, there is no Black Israel, there is no Jewish Israel, there is only the blood of the glorified Jesus Christ. All you Jewish radicals out there that I have a ministry to, you are going to have to get over it. There may have been a time in the earth when you were special, but you are not special anymore.

You have every opportunity to be fused into the tribe of the Lord Jesus Christ. But the day of your tribe is over. The day of Nimrod's Israel is over. The day of the Jewish tribe is over. The only tribe that counts is the fused tribe called the Israel of God. The Lord wants you in it, but you better stop your racism, saying that you are special and better than everybody else in the world, because you are not.

You are just a fallen man like everybody else. God help us all.

Verse 4 ***And Jehovah said to Moses, use your mind to seize the spiritual power of your unconscious; and Moses accessed the power of his mind to seize the spiritual power of his unconscious, and the spiritual power of Moses' unconscious became the authority by which Moses was established as leader of the tribe.*** The tribe is the fused group of Jacob's descendants that became the primary tribe.

Verse 5 ***That they may believe that Jehovah the God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob had appeared to them...*** this is the reason, Moses, that you should use your mind to lay hold of the power of Elohim not to benefit yourself, not to make yourself great, but for my purposes, Jehovah says.

That they that the people, the tribe, those who are called out of a people, a people out of a people, ***that they may believe that Jehovah the God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob had appeared to them.***

Jehovah was saying, ***I am making you the leader of the tribe. I am giving you the spiritual authority to become the leader of this tribe.*** You cannot be the leader of a tribe unless the tribe acknowledges your leadership.

When God started this ministry, we were pretty much equal. But God made me the leader of this ministry, and we had some rough times getting this all straightened out over the years. The only reason I was able to do what I did to bring the ministry to the point that it is at now, is because God gave me the authority to do it. You would not be listening to me if there was no spiritual power here. Part of the process that gave me the spiritual authority to make me the leader is that I succeeded in overcoming Elohim in me to the point that I got this true message from God.

I used to be tortured the whole time I studied, when my carnal mind still had power. I used to think that it was the witches down at Port Jefferson. Meanwhile it was my own carnal mind that was tormenting me. It did not want me to go forward to dig out these messages. I overcame Elohim by the power of God in me. The result of it was that I now have the authority to run this ministry, which could not possibly exist if God was not with us. It would have been destroyed a long time ago.

Verse 6 ***And Jehovah continued,*** continued talking to Moses ***saying, in addition to what I have taught you about Elohim, the inner power that makes you a God, now I will teach you about the danger of letting your emotions influence your mind; and Jehovah went out from Moses' spiritual universe, and Moses' emotions went forth and influenced his mind, and look at what happened!***

Look at what happened when you let your emotions overtake your mind... ***Binah's spiritual blood...*** in our case that will be the power of the Lord Jesus Christ in our life ***...congealed...*** it stopped flowing, it became solid, meaning you cannot do anything with it ***and did not flow***

down from the God world of Atzilut **to Malchut in Moses' spiritual universe...** I will explain how I got this alternate translation when we go through **...and Moses' mind corrupted.**

The power goes from Binah to Malchut to the mind of the man, so when the power of Binah to judge righteous judgment stopped flowing, Moses' mind corrupted.

Verse 7 **And Jehovah said to Moses' emotions, stop influencing Moses' mind! And look at what happened when Moses' emotions went back into exile!** When Moses emotions went back under the power of Moses' mind **Moses became spiritual again when his mind dominated his flesh.**

When your flesh dominates your mind you become carnal and you live like an animal. That does not mean that you are dirty. It means that you live out of the animal nature. We all have permission to partake of the animal nature to a degree under the control of the righteous laws of Jehovah, unless there is a high call on your life (which if it happens it happens but if it is not there now, it is not there now).

Sex is allowed in marriage; that is the kind of thing I am talking about. Whatever carnal thing you enjoy, enjoy it, as long as it is not violating one of Jehovah's laws.

This verse is talking about when the animal nature is leading your life. Sex can be out of control in marriage. Sex out of control is one of the most devastating forces known to mankind. If you wind up with any kind of addiction, if you are into pornography, masturbation, some kind of perversion, it is deadly to your life. Sex out of control is deadly to your life.

Sex is the energy of Elohim. If you do not subject it to righteousness it will bring you down to a pit that has no bottom. That is what is being foisted on our young people today. It is very sad. It breaks my heart.

Verse 8 **And it shall come to pass that if the people are not alarmed enough to support and build up Abel when they hear the voice of the first sign,** the voice of the first sign is you must control Elohim with the power of your mind which is Abel. That means you have to build him up in righteousness through a relationship with God, through the Lord Jesus Christ, through knowledge of the Scripture, through knowledge of the Word. You have to build up Abel in yourself or you will never wield power over Elohim.

And it shall come to pass that if the people are not alarmed enough to support and build up Abel when they hear the voice of the first sign when they hear the truth about Elohim **they will support and build up Abel when they hear the voice of the next sign.**

Maybe you cannot relate to this idea that there is a power source in you and it is your unconscious mind. Maybe you cannot relate to that. But every human being should be able to relate to subjecting all reason to your emotions. Everyone with any kind of maturity at all should have had at least some kind of experience where they found out that they threw all knowledge and wisdom to the wind and followed their emotions, and they got hurt. That is what he is saying.

And it shall come to pass that if the people are not alarmed enough to support and build up Abel when they hear the voice of the first sign they will support and build up Abel when they hear the voice of the next sign.

Verse 9 ***And it shall come to pass that if after the people hear these two signs from your widowed voice...*** Moses is not married. He had Christ Jesus; I will show you in the Scriptures where Christ Jesus is with him -that would be the resurrected Adam. But Christ Jesus, the resurrected Adam in him is not married to Jehovah. Therefore Moses is going without any power. He is just going with this Word. That is the condition that we are in now in this ministry.

And it shall come to pass that if after the people hear these two signs from your widowed voice the people do not sound the alarm to build up and support Abel, you shall take water from the river and pour it out on the dry land, and the water that you take out of the river shall become blood on the dry land.

I suggest to you that what is being spoken about here is first of all, if you look up that word ***river*** in the lexicon, it will tell you it probably means the Nile. But it does not mean the Nile River. It means the spiritual river that flowed out of Eden. You are going to take water out of the spiritual river that flows out of Eden, which actually is in Binah.

The Scripture says that Moses is widowed. Why would the Scripture make a point of saying that Moses is widowed? It is because it means that he does not have any power. Jehovah is telling Moses, you have no power, so if they do not listen to you, I am going to give you permission, Jehovah says, to take water from Binah, from the river that flows out of Eden, take the power of Binah, the power to judge sin. That is a spiritual river out of which the issues of life flow. All life is in that river that comes out of Eden.

Jehovah is saying, take the power of life. These people have been captured by death; they are not listening to you. Their ears are plugged up. It is the serpent that plugs up their ears. So take the power that comes out of life, which is in Binah and pour it out upon the dry land. That goes back to a teaching in the doctrine of Christ that we had years ago. Does anybody remember the doctrine of the dry land?

We talked about it a lot at the time. This was before we even got into Kabbalah. We talked about the heart centre. We talked about the 2 sides of the heart centres, that there were literally 2 sides of the heart centre and that Satan starts in the lower centres. In those days we did not know about Kabbalah, the Lord had given us some information through Hinduism (Christians and Jews get really upset when they hear Hinduism). That was all that we had then, and the Lord taught us out of that, telling us what is Kosher and what is not, what is good and what is not.

We had some information about the energy centres, we found out that Satan abides very low in the 2nd energy centre, and that it is her desire to climb up as high as she can get. First she gets into our heart centre, which is our emotions, and then she tries for our throat, and for

our 6th energy centre which is between the eyes. But she tries very hard to get into the emotions.

When she is up there, she floods our whole heart centre with her waters; Satan is the sea. That means that our heart centre is, at the very least, very emotional, and it could be evil, if Satan has the whole heart centre.

When Adam starts to rise from the dead, when Adam is regenerated he is the enemy of Satan. His job is to dry up her waters. Adam's job is to distil Satan's waters. Adam is established in the heart centre and that is where the war takes place. When the warfare is successful, the heart centre is divided, and Adam rules over the left side of the heart centre, which becomes dry land.

He rules over the left side of the heart centre through judgment. The left side of the heart centre is judgment. Satan still has her powers on the right side because we are a double-minded man. The dry land is the heart centre that has the emotions subject to the power of God. If our emotions are not subject to the power of God, we are out there doing anything that we want, and there are consequences to doing anything that you want.

When you do anything that you want, you are in danger of entering into a life of hedonism, which means that the most important thing to you is your own pleasure. You become very selfish. Jesus tells us about how dangerous it is to become selfish. When we become the most important thing in our own life, and when meeting our own needs and our own pleasures become the most important thing in our own lives, we dry up and evil dwells in us.

Jesus preached the sacrificial life. You need to understand that what Jesus teaches and what the Scripture teaches are not intellectual. When we see **do not do this** or **do not do that** they are instructions that tell us if we live this way, things would go good for us. If we live that way things would not go good for us because we reap what we sow.

There is a spiritual law in this world that we reap what we sow. If you only sow into yourself and you only think about yourself, you get more and more selfish every day, and you fall down into a state of mind that is deadly. You cut off the good things of life. You have to give out to get back. Of course you do not give out just to get back. When you live a lifestyle of generosity and sacrifice, and of thinking about other people, and when it is appropriate, putting someone else before you, God will bless your whole life. That is the law under which we live.

If all you think about is yourself, some day will find yourself completely alone. That is how the billionaire Howard Hughes died. They found him in his house with his nails all grown out, completely isolated. He died all by himself. I think he was an alcoholic.

Selfishness does not work. It will not go well for you. That is part of the issue with masturbation. We even have the Christian teacher Dr Dobson say it is okay to masturbate, but the spiritual issue of masturbation is that it is not healthy for you to give yourself that kind of pleasure that is something to be shared with another person. You give your partner pleasure, they give you pleasure, and something positive comes out of it.

It is very dangerous to enter into a life of habitual masturbation. You turn in on yourself. It does not go well for you. You are not supposed to be giving yourself pleasure; you are supposed to be giving other people pleasure. Then God brings people into your life to give you pleasure, and something positive grows out that.

What I believe that this verse 9 means is the removal of the anointing from the Church. We see judgment coming; it is the sowing and reaping judgment. I have told you that before. Thunderstorms, hail, cyclones, earthquakes are the sowing and reaping judgement that is coming because America (and other parts of the world wherever these natural disasters are occurring) is turning evil. I do not know how it is determined where the disasters come. I have asked the Lord but he has not taught me that yet. I do not know how it is determined.

But that is not the judgement of Christ Jesus. The judgement of Christ Jesus is sent to interfere with the sowing and reaping judgement and save Israel. God loves everybody but right now he is focusing on saving Israel. The reason he is focusing on saving Israel is because Israel is where his power is. Israel is the household of God. When Israel comes into right order, right relationship with their God, they will be a conduit through which the power of God flows into this world to fight the evil and save the people.

It is like when you go into an emergency room and the doctors have to decide who to take care of first. You take care of the person that is most likely to live, as I understand it. I am not a nurse but that is my understanding. If you are in charge of the emergency room and you have people dying all over the place you take care of the person who is most likely to live.

You do not let someone who could live die whilst you are taking care of someone that you can tell is going to die anyway. The rest of the world will not live unless Israel lives. Everybody that is still listening to this message should be mature enough to know what I am saying. It is not that Israel is the favourite; Israel is the conduit for life. If Israel dies, the conduit closes down, and nobody lives.

So God is focused on Israel, the Israel of God, the Christian and the Jew. This is interesting, because I was taught when I first came into the Church that the Age of the gentile is over, and now God is moving towards the Jew.

For a while when I saw what is happening with this doctrine, I was thinking here that the next move of God will be that the Jew will find the doctrine of Christ and they will become the teachers of the doctrine of Christ, because I have a problem seeing the Church coming into this doctrine. In order to even understand the beginnings of the doctrine of Christ (forget about the divine doctrine, Christ-centered-kabbalah) you have to have at least the beginnings of the Christ mind.

The carnal mind simply cannot make the leap from the letter of the word to the esoteric understanding of the word. They cannot make the leap, and they are terrified of it. The leaders in the Church do not even believe that there is a positive esoteric doctrine but if they did believe that there is a positive esoteric doctrine, without the mind of Christ you cannot distinguish between the false esoteric doctrine and the true esoteric doctrine.

I have over the years read several articles or listened to several messages by Christian preachers who claim to have gone on in the spirit. There was a message where I was analysing Rick Joyner's material. I do not remember the name of the message. I was preaching from it, saying, **this sounds okay, this sounds okay**, then eventually it got to the point where his carnal mind took off and I said, **that is it. This is not the mind of Christ. He has just gone off**. At that point I stopped preaching.

Even if the Christian teachers and preachers realise that there was a true esoteric doctrine, the carnal mind is not capable of distinguishing between the 2 and they eventually surely get into trouble, because the carnal will promote its own.

Maybe at the beginning the carnal mind lets you understand the doctrine just long enough to get you in, and then at some point will take you off. Only the Christ mind can understand this doctrine. It is either you have the Christ mind or you have a special dispensation from the Lord Jesus to study it and then he keeps you on the right path, one or the other.

It may very well be that he starts out with people that do not yet have the Christ mind but he gives them special dispensation which means he protects their carnal mind and keeps them on the right path until Christ is formed in them. That is why we read in the Book of Hebrews; **let us go on to perfection if the Lord permits**.

What I find interesting is that I have been thinking (at least the last time that I thought about it, which has not been recently) that when this message finally catches on it will be the Jews who will receive it because they have an imputed Christ mind. The orthodox Jews that I minister to, the black hat Jews, have an imputed Christ mind because from their youth they are in the Scriptures continuously, seeking the God of the Bible, and they have received the inheritance of their ancestors which is all the esoteric doctrine. And they are trained up in it from when they are young.

What is really interesting is that this morning I was watching a debate; one of the debaters was Dr Michael Brown who started out right here on Long Island. He said something that really blessed me. It was just like an off-the-cuff remark. He said, **I am actually thinking that there could be more than one way of understanding this Book**. I said, **oh wow, oh right, go Michael!** But I do not think he pursued it.

The last time I thought about it I was thinking that it is most likely that the next move of God is that the Jews who are on the other side of their mind (where they have the Christ mind), would flip over.

Our spiritual root is a symbiotic Cain and Abel. They are inseparable, but they can just flip over, and change which one is on top of the other. The carnal mind manifests when Cain is on top. The carnal mind is out of Cain. The Christ mind manifests when Abel is on top. There is a crossing over to Abel. Abel has to be prepared to become our mind, the mind of Christ.

The black hat Jews seemed to have crossed over. I keep telling you how much that mind-set has blessed me and helped me with my walk with God, and increased me. I do not agree with

everything that they say, but the bottom line is that they are on the other side. They are thinking out of Abel. They are seeing esoteric doctrine.

So the last time I thought about it, I said probably the next thing that is going to happen is that the Jews are going to catch on and they are going to start preaching this doctrine. When I first came to the Lord years ago that was being preached. It was one of the doctrines that I heard years ago when I first came to the Lord, that in the last days there is going to be 144,000 Jews who would stand up and start teaching the Christians.

The last time I thought about it, I said the Christians cannot get this message; they would not even look at it. They are afraid of it. They are terrified of it. I guess the next move of God is going to come from the Jews. That was the last time I looked at it.

But we are looking at Exodus right now; this is the Old Testament, and the Alternate Translation of Verse 9 seems to say that they are going to lose their anointing, and to me I cannot see that referring to the Jew. To me that is referring to the Christians. When the Scripture talks about losing the anointing it is talking to the Christian. I do not see that talking to the Jew.

For example what would a corresponding judgement be for the Jew? ***If you cannot get this message, if you do not believe the first sign and you do not believe the second sign, I am going to pour out the blood of Binah from above...*** I do not know what God would take from them to tell you the truth.

Maybe he will take their ability to continue on in esoteric doctrine, I do not know. Maybe it is for both of them, although it specifically talks about the dry part of the heart centre. It just sounds like the Christians to me.

Another issue that has been going on in my mind for years as we have pursued esoteric doctrine and studied what the Jews are preaching, and understood it, and as the Lord revealed the error in a lot of it to us a couple of times, I wondered (I think all the time, brethren), which group of people would find it easier to go on with God?

The anointing on the Jews and the anointing on the Christians is so different. Which group of people would find it easier to go on with God? For a long time I believed that it would be easier for the Jews because they are already in this advanced doctrine. But of recent date I have changed my mind.

I have been listening to a lot of Christian preachers on the internet and that anointing is very important. It is the anointing that is somehow going to take them over. It is that personal relationship with Jesus that will take them over. Even though their doctrine is in most cases really lacking, I think that anointing is going to carry them over before this ability of understanding esoteric doctrine is going to bring the Jews over. But that is just my opinion. That is my latest opinion; that the people with the personal relationship with Jesus Christ are going to come around first.

It was really exciting to hear Michael Brown say that it would not surprise him if there is more than one way to understand this Book. What is interesting is that there is this group of people out there, the messianic Jews (Chosen people Ministries for example) that are going into a very intellectual study of the letter of the Scripture. Michael brown has a PhD I think. They are very, very educated in the word of God and they give the Scriptures and references in the Greek and in the Hebrew, but it is all of the letter. Maybe they are the ones that are going to enter in.

Before I went on vacation I was writing a letter to the head of the Chosen People Ministries, not really believing that it would do any good, but I was writing the letter anyway. I did not see any help in their going into this high, high intellectual understanding of the letter. I did not see any help in it when the Lord first started showing me this group of people in the Church. But I heard Michael Brown say that it would not surprise him if there is more than one way to understand this Book. So maybe they will enter in through a high intellectual study.

I think that God will bring people in, in a multiplicity of ways. My understanding is that the bottom line is his spirit has to pour out from above. That is the bottom line. His spirit has to pour out from above.

I had gone ahead in my study in the Book of Exodus; I told you what I thought about the unleavened bread, that there is no way they are coming out with error in their doctrine. There is another section (I am not sure what Chapter it was in) where the Hebrew children arrived at the red sea.

I will tell you this. I do not really think that there was any Pharaoh King of Egypt stopping these Hebrew children, these descendants of Jacob. I do not see any physical Pharaoh stopping them from going. The Hebrew children are the Egyptians, and the leaders of their tribes are Pharaoh. Pharaoh is the name of the entity that has risen to the grade of Binah.

These Hebrew children were in Egypt for over 300 years. They were completely assimilated and had embraced Egyptian religion. God put them together to fuse them with the remnant of Nimrod's Black Israel. God put them there to teach them esoteric doctrine, and spiritual practices.

But what happened? They were exposed to the Elohim in Egypt and they did not hold unto the righteous mind that they inherited from Abraham and Jacob. The Elohim that was in Egypt overtook them. That is what happened, brethren.

That is what happened to Nimrod's Israel. The Elohim overtook the righteousness that Jehovah had taught them. Then the Lord put the Hebrew children in such close proximity with the Egyptians who were already overtaken by the Elohim. They came in with knowledge of Jehovah, with a righteous leader in Jacob, a righteous forefather, and were put in close proximity with Elohim that was out of control in Egypt, except in Joseph's household. I do not believe it was out of control in Joseph's household.

As soon as Jacob died and Joseph died the Elohim overtook the Hebrew children. They did not hold on to the righteousness and the Elohim overtook them. They were the Egyptians. When the Book of Exodus talks about the Egyptians, it is talking about the Hebrew children. They had become Egyptians. Not only were they assimilated in Egypt but they had taken on all the characteristics of Nimrod's fallen Black Israel. They fell in the same way. They were exposed to the same power and the fell in the same way.

When the Scripture talks about Pharaoh, he is talking about the individual Egyptians that were ascended to the grade of Binah. Did you ever wonder about the double-mindedness of pharaoh? He is going to let them go, and then he is not going to let them go. The way the parable is written it is because he is afraid of the judgment so he lets them go, then he changes his mind. But it is more than that. There is a conflict in the people.

There is a conflict in the people. They want to go, then no, then do not want to go. Pharaoh the high spiritual power says, no do not go. Pharaoh, the power of Binah flows through Malchut, the mother to the daughter. So the lower soul of the man says, well, let us just go, then the authority of Binah comes in and says, no do not do that. Do not go. Do not leave Egypt. Stay here and serve the Egyptian Gods. Who is this man Moses? He is taking you out in the wilderness to die. That double-mindedness was in the people, and in particular in the leaders of the people who were spiritually ascended into Binah.

Who was the King of Egypt, as opposed to Pharaoh? What sephirah is the King associated with? The King is always associated with Malchut. The King of Egypt is Malchut in the individual, the lower soul. This would be likened to Christ in us. Pharaoh, the higher soul would be likened to the Lord Jesus.

The King of Egypt is malchut in the individual and Pharaoh is Binah in the individual. The Hebrew children had spiritual power. They had truly inherited the riches of Egypt. Jehovah had told Abraham that his descendants would be in Egypt for 430 years, and then they will come out with great riches. I do not know whether they came out with gold, jewels and all, but that is not what Jehovah was talking about. They came out with great spiritual power. They got exactly what Jehovah wanted them to get, except that he did not want them to get it in the way that they got it. But they came out with spiritual power; the fusion took place, because the Elohim belongs to Jehovah. All power belongs to Jehovah.

Is there anything else I want to say before we start doing a verse at a time?

Let us see if we can knock it off. I am on page 2. Exodus Chapter 4 verse 1

Ex 4:1

1 And Moses answered and said, But, behold, they will not believe me, nor hearken unto my voice: for they will say, The Lord hath not appeared unto thee.

KJV

1 And Moses answered and said, but look, they will not believe me or understand my voice, and they will say, you have not seen Jehovah.

AT

They will not believe me, and they will not even be able to understand what I am saying, and they will say you have not seen Jehovah; you are just another crazy nut in the Church.

Ex 4:2

2 And the Lord said unto him, What is that in thine hand? And he said, A rod.

KJV

And **rod** can be translated **tribe**, that is where I got that from. We have been translating **hand** as **mind** for a long time. The word **what**, is Strong's 4100 which means **mah** which Kabbalah translates as **Elohim**. That is an old thing. **And Jehovah said to Moses and Jehovah said to Elohim**. There are 2 **said**s in the interlinear text. Here we are introduced to the double-minded man that James talks about. There are 2 sides to us. **And Jehovah said to Moses and Jehovah said to Elohim, the mind of this tribe is your house**.

We see that God is not saying to Moses, that you physically have to be in this house. It should really be household, meaning these are the people that I have given you authority over. We should make it household. I have given you this tribe to spiritually dwell in as a man dwells in a woman. The pastor is married to the Church. The leader is always married to the people. That is what it means. This is your house. The male mind dwells in the female mind, and guards them, and influences them for righteousness in a godly way, nothing ungodly.

So Jehovah is instructing Moses on his dual nature and on his relationship with the people. Moses, there are 2 powers in you, your righteous mind and your amoral dunamis power. Together you are to rule over these people in righteousness. You are to be my agent in their lives.

AT

2 And Jehovah said to [Moses, and Jehovah] said to Elohim, the mind of this tribe [is your] household,

Ex 4:3

3 And he said, Cast it on the ground. And he cast it on the ground, and it became a serpent; and Moses fled from before it.

KJV

Remember that Jehovah is instructing Moses. This is the first time Moses is hearing the doctrine himself.

AT of Verse 3 ***And Jehovah said to Moses, if you allow the spiritual power within you to be cast down to the ground, your earthen side, to your carnal side, the earth that gives you form in this world, that gives you an appearance in this world, that ground will become an amoral animal and the personality of the living soul will disappear***

AT

3 And [Jehovah] said [to Moses, if you allow the spiritual power within you to be] cast down to the ground [that forms you, that] ground will become an amoral animal, and the personality [of the living soul] will disappear,

So Moses is instructed in the chameleon type condition of our humanity. My comment is (in green):

The significance of the word **widowed**, (the ground will become a widowed (prefix lamed) serpent) is that Elohim, the God in the midst of mankind, (Elohim is translated God) is supposed to be married to Jehovah (that is why you read through the Scriptures, Jehovah Elohim. Jehovah is translated in the King James as Lord God. It is Jehovah Elohim. I do not know that Jehovah ever appeared without Elohim. Elohim appears alone sometimes, but it is never in a good context. If Elohim is by itself it is usually another god, a false god. Elohim is supposed to be married to Jehovah, is supposed to be under the permanent authority of the righteousness of Jehovah)

Jehovah Elohim on the one hand, and married to mankind, on the other hand. Elohim is mediator, on the one hand married to Jehovah, on the other hand married to mankind. Christ Jesus is the permanent amelioration of Elohim. Christ Jesus the only mediator between God and man is a manifestation of Elohim being permanently woven together with the righteousness of Jehovah.

This configuration attaches mankind to Jehovah and makes mankind righteous. When we get a hold of Elohim, by the power of the mind that God gave us, and Elohim becomes completely interwoven with Christ Jesus, he becomes our permanent attachment to righteousness. The bottom line is this, that mankind is not fully created yet. We are in a changeable condition and God has given us instruction as to how to enter into righteous immortality without sorrow.

In the event that Elohim detaches from Jehovah and joins to mankind as a single, unmarried god, making himself the highest authority because Jehovah is absent, we read about this in Isaiah and Ezekiel, Lucifer saying, I shall be as God. I shall be higher than the stars. In order to say that, it means he has detached himself from Jehovah. He says, I shall be God; I shall be above the stars. He says he is going to be higher than Jehovah.

In the event that Elohim detaches from Jehovah and joins to mankind as a single, unmarried god, making himself the highest authority because Jehovah is absent, the man that the single Elohim is married to becomes a serpent. The serpent is the human being that Elohim is married to, when Elohim is not married to Jehovah at the other end. That is who the serpent is.

The serpent, or the beast, is the earthen creature, which we are, with the amoral power of Elohim, and no righteousness. That is who mankind is. If you are not under the authority of Jehovah through the Lord Jesus Christ, you are the serpent. There is still some power when you are under the law. At least they lead a moral life when they live a moral life. I am talking about the Jews who keep the law. There is a lot of sin in that black hat community because they have the law but there is no power to keep the law. So there is a lot of sin there. But for those people who do keep the law there is a protection in that.

Jehovah is telling Moses that Elohim is a source of raw spiritual power from the God world of Atzilut that will serve any power, good or evil, that can harness it. If there is no power that can harness Elohim, Elohim harnesses the flesh man and becomes a god to the flesh man.

When Jehovah controls Elohim mankind is righteous, but when Elohim departs from Jehovah and becomes single, or a widow, mankind becomes unrighteous.

Jehovah is telling Moses that he has free will in the form of a mind that can choose to be either good or evil, by agreeing with either Jehovah or the runaway serpent

The catch to that is we can choose to be good, but then do you have the power to perform your will? Because there is the runaway serpent that is working through your emotions and the lust of your flesh to get you to engage in behavior and attitudes (it is not just your physical behavior, it is your mind set) that will separate you from God.

I have a witness to the runaway serpent, Job 26.13. The word **crooked** in the King James really means **fugitive** or **runaway**.

Job 26:13

13 By his spirit he hath garnished the heavens; his hand hath formed the runaway, fugitive (crooked) serpent.

KJV

The serpent is a fugitive from authority. My comment is at the top of page 4. If you can hear this, the serpent is not a bad guy.

COMMENT: The serpent is not the bad guy. She is the amoral power within mankind that was put there by Jehovah to make mankind a god, (or to give us immortality) when mankind matured to the point of preferring the righteous yoke of Jehovah to her freedom.

The lesson that mankind has to learn is that the really is no freedom. It is either we come under the righteous yoke of Jehovah or we come under the unrighteous yoke of Elohim, and become a serpent. Those really are the 2 choices we have, and that is the lesson that mankind has to learn.

When mankind becomes the serpent, mankind becomes evil. The serpent in its right place is not evil. When we, Adam, the one who has free will, yields to the amorality of the serpent, then the evil comes into existence.

Nobody is going to like to hear this, but if you can hear this, hear it. If Satan is the Elohim, she is just an amoral force. She is not the guilty one. Who is the guilty one? The guilty one is the one that has power to say, yea or nay. The one that has power to say, I am going to be good, or I am going to be evil. To be good is a terrible fight and I am tortured in my mind and in my body; who has the power to say good or evil? Adam. We are the descendants of Adam. We are guilty or innocent. You cannot condemn someone that is not capable of righteousness. That is her nature. She is amoral.

Adam is the guilty one. That is a hard word but it is the truth. The power that is pulling, drawing, tempting us, is not the evil one. That power that is tempting us to destruction is the power that God gave Adam to rule and be the master of this world. That is the power given to us to make us gods. But we let go of the power and it is ruling over us, but the power is just an amoral power. The evil one is Adam. Satan is just being Satan. That is a hard pill to swallow, brethren, but it is the truth.

Exodus Chapter 4, Verse 4, King James Version.

Ex 4:4

4 And the Lord said unto Moses, Put forth thine hand, and take it by the tail. And he put forth his hand, and caught it, and it became a rod in his hand:

KJV

Alternate Translation

4 And Jehovah said to Moses, use your mind to seize [the spiritual power of] your unconscious; and [Moses accessed the power of his] mind (he exercised his will) to seize [the spiritual power of his unconscious], and the spiritual [power of Moses' unconscious] became the authority [by which Moses was established as leader of the tribe],

AT

That is a hard word. That power that is such an enemy to you, when you harness it, it is your source of power and authority over all of the powers of this world. Behold I have given you power over all of the power of the enemy, Jesus said. But if you do not lay hold of that power and control it, it will be a torment to you and your destruction. It is like fire or electricity.

Exodus Chapter 4, Verse 5, King James Version.

Ex 4:5

5 That they may believe that the Lord God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob, hath appeared unto thee.

KJV

That is the reason that you have the power to do the will of God. Should the power come upon this ministry tomorrow, the immediate reason we have power is to convince the Church and the Jews that God has sent us.

If you have a need and God uses that power to heal you in the meantime, that is okay. But do not get carried away, because the reason you have the power is to liberate the Church and the Israel of God.

Alternate Translation

5 That they may believe that Jehovah the God of their fathers, the God of Abraham, the God of Isaac, and the God of Jacob had appeared to them,

Exodus Chapter 4, Verse 6, King James Version

Ex 4:6

6 And the Lord said furthermore unto him, Put now thine hand into thy bosom. And he put his hand into his bosom: and when he took it out, behold, his hand was leprous as snow.

KJV

The verses are getting a little more difficult now. Bosom, I gave you a definition. Bosom, ***the upper part of a person's body where objects and persons of love are embraced***. It is talking about the heart centre brethren. It is also a ***hollow, bottom, channel, border. It is used to indicate the hollow or bottom of a chariot***. It is a chariot; it is the heart, where Adam lives.

6 And Jehovah continued, saying, in addition [to what I have taught you about Elohim, the inner power that makes you a god], now [I will teach you about the danger of letting] your emotions influence

**your mind; and Jehovah went out [from Moses' spiritual universe],
and [Moses'] emotions went forth and influenced his mind...**

That sounds like Jesus taking his hand off of Judas. I have experienced this and I have known people that have had these experiences. You grow up under the law, your mother and father told you what is right and what is wrong, and you are a good child, you are not a rebellious child, you do everything right.

All of a sudden, you are on your own. Your parents are not around anymore. You meet somebody who tells you that you do not have to do that, whoever told you that you have to do that? Now, you are not under the law anymore. Now, you are on your own. Are you going to be influenced by what you were taught by your parents or are you going to go out and test the world and find out for yourself, that if your parents taught you righteousness, that that was the way to go? That is exactly what this is talking about.

Jehovah removed his restrictive power from Moses and the test was there. Everybody has to be tested brethren, and we are tested in all areas. In every area we are tested. Will we do what we intellectually know is right or will we follow our emotions? What really gets difficult is if our emotions get entangled with another person. This happens to young people all the time.

It happens to young men. They get involved with a group or gang and everything that they were ever taught goes out the window, because they want to be accepted by their peers. It happens a lot to young women. They are brought up in a way that would keep them safe. They get involved with some young man, and they forget everything that they were taught. They go after their emotions.

But adult get tested too. Maybe you have been married your whole life, and now you are a widow. We are tested continuously.

And Jehovah went out from Moses' spiritual universe, and Moses' emotions went forth and influenced his mind... That is no simple thing. It means that there was a battle in Moses's emotions. He did not want to go back to Egypt. He did not want to go ***...and Moses' emotions went forth and influenced his mind and look at what happened! Binah's spiritual blood congealed...*** It stopped flowing into Moses's mind. ***...and did not flow down to Malchut in Moses' spiritual universe, and Moses' mind corrupted.***

I had an experience. I do not know if my mind got corrupted or not, but when the Lord told me that I had a word for Pastor Holzhauser, the first time he was mean to me, my pride got up and I said, I do not have to put up with this. I have a skill, I can make good salary. I am out of here.

I got in my car and I was driving to Melville to look for another job. By the time I got in my car, the anointing left me. I went to Melville, and whatever I did in Melville, I knew that anointing

had left me. By the time I came home I was aware that the anointing was gone. Thank God I recognized it, and I said, Lord I am sorry, I will work for Pastor Holzhauser.

It lasted less than 24 hours for me but that was the test that did it for me. The Lord left me and it was horrible. That is what we are told in verse 9, that these people are going to lose their anointing. When the anointing left me, I knew what I did wrong so I corrected it. When the anointing leaves all these other Christians, I do not know how they are going to deal with it.

Moses' mind corrupted when he yielded to his emotions. You are a young man, you know what is right but you want to be accepted by your peers in school, you know what is right. You know that you are doing something wrong but you are yielding to your emotions that want to be accepted by the group, and your mind becomes corrupted.

When you do something wrong, that is a corruption of the mind; that is how it works. You are influenced by a friend, influenced by a lover, influenced by a parent. Brethren, we have to be influenced by Jesus Christ. We have to be influenced by people who we know are people of God.

You do not stop loving your blood relatives but they cannot counsel you when it comes to things of God. They will give you the wrong counsel. Or when you are dealing with your relatives, are you so overwhelmed with your emotions that you forget who you are in Christ? That is what happened to you (a disciple).

Your mind will become corrupted. When you live out of your emotions and leave your mind behind, your mind will become corrupted. I have a reference for you, Revelations 14:20

Rev 14:20

20 And the winepress was trodden without the city, and blood came out of the winepress, even unto the horse bridles, by the space of a thousand and six hundred furlongs.

KJV

I know that I translated that, and it is nowhere to be found. But I know I translated it. I just did not want to go through the whole thing again with the numbers. I know that it came out good; this blood that is coming into the wine press is the blood of Jesus that is bringing the judgment that will get rid of the corruption and produce the righteous mind.

Ex 4:7

7 And he said, Put thine hand into thy bosom again. And he put his hand into his bosom again; and plucked it out of his bosom, and, behold, it was turned again as his other flesh.

KJV

Alternate Translation

7 And [Jehovah] said [to Moses'] emotions, stop [influencing Moses'] mind! And look at what happened [when Moses'] emotions went back into exile! [Moses became] spiritual again [when his] mind [dominated his] flesh,

And Jehovah said to Moses' emotions, stop influencing Moses' mind! It is like Elohim saying to the sea, do not go any further. It is that powerful authority. ***And Jehovah said to Moses' emotions, stop influencing Moses' mind!*** Go back. ***And look at what happened when Moses' emotions went back into exile!*** When they went back under the authority of Moses' mind ***Moses became spiritual again when his mind dominated his flesh.***

When your emotions dominate, you live out of an animal mind which seeks self-pleasure only, and puts all responsibility and sacrificial tendencies into exile. I have 2 witnesses here for you.

Rom 7:25

25 I thank God through Jesus Christ our Lord. So then with the mind I myself serve the law of God; but with the flesh the law of sin.

KJV

I thank God through Jesus Christ our Lord. So then with the mind I myself with the mind I myself ***serve the law of God; but with the flesh,*** with my emotions I serve ***the law of sin.***

Ezek 11:19

19 And I will give them one heart, and I will put a new spirit within you; and I will take the stony heart out of their flesh, and will give them an heart of flesh:

KJV

We see that the heart is flesh. This particular Scripture is talking about a hard heart which is not healthy, but the heart, the emotions is supposed to be fleshly, but they are made to be ruled over by a righteous mind. There is nothing wrong with having emotions; they just need to be ruled over by a rational mind.

Verse, King James Version

Ex 4:8

8 And it shall come to pass, if they will not believe thee, neither hearken to the voice of the first sign, that they will believe the voice of the latter sign.

Alternate Translation

8 And it will come to pass [that] if [the people] are not alarmed [enough] to support and build up [Abel when] they hear the voice of the first sign, they will support and build up [Abel when they hear] the voice of the next sign,

And it will come to pass that if the people are not alarmed enough you are supposed to be alarmed when you hear this message that there is a power in you that can destroy you if you do not learn to control yourself, and that you can become evil if you yield to your emotions-if that message does not alarm you enough **to support and build up...** How do we support and build up Abel? We do this through submission to God, the study of the Scripture and of course receiving the seed of Christ, receiving the truth.

If the people are not alarmed enough to support and build up Abel when they hear the voice of the first sign, they will support and build up Abel when they hear the voice of the next sign. Surely they will respond to the second sign. If they cannot understand about Elohim, if that is too abstract for them, surely they will understand about the emotions. Most people understand that to live out of your emotions is deadly.

Listen to me; most people understand that to live out of your emotions is deadly. We have a whole culture living out of their emotions only right now. They have been seduced to forgetting from history. You have to learn from history. They have forgotten.

Verse 9, King James Version

Ex 4:7-9

9 And it shall come to pass, if they will not believe also these two signs, neither hearken unto thy voice, that thou shalt take of the water of the river, and pour it upon the dry land: and the water which thou takest out of the river shall become blood upon the dry land.

Judgment, the waters will overflow the area of your emotions that Adam rules over, and your emotions will become deadly to you. I will read you my comments.

COMMENT: The suggestion in verse 9 is that if the two signs do not convince the people that Moses' has the mind of God and that I Am sent him to be their teacher and leader, it means

that their minds are corrupt and they need the judgment of Binah for them to think correctly and follow Moses.

They need the judgment of a higher source of power, because for Moses to go to them with this message, he went in the power of the son of God, he was not just talking to them. He was talking to them in an anointed way by the power of the indwelling son of God. So if that power did not touch them then I give you the authority to pull down the power of Binah.

Brethren, when you go and you are anointed, that power comes from out of you and touches people. Sometimes they go to sleep, sometimes they squirm in their seat, but the power touches them. It is not just a question of the people not believing Moses; he went with power. He went with the power of the son of God, and it did not alarm the people. So Jehovah said, if that did not do the trick, then you are going to take the water from Binah. I give you the authority to pull down the power of Binah.

The river spoken about in verse 9 is the spiritual River that flowed out of Eden, which is Binah, who is in Moses' spiritual universe. In other words, Moses is instructed to bring judgment from the grade of Binah upon the people, so that they will be able to recognize his authority.

Whatever the power does when it appears here, that is his purpose. His purpose is to convince the people to follow the person that has the power, because they also have the true message. The people are going to be traumatized; they are going to be terrified to learn that Jesus is not God. It is going to terrify them. They are going to be going back and forth.

Another thought is that the dry land indicates the left side of the heart center which has been purged of Satan's influence will be returned to Satan, i.e., all blessings and protection of the imputed righteous Adam of faith and Pentecost will be lost.

Alternate Translation

9 And it shall come to pass that if [after the people hear] these two signs [from your] widowed voice, [the people] do not sound the alarm to build up and support [Abel], you shall take water from the river and pour it out on the dry land, and the water that you take out of the river shall become blood on the dry land.

And it shall come to pass that if after the people hear these two signs from your widowed voice, Adam in Moses is not married to Binah the people do not sound the alarm to build up and support [Abel], you shall take water from the river and pour it out on the dry land, and the water that you take out of the river shall become blood on the dry land.

When Binah flows into the life of that person, and into this world, it will be the blood of Jesus coming in; the power of judgment that brings deliverance, not the judgment that destroys.

It is interesting that the blood is on the dry land. The judgment is not coming on the people whose heart center has been flooded by Satan. This judgment is coming to the people whose heart center is still dry; that means Adam is still there. They are still trying to live for God. I did not even notice that before. The judgment is coming on the dry land, people who are still fighting to serve God. They have not been over taken by Satan yet.

Are there any comments or questions on this, brethren?

COMMENT: I was listening to this morning. He said the Churches in America are realizing that the anointing has left. They come in and do their ritual, sing their song, they do everything as they have always done and they do not even realize it is gone.

PASTOR VITALE: I believe that is true because when the anointing left Gospel Revivals, I knew it was gone, but nobody else knew. One day I was there and it was like it always was for years, fire! The next day I came in, it was dead! A couple of weeks later, maybe a month later, one woman said to me, I am so depressed and I do not know why I am crying every day. I asked her if she knew that the anointing left the Church. She said, no. She did not know the anointing had left the Church.

That is really bad; the anointing left the Church and they do not even know it. So what comes next? I refuse to believe that God will send another flood with millions of people dying. I believe that somehow Christ Jesus will appear and his mercy will...

I have to believe it. If I am wrong, I am wrong. I personally cannot deal with what these other preachers are preaching right now, total destruction coming in. My whole message here is Christ Jesus, the open channel for the mercy of God. I just do not have a clearer idea of how it is going to pour out, because as I told you in this message, Jehovah did not interfere until the Hebrew children were at the Red sea.

But this is not Jehovah that is going interfere; it is Christ Jesus that is going to interfere, the married Christ Jesus. Moses went with an unmarried Christ Jesus; there was no power to save the people. We are going to see a new thing here.

In The book of Exodus, it was the power of Jehovah that saved the people that made it to the Red sea. What we are expecting is a married Christ Jesus. Moses went to the people with an unmarried Christ Jesus. He could not do anything for them. Christ Jesus married by the Lord Jesus, is an open channel for the power of Binah to come in the form of mercy.

I do not have a vision of how it would reach the people, but that is my belief. I believe that a great mercy is coming in and I will hold unto that, like the first time I went to Nigeria. I said I would believe I am going until the plane is in the sky without me.

I do not know how these preachers do it, walking around preaching complete disaster on the world, thinking that they are going to be raptured. Maybe they suffer at night, I do not know. I chose not to deal with that right now.

COMMENT: Could you explain again how Jesus was Egyptian through Elijah?

PASTOR VITALE: The reason Jesus became glorified is that he married his inner man. Our own inner man, Christ Jesus, is marrying the Lord Jesus, but at the time of Jesus of Nazareth, the Lord Jesus did not exist. The higher soul for Jesus of Nazareth was Elijah, and Elijah married the regenerated Adam in him. It is Elijah who has the Egyptian blood fused to him because Elijah is the new name that was given to Phineas.

In Numbers Chapter 25, Phinehas was a hero; he killed Cozbi and Zimri who were fornicating in front of all Israel when God put a plague on Israel because Israel had fallen into fornication with the Midianites. Phinehas was Aaron's grandson. The anointing dropped on him and he rose up and he killed Zimri a prince of Israel leading the people in this transgression and the Midianite woman Cozbi.

I can just tell you the parable off-hand. There are a lot of messages on it; I preached on it a lot. The parable is that Phinehas became so frightened when he realized that he killed Zimri, the son of Salu, a prince of a chief house among the Simeonites. He thought that the whole tribe of Simeon was going to try to kill him.

He had done the deed under the anointing. The parable says that when he realized what he had done, he was so frightened that his soul left him. He temporarily died and when his soul was released from his body in the world of souls he made contact with the souls of Nadab and Abihu, the sons of Aaron who were high priests. They became one soul, and came back down into his body and Phinehas was now a new man. His one soul had had 2 righteous souls added to him; he became a new man in righteousness.

As a result of his new powers and spiritual ascension he received a new name called Elijah. This man Phinehas is Aaron's grandson so he had the authority of the high priesthood. His mother was an Egyptian which carried the fused seed.

COMMENT: Was it in Elijah that the Scriptures say had neither father nor mother?

PASTOR VITALE: That Scripture is not talking about Elijah; it is talking about Melchizedek, although there is nothing in the Scripture that says anything about Elijah's ancestry or heritage. I researched it. It does not say that he does not have a father or mother. There is no record of a father or mother because he was Phinehas. Of course you have to receive this by revelation.

The scriptural principle of changing names is in the Scriptures. Abram became Abraham, Sarai became Sarah. There is a Scripture that says because Phinehas served God that way, Jehovah granted him the covenant of peace.

Numbers 25:10-12

10 And the LORD spake unto Moses, saying,

11 Phinehas, the son of Eleazar, the son of Aaron the priest, hath turned my wrath away from the children of Israel, while he was zealous for my sake among them, that I consumed not the children of Israel in my jealousy.

12 Wherefore say, Behold, I give unto him my covenant of peace:

KJV

Phinehas became a special man. That is in the Scripture. The revelation is that Phinehas was given a new name, Elijah, when Jehovah granted him the covenant of peace.

It is not that a man Elijah existed that was never born. A man Phinehas existed who got a new name when his spiritual stature changed, just like Abram became Abraham. But you have to pray about it and receive it by revelation. That is the Kabbalistic explanation of Phinehas getting a new name, Elijah.

As far as the revelation that Phinehas's mother was an Egyptian is concerned, that is in the Scripture.

Exodus 6:25 And Eleazar Aaron's son took him one of the daughters of Putiel to wife; and she bare him Phinehas: these are the heads of the fathers of the Levites according to their families.

KJV

But the revelation that God gave me is that this Egyptian woman who married Phinehas's father, Eleazar, must have been an Egyptian who had the fused seed. That is the revelation that God gave me. You can pray about that, and decide to believe it or not.

Eleazar was Aaron's third son.

Numbers 3:2 And these are the names of the sons of Aaron; Nadab the firstborn, and Abihu, Eleazar, and Ithamar

KJV

Is there anybody else with a question? Okay, everybody, God bless you. I expect to preach from verse 10 in Exodus Chapter 4, maybe another 9 verses on Thursday. I am not sure what I will call the message, maybe Moses and the son of God or Moses and Zeir' Anpin. But it the next 4 messages coming out of Exodus Chapter 4 which is really applying to us today.

COMMENT: Thank you for the message. It is such a blessing to be able to have you back, preaching the message. It was excellent. I greatly appreciate you giving the message today.

PASTOR VITALE: Thank you very much. I thank both of you very much. I think the Lord wants me to pray for the country. Let us pray for the country, and for the world, for the Israel of God.

Prayer

Father, I pray with all of my heart for great, great mercy upon these people Lord who are ignorant. They are committing spiritual suicide. I think that there are very few people Lord who are just evil at their root, very few people, Lord. We are just a nation and world of lost souls Lord, the descendants of our ancestor who committed a terrible crime. We are our ancestor and we deserve the price Lord, but we are lost, just lost souls. We thank you here for the word that we have father. We just pray for great mercy however you are going to work this, that you will bring a married Christ Jesus into existence, that the power of the blood of the Lord Jesus Christ who is at the grade of Binah right now should flow into this world in great mercy, and deliver the people from the grips of an Elohim that is out of control, by bringing their righteous mind back into existence. Lord, we just thank you in advance because we know that your heart is good, and that you are good and not evil, and that you love mankind, Lord, and that all of our problems are our own, father. And that we have an enemy that is too strong for us, Lord, except those of us that have somehow by the grace of God, managed to lay hold of that Elohim by your power in our lives, by some great mercy, somehow, you have done that for us. Everyone else has been overtaken Lord. That serpent is too strong Lord. We know that judgment must come because that is the only thing that will rescue them. We pray for a judgment that will rescue them, Lord, not a judgment that will destroy them.

We pray for this world, we pray for Israel in the Middle East Lord. I struggle with them Lord. How will you defend a nation, and America, that has laws on their books that violate your holy laws? I do not know Lord, but you are God. And you are mercy, and I know that it is your intention to save the world because we are your people. You are the God of every human being on the face of the earth, and you intend to do it. It is the end of the ages Lord, I pray that everyone here, that our eyes should see it Lord. I pray that if it be your will, we should experience longevity, and that the whole root of the creation should be saved. That is the promise. Not every formation of the clay, not every human being, but the whole root that fell down here because of sin, that we should be rescued and restored, and that we should become a righteous nation, and made permanent Lord by

your power and your glory, and your grace. We forgive everybody's sins Lord, therefore all judgment may it be for our good. We thank you Lord for the privilege of praying, in Jesus name. Amen, amen.

Okay brethren, God bless you. Thank you. Thank you all for welcoming me back. It is good to be back. I did not like that Hotel, although I had some good nurses. (Lol)
